COMMISSION REGULATION (EEC) No 3019/77

of 30 December 1977

making the importation into the Community of textile products originating in certain third countries subject to authorization and quantitative limitation

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

to market disruption and are causing serious damage to Community producers;

Having regard to the Treaty establishing the European Economic Community,

Whereas in consequence of this situation imports of certain textile products originating in a number of third countries are at present subject, within the framework of the Arrangement regarding international trade in textiles and of bilateral agreements with the third countries concerned, to a Community system of authorization and quantitative limitation;

Having regard to Council Regulation (EEC) No 1439/74 of 4 June 1974 on common rules for imports ⁽¹⁾, and in particular Article 12 thereof,

Having regard to Council Regulation (EEC) No 109/70 of 19 December 1969 establishing common rules for imports from State-trading countries ⁽²⁾, and in particular Article 7 thereof,

Whereas the Community has participated in the negotiations for the renewal of the Arrangement; whereas these negotiations have led to the drawing up of a Protocol to which have been annexed the conclusions of the Textiles Committee adopted by the latter on 14 December 1977;

After consultation within the advisory committees established by Article 5 of the abovementioned Regulations (EEC) No 1439/74 and (EEC) No 109/70,

Whereas imports into the Community of textile products from certain countries of origin (hereinafter called the 'supplier countries') have increased sharply and substantially in the past four years;

Whereas the Community has accepted the prolongation of the Arrangement on the conditions and understandings set out in the said Protocol and in the attached conclusions adopted by the Textiles Committee;

Whereas imports of these products from all third countries already accounted in 1976 for a considerable share of the Community market; whereas this share has since increased further;

Whereas agreements on trade in textile products during the period 1 January 1978 to 31 December 1982 have been negotiated between the Community and certain of the supplier countries referred to above whereby such countries agreed to quantitative limitation on their exports of certain textile products to the Community during the said period under the provisions of such arrangements;

Whereas there has been a substantial increase in imports from the supplier countries on the Community market; whereas all these factors have given rise

Whereas, pending formal conclusion of such agreements and the completion of such procedures as may be necessary for the entry into force of such

⁽¹⁾ OJ No L 159, 15. 6. 1974, p. 1.

⁽²⁾ OJ No L 19, 26. 1. 1970, p. 1.

agreements it is desirable that the quantitative limits provided under such agreements should be respected under the provisions of each arrangement;

Whereas compliance with the quantitative export limits established by virtue of the said agreements is ensured by an agreed bilateral system of control; whereas the effectiveness of the voluntary restraint measures taken by such countries depends on the establishment of a system of control by the Community;

Whereas in particular certain of the said agreements contain certain transitional provisions under which the agreed bilateral system of control does not commence until 1 April 1978;

Whereas in the case of other supplier countries negotiations for the conclusion of such agreements are still continuing and it is therefore necessary to establish quantitative limits on a unilateral basis;

Whereas in order to establish a system of control by the Community it is necessary to make imports of the goods in question from the supplier countries subject to a system of authorization and quantitative limitation;

Whereas, in order to provide for the prompt establishment of the import arrangements referred to above and to avoid irreparable damage to Community producers, it is necessary to establish the said arrangements on 1 January 1978,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January 1978, the entry into free circulation in the Community of the textile products listed in Annex A, excluding (except when stated specifically to the contrary in that Annex) those which are not manufactured from cotton, wool or man-made fibres, and originating in the third countries listed in that Annex, and which are subject to the quantitative limits laid down in Article 2 (1), shall be subject to the presentation of an import authorization or equivalent document issued by the authorities of the Member States in accordance with Articles 4, 5 and 6.

2. The provisions of paragraph 1 above shall not apply to products in the course of shipment to the Community, provided that they were placed on board in the third country in which they originate for exportation to the Community before 1 January 1978 and provided that they are put into free circulation in the Community before 1 April 1978, without prejudice to the provisions of paragraph 3 below.

3. The entry into free circulation of the products referred to in paragraph 2 above shall continue, from 1 January 1978, to be subject to the presentation of the same import documents and to the same import conditions as before 1 January 1978.

Article 2

1. The importation into the Community of the textile products referred to in Article 1 (1) shall be subject to the quantitative limits specified in Annex A.

2. The quantitative limits shall be administered in accordance with the provisions of Regulation (EEC) No 1023/70.

3. The imports authorized shall be charged against the quantitative limits fixed for the period during which the products were shipped from the third country concerned.

