COMMISSION REGULATION (EEC) No 440/77**of 1 March 1977****establishing Community surveillance over imports of certain phosphate fertilizers**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1439/74 of 4 June 1974 on common rules for imports⁽¹⁾, and in particular Article 7 thereof,

Having consulted the Advisory Committee set up under Article 5 of the said Regulation,

Whereas imports into the Community of certain phosphate fertilizers have increased considerably in recent years;

Whereas third country exporters have thus taken an increasing share of the market in the Community;

Whereas these developments threaten to cause injury to Community producers of like or directly competing products;

Whereas for these reasons it is necessary to be able to follow the trend of imports, both of those envisaged and of those actually effected;

Whereas in this situation it is in the interests of the Community to establish, by means of the import document provided for in Article 8 of Regulation (EEC) No 1439/74, Community surveillance over these imports;

Whereas the period within which such document may be used should be fixed at three months,

HAS ADOPTED THIS REGULATION:

Article 1

Importation into the Community of superphosphates (Nimexe Code 31.03-15) and monoammonium and

diammoniumorthophosphates and mixtures thereof (Nimexe Code 31.05-12) is hereby made subject to Community surveillance in accordance with the procedures set out in Articles 8 and 11 of Regulation (EEC) No 1439/74 and in this Regulation.

Article 2

The products specified in Article 1 may be put into free circulation only on production of an import document. This document shall be issued or endorsed by Member States and may be used for a maximum period of three months.

Article 3

The declaration or application by the importer as provided for in Article 8 of Regulation (EEC) No 1439/74 shall contain the information prescribed in the said Article.

Article 4

Column 3 of Annex I to Regulation (EEC) No 1439/74 is hereby amended by the addition of a reference to subheadings 31.03 A I and 31.05 A II a) of the Common Customs Tariff.

Article 5

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*. It shall apply with effect from 1 April 1977 and shall expire on 31 December 1977.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 441/77

of 2 March 1977

amending for the third time Regulation (EEC) No 851/76 fixing a countervailing charge on imports into Belgium, Germany, Luxembourg and the Netherlands of ethyl alcohol of agricultural origin produced in France

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 46 thereof,

Whereas Commission Regulation (EEC) No 851/76 of 9 April 1976 fixing a countervailing charge on imports into Belgium, Germany, Luxembourg and the Netherlands of ethyl alcohol of agricultural origin produced in France⁽¹⁾, as last amended by Regulation (EEC) No 1987/76⁽²⁾, introduced a countervailing charge which is applied when the alcohol is entered for home use in the four importing countries concerned, unless France applies the charge at the time of export; whereas the purpose of the Regulation is to ease the difficulties resulting from the aid granted by France for exports of alcohol;

Whereas under Article 5 (2) of Regulation (EEC) No 851/76 the Commission keeps a constant watch over the development of trade in the products in question and adjusts the rate of the countervailing charge as necessary in the light of the factors taken into consideration for the fixing thereof;

Whereas, since Regulation (EEC) No 851/76 was last amended, monetary events have made it necessary to adjust the rate of the countervailing charge;

Whereas alcohol produced from cereals in France is sold for export at a higher price than that of other exported alcohol; whereas in the circumstances a reduced countervailing charge should be applied to this product; whereas to ensure that the system introduced by Regulation (EEC) No 851/76 is properly applied, provisions should be made for France to introduce suitable control measures to be applied at the time of the manufacture and dispatch of the alcohol concerned,

HAS ADOPTED THIS REGULATION:

Article 1

The following paragraph 3 is hereby added to Article 2 of Regulation (EEC) No 851/76:

'3. The competent French authorities shall take the necessary measures to control the manufacture and dispatch of ethyl alcohol obtained from cereals and shall inform the Commission and other Member States thereof, the authorities shall in particular ensure that the words "alcool éthylique obtenu à partir de céréales" (ethyl alcohol obtained from cereals) together with the tariff subheading ex 22.08 B or ex 22.09 A II, as appropriate, are entered in the space "description of goods" of the document which certifies the Community origin of the product and that these particulars are authenticated by the stamp of the French customs office issuing the said document.

The reduced countervailing charge on ethyl alcohol obtained from cereals shall be applied, in the Member State where it is entered for home use referred to in paragraph 1, only on presentation of the document referred to in the previous subparagraph bearing the abovementioned endorsements.'

Article 2

The Annex to Regulation (EEC) No 851/76 is hereby replaced by the Annex hereto.

