(b) Agricultural levies	(4 185 000)	(472 500)	(51 840 000)	(56 497 500)
(c) Customs duties	(77 017 500)	(23 344 506)	(741 390 393)	(841 752 399)

⁽¹⁾ Including fiscal duties levied by the customs. Fiscal duties represent some 89% of Ireland's customs duties and 87 % of those of the United Kingdom.

Total own resources to be remitted = Tables 2 A and 2 B: 3 890 172 388 u.a.

Note on Table 2 B

The own resources for Ireland and the United Kingdom (point 4) are considerably in excess of the sums actually due from these two countries, despite the application of the coefficient of abatement (cf. Article 130 of the Treaty of Accession).

In these circumstances, the amount of own resources to be remitted (point 5) was established in terms of the maximum permissible relative share for these two countries (Articles 3 and 4 of the Decision of 21 April 1970 and Article 130 of the Treaty of Accession) applied to the total expenditure figure.

Example Ireland:

— Relative share for Ireland in 1974	0.3484 %
— Conversion of the coefficient of abatement for 1974 (56 %) into that for 1975 (67.5 %)	$\frac{67.5}{56} \times 0.3484 = 0.419946 \%$
— Upper limit of the range of Articles 3 and 4 of the Decision of 21 April 1970 (+2 %) ⁽¹⁾	0.4283 %
— Own resources to be remitted	$\frac{0.4283}{100} \times 5\,907\,542\,825 = 25\,302\,006 \text{ u.a.}$

(The hypothesis that the contribution of Ireland and the United Kingdom would be at the upper limit of the range.)

The breakdown given in points 5 (a), (b) and (c) is obtained by applying the coefficient of abatement (67.5 %) to the sugar levies (point 1) and the agricultural levies (point 2). Hence the customs duties represent the difference between the total sum to be remitted and the total of the latter two amounts.

⁽¹⁾ From 1 January 1975, the maximum possible variation in the relative share from one financial year to the next is 2 %.

⁽¹⁾ The figures concerning the establishment of the GNP scale are given in Annexes H and I.

As in Table 2 B (point 4), the contributions have been distributed first of all without applying the coefficient of abatement (column 1).

In the second column they have been distributed on the basis of the scale obtained from the following operations:

- (a) for the new Member States, the GNP scale is reduced to 67.5 % (Article 130);
- (b) for the original Member States, the difference between 100 % and the part covered by the new Member States is distributed in proportion to the GNP scale.

The appropriations of Table 1 are covered in the first place by own resources, and then by the contributions. The total for each Member State so obtained gives the relative share shown in column 4; this is subsequently adjusted in accordance with the provisions of Articles 3 and 4 of the Decision of 21 April 1970.

⁽¹⁾ For the new Member States: $\frac{67.5}{56}$ of the relative share for 1974 (see Annex A).

For the original Member States: the remainder in proportion to the relative share for 1974 (see Annex B).

The reduction envisaged in Articles 130 of the Treaty of Accession brings the share of the new Member States to a percentage of the figure which would be obtained by applying the provisions of the Decision of 21 April 1970; this percentage is 56% for 1974 and 67.5% for 1975. The relative share in the first column of Annex A is raised from 56 hundredths to 67.5 hundredths.

