REGULATION (EEC) No 1300/75 OF THE COUNCIL

of 20 May 1975

supplementing Annexes I and II to Regulation (EEC) No 3042/74 on the tariff treatment of certain products intended for use in the construction, maintenance and repair of aircraft

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof;

Having regard to the draft Regulation submitted by the Commission;

Whereas Council Regulation (EEC) No 3042/74⁽¹⁾ of 18 November 1974, on the tariff treatment of certain products intended for use in the construction, maintenance and repair of aircraft provides, *inter alia*, for the total or partial suspension, as the case may be, of the duties laid down in the Common Customs Tariff for a certain number of products intended to be used, under customs control, for the purposes of construction, maintenance or repair, in aeroplanes of an unladen weight exceeding 15 000 kg;

Whereas it has become apparent that a certain number of other products which are not currently available in the Community are also necessary for the

same purposes for aeroplanes of the same category and especially aeroplanes of the Concorde type; whereas it is consequently necessary, as far as may be appropriate, to suspend the Common Customs Tariff duties applicable to such products; whereas for this purpose it is necessary to make additions to Annexes I and II to Regulation (EEC) No 3042/74 with effect from 1 July 1975,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I and II to Regulation (EEC) No 3042/74 shall be supplemented in accordance with Annexes I and II to this Regulation.

Article 2

This Regulation shall enter into force on 1 July 1975.

It shall apply until 31 December 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 May 1975.

For the Council

The President

REGULATION (EEC) No 1301/75 OF THE COUNCIL**of 20 May 1975****temporarily suspending the autonomous duties in the Common Customs Tariff
on certain industrial products**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community, and in particular Article 28
thereof;

Having regard to the draft Regulation submitted by
the Commission;

Whereas production in the Community of the
products referred to in the present Regulation is at
present inadequate or non-existent within the
Community and producers are thus unable to meet
the needs of user industries in the Community;

Whereas it is the Community's interest to suspend the
autonomous Common Customs Tariff duties only
partially in certain cases, particularly because of the
existence of Community production and in other
cases to suspend duties completely;

Whereas taking account of the difficulties involved in
accurately assessing the development of the economic
situation in the sectors concerned in the near future

these suspension measures should be taken only
temporarily, fixing their term of validity to coincide
with the interests of Community production,

HAS ADOPTED THIS REGULATION:

Article 1

The autonomous Common Customs Tariff duties for
the products listed in the Tables annexed to this Regu-
lation shall be suspended at the level indicated in
respect of each of them.

These suspensions shall be applicable:

- from 1 July to 31 December 1975 for the products
listed in Table I;
- from 1 July 1975 to 30 June 1976 for the
products listed in Table II.

Article 2

This Regulation shall enter into force on 1 July 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Done at Brussels, 20 May 1975.

REGULATION (EEC) No 1307/75 OF THE COMMISSION

of 23 May 1975

fixing the refunds on milk and milk products exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 804/68⁽¹⁾ of 27 June 1968 on the common organization of the market in milk and milk products, as last amended by Regulation (EEC) No 740/75⁽²⁾, and in particular Article 17 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68⁽³⁾ of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds, as amended by Regulation (EEC) No 2429/72⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade;
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination;
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68⁽⁵⁾ of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products, as last amended by Regulation (EEC) No 37/75⁽⁶⁾, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two

components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kg of the whole product; whereas for the other products falling within subheading 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on 1 kilogramme of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation No 1009/67/EEC⁽¹⁾ of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 2476/74⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION:

REGULATION (EEC) No 1308/75 OF THE COMMISSION

of 23 May 1975

fixing for the 1975 marketing year the reference prices for plums

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular Article 27 (1) thereof;

Whereas, pursuant to Article 23 (1) of Regulation (EEC) No 1035/72, reference prices valid for the whole Community are to be fixed at the beginning of the marketing year;

Whereas plums are produced in such quantities in the Community that reference prices should be fixed for them;

Whereas plums harvested during a given crop year are marketed from June to October; whereas the quantities harvested during the first 10 days of June and during the last 10 days of October are so small that there is no need to fix reference prices for these periods; whereas reference prices should be fixed only for the period from 11 June up to and including 20 October;