4. Products which are brought into the customs territory of the Community under inward processing arrangements or under other temporary admission arrangements and are declared to be intended for re-export from that territory in the unaltered state or after processing shall not be charged against the quantitative limits.

The release for home use of products brought into the customs territory of the Community under the conditions defined in the preceding subparagraph shall be subject to the presentation of an import authorization issued in accordance with Article 2 (1), without prejudice to the adoption of provisions in accordance with the procedure laid down in Article 11 of Regulation (EEC) No 1023/70 ⁽¹⁾.

5. If the authorities of the Member States find that imports of textile products have been charged against a quantitative limit fixed by virtue of this Article and that the products in question have subsequently

⁽¹⁾ OJ No L 124, 8. 6. 1970, p. 1.

been re-exported outside the Community, they shall inform the Commission.

Article 3

The authorities of the Member States shall issue the import authorizations referred to in Article 1 (1); such issues shall take into account the provisions of Article 4.

Article 4

During the period 1 January to 31 March 1978, the import authorizations referred to in Article 1 (1) shall be issued in respect of products originating in the countries listed in Annex A only up to 40% of the quantities listed therein, except in the case of countries listed in Part II of Annex B.

Article 5

Imports of the products subject to the provisions of Article 1 (2) shall be charged against the quantitative limits, if any, which were applicable to them on 31 December 1977.

Article 6

1. The authorities of the Member States shall issue the import authorizations in accordance with the detailed rules laid down in Regulation (EEC) No 1023/70, subject to the provisions of paragraph 2 below.

2. The authorities of the Member States shall issue import authorizations in accordance with the system of double-checking laid down in Annex C:

- for products originating in the countries listed in Part I of Annex B and exported from those countries after 31 March 1978,
- for products originating in the countries listed in Part II of Annex B and exported from these countries after 31 December 1977.

Article 7

1. Products listed in Annex A shall be accompanied on importation by a certificate of origin, issued by the competent authorities of the country of origin of the products in accordance with the provisions laid down in Annex C:

- in the case of countries listed in Part II of Annex B for products exported after 31 December 1977,

- in the case of countries listed in Part I of Annex B for products exported after 31 March 1978.

2. By way of derogation from paragraph 1 above, products in groups other than Groups I and II which originate in countries listed in Annex C, may be imported on presentation of a declaration by the exporter, made on the invoice or other trade documents, to the effect that the products originate in the third country stated, within the meaning of the rules in force in the Community.

3. The provisions of the preceding paragraphs shall not apply to products accompanied by a Form A certificate of origin made out in accordance with Community rules for the purposes of the generalized system of preferences.

Article 8

This Regulation shall not apply to products which are accompanied on importation by a certificate issued by the authorities of the country of origin in accordance with the provisions of Annex D and which fulfil the other conditions laid down in that Annex.

Article 9

The Member States shall provide the Commission with information at regular intervals concerning the use of the quantitative limits, in accordance with Article 8 of Regulation (EEC) No 1023/70.

Article 10

1. This Regulation shall enter into force on 1 January 1978.

2. It shall be applicable until 31 December 1978, subject:

- as regards imports of products originating in Romania, to the adoption of a Council Regulation in accordance with Articles 7 (6) and 8 of Regulation (EEC) No 109/70,
- as regards imports of products originating in the other third countries listed in Annex A, to the adoption of a Council Regulation in accordance with Articles 12 (6) and 13 of Regulation (EEC) No 1439/74.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

ANNEX C

CONTROL SYSTEM

TITLE I

Quantitative limits

Article 1

The competent authorities of the supplier countries shall issue an export licence in respect of all consignments of textile products subject to the quantitative limits referred to in Annex A, up to the relevant quantitative limits.

Article 2

1. The export licence shall conform to the standard model attached to this Annex and may in addition contain translation into another language. It must certify *inter alia* that the quantity of the product in question has been set off against the quantitative limit prescribed for the category of the product in question.

2. However, in the case of Hong Kong, the export licence shall conform to the model attached to the Annex designated 'Hong Kong'.

Article 3

The authorities of the Member States must be notified forthwith of the withdrawal or alteration of any export licence already issued.

Article 4

Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected even if the export licence is issued after such shipment.

