REGULATION (EEC) No 3364/75 OF THE COMMISSION
of 23 December 1975

**regarding the administration of Community quantitative quotas on certain
textile products originating in the Republic of India**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70⁽¹⁾ of 25 May 1970 establishing a common procedure for administering quantitative quotas, and in particular Articles 2 and 8 thereof;

Having regard to Council Regulation (EEC) No 2992/75⁽²⁾ of 10 November 1975 concluding the Agreement between the European Economic Community and the Republic of India on trade in textile products and laying down provisions for its application, and in particular Article 3 thereof;

Whereas Article 3 of the said Regulation (EEC) No 2992/75 of 10 November 1975, fixed the Community quantitative quotas on imports and provided for their allocation among the Member States in accordance with the criteria indicated;

Whereas, however, the conditions to which the imports concerned are at present subject in the Member States cannot be completely standardized immediately on the opening of the quotas because of the considerable disparities in the said conditions and because of the particular sensitivity of the Community textile industry; whereas, for that reason, the criteria for allocation have been determined in such a way that the allocation will only adopt itself progressively to the supply requirements of the markets;

Whereas the said allocation must, within the conditions specified in the Agreement, allow for increase by transfer of unused portions of other limits and for carry-over and anticipation from one year to another;

Whereas, in accordance with the aforesaid Council Regulation (EEC) No 2992/75, products brought into the customs territory of the Community under the inward processing traffic system or temporary import arrangements and re-exported in their original state or after further processing should not be set off against the Community quantitative quotas concerned;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Quota Administration Committee,

HAS ADOPTED THIS REGULATION:

Article 1

1. The Community quantitative quotas on imports for 1975, 1976 and 1977, established by Council Regu-

lation (EEC) No 2992/75 of 10 November 1975 shall be allocated among the Member States as indicated in Annex A.

2. The volume of the quota shares fixed for 1975 are reduced by the amount of imports effected in that year before the entry into force of this Regulation.

Member States shall inform the Commission of the amounts thus deducted.

Article 2

1. The volume of the quota shares fixed in Article 1 may be increased in any Agreement year, by transfer of unused portions of other quota shares provided for the same year in the same Member State, in accordance with the following conditions:

*percentage limit of increase in
volume of quota shares to
which a transfer is made*

- | | |
|--|------|
| — to quota shares of category 1 and of sub-category 1 (a): | |
| — from categories 2 and 3 | 10 % |
| — to quota shares of sub-category 1 (a): | |
| — from category 1 | 7 % |
| — to quota shares of category 2: | |

| — from category 3 | 10 % |
| — to quota shares of category 3: | |
| — from category 1 | 7 % |
| — from category 2 | 10 % |

2. The volume of quota shares fixed in Article 1 may be increased, either by carry-over to the corresponding quota shares of the same Member State of unused quantities from the preceding year or by advance deliveries on the corresponding quota share of the same Member State for the following year; the amount of each of such carry-over or advance delivery shall be limited to a maximum of 10 % of the quota share to be increased.

3. The cumulative application of the provisions laid down in paragraphs 1 and 2 shall not, in any given Agreement year, result in an increase of the quota

— category 1 and sub-category 1 (a)	20 %
— category 2	15 %
— category 3	20 %

4. Member States shall inform the Commission of the quantities which have been the subject of transfers under this Article.

Article 3

Import authorizations shall be issued by the competent authorities in the Member States automatically and without delay, within the limits of the quota shares fixed and having regard to the possibilities for flexibility provided for in Article 2, on submission of the importers application together with the original export authorization issued by the Indian authorities in accordance with the specifications indicated in Annex B.

Article 4

Entry for consumption of products imported under the inward processing traffic system or temporary entry arrangements shall be subject to an authorization within the limits of the quota shares fixed in Article 1.

Products which have been imported for consumption in the Community and have subsequently become subject to the inward processing traffic system or temporary entry arrangements shall be deducted from the quota shares fixed by Article 1.

Article 5

Without prejudice to the provisions of Article 8 of Council Regulation (EEC) No 1023/70 establishing a common procedure for administering quantitative quotas, Member States shall communicate to the Commission, within 60 days of the end of each quarter, in respect of the categories and sub-categories set out in Annex A :

of 23 December 1975

amending Commission Regulations (EEC) No 616/72 and (EEC) No 618/72 and the Common Customs Tariff Nomenclature in respect of olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾, and in particular Articles 13 (4) and 18 (3) thereof ;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece, and in particular Articles 3 (4) and 9 thereof ;

Having regard to Council Regulation No 171/67/EEC⁽⁴⁾ of 27 June 1967 on export refunds and levies on olive oil, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾ of 21 November 1972, and in particular Article 11 thereof ;

Whereas all unrefined olive oils are currently included under subheading 15.07 A II of the Common Customs Tariff ; whereas, therefore, a single levy is fixed for these products ;

Whereas, in order that the levy may achieve its objective completely, it should be varied according to the various type of oil ; whereas to this end subheading 15.07 A II of the Common Customs Tariff should be subdivided, and a distinction should be drawn among those products according to their chemical characteristics ;

Whereas experience has shown that the offer price for oil from residues resulting from the extraction of olive

oil on the world market is frequently at a level which differs considerably from those of other unrefined olive oils ; whereas this situation leads to the fixing of an inadequate import levy for certain types of oil ;

Whereas Commission Regulation (EEC) No 618/72⁽⁶⁾ of 29 March 1972 on the characteristics of olive oil and of certain products containing olive oil lays down the conditions governing the classification of olive oil in the Common Customs Tariff ;

Whereas the Tariff Nomenclature resulting from the application of Regulation No 136/66/EEC is set out in the Common Customs Tariff annexed to Regulation (EEC) No 950/68⁽⁷⁾, as last amended by Regulation (EEC) No 3000/75⁽⁸⁾ of 17 November 1975 ;

Whereas Commission Regulation (EEC) No 616/72⁽⁹⁾ of 27 March 1972 on detailed rules for the application of export refunds and levies on olive oil, as amended by Regulation (EEC) No 2563/72⁽¹⁰⁾, must be amended accordingly ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

