REGULATION (EEC) No 3200/73 OF THE COMMISSION

of 27 November 1973

fixing the import levies on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular Article 13 (5) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the import levies on cereals, wheat and rye flour, and wheat groats and meal were fixed by Regulation (EEC) No 2076/73⁽³⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;

- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying the provisions contained in Regulation (EEC) No 2076/73 to the offer prices and today's quotations known to the Commission that the levies at present in force should be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC are hereby fixed as shown in the Table annexed to this Regulation.

Article 2

This Regulation shall enter into force on 28 November 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 November 1973.

REGULATION (EEC) No 3201/73 OF THE COMMISSION
of 27 November 1973

fixing the premiums to be added to the import levies on cereals, flour and malt

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 120/
67/EEC⁽¹⁾ of 13 June 1967 on the common organiza-
tion of the market in cereals, as last amended by Regu-
lation (EEC) No 1346/73⁽²⁾, and in particular Article
15 (6) thereof;

Having regard to the Opinion of the Monetary
Committee;

Whereas the premiums to be added to the levies on
cereals and malt were fixed by Regulation (EEC) No
2077/73⁽³⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally,
levies should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other, at any given moment,
within a band of 2.25 %, a rate of exchange based
on their effective parity;
- for other currencies an exchange rate based on the
arithmetic mean of the spot market rates of each

of these currencies recorded for a given period, in
relation to the Community currencies referred to
in the previous subparagraph;

Whereas, on the basis of today's cif prices and cif
forward delivery prices, the premiums at present in
force, which are to be added to the levies, should be
altered as shown in the Tables annexed to this Regula-
tion,

HAS ADOPTED THIS REGULATION:

Article 1

The scale of the premiums to be added, pursuant to
Article 15 of Regulation No 120/67/EEC, to the
import levies fixed in advance in respect of cereals
and malt is hereby fixed as shown in the Tables
annexed to this Regulation.

Article 2

This Regulation shall enter into force on 28
November 1973.

REGULATION (EEC) No 3202/73 OF THE COMMISSION
of 27 November 1973
altering the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular the second sentence of the first subparagraph of Article 16 (4) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas, the corrective amount applicable to the refund on cereals was fixed by Regulation (EEC) No 3162/73⁽³⁾ and subsequent amending Regulations ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

— in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas, on the basis of today's cif prices and cif forward delivery prices, taking foreseeable developments on the market into account, the corrective amount at present applicable to the refund on cereals should be altered,

HAS ADOPTED THIS REGULATION :

Article 1

The corrective amount referred to in Article 16 (4) of Regulation No 120/67/EEC which is applicable to the export refunds fixed in advance in respect of cereals is hereby altered as shown in the Table annexed to this Regulation.

Article 2

This Regulation shall enter into force on 28 November 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3203/73 OF THE COMMISSION

of 27 November 1973

fixing the import levies on white sugar and raw sugar

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1928/73⁽²⁾, and in particular Article 14 (7) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas the import levies on white sugar and raw sugar were fixed by Regulation (EEC) No 1738/73⁽³⁾ and subsequent amending Regulations ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each

of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying the rules and other provisions contained in Regulation (EEC) No 1738/73 to the information at present available to the Commission that the levies at present in force should be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION :

Article 1

The levies referred to in Article 14 (1) of Regulation No 1009/67/EEC are, in respect of white sugar and standard quality raw sugar, hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 28 November 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3204/73 OF THE COMMISSION

of 27 November 1973

fixing the average producer prices for wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 816/70⁽¹⁾ of 28 April 1970 laying down additional provisions for the common organization of the market in wine as last amended by Regulation (EEC) No 2592/73⁽²⁾, and in particular Article 4 (1) thereof;

Whereas Article 4 of Regulation (EEC) No 816/70 provides that an average producer price must be fixed for each type of wine for which a guide price is fixed; whereas this average price must be fixed for each marketing centre for the type of wine in question on the basis of all the facts available;

Whereas the marketing centres for table wines are determined in Commission Regulation (EEC) No 1020/70⁽³⁾ of 29 May 1970 on recording quotations and fixing average prices for table wines, as last amended by Regulation (EEC) No 765/72⁽⁴⁾;

Whereas Article 10 of Regulation (EEC) No 1020/70 provides that the average price must be fixed on the basis of the average of the quotations notified, particular account being taken of the extent to which these quotations are representative, the comments of the Member States, and the alcoholic strength and quality of table wines which have been the subject of transactions;

Whereas arrangements for the notification by the Member States of quotations and information related thereto are specified in Regulation (EEC) No 1020/70; whereas, where this information is not available for any marketing centre, the average price for the preceding week must be maintained;

