COMMISSION RECOMMENDATION No 1535/78/ECSC

of 21 June 1978

concerning anti-dumping duties imposed on certain iron and steel products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular Articles 74 and 86 thereof,

Having regard to Commission recommendation 77/329/ECSC of 15 April 1977 on protection against dumping or the granting of bounties or subsidies by countries which are not members of the European Coal and Steel Community⁽¹⁾, as amended by recommendation No 3004/77/ECSC⁽²⁾, and in particular Articles 15, 17 and 18 thereof,

Having heard the opinions expressed within the Advisory Committee provided for by recommendation 77/329/ECSC,

Whereas since the beginning of 1978 the Commission has, by recommendation Nos 112/78/ECSC⁽³⁾, 117/78/ECSC⁽⁴⁾, 118/78/ECSC⁽⁵⁾, 119/78/ECSC⁽⁶⁾, 120/78/ECSC⁽⁷⁾, 121/78/ECSC⁽⁸⁾, 159/78/ECSC⁽⁹⁾, 160/78/ECSC⁽¹⁰⁾, 161/78/ECSC⁽¹¹⁾, 245/78/ECSC⁽¹²⁾, 262/78/ECSC⁽¹³⁾, 263/78/ECSC⁽¹⁴⁾, 307/78/ECSC⁽¹⁵⁾, 359/78/ECSC⁽¹⁶⁾, 790/78/ECSC⁽¹⁷⁾,

811/78/ECSC⁽¹⁸⁾, 932/78/ECSC⁽¹⁹⁾ and 1006/78/ECSC⁽²⁰⁾, imposed a certain number of provisional or definitive anti-dumping duties on iron and steel products; whereas certain of these duties have meanwhile been suspended and/or extended;

Whereas the amount of these duties is equal to the amount by which the effective prices (basic price plus extras) established by contract, free-at-frontier duty-paid, are lower than the effective prices (basic price plus extras) published by the Commission⁽²¹⁾ for the product in question;

Whereas by communication dated 21 June 1978 the Commission has amended these basic prices;

Whereas, since then, the Commission has re-examined its dumping calculations, definitive or provisional;

Whereas this re-examination has confirmed that the basic prices, in their new version, are reasonable;

Whereas it is necessary, therefore, to provide that the collection of anti-dumping duties shall henceforth be carried out on the basis of the amended basic prices,

HAS ADOPTED THE FOLLOWING RECOMMENDATION:

COMMISSION COMMUNICATION

amending the basic prices for certain iron and steel products

In its communication of 31 December 1977 ⁽¹⁾, as amended by the communications of 1 April 1978 ⁽²⁾ and 13 May 1978 ⁽³⁾, the Commission of the European Communities published basic prices for certain iron and steel products, in accordance with recommendation 77/329/ECSC of 15 April 1977 on protection against dumping or the granting of bounties or subsidies by countries which are not members of the European Coal and Steel Community ⁽⁴⁾, as amended by recommendation No 3004/77/ECSC ⁽⁵⁾, and in particular Article 19 (3) (b) thereof.

The revision of the calculations of the lowest normal costs in the supplying country or countries where there are normal conditions of competition for iron and steel products indicates that there has been some increase in production costs. Consequently, the Commission has decided to make some changes in the basic prices published in the Official Journal of 31 December 1977.

It has also decided to add basic prices for alloy wire rod (subheading 73.15 B V b) 1), hot-rolled alloy sheets and plates (subheading 73.15 B VII b) 1), electrical sheets and plates, other (subheading 73.15 B VII, a) 2)) and high carbon ferro-manganese fines (subheading ex 73.02 A I). In addition, the layout of the basic prices has been slightly changed to make them easier to apply and to take account of market practices.

The basic prices for pig iron (heading No 73.01) ⁽¹⁾, high carbon ferro-manganese in pieces (subheading 73.02 A I) ⁽¹⁾ and semi-finished products (heading No 73.07 ⁽³⁾) remain unchanged.

The basic prices set out below are effective from 10 July 1978.

By this action, in the opinion of the Commission, traditional trade patterns will be affected as little as possible.