ANNEX I

Additional Notes to Chapter 15 of the Common Customs Tariff

2. A. For the purposes of subheading 15.07 A, 'olive oil' means oil derived solely from the treatment of olives, excluding re-esterified olive oil and mixtures of olive oil with other oils.
- B. Subheading 15.07 A I a) covers olive oil obtained by refining virgin olive oil, whether or not blended with virgin olive oil, and having the following characteristics:
- (a) a free fatty acid content, expressed as oleic acid, not exceeding 3 %;
 - (b) a K_{270} extinction coefficient (absorption under a thickness of 1 cm of a solution of 1 g of oil per 100 ml in iso-octane (2,2,4-trimethylpentane) at a wavelength of 270 nm), higher than 0.25 but not higher than 1.10 and, after treatment of the sample of oil with activated alumina, higher than 0.11;
 - (c) an extinction coefficient variation, in the 270 nm range, higher than 0.01 but not higher than 0.16.
- This variation is defined by:

$$\Delta K = K_m - 0.05 (K_{m-4} + K_{m+4}),$$

where

K_m is the extinction coefficient at the wavelength of the maximum of the absorption curve in the 270 nm range and

K_{m-4} and K_{m+4} are the extinction coefficients at wavelengths 4 nm lower and higher, respectively than that of K_m ;

(d) no positive reaction of oils from olive residues.

C. Subheading 15.07 A I b) covers olive oil having:

- (a) the characteristics mentioned in paragraphs 2 B (a) to (c) and a positive reaction of oils from olive residues; or
- (b) the characteristics mentioned in paragraph 2 B (a) and a K_{270} extinction coefficient higher than 1.10 but not higher than 2.00, and an extinction coefficient variation in the 270 nm range not higher than 0.20.

D. For the purposes of subheadings 15.07 A I a) and 15.07 A II a), 'virgin olive oil' means natural olive oil obtained exclusively by mechanical processes, including pressure, a part from mixtures with olive oil obtained otherwise, and having the following characteristics:

- (a) a K_{270} extinction coefficient after treatment of the sample of oil on activated alumina, not higher than 0.11;
in exceptional cases certain oils of high acidity, after being passed over activated alumina, may have a K_{270} extinction coefficient higher than 0.11. In such cases, after neutralization and decolourization in the laboratory, they must have the characteristics of the oils falling within subheading 15.07 A I a) of the Common Customs Tariff;
- (b) an extinction coefficient variation, in the 270 nm range, not higher than 0.01;
- (c) no positive reaction of oils from olive residues.

ANNEX II

Characteristics of the olive oil falling within subheading 15.07 A

1. Olive oil obtained by refining virgin olive oil, whether or not blended with virgin olive oil, and having the following characteristics, falls within subheading 15.07 A I a):
 - (a) a free fatty acid content expressed as oleic acid of not more than 3 %;
 - (b) a K_{270} extinction coefficient (absorption under a thickness of 1 cm of a solution of 1 g of oil in 100 ml of iso-octane (2,2,4-trimethylpentane) at a wavelength of 270 nm), higher than 0.25 but not higher than 1.10 and, after treatment of the sample of oil with activated alumina, higher than 0.11;
 - (c) an extinction coefficient variation, in the 270 nm range, higher than 0.01 and not higher than 0.16.

This variation is defined by:

$$\Delta K = K_m - 0.5 (K_{m-4} + K_{m+4}),$$

where

K_m is the extinction coefficient at the wavelength of the maximum of the absorption curve in the 270 nm range and

K_{m-4} and K_{m+4} are the extinction coefficients at wavelengths 4 nm lower and higher, respectively, than that of K_m ;

- (d) no positive reaction of oils from olive residues.
2. Olive oil falls within subheading 15.07 A I b):
 - (a) if it has the characteristics referred to under paragraph 1 (a) to (c) and a positive reaction of oils from olive residues;
 - (b) if it has the characteristics referred to under paragraph 1 (a) and a K_{270} extinction coefficient higher than 1.10 but not higher than 2.00 and an extinction coefficient variation in the 270 nm range not higher than 0.20.
 3. The expression 'virgin olive oil' is taken to mean natural olive oil obtained exclusively by mechanical processes, including pressure, apart from mixtures with olive oil obtained otherwise, and having the following characteristics:
 - (a) a K_{270} extinction coefficient, after treatment of the sample of oil with activated alumina, not higher than 0.11;
in exceptional cases certain oils of high acidity, after being passed over activated alumina, may have a K_{270} extinction coefficient higher than 0.11;
in such cases, after neutralization and decolourization in the laboratory, they must have the characteristics of the oils referred to in paragraph 1;
 - (b) an extinction coefficient variation, in the 270 nm range, not higher than 0.01;
 - (c) no positive reaction of oils from olive residues.
 4. Olive oil having the following characteristics shall be considered as 'oils from residues resulting from the subtraction of olive oil' falling within subheading ex 15.07 A II b):
 - (a) a free fatty acid content expressed as oleic acid of more than 3 %; and
 - (b) a positive reaction of oils from olive residues or, after neutralization and decolourization in the laboratory, the characteristics of the oils referred to under paragraph 2 (b).

