COUNCIL REGULATION (EEC) No 2990/78
of 18 December 1978
amending Regulation (EEC) No 525/77 establishing a system of production aid
for tinned pineapple

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 227 thereof,

Having regard to the proposal from the Commission⁽¹⁾,

Having regard to the opinion of the European Parliament⁽²⁾,

Whereas Article 6 of Council Regulation (EEC) No 525/77 of 14 March 1977 establishing a system of production aid for tinned pineapple⁽³⁾ makes the granting of the aid to processors in particular conditional upon payment of at least a minimum price to the producers;

Whereas, owing to the special circumstances under which pineapples are harvested, the processing of the product extends over a comparatively long period; whereas the need to wait for the granting of the production aid causes financial difficulties for the processors, who are required to pay a minimum price to the producers of fresh pineapples; whereas, in order to facilitate the processing of pineapples harvested in the Community, it should be made possible to pay an

advance on the aid before payment to producers of the minimum price; whereas the proper operation of this system requires that the payment of these advances should be subject to the lodging of a security in order to ensure compliance with the conditions governing the granting of the aid,

HAS ADOPTED THIS REGULATION:

Article 1

The following subparagraph shall be added to Article 6 of Regulation (EEC) No 525/77:

‘However, advances against the aid may be paid on submission of a written contract — more particularly in the form of a supply commitment — between the producer of fresh pineapples and the processor, provided that the latter lodges a security in order to ensure compliance with the first subparagraph.’

Article 2

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 December 1978.

COUNCIL REGULATION (EEC) No 2991/78**of 18 December 1978****amending Regulation (EEC) No 316/68 fixing quality standards for fresh cut flowers and fresh ornamental foliage**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
234/68 of 27 February 1968 on the establishment of a
common organization of the market in live trees and
other plants, bulbs, roots and the like, cut flowers and
ornamental foliage⁽¹⁾, and in particular Article 3
thereof,

Having regard to the proposal from the Commission,

Whereas the first indent of Article 2 (1) of Council
Regulation (EEC) No 316/68 of 12 March 1968 fixing
quality standards for fresh cut flowers and fresh orna-
mental foliage⁽²⁾, as last amended by Regulation
(EEC) No 1155/76⁽³⁾, lays down that the produce
specified in Article 1 which does not comply with
quality standards may not, within the Community, be
put on sale or sold at the wholesale stage either by

traders or directly by the producers; whereas the
above provision should be supplemented in order also
to permit inspection during transport,

HAS ADOPTED THIS REGULATION:

Article 1

The first indent of Article 2 (1) of Regulation (EEC)
No 316/68 shall be replaced by the following:

— within the Community, be displayed for sale,
put on sale, sold, delivered or otherwise
marketed at the wholesale stage either by
traders or directly by the producers.'

Article 2

This Regulation shall enter into force on the third day
following its publication in the *Official Journal of

COUNCIL REGULATION (EEC) No 2992/78**of 19 December 1978****on the granting of aid from the Guidance Section of the European Agricultural Guidance and Guarantee Fund, in 1978 and 1979, pursuant to Regulation No 17/64/EEC**

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Whereas, in accordance with Article 6 (4) of Council Regulation (EEC) No 729/70 of 21 April 1970 on the financing of the common agricultural policy⁽²⁾, as last amended by Regulation (EEC) No 2788/72⁽³⁾, the provisions of Part 2 of Council Regulation No 17/64/EEC of 5 February 1964 on the conditions for granting aid from the European Agricultural Guidance and Guarantee Fund⁽⁴⁾, as last amended by Regulation (EEC) No 3171/75⁽⁵⁾, should cease to apply in 1978, since the expenditure of the Guidance Section of the European Agricultural Guidance and Guarantee Fund on the financing of common measures should exceed the total annual appropriations available to that Section;

Whereas there is still considerable need in the Member States for financial assistance by the Community for certain sectors;

Whereas it seems warranted to permit further temporary Community intervention in these sectors;

Whereas to this end it is particularly appropriate to extend the validity of Regulation No 17/64/EEC;

Whereas certain particular agricultural problems in the Benelux countries could necessitate specific measures which do not fall within conditions laid down in Regulation No 17/64/EEC; whereas it would nevertheless seem appropriate for the Community to participate in financing these measures; whereas it is therefore necessary to provide for the possibility of derogating from certain of the provisions of Regulation No 17/64/EEC,

HAS ADOPTED THIS REGULATION:

Article 1

1. By way of derogation from Article 6 (4) of Regulation (EEC) No 729/70, the provisions of Part 2 of Regulation No 17/64/EEC, with the exception of Articles 14 (1) (a) and 16, shall continue to apply in 1978 and 1979. These provisions shall also continue to apply to the projects in the inshore fishing sector referred to in Article 1 of Regulation (EEC) No 1852/78⁽⁶⁾ which have not been awarded aid owing to insufficient funds being available.

