REGULATION (EEC) No 2621/74 OF THE COMMISSION**of 16 October 1974****amending and supplementing Regulation (EEC) No 1220/74 fixing export
refunds for raw tobacco for the 1973 crop**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to Council Regulation (EEC) No
727/70 ⁽¹⁾ of 21 April 1970 on the common organiza-
tion of the market in raw tobacco, as last amended by
the Act ⁽²⁾ concerning the conditions of accession and
the adjustments to the Treaties, and in particular the
first sentence of the third subparagraph of Article 9 ⁽²⁾
thereof;

Whereas Commission Regulation (EEC) No
1220/74 ⁽³⁾ of 15 May 1974 fixed export refunds for
certain varieties of raw tobacco from the 1973 crop;

Whereas the data available shows that there are now
fewer opportunities for exporting the 'Badischer
Geudertheimer' variety and for disposing of it on the
Community market than there were when that Regula-
tion first came into force; whereas an export refund
should therefore be granted for this variety in respect
of the 1972 and 1973 crops;

Whereas it follows from applying the rules and
criteria for fixing the refund to existing conditions on
the tobacco market, and in particular to prices in the
Community and on the world market, that a refund,
the amount of which is indicated in the Annexes
hereto, should be fixed for exports of the abovement-
ioned variety to the countries listed in the said
Annexes;

Whereas the Management Committee for Tobacco has
not delivered an opinion within the time limit set by
its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. The text of Article 1 of Regulation (EEC) No
1220/74 is replaced by the following:

'The list of varieties of baled tobacco from the
1972 and 1973 crops in respect of which the
export refund provided for in Article 9 of Regula-
tion (EEC) No 727/70, shall be granted, the
amounts of the refund, and the third countries of
destination, shall be as shown in the Annexes
hereto'.

2. The Annex to Regulation (EEC) No 1220/74 is
replaced by Annexes I and II to the present Regula-
tion.

Article 2

In the title of Regulation (EEC) No 1220/74 the
expression 'for the 1973 crop' is replaced by the
expression 'from the 1972 and 1973 crops'.

Article 3

This Regulation shall enter into force on the third day
following its publication in the *Official Journal of
the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

REGULATION (EEC) No 2622/74 OF THE COMMISSION**of 16 October 1974****laying down detailed rules for the taking over of certain transport costs in respect of beef and veal offered for intervention**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74⁽²⁾;

Having regard to Council Regulation (EEC) No 1302/73⁽³⁾ of 15 May 1973 laying down general rules for intervention on the market in beef and veal, as amended by Regulation (EEC) No 1729/74⁽⁴⁾, and in particular the second paragraph of Article 4a thereof;

Whereas Article 4a of Regulation (EEC) No 1302/73 provides that in certain cases the intervention agencies are to bear the cost, calculated on a flat-rate basis, of additional transport in respect of products offered for intervention;

Whereas Article 8 (1) and (3) of Commission Regulation (EEC) No 1896/73⁽⁵⁾ of 13 July 1973 on detailed rules for the application of intervention measures on the market in beef and veal, as last amended by Regulation (EEC) No 720/74⁽⁶⁾, lays down that the intervention agency shall determine the place where a product is to be taken over if it cannot be accepted at the intervention centre indicated by the seller;

Whereas the terms for taking over products and for paying the cost of additional transport must be such as to ensure equal treatment of sellers irrespective of whether their products are taken over by one of the five intervention centres nearest to where the product is located or by a more distant centre;

Whereas to this end a flat rate for the cost of additional transport should be fixed and the time of payment specified;

Whereas there must be provisions concerning the method of determining the additional distance over which the product is transported and also provisions concerning the place where the product is taken over; whereas for the purpose of calculating the additional transport costs to be borne by the intervention agency allowance should be made for the transport costs to be

borne by the seller, namely those in respect of the distance from the place where the product offered for intervention is located to that one of the five intervention centres mentioned in Article 8 (3) of Regulation (EEC) No 1896/73 which is the furthest from that place, while a maximum distance should be fixed such as will ensure that products are bought in on terms which are both technically acceptable and economically reasonable;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. Subject to the provisions of paragraph 2, the additional transport costs to be borne by the intervention agency pursuant to Article 4a of Regulation (EEC) No 1302/73 shall be calculated by reference to the shortest distance in kilometres by road within the Community between the place where the product offered for intervention is located as communicated by the seller pursuant to Article 8 (1) of Regulation (EEC) No 1896/73 and the intervention centre, not being one of the five intervention centres mentioned in paragraph 3 of that Article, where the product is actually taken over by the intervention agency, less the distance between the place where the product is located and that one of the five intervention centres as aforesaid which is the furthest from that place.

2. The intervention agency shall determine the place at which the products are to be taken over and the distance to be taken into account for the purpose of calculating additional transport costs as determined in accordance with Article 2 (1) and (2). This distance, which shall be determined as provided in paragraph 1 above, must relate to the outward journey only and may in no case exceed 750 kilometres.

Article 2

1. Additional transport costs shall be calculated at the rate of 0.07 unit of account per metric ton per kilometre.

⁽⁶⁾ OJ No L 88, 1. 4. 1974, p. 27.

2. Additional transport costs shall be borne by the intervention agency only in respect of the tonnage actually taken over by the agency.