REGULATION (EEC) No 3367/75 OF THE COMMISSION
of 23 December 1975

**fixing for certain products processed from fruit and vegetables the export
refunds provided for in Article 3a of Regulation (EEC) No 865/68**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation (EEC) No
865/68⁽¹⁾ of 28 June 1968 on the common organiza-
tion of the market in products processed from fruit
and vegetables, as last amended by Regulation (EEC)
No 1420/75⁽²⁾, and in particular the first sentence of
Article 3a(4) thereof ;

Whereas Article 3a of Regulation (EEC) No 865/68
provides that, where required in order to permit the
exportation on the basis of prices ruling in interna-
tional trade of economically important products not
containing added sugar being products listed in
Article 1, the difference between the aforesaid prices
and Community prices may be covered by an export
refund ;

Whereas Article 3a(5) of the said Regulation provides
that, where the refund fixed pursuant to Article 3 is
not sufficient to permit exports of the products
containing added sugar covered by Regulation (EEC)
No 865/68, the provisions of Article 3a rather than
those of Article 3 shall apply to such products ;

Whereas Article 2 of Council Regulation (EEC) No
1426/71⁽³⁾ of 2 July 1971 laying down general rules
for granting export refunds on products processed
from fruit and vegetables and criteria for fixing the
amount of such refunds provides that refunds are to
be fixed taking into account the existing situation and
future trends with regard, on the one hand, to prices
and availabilities on the Community market of
products processed from fruit and vegetables and, on
the other hand, to prices ruling in international trade ;
whereas account also has to be taken of the costs
referred to in (b) of the said Article and of the
economic aspect of the proposed exports ;

Whereas Article 3 of Regulation (EEC) No 1426/71
provides that when prices on the Community market
are being determined account shall be taken of the
ruling prices which are most favourable from the

point of view of exportation ; whereas when prices in
international trade are being determined account is to
be taken of the prices referred to in paragraph 2 of the
said Article ;

Whereas peeled tomatoes, tomato concentrate and
tomato, orange and lemon juice are economically
important products not containing added sugar, while
in the case of cherries in syrup no refund such as
would permit exportation has been fixed pursuant to
Article 3 of Regulation (EEC) No 865/68 ; whereas
under these circumstances it is necessary to fix for
these products the refund provided for in Article 3a of
Regulation (EEC) No 865/68 ;

Whereas it follows from applying these rules and
criteria to the present situation on the market, and in
particular to prices within the Community and on the
world market for products processed from fruit and
vegetables, that the refund should be fixed as indi-
cated below ;

Whereas the Management Committee for products
processed from Fruit and Vegetables has not delivered
an opinion within the time limit set by its Chairman,

HAS ADOPTED THIS REGULATION :

Article 1

1. The export refunds provided for in Article 3a of
Regulation (EEC) No 865/68 shall be as specified in
the Annex hereto.

2. The provisions of Article 6(1)(b) of Commission
Regulation (EEC) No 192/75⁽⁴⁾ of 17 January 1975
laying down detailed rules for the application of
export refunds in respect of agricultural products shall
apply to exports of tomato concentrate of the kinds
specified in the Annex hereto.

Article 2

This Regulation shall enter into force on the day
following its publication in the *Official Journal of
the European Communities*.

REGULATION (EEC) No 3368/75 OF THE COMMISSION**of 23 December 1975****fixing the difference in the prices of white sugar to be used for calculating the
levy for products processed from fruit and vegetables**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation (EEC) No
865/68 ⁽¹⁾ of 28 June 1968 on the common organiza-
tion of the market in products processed from fruit
and vegetables as last amended by Regulation (EEC)
No 1420/75 ⁽²⁾, and in particular Article 2 (3) thereof ;

Whereas, in order to enable the Member States to
determine the amount of the levy applicable in
respect of the various added sugars on imports of the
products listed in Annex I to Regulation (EEC) No
865/68, it is necessary in accordance with Article 2 (2)
of that Regulation to determine the difference
between the average of the threshold prices for one
kilogramme of white sugar for each month of the
quarter for which the difference is being determined
and the average of the CIF prices for one kilogramme
of white sugar used in fixing the levies on white sugar,

calculated for a period covering the first fifteen days
of the month preceding the quarter for which the
difference is being determined and the two months
immediately preceding that month ; whereas, pursuant
to Article 2 (3) of that Regulation, this difference must
be determined by the Commission for each quarter of
the calendar year,

HAS ADOPTED THIS REGULATION :

Article 1

For the period 1 January to 31 March 1976, the differ-
ence provided for in Article 2 (2) of Council Regula-
tion (EEC) No 865/68 is fixed at 0.0710 unit of
account.

Article 2

This Regulation shall enter into force on 1 January
1976.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

REGULATION (EEC) No 3369/75 OF THE COMMISSION
of 23 December 1975

**fixing the standard values to be used in calculating financial compensation in
respect of fishery products withdrawn from the market during the 1976 fishing
year**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation (EEC) No
2142/70 ⁽¹⁾ of 20 October 1970 on the common organ-
ization of the market in fishery products, as last
amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in
particular Article 10 (5) thereof ;

Whereas Article 10 of Regulation (EEC) No 2142/70
provides for the grant of financial compensation to
producers' organizations which intervene, in certain
conditions, in respect of the products listed in Annex
I (A) and (C) to that Regulation ; whereas the amount
of financial compensation must be reduced by
standard values in the case of products for purposes
other than human consumption ;

Whereas Commission Regulation (EEC) No 697/71 ⁽³⁾
of 31 March 1971 specifies the ways in which the
products withdrawn may be disposed of ; whereas the
value of such products must be fixed at a standard
level for each of these modes of disposal, taking into
account the average receipts which may be obtained
from such disposal ;

Whereas Commission Regulation (EEC) No
3325/74 ⁽⁴⁾ of 20 December 1974, as last amended by

Regulation (EEC) No 887/75 ⁽⁵⁾, fixed the standard
values for 1975 ;

Whereas market information relating to those values
shows that for most of the uses in question they have
been altered during the period just passed ; whereas
the standard values for 1976 should therefore be fixed
in the light of receipts in that period ;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Fishery Products,

HAS ADOPTED THIS REGULATION :

Article 1

For the year 1976 the standard values to be used in
calculating the financial compensation provided for in
Article 10 of Regulation (EEC) No 2142/70 in respect
of products withdrawn by producers' organizations
and used for purposes other than human consumption
shall be as shown in the Annex hereto.