2. By way of derogation from the conditions laid down in Articles 1 (4), 11 (1), 13 (3), 18 and 22 (1) of Regulation No 17/64/EEC and from the condition that measures to be financed must take the form of investments, applications for aid may be admitted in accordance with the procedure laid down in Article 19 (1) of the said Regulation to allow financing by the Guidance Section of the European Agricultural Guidance and Guarantee Fund of special measures to cope with particular agricultural problems in the Benelux countries.

3. Applications for aid for 1978 and 1979 must be submitted to the Commission before 1 January 1979.

4. The Commission shall take a decision on these applications in one or more instalments by 31 December 1979.

5. The total cost of the measures referred to in paragraphs 1 and 2 which is to be met by the Guidance Section of the European Agricultural Guidance and Guarantee Fund shall not exceed 70 million European units of account.

COUNCIL REGULATION (EEC) No 2993/78

of 19 December 1978

extending the period of validity of Regulation (EEC) No 3328/75 renewing the arrangements for the reduction of import charges on beef and veal products originating in the African, Caribbean and Pacific States

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas certain signatory States of the ACP-EEC Convention of Lomé are traditional suppliers of beef and veal to the Community; whereas the production of beef and veal is an essential factor in their economies, which are highly dependent upon these exports; whereas, since the States concerned are the least developed among the States which export beef and veal to the Community, special measures could contribute to maintaining a regular flow of imports;

Whereas this situation has been taken into account by Council Regulation (EEC) No 3328/75 of 18 December 1975 renewing the arrangements for the reduction of import charges on beef and veal products originating in the African, Caribbean and Pacific States ⁽³⁾, as last amended by Regulation (EEC) No 2570/77 ⁽⁴⁾; whereas the arrangements introduced by this Regulation provide that, subject to the ACP States applying an export tax of a corresponding amount, there is partial compensation of the import charges other than customs duties in respect of the products referred to in Article 1 (a) of Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽⁵⁾, as last amended by Regulation (EEC) No 425/77 ⁽⁶⁾; whereas these arrangements expire on 31 December 1978;

Whereas in particular the world market situation and price levels in the ACP States and in the Community have not been sufficiently adjusted; whereas the beef and veal sector is of vital importance to the above-mentioned countries, whereas these special measures

should be extended from 1 January 1979 to 1 March 1980 for the ACP States which export beef and veal to the Community,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 3328/75 is hereby amended as follows:

(a) Article 2 shall read:

Article 2

The reduction provided for in Article 1 shall be limited:

— from 1 January to 31 December 1979 to a quantity of 27 532 tonnes, expressed in terms of boned meat, allocated as follows:

Botswana	17 360 tonnes,
Kenya	130 tonnes,
Madagascar	6 956 tonnes,
Swaziland	3 086 tonnes;

— from 1 January to 1 March 1980 to a quantity of 4 595 tonnes, expressed in terms of boned meat, allocated as follows:

Botswana	2 895 tonnes,
Kenya	25 tonnes,
Madagascar	1 160 tonnes,
Swaziland	515 tonnes.

(b) In the second subparagraph of Article 4, '31 December 1978' shall read '1 March 1980'.

Article 2

This Regulation shall enter into force on 1 January 1979.