3. The costs as aforesaid shall be paid by the intervention agency at the same time as the buying-in price for the meat, provided it can be shown to the satisfaction of the intervention agency that the meat has actually been transported as claimed.

Article 3

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

It shall apply until 6 April 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2623/74 OF THE COMMISSION**of 16 October 1974****introducing a countervailing charge on tomatoes originating in Bulgaria**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof;

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 749/74⁽³⁾ of 29 March 1974 fixing the reference price for table tomatoes for the 1974 marketing year, as amended by Regulation (EEC) No 2518/74⁽⁴⁾, fixed the reference price for Class I at 18.80 units of account per 100 kg net from 7 October to 20 December 1974;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72 and whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas it is necessary to record the prices to be taken into consideration on the representative markets referred to in Regulation (EEC) No 2118/74⁽⁵⁾, and to multiply the prices with the coefficients fixed in Article 1 (2) in Regulation (EEC) No 749/74;

Whereas, for Bulgarian tomatoes the entry price calculated in this way has remained at least 0.50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these tomatoes;

Whereas if the system is to operate normally it should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment within a band of 2.25 % a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in previous subparagraph,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 3.5 units of account per 100 kg net is applied to tomatoes (subheading 07.01 M of the Common Customs Tariff) originating in Bulgaria.

Article 2

This Regulation shall enter into force on 18 October 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 2624/74 OF THE COMMISSION

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 2476/74⁽²⁾;

Having regard to Council Regulation (EEC) No 608/72⁽³⁾ of 23 March 1972 laying down rules to be applied in cases of considerable price rises on the world sugar market, and in particular Article 1 (2) thereof;

Whereas the special export levy on white sugar and raw sugar was fixed by Regulation (EEC) No 1791/74⁽⁴⁾, as last amended by Regulation (EEC) No 2610/74⁽⁵⁾;

Whereas it follows from applying the rules, criteria and other provisions contained in the Regulation

COMMISSION

COMMISSION DECISION

of 17 September 1974

**authorizing the Member States to approve for marketing reproductive material
of certain forest species satisfying less stringent requirements**

(74/505/EEC)

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community;

Having regard to the Council Directive of 14 June
1966⁽¹⁾ concerning the marketing of forest reproduc-
tive material, as last amended by the Act of Acces-
sion⁽²⁾ and the Council Decision of 1 January
1973⁽³⁾ adjusting the documents concerning the acces-
sion of new Member States to the European Commu-
nities, and in particular Article 15 (1) thereof;

Having regard to the request submitted by the nine
Member States;

Whereas in all the Member States production of repro-
ductive material of the species set out in the Annex
hereto is insufficient, with the result that the require-
ments in these countries for reproductive material of
the aforesaid species cannot be met;

Whereas nor are third countries able to supply in suffi-
cient quantities reproductive material of the species
concerned affording the same guarantees as Commu-
nity reproductive material and conforming to the
requirements of the above Directive;

Whereas it is consequently appropriate to authorize
the Member States to allow, for a limited period, the
marketing or reproductive material of the species in
question which satisfies less stringent requirements;

Whereas for genetic reasons the seed must be
collected at places of origin within the natural range

of the species in question, while to ensure the identity
of the seed it is necessary that as strict guarantees as
possible are given;

Whereas it is moreover appropriate to authorize each
of the nine Member States to approve for marketing
in its territory seed satisfying less stringent require-
ments, and also plants produced therefrom, where
such seed has been approved for marketing under this
Decision in another Member State; whereas such a
measure is of a kind calculated to permit intra-
Community trade in the reproductive material
concerned and to satisfy more precisely the respective
needs of the Member States concerned;

Whereas the measures provided for in this Decision
are in accordance with the Opinion of the Standing
Committee on Seeds and Propagating Material for
Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION:

Article 1

1. Every Member State is authorized, on the terms
specified in the Annex hereto and on condition that
proof as specified in Article 2 is furnished as regards
the place of provenance of the seed and the altitude at
which it was collected, to approve for marketing
within its territory satisfying less stringent require-
ments.

⁽¹⁾ OJ No 125, 11. 7. 1966, p. 2326/66.

⁽²⁾ OJ No L 73, 27. 3. 1972, p. 14.

⁽³⁾ OJ No L 2, 1. 1. 1973, p. 1.

2. Every Member State is also authorized to approve for marketing in its territory seed approved for marketing under this Decision in another Member State.

3. Every Member State is also authorized to approve for marketing in its territory plants produced from the abovementioned seed.

Article 2

1. The proof referred to in Article 1 (1) shall be considered to be furnished where the seed is of the category 'source-identified reproductive material' as defined in the OECD scheme for the control of forest reproductive material moving in international trade of 30 May 1967.

2. Where the OECD scheme mentioned in paragraph 1 is not applied at the place of provenance of the seed, other official evidence shall be admissible.

3. Where, for the species *Larix leptolepis*, *Picea sitchensis*, *Pinus strobus* and *Pseudotsuga taxifolia* official evidence cannot be provided, Member States may accept other, non-official, evidence.

Article 3

The authorization given in Article 1 (1) and (2) shall expire on 31 December 1980.

Article 4

Every Member State shall before 31 January of each year communicate to the Commission particulars of the quantities of seed satisfying less stringent requirements which were approved for marketing in its territory under this Decision during the preceding year. The Commission shall inform the other Member States thereof.

Article 5

This Decision is addressed to the Member States.

Done at Brussels, 17 September 1974.