Whereas pursuant to Article 23 (2) of Regulation (EEC) No 1035/72 the reference prices are to be equal to the arithmetic mean of producer prices in each Member State plus an amount representing the costs of transporting Community products from the production areas to Community marketing centres; whereas the trend of average basic prices and buying-in prices must also be taken into account;

Whereas, since the varieties of plums are not all comparable as regards the estimation of their commercial value, these varieties should be classified in two groups;

Whereas, to take seasonal variations into account, the year should be divided into several periods and a reference price fixed for each of these periods;

Whereas producer prices are to correspond to the average of the prices recorded on the representative

market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas, for the purpose of calculating entry prices, the varieties imported from third countries of which the entry prices are to be compared with the prices fixed for Group I and with those fixed for Group II respectively should be specified;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

THE COMMISSION OF THE EUROPEAN

REGULATION (EEC) No 1312/75 OF THE COMMISSION

of 23 May 1975

fixing the maximum withdrawal price levels for tomatoes grown under glass for the 1975 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1035/72⁽¹⁾ of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72⁽²⁾, and in particular the last subparagraph of Article 18 (1) thereof;

Whereas, under the last subparagraph of Article 18 (1) of Regulation (EEC) No 1035/72, producers' organizations may be authorized, in view of the characteristics of the market under consideration, to fix, under certain conditions, withdrawal prices above the levels referred to in Article 18 (1) (a) of that Regulation;

Whereas the market in tomatoes grown under glass has different characteristics from those of the market in open-grown tomatoes; whereas tomatoes grown under glass are mainly Extra Class and Class I products, the prices for which are considerably higher than those for open-grown products;

Whereas in order to provide more effective support for the market in tomatoes grown under glass, producers' organizations or associations of such organizations should be allowed to fix their withdrawal price at a level higher than the Community withdrawal price; whereas in conformity with the provisions of the last subparagraph of Article 18 (1) it appears that the maximum level of the withdrawal price for these products can justifiably be fixed by applying to the prices fixed for the 1974 marketing year an increase of the same order as the increase applied by the Council when fixing the basic prices and buying-in prices for tomatoes;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1975 marketing year producers' organizations or associations of such organizations may fix withdrawal prices not exceeding the following maxima, in units of account per 100 kg net for tomatoes grown under glass:

— June (11 to 20)	21.52
(21 to 30)	19.52
— July (1 to 10)	18.05
(11 to 20)	16.69
(21 to 31)	15.22
— August	15.22
— September	15.22
— October	15.22
— November	15.22

Article 2

The producers' organizations shall supply the following information to the national authorities, who shall communicate it to the Commission:

- the period during which withdrawal prices are applicable;
- the levels of withdrawal prices proposed and of those applied.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 3185/74⁽¹⁾ of 17 December 1974 introducing a charge on the exportation of certain goods covered by Regulation (EEC) No 1059/69, as amended by Regulation (EEC) No 575/75⁽²⁾, and in particular Article 2 (1) thereof;

Whereas Commission Regulation (EEC) No 3206/74⁽³⁾ of 18 December 1974, as amended by Regulation (EEC) No 1140/75⁽⁴⁾, fixed the amount and laid down the detailed rules for the application of a charge on the exportation of certain goods covered by Regulation (EEC) No 1059/69;

Whereas the application of the rules provided for in Council Regulation (EEC) No 3185/74 leads to the

repeal of the export charge fixed by Regulation (EEC) No 3206/74;

Whereas it is therefore necessary to repeal the Regulation in question;

Whereas the Member States have been consulted on this measure,

REGULATION (EEC) No 1314/75 OF THE COMMISSION

of 23 May 1975

amending Annex I to Regulation (EEC) No 1896/73 concerning the coefficients for the calculation of the buying-in prices for intervention on the market in beef and veal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74⁽²⁾, and in particular Article 6 (5) (c) thereof;

Whereas a further examination of the present situation on the market in beef and veal has shown that some of the coefficients used for the calculation of the buying-in prices for the various categories of beef and veal may be slightly adapted;