Article 5

The authorities of the Member State indicated on the export licence as being the Member State of destination shall issue an import authorization automatically within five working days of the presentation by the importer of the original or of a certified copy of the corresponding export licence.

Article 6

1. If the authorities of a Member State find that the total quantities covered by export licences issued by a supplier country for a particular category exceed the quantitative limit established for that category the said authorities shall suspend the further issue of import authorizations and shall immediately inform the authorities of the supplier country and the Commission.

2. The Commission shall forthwith initiate consultations with the authorities of the supplier country.

TITLE II

Origin

Article 7

1. Products originating in the supplier countries for export to the Community shall be accompanied by a certificate of origin conforming to the standard model attached to this Annex except that in the case of Hong Kong the certificate of origin shall conform to the model attached to the Annex designated 'Hong Kong'.

2. The certificate of origin shall be issued by the competent governmental authorities of the supplier countries if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

Article 8

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not *ipso facto* cast doubt upon the statements in the certificate.

Article 9

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the authorities of a Member State have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the authorities of the Member State shall return the certificate of origin or a copy thereof to the competent governmental authorities in the supplier country giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted such invoice or a copy thereof shall be attached to the certificate or its copy. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate are inaccurate.

2. The provisions of paragraph 1 above shall be applicable to subsequent verifications of the declarations of origin referred to in Article 7 (2) of this Regulation.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the authorities of the Member State within three months at the latest.

Should such verifications reveal systematic irregularities in the use of declarations of origin, the authorities of the Member State shall forthwith inform the Commission.

4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in the supplier countries.

5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

TITLE III

Form and production of export licences and certificates of origin, and common provisions

Article 10

The export licence and the certificate of origin shall be made out in English, French or Spanish. If they

are completed by hand, entries must be in ink and in printscript.

These documents shall measure 210×297 mm and shall be printed on white paper weighing not less than 25 g/m². Except in the case of documents issued by Hong Kong, the paper shall have printed guilloché-pattern background making any falsification by mechanical or chemical means apparent to the eye.

Each document shall bear a serial number, whether or not printed, by which it can be identified.

Article 11

The export licence and the certificate of origin may be issued after the shipment of the products to which they relate. In such cases they shall bear either the endorsement 'délivré a posteriori' or the endorsement 'issued retrospectively'.

Article 12

In the event of theft, loss or destruction of an export licence or a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate licence or certificate so issued shall bear the endorsement 'duplicata'.

The duplicate must bear the date of the original licence or certificate.

Article 13

The Commission shall send to the authorities of the Member States the names and addresses of the governmental authorities of the supplier countries which are competent to issue export licences and certificates of origin, together with specimens of stamps used by these authorities.

COMMISSION REGULATION (EEC) No 3020/77

of 30 December 1977

on the arrangements for imports of certain textile products originating in Taiwan

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to Council Regulation (EEC) No 1439/74 of 4 June 1974 on common rules for imports ⁽¹⁾, and in particular Article 12 thereof,

Having regard to Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas ⁽²⁾, and in particular Articles 2, 4 and 5 thereof,

Having consulted the Advisory Committee set up under Article 5 of the abovementioned Regulation (EEC) No 1439/74,

Whereas Council Regulation (EEC) No 1783/75 of 10 July 1975 on rules for imports of certain textile products originating in Taiwan, and Commission Regulation (EEC) No 1849/75 allocating quantitative quotas in respect of imports into the Community of certain textile products originating in Taiwan, have laid down the arrangements for imports into the Community of the products in question up to 31 December 1977;

Whereas those arrangements should be maintained beyond that date and adjusted as part of the revision of the Community's entire commercial policy on textile products;

Whereas Community quantitative quotas should be established for certain textiles originating in Taiwan, the concept of the originating product to be determined by the terms of the Community Regulation in force;

Whereas, for the years 1978, 1979, 1980, 1981 and 1982, the size of these quotas should be fixed in such a way as to allow a certain annual growth whilst avoiding substantial injury to Community producers of similar or directly competing products, and also to allow carry-over and advance drawing of quota shares as between one year and another;

Whereas, because of the considerable disparities between the conditions to which imports into Member States of the products in question are at present subject and because of the particular sensitivity of the Community textile industry, harmonization of these import conditions can be achieved only gradually; whereas, to this end, the main criterion for the allocation of the Community quantitative quotas should be that the volumes admitted under the present import conditions should be gradually adapted to the supply needs of the markets, with significantly higher annual rates of increase for Member States in which the volumes are relatively the smallest, in order to align them gradually on the supply needs of the markets;