Article 2

States.

of 23 December 1975
terminating the prohibition on the importation of frozen hake and fillets
thereof

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community ;

Having regard to Council Regulation (EEC) No
2142/70 ⁽¹⁾ of 20 October 1970 on the common organ-
ization of the market in fishery products, as last
amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in
particular Article 18 (6) thereof ;

Whereas, by Commission Regulation (EEC) No
2901/75 ⁽³⁾ the importation of frozen hake and fillets
thereof has been temporarily prohibited ;

Whereas, on examining the situation in the markets
of the Community, a certain stabilization has been
noted ; whereas there is no longer any danger of distur-
bance on these markets ; whereas the temporary prohi-

bition on imports of the products in question should
therefore be lifted ;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Fishery Products,

REGULATION (EEC) No 3371/75 OF THE COMMISSION
of 23 December 1975

amending Regulation (EEC) No 3559/73 laying down detailed rules for granting financial compensation and indemnities, fixing the withdrawal price and determining the buying-in price for certain fishery products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 2142/70⁽¹⁾ of 20 October 1970 on the common organization of the market in fishery products, as last amended by Regulation (EEC) No 1182/75⁽²⁾, and in particular Articles 10 (5) and 11 (5) thereof ;

Whereas Regulation (EEC) No 3559/75⁽³⁾, as last amended by Regulation (EEC) No 1242/75⁽⁴⁾, laid down detailed rules for granting financial compensation and indemnities and for fixing the withdrawal prices and determining the buying-in prices for certain fishery products ;

Whereas application of the withdrawal arrangements is to contribute towards stabilizing the market without, however, provoking structural surpluses in the Community ; whereas, therefore, appropriate support to all markets must be promoted, bearing in mind the differences between the commercial characteristics of the various products landed as between various markets ; whereas the withdrawal prices must furthermore be so fixed that the results of the endeavours of the producers' organizations in the Member States to stabilize prices will not be jeopardized, to the extent that they contribute to the attainment of Community objectives ;

Whereas Regulation (EEC) No 3559/73 fixed the conversion factors reflecting the average price difference between a product with specific commercial characteristics and products of the quality immediately below that of the product taken into consideration ; whereas, as a result of that difference, certain conversion factors relating to small sizes should be amended in respect of most of the products concerned ;

Whereas, in order to improve the quality of the products landed by producers' organizations and to adapt supply more closely to market requirements,

provision should be made for removing from the system of withdrawal prices certain presentations which are difficult to market for human consumption ;

Whereas Council Regulation (EEC) No 173/71⁽⁵⁾ of 26 January 1971 laid down general rules for determining the percentage of the guide price to be used to calculate the withdrawal price for certain fishery products ; whereas, in the light of the specific conditions governing the fishing of haddock and the structure of demand and supply on the markets in that product, the percentage of the guide price used in calculating the withdrawal price for the species in question should be changed ;

Whereas Council Regulation (EEC) No 135/73⁽⁶⁾ of 15 January 1973 laid down general rules for determining, in the fishery sector, the landing areas situated at a considerable distance from the main centres of consumption in the Community ;

Whereas it is provided in the second subparagraph of Article 10 (4) of Regulation (EEC) No 2142/70 that, in order to ensure that producers in landing areas which are very distant from the main centres of consumption in the Community have access to markets under satisfactory conditions, the withdrawal prices may be multiplied by conversion factors for those areas ; whereas these conversion factors are so fixed that the differences between the prices converted correspond to the price variations expected in the case of normal production on the basis of the natural conditions of formation of market prices ;

Whereas examination of the trend of the market price for herrings, mackerel, sardines and whittings in those areas and therefore the price formation to be expected call for the redetermination of certain areas and the re-fixing of the corresponding conversion factors ; whereas it is also necessary to determine a new area and fix the corresponding conversion factors for hake ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fishery Products,

REGULATION (EEC) No 3372/75 OF THE COMMISSION
of 23 December 1975

fixing for the 1976 fishing year withdrawal prices for the fishery products listed in Annex I (A) and (C) to Regulation (EEC) No 2142/70 and for certain products landed in areas very distant from the main areas of consumption in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2142/70 ⁽¹⁾ of 20 October 1970 on the common organization of the market in fishery products, as last amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in particular Article 10 (5) thereof;

Whereas the first subparagraph of Article 10 (4) of Regulation (EEC) No 2142/70 provides that the withdrawal price for each of the products listed in Annex I (A) and (C) to that Regulation is to be fixed by applying to an amount equal to not less than 60 % but not more than 90 % of the guide price the conversion factor for the category immediately below that selected for fixing the guide price;

Whereas guide prices for all the relevant products have been fixed for the 1976 fishing year by Council Regulation (EEC) No 3305/75 ⁽³⁾ of 16 December 1975;

Whereas rules for calculating withdrawal prices, in particular the percentage of the guide price to be used, the coefficients for varying them according to commercial characteristics, and the supplementary coefficients applicable in distant landing areas, were laid down by Commission Regulation (EEC) No

3559/73 ⁽⁴⁾ of 21 December 1973, as last amended by Regulation (EEC) No 3371/75 ⁽⁵⁾;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The withdrawal prices as referred to in the first subparagraph of Article 10 (4) of Regulation (EEC) No 2142/70 applicable for 1976, and the products to which those prices relate, shall be as shown in Annex I to this Regulation.

Article 2

The withdrawal prices as referred to in the second subparagraph of Article 10 (4) of Regulation (EEC) No 2142/70 applicable for 1976 in landing areas which are very distant from the main centres of consumption in the Community, and the products to which those prices relate, shall be as shown in Annex II to this Regulation.