Whereas the quantities of meat belonging to the various categories of animals under the Belgian national classification have shown certain anomalies in the case of meat in the categories 'Génisses 55 %' and 'Vaches 55 %'; whereas, since the buying-in prices for both categories differ considerably, the buying-in price for 'Génisses 55 %' should be temporarily lowered, in the financial interests of the Community, to the level of buying-in prices for 'Vaches 55 %';

Whereas, since certain qualities of cows are taken into intervention in the Member States bordering upon the

Netherlands, producers in the Netherlands may feel inclined to sell their cows to the intervention agencies in those Member States; whereas if the possibility of selling cows of the quality 'koeien 2de kwaliteit' to the Netherlands intervention agency is introduced, this may contribute towards the smoother operation of intervention;

Whereas Annex I to Commission Regulation (EEC) No 1896/73⁽³⁾ of 13 July 1973 on detailed rules for the application of intervention measures on the market in beef and veal, as last amended by Regulation (EEC) No 834/75⁽⁴⁾, should therefore be adopted;

Whereas the Management Committee for Beef and Veal has not delivered an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to this Regulation shall be substituted for Annex I to Regulation (EEC) No 1896/73.

Article 2

This Regulation shall enter into force on 26 May 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 1315/75 OF THE COMMISSION
of 23 May 1975
amending Regulation (EEC) No 536/75 concerning the buying-in prices for inter-
vention on the market in beef and veal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74⁽²⁾, and in particular Article 6 (5) (c) thereof;

Whereas the coefficients laid down in Annex I to Commission Regulation (EEC) No 1896/73⁽³⁾ of 13 July 1973 on detailed rules for the application of intervention measures on the market in beef and veal were last amended by Regulation (EEC) No 1314/75⁽⁴⁾; whereas it is therefore necessary to adapt the buying-in prices laid down in Commission Regulation (EEC) No 536/75⁽⁵⁾ of 28 February 1975 fixing the buying-in prices for intervention on the market in beef applicable from 3 March 1975, as amended by Regulation (EEC) No 835/75⁽⁶⁾;

Whereas it has emerged from the seasonal trends that buying-in prices for forequarters are at present quite

high in relation to market prices, while the prices being obtained on the market for hindquarters are higher than the buying-in prices; whereas, consequently, prices higher than the buying-in prices for carcasses may at present be obtained from the intervention sale of forequarters alone; whereas the buying-in prices for forequarters should therefore be reduced slightly and the buying-in of hind quarters alone may be discontinued;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to this Regulation shall be substituted for the Annex to Regulation (EEC) No 536/75.

Article 2

This Regulation shall enter into force on 26 May 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

tion of the market in products processed from fruit
and vegetables, as last amended by Regulation (EEC)
No 981/75⁽⁴⁾;

Having regard to Council Regulation (EEC) No
2980/74⁽⁵⁾ of 26 November 1974 on the imposition
of an export charge on certain products processed
from fruit and vegetables and containing added sugar
in the event of sugar supply difficulties, and in parti-
cular Article 1 (4) thereof;

Having regard to Council Regulation (EEC) No

supply difficulties, and in particular Article 1 (3)
thereof;

Whereas the special export levy on certain syrups and

REGULATION (EEC) No 1317/75 OF THE COMMISSION**of 23 May 1975****amending Regulation (EEC) No 1315/74 on the deboning of beef bought in by intervention agencies**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68⁽¹⁾ of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74⁽²⁾, and in particular Article 7 (3) thereof;

Whereas under Commission Regulation (EEC) No 1315/74⁽³⁾ of 28 May 1974, intervention agencies are enabled to debone beef and veal taken over by them; whereas this possibility has led to the constitution of large stocks of deboned meat for which marketing difficulties may arise if these stocks continue to build up;

Whereas it is advisable, particularly in the light of experience acquired at the time of sales of deboned meat to adapt the specifications for deboning; while this adaptation cannot be accomplished immediately however, it is opportune during a short delay to maintain the authorization to continue deboning following the commercial conditions fixed by the intervention agencies;

Whereas the problems of selling shows that it is advisable to limit, for the present, in certain Member States

the deboning to a percentage of the quantities of meat purchased each week;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The text of Article 1 of Regulation (EEC) No 1315/74 is replaced by the following text:

Article 1

By virtue of this Regulation the intervention agencies are authorized until 27 June 1975 to debone meat bought in in accordance with Article 6 of Regulation (EEC) No 805/68.

