COUNCIL REGULATION (EEC) No 1197/78

of 30 May 1978

opening, allocating and providing for the administration of Community tariff preferences for textile products originating in developing countries and territories

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the proposal from the Commission,

Whereas, within the context of UNCTAD, the European Economic Community offered to grant tariff preferences on finished and semi-finished products coming from developing countries; whereas the preferential treatment proposed in that offer covers, generally speaking, all finished and semi-finished industrial products covered by Chapters 25 to 99 of the Common Customs Tariff which originate in developing countries; whereas the preference consists in the granting of exemption from customs duties; whereas preferential imports are effected up to the level of ceilings calculated by value in respect of each product on the basis of factors which are uniform for all the products; whereas, in order that the preferences granted to the most competitive developing country or countries should be restricted and that a substantial share should be reserved for the least competitive, preferential imports from any one developing country in respect of a given product should not, as a general rule, exceed 50 % of the ceiling fixed for that product;

Whereas, in the offer made by the Community, the annual ceilings should normally be calculated on the basis of the total value for 1968 of cif imports from the countries benefiting from this scheme excluding those already enjoying various preferential tariff arrangements granted by the Community (basic amount), plus 5 % of the value of cif imports from other countries and from the countries already enjoying such arrangements (additional amount);

Whereas, however, in respect of cotton textile products formerly covered by the long-term arrangement regard-

ing international trade in cotton textiles, the offer in question laid down that the preferences in the form of duty-free ceilings normally calculated according to the formula set out in the preceding recital would be granted to the countries enjoying generalized preferences which are signatories to the long-term arrangement, or possibly to those countries which undertook *vis-à-vis* the Community commitments similar to those existing under that arrangement, and that they would be accorded for the duration of the said arrangement; whereas the arrangement was due to expire on 30 September 1973 and was extended to 31 December 1973; whereas, provisionally for the period 1 January 1974 to 30 June 1978, it was considered that the countries concerned would adopt measures with equivalent aims, for both cotton textile and like products, pending the implementation of the arrangement regarding international trade in textiles ⁽¹⁾; whereas the latter expired on 31 December 1977 and whereas the Community has participated in negotiations for its renewal and has accepted its prolongation, subject to the conditions and rules set out in a protocol to which have been attached the conclusions adopted by the Textiles Committee on 14 December 1977; whereas, within the framework of the said arrangement regarding international trade in textiles, bilateral agreements have been negotiated between the Community and certain supplier countries and territories which enjoy generalized preferences covering trade in textiles for the period 1 January 1978 to 31 December 1982; whereas under these agreements these countries and territories have accepted a quantitative limitation of their exports of certain textile products to the Community during the said period; whereas it would therefore be sufficient under this Regulation to limit the benefit of preferences in the textile sector to products originating in the said countries and territories and in those which were to give the Community similar undertakings;

⁽¹⁾ OJ No L 118, 30. 4. 1974, p. 1.

Whereas, however, the implementation of a system of tariff preferences for textile products which will take due account of the results of the textile policy pursued under the arrangement regarding international trade in textiles constitutes a fairly complex operation necessitating an intensive study of the specific rules to be put into effect and of their impact on trade in textile products in general and preferential imports in particular; whereas, furthermore, this study cannot be carried out without certain information being known relating to the application of this arrangement, particularly as regards the functioning of the system of surveillance introduced to ensure the proper working of the agreements;

Whereas it is therefore desirable to extend, on exactly the same basis and for a further period of six months beginning 1 July 1978, the arrangements laid down in Regulation (EEC) No 2706/77 ⁽¹⁾, which was applicable during the first half of 1978,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 July to 31 December 1978, the Common Customs Tariff duties on the products listed in Annexes A, B and C shall be totally suspended within the framework of Community tariff quotas or within the limits of Community ceilings.

2. This suspension shall be enjoyed solely by products originating in the countries and territories listed in Annex D, subject to the details given in Annexes A, B and C.

However, those imports which already enjoy exemption from customs duties under other preferential tariff arrangements granted by the Community shall not be charged against the tariff quotas or ceilings referred to in paragraph 1. For the purposes of this Regulation, the concept of 'originating products' shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68.

With regard to carpets, carpeting and rugs of wool or fine animal hair, falling within heading No 58.01 and mentioned in Annexes A and C, the certificates of origin for these products shall state the number of knots per metre of warp.

3. The ceilings shall be administered and the quotas allocated and administered in accordance with the following provisions.

⁽¹⁾ OJ No L 324, 19. 12. 1977, p. 67.

SECTION I

Provisions relating to the administration of the Community tariff ceilings

Article 2

1. Subject to the provisions of Articles 3 and 4, this suspension shall be granted, in respect of each category of products, within the limits of a Community ceiling expressed in tonnes:

- indicated, for each of the products listed in Annex B, under (a) in column 5,
- equal, as regards the products listed in Annex C, to 87 % of the amount obtained by adding together imports into the Community in 1968, expressed in tonnes, of the products concerned from the independent countries listed in Annex D, excluding those already enjoying various preferential tariff arrangements granted by the Community, and 5 % of the tonnage of imports in 1970 from other countries and from countries already enjoying such arrangements.