COMMISSION REGULATION (EEC) No 2999/78

of 15 December 1978

making the importation of textile products originating in the Hungarian People's Republic subject to common rules for authorization and quantitative limitation

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 109/70 of 19 December 1969 establishing common rules for imports from State-trading countries⁽¹⁾, and in particular Article 7 thereof,

Having consulted the Advisory Committee set up by Article 5 of the said Regulation (EEC) No 109/70,

Whereas imports into the Community of textile products from certain countries of origin have increased abruptly and substantially in the past four years;

Whereas imports of these products from all third countries account for a considerable share of the Community market;

Whereas there has been a substantial increase in imports from the supplier countries on the Community market; whereas all these factors have given rise to distortion of the market and are causing serious damage to Community producers;

Whereas in consequence of this situation imports of certain textile products originating in a number of third countries are at present subject, within the framework of the Arrangement regarding international trade in textiles and of bilateral agreements with the third countries concerned, to a Community system of authorization and quantitative limitation,

Whereas within the framework of the said Arrangement an Agreement has been negotiated and initialled with the Hungarian People's Republic; whereas under that Agreement Hungary agreed to quantitative limitation of its exports of certain textile products to the Community during the said period;

Whereas pending formal conclusion of that Agreement and the completion of such procedures as may be necessary for its entry into force it is desirable that the quantitative limits provided for therein should be respected in accordance with the provisions agreed between the Parties;

Whereas compliance with the quantitative export limits established by virtue of the said Agreement is to be ensured by bilateral system of control, which, however, is not to be applied until 1 April 1978;

Whereas the effectiveness of the voluntary restraint measures taken by Hungary depends on the establishment of a system of control by the Community;

Whereas, in order to enable the Community to establish a system of control as speedily as possible and thereby prevent irreparable damage to Community producers, imports of the goods in question from Hungary must be made subject forthwith to a system of authorization and quantitative limitation,

HAS ADOPTED THIS REGULATION:

Article 1

1. The importation into the Community of textile products listed in the Annex hereto, originating in Hungary and shipped between 1 January and 31 December 1978 shall be subject to the annual Community quantitative limits established in the said Annex.
2. The Community quantitative limits referred to in paragraph 1 shall be allocated between the Member States as indicated in the Annex.
3. The release for free circulation of imports subject to the Community quantitative limits referred to in paragraph 1 shall be subject to the presentation of an import authorization or equivalent document issued by the Member States' authorities in accordance with Article 4.
4. The imports authorized shall be charged against the Community quantitative limits established for 1978 provided the goods were shipped from Hungary between 1 January and 31 December 1978.

Article 2

1. The Community quantitative limits referred to in Article 1 (1) shall not apply to products in the course of shipment to the Community, provided that they were placed on board in Hungary, for exportation to the Community before the date of entry into force of this Regulation, without prejudice to the provisions of paragraph 2 below.
2. The entry into free circulation of the products referred to in paragraph 1 above shall continue, from

⁽¹⁾ OJ No L 19, 26. 6. 1970, p. 1.

the date of entry into force of this Regulation, to be subject to the presentation of the same import documents and to the same import conditions as before that date.

Article 3

1. The Community quantitative limits referred to in Article 1 shall not apply to products admitted into the customs territory of the Community under the arrangements for inward processing or other temporary admission arrangements, provided that they are declared to be for re-export outside the said territory in the same state or after processing.

The subsequent release for free circulation of the products referred to in the preceding subparagraph shall be subject to the quantitative limits referred to in Article 1 and to the presentation of an import authorization or equivalent document issued in accordance with the provisions of Article 4 (2), and the products so released shall be charged against the Community quantitative limit established for the year in which release for free circulation was authorized.

2. Re-imports into the Community of textile products which have been temporarily exported from the Community and subsequently processed in Hungary shall not be subject to the Community quantitative limits referred to in Article 1 provided that they have been declared as such under outward processing arrangements in force in the Community.

Article 4

1. The authorities of the Member States shall issue the import authorizations referred to in Article 1 (3) up to the amount of their shares.

2. The import authorizations shall be issued in accordance with the procedures laid down in Regulation (EEC) No 1023/70 ⁽¹⁾.

3. Imports effected under cover of the import authorizations referred to in Article 1 shall be charged against the share of the Member State which issued the authorizations.

Article 5

1. Import authorizations or equivalent documents issued during the period between 1 January 1978 and the date of entry into force of this Regulation in accordance with Decisions 77/809/EEC and 78/545/EEC shall be valid for the purposes of Article 1.

2. These authorizations or documents and the imports effected on the basis of them shall be charged against the quota share of the Member State issuing the authorizations or documents.

