REGULATION (EEC) No 1284/75 OF THE COUNCIL

of 20 May 1975

amending Regulations (EEC) No 2901/74, (EEC) No 2903/74, (EEC) No 2905/74, (EEC) No 2906/74 and (EEC) No 2907/74 establishing Community supervision of imports of certain products originating in Austria, Iceland, Portugal, Sweden and Switzerland respectively

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof;

Having regard to the proposal from the Commission;

Whereas, pursuant to Protocols 1 annexed to the Agreements between the European Economic Community and the Republic of Austria, the Republic of Iceland, the Republic of Portugal, the Kingdom of Sweden and the Swiss Confederation, the Community has indicated in Regulations (EEC) No 2901/74⁽¹⁾, (EEC) No 2903/74⁽²⁾, (EEC) No 2905/74⁽³⁾, (EEC) No 2906/74⁽⁴⁾ and (EEC) No 2907/74⁽⁵⁾, the indicative ceilings applicable in 1975 to imports of certain products originating in those countries; whereas the said Protocols also provide that if, for two successive years, imports of a product subject to a ceiling are less than 90 % of the level fixed, the Community shall suspend application of this ceiling;

Whereas the Communities' statistical summaries for 1973 and 1974 show that imports of some of the products in question which are subject to ceilings have not, for those years, reached 90 % of the ceilings indicated; whereas the Community should therefore suspend application of the ceilings for those products for 1975; whereas, however, it is desirable to continue to monitor the trend of imports of these products by statistical surveillance; whereas the abovementioned Regulations should therefore be amended;

Whereas, for a number of products originating in the countries in question and not subject to indicative ceil-

ings in 1973 and 1974, the Community had applied a system of Community supervision in order to monitor the pattern of imports; whereas the Community has, using the abovementioned Regulations, continued this supervision for 1975; whereas an examination of the Community import statistics for the years 1971/72 and the Community statistical summaries for 1973 and 1974 show that, in spite of the progressive reductions in customs duties, imports of most of these products have remained non-existent or negligible or have not increased abnormally; whereas even in those cases where the increase in imports has been more marked in the past two years, no disturbances have been caused on Community markets; whereas, therefore, it no longer seems necessary to monitor the trend of the imports in question,

HAS ADOPTED THIS REGULATION:

REGULATION (EEC) No 1288/75 OF THE COMMISSION

of 22 May 1975

fixing the premiums to be added to the import levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 359/67/EEC ⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 476/75 ⁽²⁾, and in particular Article 13 (6) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas the premiums to be added to the import levies fixed in advance for rice and broken rice must include a premium for the current month and a premium for each of the following months until the expiry of the period of validity of the import licence ; whereas this period of validity was laid down in Article 20 (2) of Commission Regulation (EEC) No 2637/70 ⁽³⁾ of 23 December 1970, as last amended by Regulation (EEC) No 491/75 ⁽⁴⁾ ;

Whereas Council Regulation No 365/67/EEC ⁽⁵⁾ of 25 July 1967, as last amended by Regulation (EEC) No 2435/70 ⁽⁶⁾, lays down rules for the advance fixing of levies on rice and broken rice ;

Whereas under the terms of Regulation No 365/67/EEC, where the cif price for husked rice for milled rice or for broken rice determined on the day on which the premiums are fixed is higher than the cif forward delivery price for the same product, the premium should as a general rule be equal to the difference between these two prices ; whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC on the day on which the premiums are fixed ; whereas the detailed rules for determining cif prices were laid down in Regulation (EEC) No 1613/71 ⁽⁷⁾, as last amended by Regulation (EEC) No 1057/73 ⁽⁸⁾ ; whereas the cif forward delivery price must also be determined in accordance

with Article 16 of Regulation No 359/67/EEC but on the basis of offers at North Sea ports ; whereas this price must be the cif price for shipment during the month in which the import licence is issued in the case of imports to be effected during that month ; whereas this price must be the cif price for shipment during the month in which importation is expected to take place in the case of imports to be effected during the month following the month in which the import licence is issued ; whereas this price must be the cif price for shipment during the month preceding the month in which importation is expected to take place in the case of imports to be effected during the remaining months for which the import licence is valid ; whereas, if no offer for forward delivery is made for shipment during a given month, this price should be the price ruling for shipment during the last month in which an offer for forward delivery was made ;