Whereas the average price for the type of wine in question must be fixed per degree/hl or per hl as appropriate; whereas, if the Tuesday is a public holiday, the average price must be fixed on the following working day;

Whereas it follows from applying these rules to the information at present available to the Commission that the average price should be fixed as shown in the Annex to this Regulation;

HAS ADOPTED THIS REGULATION:

Article 1

The average prices referred to in Article 4 (1) of Regulation (EEC) No 816/70 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 28 November 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3205/73 OF THE COMMISSION**of 27 November 1973****fixing the basic amount of the import levy on syrups and certain other sugar products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 1928/73⁽²⁾, and in particular Article 14 (7) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 14 (1) of Regulation No 1009/67/EEC provides for charging a levy on imports of the products listed in Article 1 (1) of that Regulation;

Whereas the levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC must be calculated, where appropriate, at a standard rate on the basis of the sucrose content (including other sugars expressed as sucrose) of the product concerned and of the levy on white sugar; whereas, however, the levies on maple sugar and maple syrup are limited to the amount resulting from application of the rate of duty bound within GATT;

Whereas Article 7 of Commission Regulation (EEC) No 837/68⁽³⁾ of 28 June 1968 on detailed rules for the application of levies on sugar, as amended by Regulation (EEC) No 1491/70⁽⁴⁾, provides that the basic amount of the levy for 100 kilogrammes of product must be fixed per percentage of sucrose content;

Whereas the basic amount of the levy must be equal to one hundredth of the average of the levies applicable to 100 kilogrammes of white sugar during the first twenty days of the month preceding the month for which the basic amount of the levy is fixed; whereas, however, the levy applicable to white sugar on the day preceding the fixing of the basic amount must be substituted for the average of the levies, where that levy differs by at least 0.40 unit of account from that average;

Whereas the basic amount must be fixed every month; whereas it must, however, be altered during

the period between the day on which it is fixed and the first day of the month following the month for which the basic amount is applicable, if the levy on white sugar differs by at least 0.40 unit of account from the average referred to above or from the levy on white sugar used to fix the basic amount; whereas, in this case, the basic amount must be equal to one hundredth of the levy on white sugar used to calculate the alteration;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas the basic amount thus fixed must be adjusted on the basis of variations in the threshold price for white sugar occurring between the month in which the basic amount is fixed and the period of application; whereas this adjustment, equal to one hundredth of the difference between these two threshold prices, must be deducted from or added to the basic amount in the circumstances provided for in Article 7 (6) of Regulation (EEC) No 837/68,

HAS ADOPTED THIS REGULATION:

Article 1

The basic amount of the import levy on the products listed in Article 1 (1) (d) of Regulation No 1009/67/EEC is hereby fixed, per 100 kilogrammes of product, at 0.0404 unit of account per percentage point of sucrose content.

Article 2

This Regulation shall enter into force on 28 November 1973.

REGULATION (EEC) No 3206/73 OF THE COUNCIL

of 27 November 1973

fixing the market target price and the intervention price for olive oil for the 1973/74 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966, on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾ and in particular the first paragraph of Article 4 thereof;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament;

Whereas the market target price and the intervention price must be fixed according to the criteria laid down in Articles 4, 6 and 7 of Regulation No 136/66/EEC for a specific standard quality;

Whereas the reasons which have led to the determination of the standard quality for the preceding marketing year continue to prevail; whereas it is therefore appropriate to maintain this quality unchanged;

Whereas the application of these criteria results in fixing the market target price and the intervention

price at a level higher than that adopted for the preceding marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

The prices for olive oil for the 1973/74 marketing year shall be:

- (a) market target price:
95 units of account per 100 kilogrammes;
- (b) intervention price:
87.75 units of account per 100 kilogrammes.

Article 2

The prices referred to in Article 1 relate to virgin semi-fine olive oil with a free fatty acid content expressed as oleic acid of 3 grammes per 100 grammes.

Article 3

This Regulation shall enter into force on 1 December 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3207/73 OF THE COUNCIL**of 27 November 1973****fixing the threshold price for olive oil for the 1973/74 marketing year**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation No 136/
66/EEC⁽¹⁾ of 22 September 1966 on the establish-
ment of a common organization of the market in oils
and fats, as last amended by Regulation (EEC) No
1707/73⁽²⁾, and in particular the second paragraph of
Article 4 thereof;

Having regard to the proposal from the Commission;

Whereas the threshold price must be fixed in such a
way as to enable the selling price of the imported
product, at the frontier crossing point referred to in
Article 13 (2) of Regulation No 136/66/EEC, to be
maintained at the level of the market target price;

whereas, when the present costs incurred by the
importer from the cif stage are taken into account, the
level of the threshold price should be maintained at 2
units of account below the level of the market target
price,

HAS ADOPTED THIS REGULATION:

Article 1

The threshold price for olive oil for the 1973/74
marketing year shall be 93 units of account per 100
kilogrammes.