3. Where application of the provisions of paragraph 2 above leads to any Member State's share being exceeded, the excess amount shall be set off against the corresponding share for 1979.

Article 6

1. This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

2. It shall apply until 31 December 1978, subject to the adoption of a Council Regulation in accordance with Articles 7 (6) and 8 of Regulation (EEC) No 109/70.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3000/78
of 18 December 1978

amending Regulation (EEC) No 3559/73 laying down detailed rules for granting financial compensation and indemnities, fixing the withdrawal price and determining the buying-in price for certain fishery products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular Article 11 (5) thereof,

Whereas Commission Regulation (EEC) No 3559/73⁽³⁾, as last amended by Regulation (EEC) No 2955/77⁽⁴⁾, laid down detailed rules for granting financial compensation and indemnities and for fixing the withdrawal prices;

Whereas Council Regulation (EEC) No 108/76⁽⁵⁾ laid down general rules for determining, in the fisheries sector, the landing areas very distant from the main centres of consumption in the Community;

Whereas the second subparagraph of Article 11 (4) of Regulation (EEC) No 100/76 provides that, in order to ensure that producers in landing areas which are very distant from the main centres of consumption in the Community have access to markets under satisfactory conditions, the Community withdrawal prices may be multiplied by conversion factors for those areas; whereas these factors are to be determined in such a way that the differences between the prices thus

converted correspond to the price differences to be expected in the case of normal production on the basis of the natural conditions of price formation on the market; whereas the trend observed in a certain landing area very distant from the main centres of consumption enables the regionalization of this area to be abolished in the case of whiting; whereas the trend of the market price for hake in certain areas and therefore the price formation to be expected call for the fixing of a conversion factor valid in these areas; whereas the trend of the market price for mackerel and sardines from the Atlantic and the satisfactory disposal thereof require the corresponding conversion factors to be fixed;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

Annex III to Regulation (EEC) No 3559/73 is hereby replaced by the Annex hereto.

Article 2

This Regulation shall enter into force on 1 January 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾ as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular Article 11 (5) thereof,

Whereas the first subparagraph of Article 11 (4) of Regulation (EEC) No 100/76 provides that the withdrawal price for each of the products listed in Annex I (A) and (C) thereto shall be fixed by applying to an amount equal to at least 60 % but not more than 90 % of the guide price the conversion factor for the category immediately below that selected for fixing the guide price ;

Whereas guide prices for all the relevant products have been fixed for the 1979 fishing year by Council Regulation (EEC) No 2904/78⁽³⁾ ;

Whereas rules for calculating withdrawal prices, in particular the percentage of the guide price to be used, the coefficients for varying them according to commercial characteristics, and the supplementary coefficients applicable in distant landing areas, were laid down by Commission Regulation (EEC) No 3559/73⁽⁴⁾, as last amended by Regulation (EEC) No 3000/78⁽⁵⁾ ;

COMMISSION REGULATION (EEC) No 3002/78

of 18 December 1978

fixing reference prices for fishery products for the 1979 fishing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular the first subparagraph of Article 19 (6) thereof,

Whereas Article 19 (1) of Regulation (EEC) No 100/76 provides *inter alia* for the fixing each year of reference prices valid in the Community for the products listed in Annexes I (A) and (C), II and IV (B) thereto;

Whereas Article 19 (2) of the aforesaid Regulation provides that for the products listed in Annex I (A) and (C) thereto such price is to be equal to not less than 60 % and not more than 90 % of the guide price;

Whereas the guide prices for the fishery products listed in Annex I (A) and (C) to Regulation (EEC) No 100/76 have been fixed for the 1979 fishing year by Council Regulation (EEC) No 2904/78⁽³⁾;

Whereas it is essential to fix reference prices if appropriate measures are to be applied to protect Community production; whereas the implementation of such measures is closely linked with those taken within the Community to stabilize markets, in particular by the application of the system of withdrawal prices, that is prices below which producers' organizations will not put for sale the produce of their members; whereas the reference price must be fixed by applying to the guide price a percentage lying within the limits used in applying the withdrawal price; whereas this percentage must be based in particular on the supply and demand situation on the market;

Whereas for these reasons the withdrawal prices, to the extent that these lie within the limits set for this purpose, and otherwise the lower of those limits, should be used in determining reference prices;