Whereas the premium is equal to 0 unit of account if the cif price determined on the day on which the scale of the premiums is fixed is equal to the cif forward delivery price or exceeds that price by not more than 0.025 unit of account per 100 kilograms ;

Whereas the premium may, however, be fixed at a higher level in exceptional circumstances and within certain specified limits ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions that the premiums should be fixed as shown in the table annexed to this Regulation ; whereas the amount of the premiums should be altered only if application of the abovementioned provisions entails a change of more than 0.025 unit of account,

REGULATION (EEC) No 1289/75 OF THE COMMISSION

of 22 May 1975

fixing the export levies on rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾, of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 476/75⁽²⁾;

Having regard to Council Regulation (EEC) No 2737/73⁽³⁾ of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, as amended by Regulation (EEC) No 477/75⁽⁴⁾, and in particular Article 4(2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 21 of Regulation No 359/67/EEC provides that measures may be taken when the quotations or prices on the world market for one or more products reach the level of Community prices; whereas that situation is likely to continue and to deteriorate, thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 2737/73 specifies that the quotations or prices on the world market shall be regarded as having reached the level of Community prices when they approach or exceed the threshold price; whereas the continuation and the deterioration of that situation may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist, having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of rice into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for certain categories of rice;

Whereas in view of the relationship between the rice and products processed from it and given the market situation for these products, an export levy must also be fixed for products processed from rice;

Whereas the threshold prices for husked rice, wholly milled rice and broken rice were fixed for the 1974/75 marketing year by Regulations (EEC) No 1718/74⁽⁵⁾ and (EEC) No 1935/74⁽⁶⁾, as amended by Regulation (EEC) No 2518/74⁽⁷⁾;

Whereas Article 3 of Regulation (EEC) No 2737/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice on the Community market on the one hand and prices for rice and products processed from it on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on rice markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1(c) of Regulation No 359/67/EEC the specific factors set out in Article 3(2) of Regulation (EEC) No 2737/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

- for currencies the exchange rates for which are kept at any given moment within a band of 2.25 %, a conversion rate based on their actual parity;
- for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

Whereas it follows from applying the rules outlined above to the present situation on the market in rice, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation;

hereby fixed as shown in the Annex for the products listed therein.

altering components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Whereas Commission Regulation (EEC) No 2300/73⁽⁵⁾ of 23 August 1973, as last amended by Regulation (EEC) No 632/75⁽⁶⁾, laid down detailed rules of application for Regulation (EEC) No 1569/72; whereas the components used to calculate the differential amounts were fixed by Regulation

(EEC) No 1141/75⁽⁷⁾, as last amended by Regulation (EEC) No 1241/75⁽⁸⁾; whereas the difference in accordance with Article 2 (1) of Regulation (EEC) No 1569/72 for the pound sterling and the Irish pound for the period 14 to 20 May 1975 departs from the representative rate valid from 26 May 1975, by at least one point from the percentage used for the previous fixing; whereas this fact should be taken into account when the components used to calculate the differential amounts for colza and rape seed are fixed,

REGULATION (EEC) No 1292/75 OF THE COMMISSION

of 22 May 1975

fixing the refunds applicable to cereals and wheat or rye flour groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 85/75⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 16 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 16 of Regulation No 120/67/EEC provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation No 139/67/EEC⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds, as last amended by Regulation (EEC) No 87/75⁽⁴⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation No 139/67/EEC defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation No 139/67/EEC; whereas, furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/67/EEC⁽⁵⁾, as amended by Regulation (EEC) No 1607/71⁽⁶⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed at least once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market; that the refunds, should be fixed as shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC, exported in the natural state, are hereby fixed as shown in the Annex to this Regulation.