2. Only the products originating in the countries and territories listed in Annex D, other than those specified under (b) in column 4 of Annex B, in respect of the corresponding products, may be charged against the ceilings fixed under (a) in column 5 of the said Annex B.

3. Subject to the provisions of Articles 3 and 4, within each ceiling thus indicated or calculated, charges of products originating in any one of the countries and territories listed in Annex D must not exceed a Community maximum amount equivalent to 50 % of this ceiling with the exception of certain products for which the maximum amount shall be reduced to the percentage shown in Annex C.

Article 3

1. As soon as the ceilings indicated or calculated in accordance with Article 2 (1), which are laid down for Community imports of products originating in all the countries and territories referred to in Article 1 (2) — account being taken of Article 2 (2) — are reached at Community level, the levying of customs duties on imports of the products in question from all the countries and territories concerned may at any time be reintroduced until the end of the period referred to in Article 1 (1).

2. As soon as the maximum amounts calculated in accordance with Article 2 (3) — account being taken of Article 2 (2) — for Community imports of products

originating in each of the countries and territories referred to in Article 1 (2) are reached for any one of these countries or territories at Community level, the levying of customs duties on imports of the products in question from the country or territory concerned may at any time be reintroduced until the end of the period referred to in Article 1 (1).

However, the first subparagraph shall not apply to the imports in question originating in the countries listed in Annex E.

Article 4

The Commission shall reintroduce the levying of customs duties in respect of all the countries or territories referred to in Article 1 (2) or in respect of any one of them by means of a Regulation according to the conditions laid down in Article 3 (1) and (2).

SECTION II

Provisions relating to the allocation and administration of the Community tariff quotas

Article 5

1. The total suspension of customs duties within the framework of the Community tariff quotas referred to in Article 1 (1) concerns the products in Annex A and the products in Annex B for each of which the quota amount, expressed in tonnes, is indicated in column 3 of Annex A under (a) in column 4 of Annex B.

2. The amount to be charged in respect of each independent country referred to in Article 1 (2) against each of the tariff quota amounts mentioned above shall be limited to the maximum amount given under (a) in column 4 of Annex A against each category of products.

For the products listed in Annex A, charges of the products originating in each of the countries listed under (b) in column 4 of the said Annex shall be limited in each Member State to 10 % of its share. Each Member State shall reintroduce the levying of normal customs duties in respect of the country concerned as soon as it records that the said percentage has been reached. The Member State in question shall immediately notify the Commission, which shall inform the other Member States without delay.

This limitation of the amount charged shall not apply to the tariff quotas given under (a) in column 4 of Annex B, such quotas being available only to the countries and territories mentioned opposite, under (b) in column 4 of the said Annex, considered as a group.

Article 6

1. For the products listed in Annexes A and B, the Community tariff quotas referred to in Article 5 (1) shall be allocated in shares which shall be, for each Member State, the amounts corresponding to the tonnages shown in column 5 of Annex A and under (c) in column 4 of Annex B against each category of products.

2. The shares allocated to Denmark for certain products falling within heading Nos and subheadings 51.04, ex 55.05, ex 55.09, 56.05 A, 56.07 A and ex 59.04 shall be increased by an amount determined in a footnote to Annex A.

The first and second subparagraphs of Article 5 (2) shall not apply to such an increase.

Article 7

Member States shall take all measures necessary to ensure that importers of the products concerned established in their territory have free access to the shares allocated to them.

Article 8

The Commission shall take all necessary measures to ensure that the maximum amount referred to in Article 5 (2) is observed. When the charges, at Community level, of products originating in each of the independent countries listed in Annex D against any one of the Community tariff quotas reach the maximum amount laid down under (a) in column 4 of Annex A, the Commission shall immediately notify the Member States of the date on which, as a result of this fact, the normal tariff is to be reintroduced in respect of the independent country in question. This notification shall be published in the *Official Journal of the European Communities*.

SECTION III

General provisions

Article 9

1. Imports of the products in question shall be actually charged against the Community ceilings, shares and maximum amounts as and when these products are entered for home use and are accompanied by a certificate of origin pursuant to the rules referred to in Article 1 (2).

2. Goods may be charged against a ceiling or maximum amount or admitted under a tariff quota only if the certificate of origin referred to in paragraph 1 is presented before the date on which the levying of duties is reintroduced.

3. The extent to which the ceilings, shares and maximum amounts have been used up shall be determined at Community level on the basis of the imports charged in accordance with paragraphs 1 and 2.

4. Any amendment to Annex D, in particular by the addition of new countries or territories enjoying tariff preferences, may entail a corresponding adjustment to the amounts of the Community ceilings, quotas and maximum amounts referred to in Articles 2 (1) and (3), and 5 (1) and (2).

Article 10

On receipt of a request from the Commission, and in any case at least monthly, Member States shall inform it of imports of the products concerned charged against their shares and the Community ceilings and maximum amounts.

Article 11

Member States and the Commission shall cooperate closely to ensure that the preceding provisions are observed.

Article 12

This Regulation shall enter into force on 1 July 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 May 1978.