CHAPTER 33 — EXPENDITURE ON RESEARCH AND INVESTMENT

Article	Item	Remarks																																							
		The statement of receipts and expenditure relating to research and investment activities is the subject of Annex I to Section III of the Communities' budget. As required under the Financial Regulation, the statement of expenditure comprises appropriations for commitment and appropriations for payment, whereas this Chapter covers only the latter. Apportionment of appropriations between the joint programme and complementary programmes: <i>Budget 1975:</i> <table> <tr> <th></th><th><i>Appropriations for commitment</i> u.a.</th><th><i>Appropriations for payment</i> u.a.</th></tr> <tr> <td>Joint programme</td><td>56 530 110</td><td>79 596 778</td></tr> <tr> <td>Complementary programme</td><td>11 173 738</td><td>12 357 712</td></tr> <tr> <td>Eximbank</td><td>4 001 000</td><td>4 001 000</td></tr> <tr> <td>Total</td><td>71 704 848</td><td>95 955 490</td></tr> </table> <i>Amendments:</i> <table> <tr> <td>Joint programme</td><td>+ 1 109 508</td><td>+ 499 508</td></tr> <tr> <td>Complementary programme</td><td>—</td><td>—</td></tr> <tr> <td>Eximbank</td><td>—</td><td>—</td></tr> <tr> <td>Total</td><td>+ 1 109 508</td><td>+ 499 508</td></tr> </table> <i>New total:</i> <table> <tr> <td>Joint programme</td><td>57 639 618</td><td>80 096 286</td></tr> <tr> <td>Complementary programme</td><td>11 173 738</td><td>12 357 712</td></tr> <tr> <td>Eximbank</td><td>4 001 000</td><td>4 001 000</td></tr> <tr> <td>New grand total</td><td>72 814 356</td><td>96 454 998</td></tr> </table> The amendments cover Chapter 3-60 of the statement of expenditure relating to research and investment referred to above. That Chapter — which has been introduced through the medium of this supplementary budget — is designed to enable the execution of the research and training programme on plutonium recycling in light-water reactors on which the Council decided on 17 December 1974. The additional requirements in Chapter 33, 499 508 units of account of appropriations for payment, resulting from that decision are covered by a deduction from Chapter 99 (expenditure not specifically provided for), made in this rectifying budget.		<i>Appropriations for commitment</i> u.a.	<i>Appropriations for payment</i> u.a. CHAPTER 55 — EUROPEAN REGIONAL DEVELOPMENT FUND — PAYMENTS

Article	Item	Remarks
550		This appropriation is intended to cover the Community's contribution to the schemes provided for in the Council Regulation of 21 March 1975 i.e., both in Article 4 (contributions towards the financing of investments in industrial and service activities and investments in infrastructures) and in Article 11 (research bearing in the operations carried out by the Fund). The provisions of the Financial Regulation applying to the Regional Fund require the inclusion of appropriations for commitment and appropriations for payment. This is a necessary distinction in view of the multiannual nature of the projects which will be financed by the Regional Fund. A sum of 300 million units of account has been entered as appropriations for commitment, in accordance with the guidelines adopted by the Heads of State or Government at the European summit on 9 and 10 December 1974. To enable the European Regional Development Fund to go into operation, and despite the lack of more precise criteria (which can only be derived from experience) regarding the proportion of appropriations for payment needed during the first year in order to meet the commitments entered into, 150 million units of account of appropriations for payment have been included.

Article	Item	Remarks
833		Since the Commission has withdrawn its proposal for a Regulation on priority agricultural areas, the reserve of 125 million units of account set up in financial years 1972, 1973 and 1974 has been allocated to the European Regional Development Fund in this supplementary budget. The final allocation of the 50 million units of account entered in this Article in the 1975 budget will be decided upon later on a proposal from the Commission.

CHAPTER 88 — APPROPRIATIONS RESERVED IN PREVIOUS FINANCIAL YEARS FOR THE FINANCING OF EXPENDITURE, FALLING WITHIN CHAPTERS 81 TO 83 INCLUSIVE

Article	Item	Remarks
880		<i>Constitution of the reserve</i> For the years 1969 to 1973, appropriations amounting to 538 525 700 units of account have been set aside by the Council Decision for the financing of joint schemes within the meaning of Article 6 of Regulation (EEC) No 729/70. These appropriations represent authorizations for commitment: they will be committed once expenditure on joint schemes exceeds the annual appropriation of 325 million units of account. Where these appropriations have been committed totally or partially in the course of the financial year, the budgetary authorities have undertaken to make the appropriate alterations to both the statement of expenditure and the statement of revenue. This reserve was, in the financial years 1969 to 1973, made up as follows: 84 880 199 units of account were set aside for 1969 pursuant to the provisions of Regulation (EEC) No 2010/68. 83 481 529 units of account were set aside for 1970 pursuant to the provisions of Regulation (EEC) No 1534/69. 185 117 684 units of account were set aside for 1971 pursuant to the provision of Regulation (EEC) No 2591/70. 92 846 288 units of account were set aside for 1972 pursuant to the provisions of Regulation (EEC) No 847/72. 92 200 000 units of account were set aside for 1973 pursuant to the provisions of Regulation (EEC) No 2809/73. <i>Utilization of the reserve</i> This supplementary budget uses this reserve in financial year 1975 for the European Regional Development Fund, by drawing 25 million units of account from the 1969 tranche; this tranche is consequently reduced from 84 880 199 units of account to 59 880 199 units of account. The total of credits reserved over the 1969 to 1973 period thus becomes 513 525 700 units of account. The budget provides for 39 600 000 units of account to cover expenditure on joint schemes and special measures in 1974. The appropriations for the joint scheme and special measures and which are not used could be put into reserve. The same will apply in 1975.