Article 3

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3373/75 OF THE COMMISSION

of 23 December 1975

fixing for the 1976 fishing year reference prices for fishery products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 2142/70 ⁽¹⁾ of 20 October 1970 on the common organization of the market in fishery products, as last amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in particular the first subparagraph of Article 18 (6) thereof ;

Whereas Article 18 (1) of Regulation (EEC) No 2142/70 provides *inter alia* for the fixing each year of reference prices valid in the Community for the products listed in Annexes I (A) and (C), II and IV (B) to that Regulation ;

Whereas Article 18 (2) of the Regulation aforesaid provides that for the products listed in Annex I (A) and (C) thereto such price is to be equal to not less than 60 % and not more than 90 % of the guide price ;

Whereas the guide prices for the fishery products listed in Annex I (A) and (C) to Regulation (EEC) No 2142/70 have been fixed for the 1976 fishing year by Council Regulation (EEC) No 3305/75 ⁽³⁾ of 16 December 1975 ;

Whereas it is essential to fix reference prices if appropriate measures are to be applied to protect Community production ; whereas the implementation of such measures is closely linked with those taken within the Community to stabilize markets, in particular by the application of the system of withdrawal prices, that is prices below which producers' organizations will not put up for sale the produce of their members ; whereas the reference price must be fixed by applying to the guide price a percentage lying within the limits used in applying the withdrawal price ; whereas this percentage must be based in particular on the supply and demand situation on the market ;

Whereas for these reasons the withdrawal prices, to the extent that these lie within the limits set for this

purpose, and otherwise the lower of those limits, should be used in determining reference prices ;

Whereas the reference prices for the products listed in Annex II to Regulation (EEC) No 2142/70 must be derived from the guide prices therefor and fixed by reference to the price level at which intervention measures in respect of these products become applicable ; whereas the reference prices for these products should therefore be fixed at 85 % of the guide prices fixed for the 1976 fishing year by Council Regulation (EEC) No 3304/75 ⁽⁴⁾ of 16 December 1975 ;

Whereas, for the products listed in Annex IV (B) to Regulation (EEC) No 2142/70, reference prices are determined on the basis of the reference price for the fresh product ;

Whereas the situation on the Community import market for frozen products as specified in Annex IV (B) to Regulation (EEC) No 2142/70 may make it necessary to take measures to protect Community producers, particularly as frozen products may be used in place of fresh products ; whereas the reference price for these products should therefore be higher than those for fresh products ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION :

Article 1

The reference prices applicable until 31 December 1976 for the products listed in Annexes I (A) and (C) and II and for frozen products as specified in Annex IV (B) to Regulation (EEC) No 2142/70 shall be as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 January 1976.

REGULATION (EEC) No 3374/75 OF THE COMMISSION**of 23 December 1975****amending, in respect of herring and hake, Regulation (EEC) No 1109/71 on detailed rules for determining entry prices**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 2142/70 ⁽¹⁾ of 20 October 1970 on the common organization of the market in fishery products, as last amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in particular Article 18 (6) thereof ;

Whereas Commission Regulation (EEC) No 1109/71 ⁽³⁾ of 28 May 1971 on detailed rules for determining the entry price for certain fishery products, as last amended by Regulation (EEC) No 1196/75 ⁽⁴⁾, in particular laid down the quality conversion factors for calculating entry prices ;

Whereas the conversion factors in respect of herring no longer correctly reflect the precise relationship between the entry prices for the different categories, sizes and presentations of this species and the reference prices ; whereas they should therefore be updated ;

Whereas hake was included in Annex I (A) to Regulation (EEC) No 2142/70 ; whereas a reference price for

this product was fixed by Regulation (EEC) No 3373/75 ⁽⁵⁾ ; whereas it is therefore necessary to fix conversion factors for hake so that the entry prices can be established ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION :

Article 1

The conversion factors for herring listed in Annex I to this Regulation replace those listed in Annex I to Regulation (EEC) No 1109/71.

Article 2

The table in Annex II to this Regulation is added to Annex I to Regulation (EEC) No 1109/71.

Article 3

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

extending the validity of the protective measures applicable to imports of tunny

COMMUNITIES,Having regard to the Treaty establishing the European

ization of the market in fishery products, as last
amended by Regulation (EEC) No 1182/75 ⁽²⁾, and in

of 26 February 1975, as last amended by Regulation
(EEC) No 2502/75 ⁽⁴⁾, laid down the protective
measures applicable until 31 December 1975 to
imports into France of tunny intended for the manu-
facture of the products listed under heading No 16.04
of the Common Customs Tariff ; whereas on 17
December 1975 the French Republic submitted an
application to extend the validity of those measures ;Whereas the crisis on the French market continues to
exist ; whereas a review of the situation has shown thatthe level of prices for tunny on the world market is
still low ; whereas, although French prices show a
slight upward trend, the opening of frontiers to
imports from non-member countries at world market
prices would be bound to have serious repercussions
on those prices ;Whereas by reason of the above, it is necessary to
extend the validity of the system currently applicable,

to Regulation (EEC) No 1598/75⁽³⁾ of 24 June 1975
on the advance implementation of certain provisions
of the ACP-EEC Lomé Convention relating to trade
in goods ;

Whereas Article 1 (1) of Regulation (EEC) No 3328/75
lays down that the charges on imports of beef and
veal originating in the African, Caribbean and Pacific
States are to be reduced, provided that a tax of corres-
ponding amount is collected when the goods are
exported from the country of origin ;

Whereas the import charges result from the level of
the levy applicable ; whereas that levy may be adjusted
by accession and monetary compensatory amounts ;
whereas since those amounts differ according to the
arrangements applicable in each Member State, the
import charges also differ ;

Whereas, however, the precise application of those
amounts would result in complex administrative
problems and would oblige the non-member coun-
tries concerned to levy different amounts according to

the destination within the Community ; whereas provi-
sion should therefore be made for a standard method
of calculating the amounts, on the basis of only two
Community regions, namely the new Member States,
which still apply accession compensatory amounts,
and the other Member States ; whereas, in each of
those two regions, the compensatory amounts appli-
cable to imports in the Member State which absorbs
most of the imports in question should be taken as a
basis, it being possible also to consider those amounts
as close to the average of the compensatory amounts
applicable for each of the Member States ;

Whereas there is good reason to derogate from the
quarterly fixing of the amounts of reduction pursuant
to Article 3 (2) of Regulation (EEC) No 3328/75
because of the new marketing year for the beef and
veal sector beginning 1 March 1976 ;

Whereas proof that the export tax has been collected
may be supplied by entering the relevant amount on
the movement certificate provided for in Council
Regulation (EEC) No 1598/75 ;

Whereas detailed rules for the application of the
system of import licences for the products coming
from the beef and veal sector are specified in Commis-
sion Regulation (EEC) No 193/75⁽⁴⁾ of 17 January
1975, as amended by Regulation (EEC) No 2104/75⁽⁵⁾
and Commission Regulation (EEC) No 2045/75⁽⁶⁾ of
25 July 1975 ; whereas there is good reason to take
special measures for the delivery of import licences
within the framework of the present Regulation ;

Whereas the measures provided for in this Regulation
are in accordance with the Opinion of the Manage-
ment Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION :

Article 1

Import licences shall be issued for beef and veal
products originating in Botswana, Kenya, Madagascar
and Swaziland, under the conditions laid down in this
Regulation and within the limit of the quantities

Botswana	8 680 metric tons,
Kenya	65 metric tons,
Madagascar	3 478 metric tons,
Swaziland	1 543 metric tons.