Article 3

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 443/77

of 2 March 1977

on the sale at a fixed price of skimmed-milk powder for use in feed for pigs and poultry and amending Regulations (EEC) No 1687/76 and 368/77

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION :

Having regard to the Treaty establishing the European Economic Community,

Article 1

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 559/76⁽²⁾, and in particular Articles 7 (5) and 28 thereof,

There shall be put up for sale at a fixed price under the conditions set out hereinafter skimmed-milk powder bought in under Article 7 (1) of Regulation (EEC) No 804/68 and taken into storage before 1 January 1976.

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuations of the currencies of certain Member States⁽³⁾, as last amended by Regulation (EEC) No 557/76⁽⁴⁾, and in particular Article 6 thereof,

Article 2

Whereas in conjunction with the sale by tender under Commission Regulation (EEC) No 368/77 of 23 February 1977 on the sale by tender of skimmed-milk powder for use in feed for pigs and poultry⁽⁵⁾, a corresponding measure should be adopted for the sale of the skimmed-milk powder concerned at a fixed price, in order that the processing industry may obtain supplies, in certain circumstances, outside the tendering procedure ;

1. Purchase contracts may only be concluded with the intervention agency during the period from the fourth Tuesday of each month to the Tuesday of the following week, hereinafter called 'the selling period'.

2. Skimmed-milk powder shall be sold :

- (a) in quantities of 20 tonnes and over ;
- (b) ex-warehouse at a price equal to the minimum selling price fixed in accordance with Article 11 of Regulation (EEC) No 368/77, for the individual invitation to tender immediately preceding the selling period, increased by one unit of account per 100 kilograms.

Whereas the price must be fixed in such a way as to give priority to sale by tender ; whereas the other rules can for the most part be based on the provisions of Regulation (EEC) No 368/77 ; whereas some of these rules must be amended or corrected under this Regulation following some errors of substance ;

3. Requests to purchase which reach the intervention agency on the same day shall be deemed to have been introduced at the same time. If, after taking such requests into account, it is found that they exceed the quantity available in a store, then unless the interested parties reach an amicable arrangement the intervention agency shall dispose of the available quantity by drawing lots.

Whereas Commission Regulation (EEC) No 1687/76 of 30 June 1976 laying down common detailed rules for verifying the use and/or destination of products from intervention⁽⁶⁾, as last amended by Regulation (EEC) No 368/77, applied ; whereas, therefore, an appropriate addition must be made to the Annex hereto ;

Article 3

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

Skimmed-milk powder shall be sold only to those who give a written undertaking :

- either to denature the skimmed-milk powder or have it denatured in accordance with one of the formulae set out in Section 1 of the Annex to Regulation (EEC) No 368/77 and with the prescription set out in Section 3 thereof, at a denaturing centre approved in accordance with Article 7 of Regulation (EEC) No 368/77,

- or to denature the skimmed-milk powder by incorporating it directly in a feedingstuff, under the conditions laid down in Article 8 and Section 2 of the Annex to Regulation (EEC) No 368/77 and in accordance with the prescriptions set out in Section 3 thereof.

Article 4

1. The purchase contracts shall specify the Member State on whose territory the denaturing or direct incorporation is to take place.
2. Articles 5 (2), 6 (2) and 9 (4) (b) of Regulation (EEC) No 368/77 shall apply to the skimmed-milk powder sold under this Regulation as regards :
 - (a) the taking of samples by those concerned ;
 - (b) the power of Member States not to allow the application of certain denaturing formulae, or the recourse to direct incorporation ;
 - (c) the obligation of the buyer to forego any claim.

Article 5

1. The intervention agency shall sell the skimmed-milk powder only if, not later than the date of conclusion of the purchase contract, a payment on account is made of two units of account per 100 kilograms for the whole quantity covered by the contract.
2. The taking over of any quantity by the purchaser is conditional on :
 - (a) payment of the balance of purchase price ;
 - (b) the lodging of a processing security, the amount of which shall be equal to that laid down in Article 11 (2) of Regulation (EEC) No 368/77 for the individual tendering procedure immediately preceding the selling period.

Article 6

1. On payment of the purchase price and when the processing security has been lodged the intervention agency shall issue a removal warrant indicating :
 - the quantity in respect of which these conditions have been satisfied,
 - the store in question,
 - the latest date for taking delivery,
 - the date of expiry of the selling period during which the skimmed-milk powder has been purchased.
2. The purchaser shall take delivery of the skimmed-milk powder within 45 days of the conclusion of the contract of sale. Delivery of the skimmed-milk

powder may be taken in instalments, each of which shall not be less than 10 tonnes.

