COMMISSION REGULATION (EEC) No 86/77

of 17 January 1977

fixing the refunds on milk and milk products exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 559/76⁽²⁾, and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds⁽³⁾, as amended by Regulation (EEC) No 2429/72⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade;
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination;
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products⁽⁵⁾, as last amended by Regulation (EEC) No 37/75⁽⁶⁾, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 67, 15. 3. 1976, p. 9.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁶⁾ OJ No L 5, 9. 1. 1975, p. 7.

components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight the first component referred to above is fixed for 100 kg of the whole product; whereas for the other products falling within subheading 04.02 B this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on 1 kilogram of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 3138/76⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in

relation to the Community currencies referred to in the previous subparagraph;

Whereas the special conditions concerning the payment of the refund for skimmed-milk powder for use as feed in the country of destination were laid down in Regulation (EEC) No 2054/76⁽³⁾;

Whereas it follows from applying these rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be fixed at the amounts shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state are hereby fixed at the amounts shown in the Annex.

2. No refunds are fixed for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 18 January 1977.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL

**Estimate of supply and demand for beef and veal in the processing industry for
the period 1 January to 31 December 1977**

(77/64/EEC)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
805/68 of 27 June 1968 on the common organization
of the market in beef and veal⁽¹⁾, as last amended by
Regulation (EEC) No 568/76⁽²⁾, and in particular
Article 14 (2) thereof,

Having regard to the proposal from the Commission,

HAS ADOPTED THIS ESTIMATE:

Introduction

This estimate covers the period from 1 January to 31
December 1977. It has been drawn up in the light of
information available to the Commission and on the
basis of forecasts that can be made at present. It is
derived from estimates of demand in the industry and
of Community supplies of meat of qualities and types
of cut suitable for industrial use, hereinafter referred
to as 'meat for processing'.

Demand in the industry for meat for processing has
been assessed by reference to the quantities of fresh
and frozen meat used each year.

Community supplies of meat for processing have been
estimated by reference to the quantities of fresh meat
normally used for this purpose.

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 24.

⁽²⁾ OJ No L 67, 15. 3. 1976, p. 28.

CHAPTER I

Industrial demand for meat for processing

According to information supplied to the Commis-
sion by the Member States in October 1976, Commu-
nity demand for meat for processing in 1977 can be
estimated at 1 090 000 tonnes of meat on the bone.
This figure includes quantities required for the prepa-
ration of preserved foods as specified in Article 14 (2)
of Regulation (EEC) No 805/68.

The latter quantities, estimated at 105 000 tonnes, can
be covered under normal market conditions by
Community production and by imports of frozen
meat from third countries not subject to levy pursuant
to Article 14 (3) (a) of Regulation (EEC) No 805/68.

However, it should be noted that this particular arran-
gement has been suspended since 2 May 1974 by
Commission Regulation (EEC) No 1063/74 of 30
April 1974 suspending the special import arrange-
ments for frozen meat intended for the manufacture
of certain preserved foods⁽³⁾.

CHAPTER II

Supplies of meat for processing

According to information supplied to the Commis-
sion by the Member States in October 1976, Commu-
nity supplies of home-produced fresh meat for
processing for 1977 can be estimated at 750 000
tonnes of meat on the bone.

Moreover, at the end of 1976, there exists in the
Community a public stock of meat as a result of

⁽³⁾ OJ No L 119, 1. 5. 1974, p. 70.

standing intervention purchases and a stock of meat held in private storage under Regulations (EEC) No 1204/76 ⁽¹⁾ and (EEC) No 1500/76 ⁽²⁾. The total quantity of this meat satisfying the requirements of meat for processing can be estimated at 250 000 tonnes of meat on the bone.

Finally, imports to be effected in 1977 under the GATT quota and the ACP-EEC Convention represent approximately 15 000 tonnes of meat on the bone of meat satisfying the requirements of meat for processing.

Conclusion

The needs of the processing industries, including those producing preserved foods as referred to in Chapter I which contain no characteristic components other than beef and jelly, have been estimated at 1 090 000 tonnes of meat on the bone.

Part of these needs can be met out of Community production in 1977, stocks in store at the end of 1976 and imports under the GATT quota and the ACP-EEC Convention, representing a total of 1 015 000 tonnes of meat on the bone of meat satisfying the requirements of meat for processing.

The deficit of meat for processing for 1977 can therefore be estimated at 75 000 tonnes.

COMMISSION

Estimate of beef intended for the processing industry for the period 1 January to 31 March 1977

(77/65/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 568/76⁽²⁾, and in particular the last subparagraph of Article 14 (2) thereof,

Whereas the present estimate is in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS ESTIMATE :

The Council, on 21 December 1976, in accordance with the first subparagraph of Article 14 (2) of Regulation (EEC) No 805/68, adopted the estimate of the quantity of beef intended for the processing industry for the period 1 January to 31 December 1977, taking account on the one hand of expected Community supplies of meat of a quality and type of cut suitable for industrial use — known as processing meat — and, on the other, of industrial needs, including the needs of industries producing preserved foods as specified in Article 1 (c) of the said Regulation and which do not contain characteristic components other than beef and jelly.

The last subparagraph of Article 14 (2) of Regulation (EEC) No 805/68 provides that 'an estimate valid for the following three months shall be established each

quarter, in accordance with the procedure laid down in Article 27, taking the market situation into account'.

The removal from storage of meat under private storage contracts pursuant to Commission Regulation (EEC) No 1204/76 of 21 May 1976 providing for invitations to tender to determine amounts of private storage aid in respect of beef and veal⁽³⁾, and to Commission Regulation (EEC) No 1500/76 of 25 June 1976 on the granting of private storage aid for beef at a standard rate fixed in advance⁽⁴⁾, as last amended by Regulation (EEC) No 2399/76⁽⁵⁾, and the temporary maintenance of the system introduced by Commission Regulation (EEC) No 76/76 of 16 January 1976 setting up a system linking imports of beef and veal products effected by way of protective measures with the sale of beef held by intervention agencies⁽⁶⁾, as last amended by Regulation (EEC) No 3117/76⁽⁷⁾, make it possible to estimate that Community supplies of processing meat will be sufficient for industrial needs.

Conclusion

Account being taken of the foregoing, a zero deficit is estimated for the period 1 January to 31 March 1977.

Done at Brussels, 3 January 1977.
