COMMISSION REGULATION (EEC) No 520/78**of 13 March 1978****fixing the import levies on cereals and on wheat or rye flour groats and meal**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organiza-
tion of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 2560/77⁽²⁾, and in particular
Article 13 (5) thereof,

Whereas the import levies on cereals, wheat and rye
flour, and wheat groats and meal were fixed by Regula-
tion (EEC) No 1729/77⁽³⁾ and subsequent amending
Regulations ;

Whereas it follows from applying the provisions
contained in Regulation (EEC) No 1729/77 to the

offer prices and today's quotations known to the
Commission that the levies at present in force should
be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION :

Article 1

The import levies to be charged on products listed in
Article 1 (a), (b) and (c) of Regulation (EEC) No
2727/75 are hereby fixed as shown in the table
annexed to this Regulation.

Article 2

This Regulation shall enter into force on 14 March
1978.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

COUNCIL

COUNCIL DECISION

of 6 March 1978

on the equivalence of forest reproductive material produced in Austria

(78/262/EEC)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Directive 66/404/EEC of 14
June 1966 on the marketing of forest reproductive
material⁽¹⁾, as last amended by Directive
75/445/EEC⁽²⁾, and in particular Article 14 (1)
thereof,

Having regard to the proposal from the Commission,

Whereas, except when special authorization is given
in case of general supply difficulties, forest reproduc-
tive material produced in a third country may only be
marketed in the Community when it has been deter-
mined that it affords the same assurances as regards
the genetic characters of its basic material and the
measures taken for its source-identification as does
reproductive material produced within the Commu-
nity and complying with the provisions of the above
Directive (determination of equivalence);

Whereas rules on forest reproductive material control
exist in Austria; whereas an examination of these
rules and of the manner in which they are applied has
shown that the conditions compulsorily or optionally
governing forest reproductive material produced and
controlled there as regards the genetic characters of its
basic material and the measures taken for its source-

identification satisfy the conditions for determination
of equivalence;

Whereas equivalence may therefore in principle be
determined for a given period for specific forest repro-
ductive material produced in Austria; whereas such
determination also affects material which is produced
within the Community from material produced in
Austria; whereas, however, Member States must be
allowed to restrict the marketing thereof, if they fear
that the use of such reproductive material would,
because of its genetic characters, adversely affect their
forestry;

Whereas this Decision does not prevent the Commu-
nity determination of equivalence being revoked or its
period of validity not being extended if experience
shows that the conditions on which the determination
is based are not or are no longer satisfied;

Whereas this Decision does not affect requirements
which Member States will establish under Council
Directive 77/93/EEC of 21 December 1976 on protec-
tive measures against the introduction into the
Member States of harmful organisms of plants or
plant products⁽³⁾;

Whereas, in order to simplify the procedure, any tech-
nical and administrative changes to be made to the
Annex or authorizations of Member States to restrict
the marketing of the reproductive material referred to

⁽¹⁾ OJ No 125, 11. 7. 1966, p. 2326/66.

⁽²⁾ OJ No L 196, 26. 7. 1975, p. 14.

⁽³⁾ OJ No L 26, 31. 1. 1977, p. 20.

herein should be referred to the procedure of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION:

Article 1

It is hereby determined that forest reproductive material produced in Austria and belonging to the species, basic materials or regions of provenance and categories specified in the Annex affords the same assurances as regards the genetic characters of its basic material and the measures taken for its source-identification as does reproductive material produced within the Community and complying with the provisions of Directive 66/404/EEC, provided that the special conditions set out in the Annex are satisfied.

Article 2

In accordance with the procedure laid down in Article 17 of Directive 66/404/EEC:

- the technical and administrative amendments to be made to the Annex shall be adopted, save in the case of amendments concerning column 1,

- a Member State shall be authorized on application to prohibit the marketing in all or part of its territory of reproductive material derived from specific basic material or a specific region of provenance specified in the Annex, where it has information giving grounds for the fear that the use of the said reproductive material would, on account of its genetic characters, have an adverse effect on its forestry.

Article 3

This Decision shall apply from 1 April 1978 to 31 December 1983.

Article 4

This Decision is addressed to the Member States.

Done at Brussels, 6 March 1978.

Special conditions

1. Reproductive material shall be controlled, packed and marked in accordance with the system of the Organization for Economic Cooperation and Development (OECD) for the control of forest reproductive material moving in international trade and in accordance with the provisions of Directive 71/161/EEC⁽¹⁾, as last amended by Directive 74/13/EEC⁽²⁾.
2. Reproductive material shall be accompanied by an official certificate of provenance in accordance with the specimen set out in the system referred to in point 1, issued by the 'Forstliche Bundesversuchsanstalt, Wien'.