Article 2

This Regulation shall enter into force on 1 December
1973.

and the threshold price for olive oil for the 1973/74 marketing year**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation No 136/
66/EEC⁽¹⁾ of 22 September 1966 on the establish-
ment of a common organization of the market in oils
and fats, as last amended by Regulation (EEC) No
1707/73⁽²⁾, and in particular Article 9 thereof ;

Having regard to the proposal from the Commission ;

Whereas under Article 9 of Regulation No 136/
66/EEC the market price, the intervention price and
the threshold price for olive oil must be increased
each month for a period of 10 months beginning on 1
January 1974 ; whereas these increases must be the
same for all three prices ;

Whereas in fixing these increases the same for each
month, account being taken of average storage costs

and interest charges in the Community, the storage
costs should be established on the basis of the cost of
storing oil in the appropriate premises and of the
handling required for preserving the oil in good condi-
tion ; whereas the interest charges can be calculated
on the average price of olive oil in production areas,

HAS ADOPTED THIS REGULATION :

Article 1

For the 1973/74 marketing year the amount of the
monthly increases referred to in Article 9 of Regula-
tion No 136/66/EEC and applicable with effect from
1 January 1974 shall be 0.75 unit of account per 100
kilogrammes.

Article 2

This Regulation shall enter into force on 1 January
1974.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

REGULATION (EEC) No 3209/73 OF THE COUNCIL
of 27 November 1973
on the subsidy for olive oil

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾, and in particular Article 10 (2) thereof;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece, and in particular Article 8 thereof;

Having regard to the proposal from the Commission;

Whereas the principles must be laid down under which the subsidy referred to in Article 10 of Regulation No 136/66/EEC will be granted to olive-oil producers for the 1973/74 marketing year; whereas, moreover, measures should be adopted to ensure that the subsidy is granted only for olive oil produced in the Community from olives harvested in the Community, and in respect of which the subsidy has not already been granted;

Whereas, to ensure the proper working of the subsidy system, the subsidy should be granted only for quantities of oil in respect of which applications are submitted within producing Member States; whereas, in order to simplify the application of the system, the number of applications for subsidy which can be made during the marketing year should be limited;

Whereas, the subsidy in question is of considerable importance for producers of olive oil and constitutes a financial burden for the Community; whereas, to ensure that the subsidy is granted only for such oil as gives entitlement thereto, provision should be made for a system of administrative supervision to check that the quantities of oil in respect of which applications for the subsidy are made are consistent with the potential production of olives and oil during the marketing year in question and with the quantities of the products from which the oil is extracted and the quantities of oil actually produced;

Whereas in order to check this consistency such supervision should be based in particular on a system of cultivation declarations; whereas, to ensure the proper working of the supervision system, the accuracy of the cultivation declarations should be verified by the Member States;

Whereas, however, to simplify the application of the subsidy system to olive-residue oil, provision should be made for the determination of the quantity of such oil which will be accepted for the subsidy to be

effected on the basis of the production of oil by extraction;

Whereas, producers' organizations should be set up in order to simplify the subsidy system; whereas the minimum conditions to be satisfied by the organizations before they are recognized by the Member States should be laid down,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1973/74 marketing year, the subsidy referred to in Article 10 of Regulation No 136/66/EEC shall be granted in respect of olive oil falling within the definitions contained under 1 and 4 of the Annex to that Regulation.

Article 2

Before a date to be determined, each producer of olives which are to be used in the production of oil shall submit a cultivation declaration for each of the areas covered by Article 6 (2); such declaration, in addition to giving the necessary details concerning the olive trees so that the subsidy may be fixed, shall include a statement from the producer that he has carried out the necessary field work and that he picks the olives regularly.

Article 3

1. The subsidy shall be granted upon application to be made by the persons concerned in the Member States in which the oil was produced.

2. In respect of each of the areas referred to in Article 6 (2), only one application for the subsidy may be submitted, before a date to be determined, by each producer who has submitted a cultivation declaration.

Article 4

1. Each producing Member State shall set up a system of administrative supervision to ensure that the products in respect of which applications are made for the subsidy are products which give entitlement thereto.