However this authorization is limited for Ireland to 25 % and for France to 50 % of the quantities purchased each week.

Article 2

This Regulation shall enter into force on 24 May 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

eligible for the advance fixing of export refunds**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation No 122/
67/EEC ⁽¹⁾ of 13 June 1967 on the common organiza-
tion of the market in eggs, as last amended by the
Act ⁽²⁾ concerning the conditions of accession and the
adjustments to the Treaties, and in particular Article 9
(3) thereof ;

Having regard to Council Regulation No 123/
67/EEC ⁽³⁾ of 13 June 1967 on the common organiza-

fixing in advance of export refunds, as last amended

by Regulation (EEC) No 1930/74 ⁽⁵⁾, which provided
that export refunds could be fixed in advance, on
request, for the products listed in the Annex thereto ;

Whereas the present situation of the market, and parti-
cularly the possibilities of exports, justify the exclu-
sion of a certain number of these products from the
rules of advance fixing of export refunds ;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION :

REGULATION (EEC) No 1320/75 OF THE COMMISSION
of 23 May 1975

re-establishing the levying of customs duties on under garments, knitted or crocheted, not elastic or rubberized, of cotton, falling within subheading 60.04 A, originating in Malaysia, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3046/74 of 2 December 1974 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 3046/74⁽¹⁾ of 2 December 1974 establishing preferential tariffs in respect of certain cotton textile and like products originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling equal to 157.5 % of the sum arrived at by adding together the value of the products in question, in metric tons, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation; whereas, for those products, this reduced percentage will be 30 %;

Whereas Article 2 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached;

Whereas, in respect of under garments, knitted or crocheted, not elastic or rubberized, of cotton, the

ceiling, calculated as indicated above, should be 378 metric tons, and therefore the maximum amount 113 400 metric tons; whereas on 20 May 1975 the amounts of imports into the Community of under garments, knitted or crocheted, not elastic or rubberized, of cotton, originating in Malaysia, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 3046/74, which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Malaysia,

Economic Community ;

Having regard to Council Regulation No 136/
66/EEC⁽¹⁾ of 22 September 1966 on the establish-
ment of a common organization of the market in oils
and fats, as last amended by Regulation (EEC) No
1707/73⁽²⁾, and in particular Article 27 (4) thereof ;

Having regard to the Opinion of the Monetary
Committee ;

Whereas Article 27 of Regulation No 136/66/EEC
provides that a subsidy should be granted in respect of
oil seeds harvested and processed within the Commu-
nity when the target price for a species of seed is
higher than the price on the world market ; whereas
these provisions apply only in respect of colza, rape
and sunflower seeds ;

Whereas the subsidy on oil seeds should, theoretically,
be equal to the difference between those two prices ;

Whereas the target price for each species of seed was
fixed by Council Regulation (EEC) No 1122/74⁽³⁾ of
29 April 1974 fixing target and basic intervention
prices for oil seeds for the 1974/75 marketing year, as
amended by Regulation (EEC) No 2496/74⁽⁴⁾ ;

Whereas Article 29 of Regulation No 136/66/EEC
provides that the world market price, calculated for a
Community frontier crossing point, is to be deter-
mined on the basis of the most favourable purchasing
opportunities, quotations being adjusted where neces-
sary to take account of quotations for competing
products ;

Whereas Article 4 of Council Regulation No 115/
67/EEC⁽⁵⁾ of 6 June 1967 laid down criteria for deter-

mining world market prices for oil seeds and fixed the
frontier crossing point, fixed at Rotterdam ;