3. Save in cases of *force majeure*, if the buyer has not taken delivery of the skimmed-milk powder within the period prescribed, the contract of sale shall be cancelled in respect of the quantities not taken and the payment on account shall be forfeited in respect of those quantities.

Article 7

1. The skimmed-milk powder shall be delivered by the intervention agency in sacks marked with one or more of the following indications in letters not less than one centimetre high :
 - 'to be denatured (Regulation (EEC) No 443/77)',
 - 'til denaturering (forordning (EØF) nr. 443/77)',
 - 'zur Denaturierung (Verordnung (EWG) Nr. 443/77',
 - 'à dénaturer (règlement (CEE) n° 443/77)',
 - 'destinato alla denaturazione (regolamento (CEE) n. 443/77)',
 - 'voor denaturering (Verordening (EEG) nr. 443/77)'.
2. The intervention agency shall make the skimmed-milk powder available in the manner laid down in Article 15 (2) of Regulation (EEC) No 368/77.

Article 8

1. The denaturing of the skimmed-milk powder or its direct incorporation in a feedingstuff shall take place within the time limit and in the manner laid down in Article 16 (1) and (2) of Regulation (EEC) No 368/77.
2. The sacks, packagings and containers used for the transport and storage of the skimmed-milk powder sold under this Regulation and denatured or incorporated in accordance with Article 3 shall bear the number of this Regulation and shall indicate the denaturing or incorporation formula used (formulas I A to I G and II A to II K) and, in the case of direct incorporation, the percentage of skimmed-milk powder contained in the final product.

Article 9

- Articles 17 (2), 18 and 19 of Regulation (EEC) No 368/77 shall apply to skimmed-milk powder sold under this Regulation, as regards :
- (a) release of the processing security where time limits are exceeded ;
 - (b) the measures to be taken in cases of *force majeure* ;
 - (c) the application of monetary compensatory amounts and aid.

Article 10

Member States shall communicate to the Commission, before the 10th day of each month, the quantities of skimmed-milk powder which during the preceding month have been :

- the subject of a contract of sale under this Regulation,
- allocated under the tendering procedure referred to in Regulation (EEC) No 368/77 ;
- removed from store, divided up according to the methods of sale provided for in the above Regulations.

Article 11

Regulation (EEC) No 368/77 is hereby amended as follows :

1. Article 9 (6) shall read ;

'6. The tender may not be withdrawn. However, the tenderer may stipulate that where the price specified in his tender exceeds by more than one unit of account per 100 kilograms the minimum selling price fixed for the individual tender, his tender shall be deemed to be withdrawn and that he shall undertake to purchase, during the selling period beginning on the fourth Tuesday of the same month, subject to the conditions laid down in Regulation (EEC) No 443/77, a quantity equivalent to that covered by the tender to be taken from a store which may be different from that designated in the tender.'

2. The following paragraph shall be added to Article 10 :

'4. Where, pursuant to Article 9 (6), the tenderer purchases skimmed-milk powder under Regulation (EEC) No 443/77, the tendering security shall be released only if the person concerned has made the payment on account provided for in Article 5 (1) of the said Regulation.'

3. In Article 12 (2) the words 'and notwithstanding the tenders deemed to be withdrawn under Article 9 (6)' shall be inserted after the words 'Subject as provided in paragraph 1'.

4. In the third line of Article 16 (2), the amount 'two units of account per tonne' is replaced by 'three units of account per tonne'.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 3138/76⁽²⁾, and in particular Article 15 (7) thereof,

Whereas the import levies on white sugar and raw sugar were fixed by Regulation (EEC) No 1564/76⁽³⁾, as last amended by Regulation (EEC) No 423/77⁽⁴⁾;

Whereas it follows from applying the rules and other provisions contained in Regulation (EEC) No 1564/76 to the information at present available to the Commis-

sion that the levies at present in force should be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

COMMISSION REGULATION (EEC) No 445/77

of 2 March 1977

supplementing Regulation (EEC) No 2044/75 as regards the advance fixing of the refund for butter

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 559/76⁽²⁾, and in particular Articles 13 (3) and 17 (4) thereof,

Whereas Commission Regulation (EEC) No 2044/75 of 25 July 1975 on special detailed rules for the application of the system of import and export licences and the advance fixing of refunds in respect of milk and milk products⁽³⁾, as last amended by Regulation (EEC) No 2053/76⁽⁴⁾, provides for the refund *inter alia* for exports of butter to be fixed in advance on demand; whereas, in such cases, the export from the Community is conditional upon the presentation of an export licence issued in accordance with Commission Regulation (EEC) No 193/75 of 17 January 1975 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products⁽⁵⁾, as last amended by Regulation (EEC) No 3093/76⁽⁶⁾;

Whereas experience of fixing in advance the refund for butter shows that export licences applied for in

respect of this product should not be issued until after a delay of three days so that the market situation may be assessed and, if necessary, the appropriate measures may be taken with regard to the applications in question; whereas Regulation (EEC) No 2044/75 must therefore be supplemented accordingly;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

There is hereby added to Article 3 of Regulation (EEC) No 2044/75 the following paragraph:

'3. Export licences for butter falling within subheading 04.03 A of the Common Customs Tariff shall be issued on the third working day following that on which the application is lodged, unless particular measures are taken during the said period.'