Whereas it is necessary to provide that products introduced into the customs territory of the Community under the inward processing rules or under other temporary admission rules and re-exported from that territory in the same state or after processing are not to be set off against the abovementioned quantitative quotas; this also applies to handicraft or traditional folklore products;

Whereas provision should be made for introducing, where certain conditions are fulfilled, quantitative limits on textile products which are included in the import arrangements applicable to Taiwan but for which no quantitative limit has been fixed;

Whereas, since the import arrangements at present in force expire on 31 December 1977, it is necessary, in order to avoid disturbances in the trade flows, for the new arrangements to apply with effect from 1 January 1978; whereas, in these circumstances, these arrangements should be introduced on a provisional basis pending the adoption by the

Council of the appropriate measures under Article 13 of Council Regulation (EEC) No 1439/74,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January 1978 to 31 December 1982 importation into the Community of the products indicated in the categories listed in Annex I shall be governed by the provisions of this Regulation.

Article 2

1. In 1978, 1979, 1980, 1981 and 1982, importation into the Community of textile products listed in Annex II and originating in Taiwan shall be effected within the limits of the Community quantitative quotas indicated in the said Annex, the allocation being made in such a way as to ensure the expansion and orderly development of trade in textiles and gradual adjustment to the supply needs of the markets and also to allow for carry-over and advance drawing as between one year and another and for transfers from one category to another.

2. For the purposes of the application of this Regulation, the concept of originating products, as well as the means of controlling their origin, are those fixed by the Community Regulation in force on this matter.

3. If it appears that supplementary quantities are required for the products mentioned in Annex II, in one of the Community territories, the importation of amounts higher than those given in Annex II may be authorized in accordance with the procedure laid down in Article 2 of Regulation (EEC) No 1023/70.

Article 3

The importation of textile products belonging to the categories to which this Regulation applies, originating in Taiwan and not listed in Annex II, may be made subject to quantitative limits in the Community or one of the regions thereof where the level of those imports exceeds the level of the total imports of the same product in the preceding year by the following percentages:

- for the categories of products in Group I: 0.2%,
- for the categories of products in Group II: 1%,
- for the categories of products in Group III, IV, V or VI: 3%.

At the request of a Member State or on its own initiative, the Commission shall fix the quantitative limits on imports.

Article 4

1. The Member States may authorize imports in excess of the quantitative quotas as established by Article 2, either by carrying-over quantities not utilized from the quotas of the preceding year or by advance drawing on the quotas for the following year provided any such transfer does not exceed 5% of the quota being increased.

2. Member States may authorize the transfer of unused quantities in one quota to another quota within the following limits:

- between categories 1 to 3 of Group I: 3% of the quota to which the transfer is made,
- between categories 4 to 8 of Group I: 3% of the quota to which the transfer is made,
- from the categories in Group I to the categories in the other groups: 5% of the quota to which the transfer is made,
- between the categories in Groups II to VI: 5% of the quota to which the transfer is made.

3. The cumulative application of the flexibility arrangements set out in the preceding paragraphs may not exceed, with regard to each quota:

- 10% for the categories in Group I,
- 12% for the categories in Groups II to VI.

Article 5

Products referred to in Article 1 which are brought into the customs territory of the Community under inward processing arrangements or under other temporary admission arrangements and re-exported

from that territory in the unaltered state or after processing shall not be charged against the quotas as established in Articles 2 and 3.

Article 6

Products referred to in Article 1 will not be deducted from the quotas referred to in Articles 2 and 3 if they comply with the criteria set out below:

- fabrics, woven on handlooms entirely operated by hand or feet, of a traditional variety made by the cottage industry in Taiwan,
- clothes or other textile articles of a traditional variety fabricated by the cottage industry in Taiwan, obtained manually from fabrics described

above and hand-sewn without the aid of machinery,

- hand-made traditional folklore textile products made by the cottage industry in Taiwan.

Article 7

1. This Regulation shall enter into force on 1 January 1978.

2. It shall apply until the entry into force of the appropriate measures to be taken by the Council in accordance with Articles 12 (6) and 13 of Regulation (EEC) No 1439/74 or until the end of a period of six weeks after it enters into force, whichever is the earlier.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 December 1977.