Whereas Article 1 of that Regulation provides that
when the world market price is being determined
account should be taken of all offers on the world
market known to the Commission and of quotations
on those exchanges which are significant for interna-
tional trade ; whereas Article 2 of Commission Regu-
lation No 225/67/EEC⁽⁶⁾ of 28 June 1967 on detailed
rules for determining the world market price for oil
seeds, as last amended by the Act⁽⁷⁾ annexed to the
Treaty⁽⁸⁾ on the accession of new Member States to
the European Economic Community and the Euro-
pean Atomic Energy Community, signed at Brussels
on 22 January 1972, provides that offers and quota-
tions which do not relate to shipments to be effected
within 30 days following the date on which the world
market price is determined should be disregarded ;
whereas offers and quotations which the Commission
believes, in view of general price movements or infor-
mation available to it, not to be representative of the
real trend of the market must also be disregarded ;
whereas offers and quotations relating to quantities of
less than 500 metric tons and offers relating to seed of
a quality other than that normally acceptable on the
world market must also be disregarded ;

Whereas Article 3 of Regulation No 225/67/EEC
provides that of the offers and quotations taken into
consideration, those for delivery c and f should be
increased by 0.2 % ; whereas offers and quotations for
delivery fas, fob or otherwise should be increased, as
appropriate, by loading, transport and insurance costs
from the point of shipment or loading to the frontier
crossing point ; whereas cif offers and quotations for
frontier crossing points other than Rotterdam should
be adjusted to allow for the difference in transport
costs as compared with a product delivered cif
Rotterdam ; whereas the Commission should take
account only of the loading, transport and insurance
costs which to its knowledge are the lowest ; whereas,
finally, offers and quotations for delivery cif
Rotterdam should be increased by 0.20 unit of
account ;

Whereas Article 5 of Regulation No 115/67/EEC
provides that the world market price should be deter-
mined for seed of the standard quality for which the
target price has been fixed, delivered in bulk ;

(1) OJ No 172, 30. 9. 1966, p. 3025/66.

(2) OJ No L 175, 29. 6. 1973, p. 5.

(3) OJ No L 128, 10. 5. 1974, p. 8.

(4) OJ No L 268, 3. 10. 1974, p. 1.

(5) OJ No 111, 10. 6. 1967, p. 2196/67.

(6) OJ No 136, 30. 6. 1967, p. 2919/67.

(7) OJ No L 73, 27. 3. 1972, p. 14.

(8) OJ No L 73, 27. 3. 1972, p. 5.

Whereas Article 3 of Regulation No 225/67/EEC provides that offers and quotations relating to products presented otherwise than in bulk should be adjusted by deducting the additional value resulting from that presentation; whereas offers and quotations relating to a quality other than the standard quality for which the target price was fixed should be adjusted on the basis of the coefficients of equivalence shown in the Annex to that Regulation; whereas, in the case of offers on the world market for qualities of colza and rape seed other than those listed in that Annex, coefficients of equivalence derived from those listed in that Annex may, pursuant to Article 4 of Regulation No 225/67/EEC, be applied; whereas, when derived coefficients are being calculated, account must be taken of the differences between prices for the qualities of seed in question and prices for the qualities listed in that Annex, and of the characteristics of these various seeds;

Whereas Article 2 of Regulation No 115/67/EEC provides that, where no offer or quotation can be used as a basis for determining the world market price, that price should be determined on the basis of the value of the average quantities of oil and oil cake resulting from the processing of 100 kg of seed within the Community less an amount corresponding to the cost of processing these seeds into oil and oil cake; whereas the quantities and costs to be taken into consideration for the purposes of the calculation are fixed in Article 5 of Regulation No 225/67/EEC; whereas the value of those quantities should be determined in accordance with the provisions of Article 6 of that Regulation;

Whereas Article 3 of Regulation No 115/67/EEC provides that, where no offer or quotation can be used as a basis for determining the world market price and where it is, moreover, impossible to establish the value of the oil or oil cake processed from such seed, the world market price should be determined on the basis of the most recent known value for oil or oil cake, adjusted to take account of the trend of world prices for competing products by applying to that value the rules set out in Article 2 of Regulation No 115/67/EEC; whereas Article 7 of Regulation No 225/67/EEC defines competing products as those oils or oil cakes, as the case may be, which appear to have been offered in the largest quantities on the world market during the period under consideration;