REGULATION (EEC) No 1293/75 OF THE COMMISSION

of 22 May 1975

fixing the corrective amount applicable to the refund on cereals and malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 120/67/EEC ⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 85/75 ⁽²⁾, and in particular the third sentence of the second subparagraph of Article 16 (4) thereof ;

Having regard to Council Regulation No 139/67/EEC ⁽³⁾ of 21 June 1967 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds, as last amended by Regulation (EEC) No 87/75 ⁽⁴⁾ ;

Having regard to the Opinion of the Monetary Committee ;

Whereas Article 16 (4) of Regulation No 120/67/EEC provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence ; whereas, in this case, the corrective amount must be applied to the refund ;

Whereas Council Regulation (EEC) No 1052/68 ⁽⁵⁾ of 23 July 1968 on the import and export system for products processed from cereals and rice, as last amended by Regulation (EEC) No 980/75 ⁽⁶⁾ made possible the fixing of a corrective amount for certain products listed in Article 1 (c) and (d) of Regulation No 120/67/EEC ;

Whereas Regulation (EEC) No 1281/75 ⁽⁷⁾ laid down detailed rules for the advance fixing of export refunds for cereals and certain products processed from cereals ;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Commu-

nity market on the one hand and prices for cereals and cereal products on the world market on the other ; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market ;

Whereas for the products listed in Article 1 (c) of Regulation No 120/67/EEC and for malt account should be taken of the specific criteria laid down in Article 2 (2) and (3) of Regulation (EEC) No 1281/75 ;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination ;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure ;

Whereas it may be altered in the period between fixings ;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis :

- in the case of currencies, which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the preceding subparagraph ;

Whereas it follows from applying the provisions referred to above that the corrective amount must be fixed as shown in the tables annexed to this Regulation ;

REGULATION (EEC) No 1294/75 OF THE COMMISSION

of 22 May 1975

fixing the price for the sale at reduced prices of preserved beef and veal held by the Belgian intervention agency to certain social institutions and categories

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 805/68 ⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 ⁽²⁾, and in particular Article 7 (3) thereof ;

Whereas Commission Regulation (EEC) No 2035/74 ⁽³⁾ of 31 July 1974 provides for the sale at reduced pre-set prices of certain qualities of beef and veal held by the intervention agencies to certain social institutions and categories ; whereas the selling prices for hindquarters were fixed by Commission Regulation (EEC) No 2036/74 ⁽⁴⁾ of 31 July 1974 ;

Whereas the institutions and categories in question usually have fairly limited requirements and cold storage facilities ; whereas it may therefore be advisable for them to be able to buy preserves rather than frozen meat ; whereas it should therefore be possible to buy preserves held in intervention storage ;

Whereas Italy and Belgium are at present the only Member States which avail themselves of the possibility of selling beef and veal to social institutions and

categories ; whereas, since the Italian intervention agency has no stocks of beef and veal preserves, sales of such products should initially be restricted to the stocks held by the Belgian intervention agency ;

Whereas, account taken of the destination of the products in question, the selling price should be lower than that recorded on the market for comparable products ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION :

Article 1

The selling price for beef and veal preserves held by the Belgian intervention agency and intended for social institutions and bodies authorized in accordance with Article 1 (1) of Regulation (EEC) No 2035/74 is hereby fixed at 125 units of account per 100 kilograms net weight.

Article 2

This Regulation shall enter into force on 1 June 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 1295/75 OF THE COMMISSION

of 22 May 1975

subjecting to authorization imports into the Federal Republic of Germany and the Benelux countries of synthetic socks originating in the Republic of Korea

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1439/74⁽¹⁾ of 4 June 1974 on common rules for imports, and in particular Article 12 thereof;

Having consulted the Advisory Committee set up under Article 5 of the said Regulation;

Whereas imports of synthetic socks corresponding to Nimex positions 60.03.25 and 60.03.27, originating in the Republic of Korea, have increased sharply and substantially in the last few years;

Whereas this development has manifested itself principally on the German and Benelux markets, with the result that imports have increased from 9 million pairs in 1971 to about 40 million pairs in 1974 in Germany, and from 3.9 million pairs in 1971 to more than 10 million pairs in 1974 in the Benelux countries;

