COMMISSION REGULATION (EEC) No 768/76

of 2 April 1976

re-establishing the levying of customs duties on broom and brush bodies and handles of wood, falling within subheading 44.25 Ex B, originating in Brazil to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3010/75 of 17 November 1975 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3010/75 of 17 November 1975 establishing preferential tariffs in respect of certain products originating in developing countries⁽¹⁾, and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will be equal to 15 % of the sum arrived at by adding together the value of the products in question imported cif into the Community in 1971 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1972 cif imports coming from other countries and from countries and territories already covered by such arrangements ;

Whereas, having regard to that ceiling, the amounts for products originating in any one of the countries or territories listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation ;

Whereas Article 2 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries or territories once the relevant Community amount has been reached ;

Whereas, in respect of broom and brush bodies and handles of wood, falling within subheading 44.25 ex

B, the ceiling, calculated as indicated above, should be 776 000 units of account, and therefore the maximum 388 000 units of account ; whereas on 29 March 1976 the amounts of imports into the Community of broom and brush bodies and handles of wood, falling within subheading 44.25 ex B, originating in Brazil, a country covered by preferential tariff arrangements, reached that maximum amount ; whereas, bearing in mind the objectives of Regulation (EEC) No 3010/75, which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Brazil,

HAS ADOPTED THIS REGULATION :

Article 1

As from 6 April 1976, the levying of customs duties, suspended in pursuance of Council Regulation (EEC) No 3010/75 of 17 November 1975, shall be re-established in respect of the following products, imported into the Community and originating in Brazil :

CCT heading No	Description of goods
44.25	Wooden tools, tool bodies, tool handles, broom and brush bodies and handles ; boot and shoe lasts and trees of wood : Ex B. Other ; broom and brush bodies and handles of wood

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

re-establishing the levying of customs duties on handkerchiefs of cotton fabric, falling within heading No ex 61.05, originating in India to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3002/75 of 17 November 1975 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3002/75 of 17 November 1975 establishing preferential tariffs in respect of certain cotton textile and like products originating in developing countries⁽¹⁾, and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling equal to 166 % of the sum arrived at by adding together the value of the products in question, in metric tons, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation;

Whereas Article 2 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached;

Whereas, in respect of handkerchiefs of cotton fabric, falling within heading No ex 61.05, the ceiling, calcu-

lated as indicated above, should be 100 metric tons, and therefore the maximum amount 50 metric tons; whereas on 30 March 1976 the amounts of imports into the Community of handkerchiefs of cotton fabric, falling within heading No ex 61.05, originating in India, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 3002/75, which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to India,

HAS ADOPTED THIS REGULATION:

Article 1

As from 6 April 1976, the levying of customs duties, suspended in pursuance of Council Regulation (EEC) No 3002/75 of 17 November 1975, shall be re-established in respect of the following products, imported into the Community and originating in India:

COUNCIL

COUNCIL DECISION

of 25 March 1976

adopting a research and training programme (1976 to 1980) for the European Atomic Energy Community in the field of fusion and plasma physics

(76/345/Euratom)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 7 thereof,

Having regard to the proposal from the Commission submitted after consultation with the Scientific and Technical Committee,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee ⁽²⁾,

Whereas in view of the considerable efforts needed to reach the application stage of controlled thermonuclear fusion, which could be of benefit to the Community, particularly in the wider context of the security of its long-term energy supplies, the various stages of development of the work hitherto undertaken in this field should continue on a joint basis ;

Whereas the progress achieved during the third five-year programme illustrates, particularly in the case of the Tokamak process, the need for larger, more complex and more costly devices which no single associated laboratory can contemplate building unaided ;

Whereas the research proposed by the Commission constitutes an appropriate means of pursuing such action and it is, consequently, in the common interest

to adopt a multiannual programme in the field of fusion and plasma physics ;

Whereas it is important that the Community should continue to encourage both the construction of certain equipment concerned with operations accorded priority status, by granting a preferential rate of participation in the expenditure on such equipment, and the implementation of major projects carried out jointly by all the associated laboratories ;

Whereas, furthermore, the mobility of staff between organizations cooperating in the execution of the programme should be promoted,

HAS DECIDED AS FOLLOWS :

Article 1

A research and training programme in the field of fusion and plasma physics as defined in the Annex is hereby adopted for a five-year period beginning 1 January 1976.

Article 2

The upper limit for expenditure commitments and the maximum number of staff required for the execution of this programme shall be 124 million units of account and 113 Community employees respectively, with the unit of account as defined in Article 10 of the Financial Regulation of 25 April 1973 applicable to the general budget of the European Communities ⁽³⁾.

⁽¹⁾ OJ No C 7, 12. 1. 1976, p. 43.

⁽²⁾ OJ No C 35, 16. 2. 1976, p. 19.

⁽³⁾ OJ No L 116, 1. 5. 1973, p. 1.

Article 3

Done at Brussels, 25 March 1976.

The Commission will submit to the Council in 1978 a review proposal designed to replace the present programme with a new five-year programme as from 1 January 1979.

*For the Council**The President*

M. MART

*ANNEX***FUSION AND PLASMA PHYSICS**

1. The subject matter of the programme which will be executed shall be :

- general physics in the sector concerned, in particular studies of a basic character or relating to confinement with suitable devices and to methods for producing and heating plasma ;
- research into the confinement, in closed configurations, of plasma of widely varying density and temperature ;
- production of and research into plasma of high and very high density ;
- improvement of diagnostic methods ;
- investigation into technological problems connected with current research and problems relating to thermonuclear reactor technology.

This work shall be carried out by means of association or limited duration contracts designed to yield the results necessary for the implementation of the programme.

2. The programme set out in point 1 shall be part of a long-term cooperative project embracing all work carried out in the Member States in the field of fusion and plasma physics. It is designed to lead in due course to the joint construction of prototypes with a view to their industrial-scale production and marketing.

3. A maximum amount of 124 million units of account and a maximum number of 113 employees shall be allocated to this objective. The amount in question is intended to cover :

- expenditure on equipment concerned with operations accorded priority status ;
- the cost of staff mobility ;
- other expenditure relating to operations to be carried out under the programme.

4. Within the upper limit of 124 million units of account :

- (a) a maximum amount of 39 million units of account shall be allocated to the financing of the operations

specified in paragraph 5, a standard preferential rate of participation of about 45 % being applied. In return, all partner associations shall have the right to take part in the experiments carried out with this equipment ;

- (b) a maximum amount of four million units of account shall be set aside for administration costs and for expenditure intended to ensure the mobility of research staff of the Member States necessary if they are to work in organizations cooperating in the implementation of the programme ;

- (c) the amount not set aside for the operations and expenditure referred to in (a) and (b) shall form the upper limit of financial participation by the Community in other expenditure incurred by the associations. This participation shall be at a standard rate of about 25 %.

5. After conducting a technical examination of the various projects, the Commission may, within the following upper limits, finance at a rate of about 45 % the operations mentioned below, which are accorded priority status by the liaison group :

	<i>(million units of account)</i>
— Tokamak systems and JET	50
— High-beta systems	20
— Low-beta systems (Stellarator)	5
— Heating and injection processes	12
— Technology	18
— Very high density processes	2

Each of these amounts shall constitute the maximum expenditure to be taken into consideration for each of the above priority operations. Moreover, the total amount for all operations shall not exceed 86.7 million units of account.