100 kg of boned meat shall be equivalent to 130 kg of unboned meat.

Article 2

1. Applications for import licences may be submitted to the competent agencies of the Member States only during the first 10 days of each month.

The country of origin shall be indicated in box 14 of the application for a licence and of the licence.

The licence entails the obligation to import from the country indicated.

2. On the working day following the last working day of the period for the submission of applications, Member States shall inform the Commission, by telex, of the total quantity for each of the non-member countries which are the subject of the applications referred to in paragraph 1.

The Commission shall decide, for each non-member country concerned, which applications can be accepted. If the quantities of products originating in a non-member country in respect of which licences are applied for exceed the quantity available from that non-member country, the Commission shall fix a single percentage for the reduction of the quantities applied for.

3. If the total quantity forming the subject of applications relating to a non-member country is lower than the quantity available from that non-member country, the Commission shall decide what shall be done with the remaining quantity.

4. The import licences shall be valid only until 30 June 1976.

5. The licences shall be issued on the 21st day following the first day of the period for the submission of applications.

6. Subject to the provisions of Article 18 of Regulation (EEC) No 193/75, the security shall be released immediately for a quantity in respect of which no import licence has been issued.

Article 3

Importation to benefit from the system of import charge reductions may take place only if the origin of the products concerned is certified by the competent authorities of the exporting countries in conformity

with the rules of origin applicable to the products in question in accordance with the provisions of Annex II to Regulation (EEC) No 1598/75.

Article 4

1. The amount provided for in Article 1 (1) of Regulation (EEC) No 3328/75 for each product intended for importation into Ireland or the United Kingdom shall be equal to 90 % of the amount resulting from the levy reduced by the accession compensatory amount applicable to imports into the United Kingdom from non-member countries and by the monetary compensatory amounts, valid for imports into that Member State during the week :

- (a) beginning 5 January 1976, for imports to be effected in January and February 1976 ;
- (b) beginning 1 March 1976, for imports to be effected in March 1976 ;
- (c) beginning 22 March 1976, for imports to be effected in the second quarter of 1976.

2. The amount provided for in Article 1 (1) of Regulation (EEC) No 3328/75 for each product intended for importation into a Member State other than those mentioned in paragraph 1 shall be equal to 90 % of the amount resulting from the levy corrected, if such should be the case, by any monetary compensatory amount applicable for France during the week :

- (a) beginning 5 January 1976, for imports to be effected in January and February 1976 ;
- (b) beginning 1 March 1976, for imports to be effected in March 1976 ;
- (c) beginning 22 March 1976, for imports to be effected in the second quarter of 1976.

Article 5

1. The import charges shall be reduced by the amount fixed in accordance with Article 4 only if the model of the certificate for the movement of goods EUR.1 contained in Annex 5 to Annex II to Regulation (EEC) No 1598/75 indicates :

- (a) in box 5, the group of countries of destination, by means of the figure '1' for the Member States referred to in Article 4 (1) and by means of the figure '2' for the Member States referred to in paragraph 2 of that Article ;
- (b) in box 7, the amount of the export tax collected per 100 kg ;
- (c) in box 8, the subheading of the Common Customs Tariff for the product in question.

A separate certificate shall be drawn up for each subheading of the Common Customs Tariff.

2. The application of this Regulation may not in any event give rise to the granting of an amount.

3. The export tax to be collected shall be that in force at the date of completion of the customs export formalities.

The amount by which the import charges shall be reduced shall be that valid on the day of completion of the customs import formalities in the Community region indicated in box 5 of the certificate.

Article 6

This Regulation shall enter into force on 1 January 1976.

It shall apply until 30 June 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3377/75 OF THE COMMISSION

of 23 December 1975

fixing the production refund on olive oil used in the manufacture of certain preserved fish and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾ ;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece ;

Having regard to Council Regulation (EEC) No 155/71⁽⁴⁾ of 26 January 1971 on the production refund on olive oil used in the manufacture of certain preserved foods, and in particular Article 3 (1) thereof ;

Whereas Article 2 of Regulation (EEC) No 155/71 provides that a production refund should be granted in respect of olive oil used in the manufacture of certain preserved fish and vegetables ;

Whereas Article 3 (1) of that Regulation provides that the refund must be fixed every two months ; whereas paragraph 2 of that Article provides that the amount of the refund is to be equal to the average of the variable components of the levies on imports of olive oil falling within subheading 15.07 A I a) of the Common Customs Tariff during the period from the 16th day of the third month to the 15th day of the last month preceding that in which the refund began to apply ;

Whereas Article 5 of Commission Regulation (EEC) No 615/71⁽⁵⁾ of 24 March 1971 on detailed rules for the application of the production refund on olive oil used in the manufacture of certain preserved foods, as last amended by Regulation (EEC) No 2503/71⁽⁶⁾, provides that the refund previously fixed is retained where the difference between that refund and the average referred to above does not exceed 0.50 unit of account ; whereas, however, the refund must be fixed at zero if the average is zero ;

Whereas the import levy applicable from 16 October to 15 December 1975 to the olive oil referred to above was fixed by Regulations (EEC) No 2650/75⁽⁷⁾, (EEC) No 2712/75⁽⁸⁾, (EEC) No 2841/75⁽⁹⁾, (EEC) No 2931/75⁽¹⁰⁾, (EEC) No 2986/75⁽¹¹⁾, (EEC) No 3046/75⁽¹²⁾, (EEC) No 3102/75⁽¹³⁾, (EEC) No 3200/75⁽¹⁴⁾ and (EEC) No 3256/75⁽¹⁵⁾,

HAS ADOPTED THIS REGULATION :

Article 1

For the months of January and February 1976 the amount of the production refund referred to in Article 2 of Regulation (EEC) No 155/71 shall be 42.317 units of account per 100 kg.