The following additional information shall be provided under section 11 of the certificate :

— in the case of seed :

- (a) the words 'EEC standard',
- (b) the number of viable seeds per kilogram of product marketed as seed,
- (c) the purity,
- (d) the germination of the pure seed,
- (e) the weight per 1 000 seeds of the lot,
- (f) where appropriate, a statement that the seed has been kept in cold storage ;

COUNCIL DECISION

of 6 March 1978

adopting a multiannual research and development programme (1978 to 1981) for the European Economic Community in the field of primary raw materials (indirect action)

(78/263/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 235 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee⁽²⁾,

Whereas, pursuant to Article 2 of the Treaty, the Community has the task of promoting throughout the Community a harmonious development of economic activities, a continuous and balanced expansion and an accelerated raising of the standard of living;

Whereas, in its resolution of 14 January 1974 on a first action programme of the European Communities in the field of science and technology⁽³⁾, the Council stated that the whole range of available ways and means should be used as appropriate, including indirect action;

Whereas the Community depends to a great extent on third countries for its supplies of mineral raw materials; whereas these materials will become increasingly scarce throughout the world and it is thus in the Community's interest to increase its self-supply potential and to improve the technologies employed in prospecting for and exploiting mineral resources;

Whereas a Community research project in the field of primary raw materials is likely to contribute effectively to the achievement of the abovementioned objectives, particularly through the discovery of exploitable internal resources and through the development of exportable techniques and technologies;

Whereas the Treaty does not provide the specific powers necessary for this purpose;

Whereas the European Parliament adopted on 19 April 1977 a resolution on the supply of raw materials to the Community;

Whereas the Scientific and Technical Research Committee (CREST) has given its opinion concerning the proposal from the Commission,

HAS DECIDED AS FOLLOWS:

Article 1

For a four-year period from 1 January 1978, the Community shall carry out a research and development programme in the field of primary raw materials as described in the Annex.

Article 2

The upper limit of expenditure commitments necessary for the implementation of this programme shall be 18 million European units of account, the European unit of account being defined by the Financial Regulations applicable, and the maximum number of staff shall be eight.

Article 3

The Commission shall be responsible for implementing the programme. To assist it in this task an Advisory Committee on Research and Development Programme Management in the Field of Primary Raw Materials shall be established, the terms of reference and composition of which shall be defined in accordance with the Council resolution of 18 July 1977 on advisory committees on research programme management⁽⁴⁾.

Article 4

During the third year the programme shall be reviewed; this review may lead to a revision of the programme in accordance with the appropriate procedures after the Advisory Committee on Programme Management has been consulted. The European Parliament shall be informed of such revision.

Within the framework of its general report the Commission shall also submit a report to the European Parliament on the implementation of the programme.

COUNCIL DECISION**of 6 March 1978****adopting a programme of research and development for the European Atomic Energy Community on uranium exploration and extraction (indirect action)**

(78/264/Euratom)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 7 thereof,

Having regard to the proposal from the Commission, submitted after consultation with the Scientific and Technical Committee,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee ⁽²⁾,

Whereas, under the common scientific and technological policy, the multiannual programme of research and development is one of the essential means open to the Community of contributing to the development of nuclear industries and to the acquisition and dissemination of knowledge in the nuclear sector;

Whereas the Community depends to a great extent on third countries for its uranium supply and it is therefore in its interest to develop the resources which exist within its territory;

Whereas Community research and development action in the field of uranium exploration and extraction would contribute to the realization of the above-mentioned objective,

HAS DECIDED AS FOLLOWS:

Article 1

A programme of research and development on uranium exploration and extraction, as set out in the

Annex, is hereby adopted for a period of three years from 1 January 1978.

Article 2

The upper limit of expenditure commitments necessary for the implementation of this programme shall be three million European units of account, the European unit of account being defined by the financial regulations applicable, and the maximum number of staff shall be three.

Article 3

The Commission shall be responsible for implementing the programme. To assist it in this task, an Advisory Committee on Research and Development Programme Management in the Field of Uranium Exploration and Extraction shall be established, the terms of reference and composition of which shall be defined in accordance with the Council resolution of 18 July 1977 on advisory committees on research programme management ⁽³⁾.

COUNCIL DECISION**of 6 March 1978****replacing a member of the Advisory Committee of the Euratom Supply Agency**

(78/265/Euratom)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Statutes of the Euratom Supply Agency ⁽¹⁾, as amended by Decision 73/45/Euratom ⁽²⁾, and in particular Article X thereof,

Having regard to the Council Decision of 29 March 1977 replacing the members of the Advisory Committee of the Euratom Supply Agency,

Having regard to the opinion of the Commission,

Whereas a seat has become vacant on the Advisory Committee of the Euratom Supply Agency following the resignation of Mr W. C. F. Butler, and the Government of the United Kingdom has proposed that he be replaced by Mrs A. S. Gittelson,

HAS DECIDED AS FOLLOWS:

Article 1.

Mrs A. S. Gittelson is hereby appointed a member of the Advisory Committee of the Euratom Supply Agency in place of Mr W. C. F. Butler, who has resigned, for the remainder of the latter's term of office, which runs until 28 March 1979.

COUNCIL DECISION**of 7 March 1978****replacing an alternate member of the Advisory Committee on Freedom of Movement for Workers**

(78/267/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1612/68 of 15 October 1968 on freedom of movement of workers within the Community ⁽¹⁾, and in particular Article 27 thereof,