Article	Item	Remarks
990		The implications for the 1975 budget of the Council Decision of 17 December 1974 on a programme for plutonium recycling amount to 499 508 units of account to be entered under Chapter 3.60 of Annex I (statement of revenue and expenditure relating to research and investment) to Section III. This rectifying budget deducts the amount necessary to cover these financial implications, to be charged against Chapter 33 (expenditure on research and investment), from Chapter 99.

(c) Customs duties	(77 017 500)	(23 705 041)	(752 812 628)	(853 535 169)

⁽¹⁾ Including fiscal duties levied by the customs. Fiscal duties represent some 89% of Ireland's customs duties and 87% of those of the United Kingdom.

Total own resources to be remitted = Tables 2 A and 2 B: 3 901 955 169 u.a.

Note on Table 2 B

The own resources for Ireland and the United Kingdom (point 4) are considerably in excess of the sums actually due from these two countries, despite the application of the coefficient of abatement (cf. Article 130 of the Treaty of Accession).

In the circumstances, the amount of own resources to be remitted (point 5) was established in terms of the maximum permissible relative share for these two countries (Articles 3 and 4 of the Decision of 21 April 1970 and Article 130 of the Treaty of Accession) applied to the total expenditure figure.

Example Ireland:

- Relative share for Ireland in 1974 0.3484 %
- Conversion of the coefficient of abatement for 1974 (56 %) into that for 1975 (67.5 %)

$$\frac{67.5}{56} \times 0.3484 = 0.419946 \%$$
- Upper limit of the range of Articles 3 and 4 of the Decision of 21 April 1970 (+2 %) ⁽¹⁾ 0.4283 %
- Own resources to be remitted

$$\frac{0.4283}{100} \times 5\,991\,721\,102 = 25\,662\,541 \text{ u.a.}$$

(The hypothesis that the contribution of Ireland and the United Kingdom would be at the upper limit of the range is confirmed in the tables below).

The breakdown given in points 5(a), (b) and (c) is obtained by applying the coefficient of abatement (67.5 %) to the sugar levies (point 1) and the agricultural levies (point 2). Hence the customs duties represent the difference between the total sum to be remitted and the total of the latter two amounts.

⁽¹⁾ From 1 January 1975 the maximum possible variation in the relative share from one financial year to the next is 2%.

⁽¹⁾ The figures concerning the establishment of the GNP scale are given in Annexes H and I.

As in Table 2 B (point 4), the contributions have been distributed first of all without applying the coefficient of abatement (column 1).

In the second column they have been distributed on the basis of the scale obtained from the following operations:

- (a) for the new Member States, the GNP scale is reduced to 67.5 % (Article 130);
- (b) for the original Member States, the difference between 100 % and the part covered by the new Member States is distributed in proportion to the GNP scale.

⁽¹⁾ For the new Member States: $\frac{67.5}{56}$ of the relative share for 1974 (see Annex A).

For the original Member States: the remainder proportional to the relative share for 1974 (see Annex B.).

The reduction envisaged in Articles 130 of the Treaty of Accession brings the share of the new Member States to a percentage of the figure which would be obtained by applying the provisions of the Decision of 21 April 1970; this percentage is 56% for 1974 and 67.5 % for 1975. The relative share in the first column of Annex A is raised from 56 hundredths to 67.5 hundredths.