2. As regards the type of oil referred to under point 1 of the Annex to Regulation No 136/66/EEC, the supervision must, in particular, include a check that the quantity of olive oil in respect of which an application is made for the subsidy by the person concerned is consistent with:

(a) The quantity of olives harvested within the Community and used for the production of such oil,

⁽¹⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

⁽²⁾ OJ No L 175, 29. 6. 1973, p. 5.

⁽³⁾ OJ No 197, 29. 10. 1966, p. 3393/66.

- (b) the actual quantity of olive oil produced,
- (c) the potential production of olives and oil during the marketing year in question.

3. As regards the type of oil referred to under 4 of the Annex to Regulation No 136/66/EEC, the competent French authorities must, in particular, check that the quantity of olive residue oil in respect of which an application is made for the subsidy by a person concerned is consistent with :

- (a) the quantity of olive residue obtained from olives harvested within the Community and used for the production of such oil
- (b) the actual quantity of olive-residue oil produced.

4. With respect to the oil referred to under 4 of the Annex to Regulation No 136/66/EEC, the competent Italian authorities shall determine the quantity of this oil for which the subsidy may be granted, on the basis of the oil production referred to under point 1 of the Annex to that Regulation.

Article 5

For the purposes of the supervision referred to in Article 4, producing Member States shall oblige oil mills and, subject to Article 4 (4), extraction plants for olive-residue oil to keep records of their stocks.

Article 6

1. Consistency between the quantity of oil in respect of which the subsidy is applied for and the potential production referred to in Article 4 (2) (c) shall be verified by checking the information contained in the cultivation declarations against the target yields referred to in paragraph 2.

2. Target yields for olives and for oil shall be set for each production area by the producing Member States in accordance with criteria to be determined.

Article 7

The producing Member States shall :

- make on-the-spot checks as to the accuracy of cultivation declarations. These checks shall relate to a percentage to be fixed by reference to the size of the farm ;

- compare the information given in the cultivation declaration for the 1973/74 marketing year with the information contained in the oil register or, if this is not available, in the last cultivation declaration submitted by each person concerned.

Article 8

1. In the application of this Regulation, the Member States may treat a recognized producers' organization as a single producer.

2. For the purposes of this Regulation, 'producers' organization' means any recognized organization of producers of olives and oil established on their own initiative, which undertakes in particular :

- to supervise, for the purposes of the granting of the subsidy in accordance with this Regulation, the production by its members of olives and of oil ; these checks may not replace the checks to be carried out by the Member States in accordance with this Regulation ;
- to submit a single application for the subsidy and a single cultivation declaration on behalf of all its members, after the control referred to above ;
- to receive the subsidy on behalf of its members and to distribute it among them in respect of the production of each member which has been recognized by the producing Member States.

Article 9

The Member States shall communicate to the Commission, before they become applicable, all provisions adopted by them in pursuance of this Regulation.

If the provisions are not such as to enable the objectives of this Regulation to be attained, a decision will be taken, in accordance with the procedure laid down in Article 38 of Regulation No 136/66/EEC, as to the amendments which should be made thereto by the Member State concerned.

Article 10

This Regulation shall enter into force on 1 December 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 November 1973.

REGULATION (EEC) No 3210/73 OF THE COUNCIL**of 27 November 1973****on the standard amount for unrefined olive oil produced entirely in Greece and transported direct from that country into the Community**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 162/66/EEC⁽¹⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece, and in particular Article 3 (3) thereof;

Having regard to the proposal from the Commission;

Whereas, in anticipation of the harmonization of agricultural policies, trade in olive oil between the Community and Greece should be developed, taking account of the availability of olive oil on the Greek market and on that of the Community and of marketing possibilities for this product;

Whereas the standard amount must be based both on the present volume of trade between the Community and Greece and on the future prospects of both markets;

Whereas the standard amount must represent a sufficiently high percentage of the market target price to ensure a preferential position for Greek oils on the Community market compared with those from third countries;

Whereas, however, this amount must be set at such a level that it does not prejudice the realization of the market target price for Community production;

Whereas the standard amount, as established for the years during which prices on the Greek market have made it possible to export oil from Greece to the Community, has ensured that this preference exists without creating difficulties for the marketing of Community production; whereas the level of this amount should consequently remain unchanged for the year 1973/74;

Whereas Greece has been consulted pursuant to Article 3 (3) of Regulation No 162/66/EEC,

HAS ADOPTED THIS REGULATION:

Article 1

For the marketing year 1973/74, the standard amount referred to in Article 3 (1) of Regulation No 162/66/EEC is fixed at 0.5 unit of account per 100 kilograms of imported product.

Article 2

This Regulation shall enter into force on 1 December 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 November 1973.