Article 2

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

DECISION No 3378/75/ECSC OF THE COMMISSION
of 22 December 1975

fixing the rate of the levies for the 1976 financial year and amending Decision No 3/52/ECSC of 23 December 1952 on the amount of and methods for applying levies provided for in Articles 49 and 50 of the ECSC Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular Articles 49, 50 and 78 thereof;

Having regard to the Treaty of 8 April 1965 establishing a single Council and a single Commission of the European Communities, and in particular Articles 20 and 21 thereof;

Having regard to Decision No 2691/72/ECSC of 18 December 1972 amending Decision No 2/52/ECSC of 23 December 1952 determining the mode of assessment and collection of the levies provided for in Articles 49 and 50 of the ECSC Treaty;

Having regard to Decision No 3329/74/ECSC of 20 December 1974 fixing the rate of the levies for 1975 and amending Decision No 3/52/ECSC of 23 December 1952 on the amount of and methods for applying the levies provided for in Articles 49 and 50 of the ECSC Treaty;

Having regard to Commission Decision No 1761/75/ECSC of 2 July 1975 amending Decision No 2/52/ECSC of 23 December 1952 determining the mode of assessment and collection of the levies provided for in Articles 49 and 50 of the ECSC Treaty;

Having regard to Commission Decision No 3289/75/ECSC of 18 December 1975 on the definition and conversion of the unit of account to be used in decisions, recommendations, opinions and communiqués for the purposes of the Treaty establishing the ECSC;

Whereas, in view of the variations in average values recorded during the reference period, Decision No 3/52/ECSC of 23 December 1952 on the amount of and methods for applying the levies provided for in Articles 49 and 50 of the ECSC Treaty should be amended;

Whereas the requirements of the European Coal and Steel Community are estimated in the operating budget for the 1976 financial year at 106 million units of account; whereas that budget, which was adopted by the Commission of the European Communities on 22 December 1975 in the form shown in the Annex to this Decision, indicates the amount of income to be provided from levies in the course of the financial year 1975, namely 90 million units of account;

Whereas, moreover, technical developments have allowed significant reductions to be made in the consumption of coal in steel making and in the quantities of crude steel needed to produce finished steel products;

Whereas, in consequence, it is appropriate to bring up to date the table of consumption figures in Article 3 of Decision No 3/52/ECSC;

Whereas the estimated yield of the levies at a rate of 0.10 % is 31.03 million units of account;

Having noted the Opinion delivered on 18 December 1975 by the European Parliament,

HAS ADOPTED THIS DECISION:

Article 1

The rate of the levies on output from 1 January 1976 shall be 0.29 % of the figures used as the basis of assessment for such levies.

Article 2

Article 2 of Decision No 3/52/ECSC, as amended by Article 2 of Decision No 3329/74/ECSC of 20 December 1974 and by Article 1 of Decision No 1761/75/ECSC of 2 July 1975, is now amended to read as follows:

The average value in units of account of the products on which the levies are assessed shall from 1 January 1976 be as follows:

Product	Average value
Brown coal briquettes and semi-coke derived from brown coal	18.57
Hard coal of all categories	30.35
Pig iron other than that used for making ingots	138.4
Steel in ingots	157.52
Finished products and end products of iron and steel as described in Annex I to the Treaty	262.54

Article 3

Article 3 of Decision No 3/52/ECSC of 23 December 1952, as last amended by Article 3 of Decision No 3329/74/ECSC of 20 December 1974, is now amended as follows:

The consumption figures to be used in calculating the deductions provided for in Article 2(2) of Decision No 2/52/ECSC of 23 December 1952 shall be as follows:

Product	Consumption figures
Brown coal briquettes and semi-coke derived from brown coal	0.03 metric tons of brown coal briquettes and semi-coke derived from brown coal
Hard coal of all categories	0.14 metric tons of hard coal
Pig iron other than that used for making ingots	0.774 metric tons of hard coal
Steel in ingots	0.450 metric tons of hard coal
Finished products and end products of iron and steel as described in Annex I to the Treaty	1.262 metric tons of steel

Article 4

Article 4 of Decision No 3/52/ECSC of 23 December 1952, as last amended by Article 4 of Decision No 3329/74/ECSC of 20 December 1974, is now amended to read as follows:

This Decision shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 December 1975.

The scale provided for in Article 2(4) of Decision No 2/52/ECSC of 23 December 1952 shall accordingly be as follows, the figures being given in units of account:

Product	Assessment January 1976 and subsequent months and collection February 1976 and subsequent months
Brown coal briquettes and semi-coke derived from brown coal ⁽¹⁾	0.05385
Hard coal of all categories ⁽²⁾	0.08802
Pig iron other than that used for making ingots	0.33324
Steel in ingots	0.41720
Finished products and end products of iron and steel as described in Annex I to the Treaty	0.18487

⁽¹⁾ For purposes of the deductions provided for in the preceding Article, the levy fixed above shall be applied to the net metric tonnage of brown coal and semi-coke of brown coal, less 3 %.

⁽²⁾ For purposes of the deductions provided for in the preceding Article, the levy fixed above shall be applied to the net metric tonnage of hard coal as defined in Article 1 of Decision No 2/52/ECSC, less 14 %.

The amount of the levies per metric ton to be paid in the currencies of the Member States of the Community shall be established in compliance with Article 3 of Decision No 3289/75/ECSC.

Article 5

This Decision shall enter force on 1 January 1976.