Whereas the reference prices for the products listed in Annex II to Regulation (EEC) No 100/76 must be derived from the guide prices therefor and fixed by reference to the price level at which intervention measures in respect of these products become applicable; whereas the reference prices for these products should therefore be fixed at 85 % of the guide prices fixed for the 1979 fishing year by Council Regulation (EEC) No 2905/78 of 5 December 1978⁽⁴⁾;

Whereas, for the products listed in Annex IV (B) to Regulation (EEC) No 100/76, reference prices are determined on the basis of the reference price for the fresh product;

Whereas the situation on the Community import market for frozen products as specified in Annex IV (B) to Regulation (EEC) No 100/76 may make it necessary to take measures to protect Community producers, particularly as frozen products may be used in place of fresh products; whereas the reference price for these products should therefore be higher than those for fresh products;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The reference prices applicable until 31 December 1979 for the products listed in Annexes I (A) and (C) and II and for frozen products specified in Annex IV (B) to Regulation (EEC) No 100/76 shall be as shown in the Annex to this Regulation.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 2903/78⁽²⁾, and in particular the first subparagraph of Article 19 (6) thereof,

Whereas Article 19 (1) of Regulation (EEC) No 100/76 provides for the fixing each year of reference prices valid in the Community *inter alia* for the products listed in Annex III (A) thereto;

Whereas reference prices for tunny intended for use by the canning industry were fixed for the 1978 fishing year by Commission Regulation (EEC) No 2958/77 of 23 December 1977⁽³⁾;

Whereas the fourth and fifth subparagraphs of Article 19 (2) of Regulation (EEC) No 100/76 lay down criteria to be taken into consideration in fixing reference prices for the products listed in Annex III (A);

Whereas it follows from applying these criteria that the reference prices in question should be as set out in this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Whereas Article 11 of Regulation (EEC) No 100/76 provides for the grant of financial compensation to producers' organizations which intervene, in certain conditions, in respect of the products listed in Annex I (A) and (C) to that Regulation; whereas the amount of financial compensation must be reduced by standard values in the case of products for purposes other than human consumption;

Whereas Commission Regulation (EEC) No 697/71 of 31 March 1971⁽³⁾ specifies the ways in which the products withdrawn may be disposed of; whereas the value of such products must be fixed at a standard level for each of these modes of disposal, taking into account the average receipts which may be obtained from such disposal;

COMMISSION REGULATION (EEC) No 3005/78

of 20 December 1978

on the distillation for the 1978/79 wine year of wines suitable for producing certain potable spirits obtained from wine with a registered designation of origin

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 816/70 of 28 April 1970 laying down additional provisions for the common organization of the market in wine⁽¹⁾, as last amended by Regulation (EEC) No 1861/78⁽²⁾, and in particular Article 6d (5) thereof,

Whereas Article 6d (1) of Regulation (EEC) No 816/70 provides that in years in which the harvest of wine suitable for producing certain potable spirits obtained from wine with a registered designation of origin exceeds by 1 000 000 hectolitres the volume of wine used for this purpose in the previous wine year, it may be decided that the wines in question may be distilled; whereas this condition is fulfilled in the case of the 1978/79 wine year; whereas distillation of these wines should therefore be permitted;

Whereas it should be made clear that this distilling operation which was formerly governed by Article 6b of Regulation (EEC) No 816/70, remains subject to the provisions of Council Regulation (EEC) No 1931/76 of 20 July 1976 laying down general rules governing the distillation of wines provided for in Articles 6b, 6c, 6d, 24a and 24b of Regulation (EEC) No 816/70⁽³⁾, as last amended by Regulation (EEC) No 2609/78⁽⁴⁾;

Whereas, in accordance with Regulation (EEC) No 1931/76 and in order to facilitate control measures, time limits must be laid down for the lodging of applications for approval, for the approval itself and for the distillation in question;

Whereas those parties which have applied to enter into a distillation contract must be informed in good time of the outcome of the approval procedure;

Whereas the items to be included in the distillation contracts should be specified;

Whereas Article 2a of Regulation (EEC) No 1931/76 makes provision for limiting distillation to products

with an alcoholic strength of 86° or more; whereas this provision should be applied, since the market in potable spirits is at present oversupplied and may be disturbed if products with an alcoholic strength of 85° or less are produced as a result of these distillation operations;