Article 2

This Regulation shall enter into force on 3 March 1977.

COUNCIL

COUNCIL DIRECTIVE

of 14 February 1977

amending Directive 75/271/EEC concerning the Community list of less-favoured farming areas within the meaning of Directive 75/268/EEC (France)

(77/178/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 75/268/EEC of 28 April 1975 on mountain and hill farming and farming in certain less-favoured areas⁽¹⁾, as amended by Directive 76/400/EEC⁽²⁾, and in particular Article 2 (2) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽³⁾,

Whereas, in accordance with Article 2 (1) of Directive 75/268/EEC, the Government of the French Republic has communicated to the Commission 31 areas which, within the meaning of Article 3 (4) and (5) of the said Directive, are suitable for inclusion in the Community list of less-favoured farming areas, and the information concerning the characteristics of these areas;

Whereas 25 less-favoured areas within the meaning of Article 3 (4) of Directive 75/268/EEC, are homogeneous from the point of view of natural production conditions;

Whereas the following indices, relating to the presence of infertile land as referred to in Article 3 (4) (a) of Directive 75/268/EEC, have been utilized: final agricultural production per hectare of utilized agricul-

tural area not exceeding 80 % of the national average, or livestock density less than one livestock unit per forage hectare, this latter index being used only when the proportion of forage area in relation to the utilized agricultural area is greater than 50 %;

Whereas economic farming results appreciably lower than the mean, as referred to in Article 3 (4) (b) of Directive 75/268/EEC, have been calculated using the index reflecting gross farm income per annual family labour unit less than 80 % of the national average;

Whereas, as regards the low population predominantly dependent on agricultural activity, as referred to in Article 3 (4) (c) of Directive 75/268/EEC, the following indices have been utilized: population density per square kilometre less than 50 % of the national average (94) and a proportion of at least 15 % of the working population engaged in agriculture as a percentage of the total working population;

Whereas, for purposes of defining the six small areas affected by specific handicaps and which, under Article 3 (5) of Directive 75/268/EEC, may be assimilated to less-favoured farming areas, the principal criterion applied was the existence of unfavourable natural conditions of production — namely poor soil potential, poor drainage conditions, presence of steep slopes, excessive levels of salinity — and of handicaps resulting from constraints relating to conservation of the countryside, preservation of the tourist potential and the insular nature of certain areas; whereas a further criterion adopted was that the total extent of

these areas, taking into account those already included in the Community list under Article 3 (5), should not exceed 2.5 % of the area of the Member State concerned ;

Whereas the nature and level of the abovementioned indices utilized by the Government of the French Republic to define the two classes of area communicated to the Commission correspond to the characteristics of less-favoured areas and of areas affected by specific handicaps as referred to in Article 3 (4) and (5) respectively of Directive 75/268/EEC ;

Whereas the communication from the Member State concerned does not describe the present infrastructure of these areas as referred to in Article 3 (2) of Directive 75/268/EEC and it appears that this infrastructure is not always adequate ; whereas, moreover, because of the lack of particulars as to current or planned programmes, it is not possible to assess the time necessary for a decisive improvement in this situation ; whereas it nevertheless seems expedient to include the areas in question in the Community list of less-favoured farming areas annexed to Council Directive 75/271/EEC of 28 April 1975 concerning the Community list of less-favoured farming areas within the meaning of Directive 75/268/EEC (France)⁽¹⁾, on the understanding that the French Government will shortly submit a detailed communication on this subject to the Commission,

HAS ADOPTED THIS DIRECTIVE :

Article 1

With effect from 5 August 1976, the areas listed in the Annex to this Directive are added to the Annex to Council Directive 75/271/EEC.

Article 2

The Member State concerned shall forward to the Commission, by the end of 1977 at the latest, a detailed communication indicating the time by which measures for the substantial improvement of the infrastructures referred to in Article 3 (2) of Directive 75/268/EEC will be effective in the areas referred to in Article 1.

Article 3

This Directive is addressed to the French Republic.