REGULATION (EEC) No 3379/75 OF THE COMMISSION

of 29 December 1975

fixing the import levies on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2727/75⁽¹⁾ of 29 October 1975 on the common organization of the market in cereals, amended by Regulation (EEC) No 3058/75⁽²⁾, and in particular Article 14 (4) thereof;

Having regard to Council Regulation No 359/67/EEC⁽³⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 668/75⁽⁴⁾, and in particular Article 12 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the rules to be applied to calculating the variable component of the import levy on products processed from cereals and rice are laid down in Article 14 (1) (A) of Regulation (EEC) No 2727/75 and Article 12 (1) (a) of Regulation No 359/67/EEC; whereas Article 2 of Council Regulation (EEC) No 2744/75⁽⁵⁾ of 29 October 1975 on the import and export system for products processed from cereals and rice, provides that the incidence on the prime costs of these products of the levies applicable to their basic products should be calculated on the basis of the average of the levies applicable to these basic products for the first twenty-five days of the month preceding that of importation; whereas this average, adjusted on the basis of the threshold price valid for the basic products in question during the month of importation, is calculated on the basis of the quantities of basic products considered to have been used in the manufacture of the processed product or the competing product which serves as a reference for processed products not containing cereals;

Whereas Commission Regulation (EEC) No 1579/74⁽⁶⁾ of 24 June 1974 on the procedure for calculating the import levy on products processed from cereals and from rice and for the advance fixing

of this levy for these products and for compound feedingstuffs manufactured from cereals, as last amended by Regulation (EEC) No 1997/75⁽⁷⁾, provides that the levy thus determined, increased by the fixed component, is valid in general for one month but is altered where the levy applicable to the basic product concerned differs by not less than 2.5 units of account per metric ton from the average of the levies calculated as described above;

Whereas in accordance with Article 5 of Regulation (EEC) No 2744/75 and Article 2 of Regulation (EEC) No 1579/74, the levy on certain processed products must be reduced by an amount equal to the production refund granted in respect of basic products for processing; whereas Regulation (EEC) No 1921/75⁽⁸⁾ laid down certain transitional measures in respect of starches;

Whereas the fixed component of the levy is specified in Regulation (EEC) No 2744/75;

Whereas, in order that account may be taken of the interests of the African, Caribbean and Pacific States or in the 'overseas countries and territories', the levy relating to them in respect of certain products processed from cereals must be reduced by the amount of the fixed component and, in respect of some of these products, by part of the variable component; whereas this reduction must be made in accordance with Article 12 of Council Regulation (EEC) No 1599/75⁽⁹⁾ of 24 June 1975 on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States or in the 'overseas countries and territories', amended by Regulation (EEC) No 3329/75⁽¹⁰⁾;

Whereas Article 4 (2) of Regulation (EEC) No 2744/75 provides that the levy to be charged on the products listed in the Annex to that Regulation under heading No 07.06 A is limited, with effect from the date of entry into force of the Geneva Protocol (1967) annexed to the General Agreement on Tariffs and Trade, to the amount resulting from application of the rate of duty bound within GATT;

⁽¹⁾ OJ No L 281, 1. 11. 1975, p. 1.

⁽²⁾ OJ No L 306, 26. 11. 1975, p. 3.

⁽³⁾ OJ No 174, 31. 7. 1967, p. 1.

⁽⁴⁾ OJ No L 72, 20. 3. 1975, p. 18.

⁽⁵⁾ OJ No L 281, 1. 11. 1975, p. 65.

⁽⁶⁾ OJ No L 168, 25. 6. 1974, p. 7.

⁽⁷⁾ OJ No L 202, 1. 8. 1975, p. 57.

⁽⁸⁾ OJ No L 195, 26. 7. 1975, p. 25.

⁽⁹⁾ OJ No L 166, 28. 6. 1975, p. 67.

⁽¹⁰⁾ OJ No L 329, 23. 12. 1975, p. 6.

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas, in accordance with Article 18 (1) of Regulation (EEC) No 2727/75, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff,

HAS ADOPTED THIS REGULATION :

Article 1

The import levies to be charged on the products listed in Article 1 (d) of Regulation (EEC) No 2727/75 and in Article 1 (1) (c) of Regulation No 359/67/EEC and subject to Regulation (EEC) No 2744/75 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 January 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

REGULATION (EEC) No 3380/75 OF THE COMMISSION
of 29 December 1975
fixing the import levies on compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2727/75⁽¹⁾ of 29 October 1975 on the common organization of the market in cereals, amended by Regulation (EEC) No 3058/75⁽²⁾, and in particular Article 14 (4) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the rules to be applied in calculating the variable component of the import levy on compound feedingstuffs are laid down in Article 14 (1) (A) of Regulation (EEC) No 2727/75; whereas the incidence of the levies applicable to the basic products of compound feedingstuffs on their prime costs should be determined, in pursuance of Article 4 of Council Regulation (EEC) No 2743/75⁽³⁾ of 29 October 1975 on the system to be applied to cereal-based compound feedingstuffs, on the basis of the average of the levies applicable during the first 25 days of the month preceding the month of importation to the quantities of basic products considered to have been used in the manufacture of such compound feedingstuffs, this average being adjusted on the basis of the threshold price for the basic products in question ruling during the month of importation;

Whereas the levy thus determined, increased by the fixed component, is valid for one month; whereas the amount of the fixed component of the levy is specified in Article 6 of Regulation (EEC) No 2743/75;

Whereas, in order that account may be taken of the interests of the African, Caribbean and Pacific States or in the 'overseas countries and territories', the levy relating to them in respect of certain products processed from cereals must be reduced by the amount of the fixed component and, in respect of

some of these products, by part of the variable component; whereas this reduction must be made in accordance with Article 12 of Council Regulation (EEC) No 1599/75⁽⁴⁾ of 24 June 1975, on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States or in the 'overseas countries and territories' amended by Regulation (EEC) No 3329/75⁽⁵⁾;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas, in accordance with Article 18 (1) of Regulation (EEC) No 2727/75 the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on the compound feedingstuffs covered by Regulation (EEC) No 2727/75 and subject to Regulation (EEC) No 2743/75 are fixed hereby as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 January 1976.