Whereas Article 6 (1) of Regulation No 115/67/EEC provides that, when the world market price of a type of seed is being determined, the price used should be adjusted by an amount not exceeding the margin between:

- the difference between the price of 100 kg of colza, rape or sunflower seeds, plus processing costs, and the total of the prices of the quantities of oil and oil cake resulting from the processing of the type of seed in question, and
- the difference between the price of 100 kg of one or more other seeds, plus processing costs, and the total of the prices of the quantities of oil and oil cake resulting from the processing of these seeds;

Whereas the factors to be taken into consideration for the purpose of determining that margin are defined in Article 8 of Regulation No 225/67/EEC; whereas no adjustment should be made where the margin is found to be less than 0.50 unit of account; whereas Article 6 (2) of Regulation No 115/67/EEC provides that, when the amount of the adjustment is being determined, account should be taken of the incidence of the margin in question on marketing operations of Community traders and on the disposal of the various types of seed on the world market;

Whereas Council Regulation (EEC) No 2114/71⁽¹⁾ of 28 September 1971 on the subsidy for oil seeds, as amended by Regulation (EEC) No 2730/71⁽²⁾, laid down rules for granting the subsidy on oil seeds; whereas under that Regulation, where the subsidy to be granted is fixed in advance, the amount of such subsidy must be equal to the amount applicable on the day on which the application for advance fixing was lodged, adjusted by the difference between the target price valid on that day and the target price valid on the day on which the seeds are placed under control at an oil mill and, where appropriate, a corrective amount; whereas Article 36 of Commission Regulation (EEC) No 1204/72⁽³⁾ of 7 June 1972 laying down detailed rules for the application of the subsidy system for oil seeds, as last amended by Regulation (EEC) No 1280/75⁽⁴⁾, provides that such adjustment should involve increasing or reducing the amount of subsidy applicable on the day on which the application was lodged by the difference between the target price valid during the month during which the seeds were placed under control at an oil mill and the target price valid on the day on which the application was lodged;

Whereas Article 38 of Regulation (EEC) No 1204/72 provides that the corrective amount must be equal to the difference between the world market price for colza, rape and sunflower seeds and the forward price for those seeds valid for a shipment effected during the month in which the seeds were placed under control at an oil mill, those prices being determined in accordance with Articles 1, 4 and 5 of Regulation

⁽¹⁾ OJ No L 222, 2. 10. 1971, p. 2.

⁽²⁾ OJ No L 282, 23. 12. 1971, p. 18.

⁽⁴⁾ OJ No L 131, 22. 5. 1975, p. 14.

115/67/EEC; whereas, if no offer and no price can be used for such determination, the method of calculation provided for in Article 38 of Regulation (EEC) No 1204/72 should be used; whereas the abovementioned difference may be adjusted pursuant to Article 39 of Regulation (EEC) No 1204/72, account being taken of prices for soya seeds on the world market;

Whereas the subsidy should be fixed whenever the market situation makes it necessary and in such a way as to ensure its being applied at least once a week; whereas the subsidy may be altered whenever it becomes obvious that such alteration is necessary;

Whereas, if the subsidy system is to operate normally, subsidies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas in the absence of the amounts of the monthly increases for September and October 1975 for colza and rape seed in cases of pre-fixation for the months of September and October 1975 the amounts of subsidy on these products have been obtainable

only temporarily on the basis of the monthly increases for September and October 1974; whereas these amounts may, therefore, be applied on a temporary basis and should be confirmed or replaced when these increases are known;

Whereas it follows from applying all these provisions to the offers and quotations known to the Commission that the subsidy on colza, rape and sunflower seeds should be fixed as shown in the table annexed to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

1. The amount of the subsidy referred to in Article 27 of Regulation No 136/66/EEC is hereby fixed as shown in the table annexed to this Regulation.
2. The amounts of the subsidy for the months of September and October 1975 will, however, as for colza and rape seed, be confirmed or replaced as from 26 May 1975 to take into account the amounts of the monthly increases for the months of September and October 1975.

Article 2

This Regulation shall enter into force on 26 May 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