Whereas these products are offered for sale on the markets principally affected at prices which are substantially below those prevailing for similar goods produced by Community producers;

Whereas according to the information available to the Commission, these imports already represented at the end of 1974 a market share of approximately 20 % in Germany and the Benelux countries;

Whereas this development has been carried out to the detriment of the Community industry, whose production has fallen considerably over the last few years and whereas more than 30 factories have had to cease production of these products with resultant unemployment, transfers and reduction of working hours for several thousand employees;

Whereas all these factors have caused market disruption and have caused serious damage to the Community producers;

Whereas a further sharp and substantial increase in imports of these products may be considered to be imminent in view of the fact that import documents have been issued or endorsed, in accordance with the Community surveillance procedure established by Regulation (EEC) No 2967/74⁽²⁾, for the last three months for which results are available for quantities exceeding 18 million pairs in Germany and 12

million pairs in the Benelux countries, and whereas in the absence of immediate protective measures this aggravation of the damage already caused to Community producers would make it difficult to repair;

Whereas in these highly unusual and critical circumstances, it is necessary that immediate action be taken to safeguard the interests of the Community, these measures to consist of the introduction of temporary limitation of imports, in accordance with the provisions of the Arrangement Regarding International Trade in Textiles, account being taken, however, of the interests of Korea, especially in regard to its stage of development and the importance of the textiles sector to the economy of that country;

Whereas the concentration of imports of the products concerned on the German and Benelux markets justifies the limitation, for the moment, of the application of these safeguard measures to imports into those regions of the Community;

Whereas these measures shall not prejudice the result of the consultations and negotiations which, in accordance with the said Arrangement, are at the moment taking place between the European Economic Community and the Republic of Korea, and whereas they may be adapted, having regard to the results of these negotiations,

HAS ADOPTED THIS REGULATION:

Article 1

The importation into the Federal Republic of Germany and the Benelux countries of stockings, other than women's, under-stockings, socks and ankle socks, sockettes and the like, knitted or crocheted, not elastic nor rubberized, of synthetic fibres, corresponding to Nimex positions 60.03.25 and 60.03.27, originating in the Republic of Korea, is hereby made subject to the presentation of an import authorization issued by the competent authorities of the importing country.

The total quantity of the products for which import authorizations shall be issued during a period of six months commencing on the date of entry into force of this Regulation shall not exceed the following amounts:

Germany: 18 million pairs

Benelux: 5.3 million pairs.

⁽¹⁾ OJ No L 159, 15. 6. 1974, p. 1.

⁽²⁾ OJ No L 316, 26. 11. 1974, p. 7.

Article 2

1. This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

2. It shall apply up to the entry into force of appropriate measures to be taken by the Council in accordance with Article 12, paragraph 6 and Article 13 of Regulation (EEC) No 1439/74 and at the latest until the expiry of a period of six weeks after its entry into force.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 1296/75 OF THE COMMISSION**of 22 May 1975****introducing a countervailing charge on tomatoes originating in Bulgaria**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof ;

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances ; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country ;

Whereas Commission Regulation (EEC) No 840/75⁽³⁾ of 26 March 1975 fixing for the 1975 marketing year the reference prices for tomatoes, fixed the reference price for Class I at 67.38 units of account per 100 kg net for May 1975 ;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72 ; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72 ;

Whereas it is necessary to record the prices to be taken into consideration on the representative markets referred to in Regulation (EEC) No 2118/74⁽⁴⁾, amended by Regulation (EEC) No 385/75⁽⁵⁾, and if necessary to multiply the prices with the coefficients fixed in Article 1 (2) (a) of Regulation (EEC) No 840/75 ;

Whereas, for Bulgarian tomatoes the entry price calculated in this way has remained at least 0.50 unit of account below the reference price for two consecutive market days ; whereas a countervailing charge should therefore be introduced for these tomatoes ;

Whereas if the system is to operate normally it should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment within a band of 2.25 % a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph,

HAS ADOPTED THIS REGULATION :

Article 1

A countervailing charge of 19.30 units of account per 100 kg net is applied to tomatoes (subheading 07.01 M of the Common Customs Tariff) originating in Bulgaria.