Whereas, in order to allow producers to receive the whole of the buying-in price with the minimum delay, there should be provision requiring the payments referred to in Article 3 (1) and (3) of Regulation (EEC) No 1931/76 to be made within 30 days after the conditions laid down therein have been fulfilled;

Whereas the prices of the wines intended for distillation are not such as to permit the sale, under normal conditions, of the products obtained from such distillation; whereas it is therefore necessary to pay an aid and to fix its amounts at a level which, having regard to normal costs, will permit its sale;

Whereas technical criteria for the approval of distillers should be laid down; whereas provision should also be made to enable approval in principle to be withdrawn from the distiller in the event of default on his part, except in cases of *force majeure* or inevitable accident;

Whereas the intervention agencies referred to in Article 6 of Regulation (EEC) No 1931/76 and the Commission must be informed of the progress of the distillation operations and must in particular receive information as to the quantities of table wine distilled and the quantities of alcohol obtained;

Whereas the Management Committee for Wine has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

Distillation as provided for in Article 6d (1) of Regulation (EEC) No 816/70 is hereby authorized for the 1978/79 wine year in respect of wines suitable for

(1) OJ No L 99, 5. 5. 1970, p. 1.

(2) OJ No L 215, 4. 8. 1978, p. 1.

(3) OJ No L 211, 5. 8. 1976, p. 5.

(4) OJ No L 315, 30. 10. 1978, p. 10.

producing certain potable spirits obtained from wine with a registered designation of origin and shall be carried out in accordance with Regulation (EEC) No 1931/76 and with this Regulation.

Applications for the approval of contracts shall be lodged by 31 January 1979.

Contracts must be approved by 15 February 1979.

Distillation operations must be carried out between 15 December 1978 and 15 July 1979.

Article 2

1. The intervention agency referred to in Article 6 of Regulation (EEC) No 1931/76 shall inform the contracting parties, not later than 15 days after the receipt of the application for approval of a distillation contract, of the outcome of the approval procedure.

2. Each contract shall state:

- (a) the quantity, colour and actual alcoholic strength of the wines to be distilled;
- (b) the name and address of the producer;
- (c) the place where the wine is stored;
- (d) the name of the distiller or the business name of the distillery;
- (e) the address of the distillery.

3. 'Distiller' shall mean a person who distils wines on his own account or for the account of other persons.

Article 3

1. The buying-in price as fixed in Article 6d (3) of Regulation (EEC) No 816/70 shall be 1.07 units of account per degree per hectolitre.

2. The amount of the aid provided for in Article 2 of Regulation (EEC) No 1931/76 shall be 0.60 unit of account per degree per hectolitre if the wine has been processed into a product with an alcoholic strength of 92° or over.

3. Payments under Article 3 (1) and (3) of Regulation (EEC) No 1931/76 shall be made not later than 30 days after the prescribed conditions are met.

4. In the case referred to in Article 3 (5) of Regulation (EEC) No 1931/76, the minimum buying-in price shall be paid not later than 30 days after the

total quantity of wine covered by the contract has entered the distillery.

5. In the case referred to in Article 3 (6) of Regulation (EEC) No 1931/76, the minimum buying-in price shall be paid not later than 30 days after the total quantity of wine covered by the contract has been distilled. Where the competent intervention agency of a Member State has not decided to apply the said Article 3 (6) generally, the distiller may apply it only after ascertaining that the producer is in agreement.

Article 4

1. No distiller shall be approved within the meaning of Article 5 of Regulation (EEC) No 1931/76 unless he is able to process the wine into a product with an alcoholic strength of 92° or over.

2. Approval shall be withdrawn, except in cases of *force majeure* or inevitable accident, if the distiller does not pay the producer the buying-in price or if he does not fulfil his obligations under Community provisions.

Article 5

1. Distillers shall send to the intervention agency not later than the 10th day of each month, a list of the quantities of wine distilled during the previous month, indicating the quantities, expressed as pure alcohol, and the products which they have obtained.

2. Member States shall inform the Commission by telex, not later than the 20th day of each month in respect of the previous month:

- of the quantities of wine covered by approved distillation contracts,
- of the quantities of wine distilled, and the quantities, expressed as pure alcohol, of products which they have obtained.

3. Member States shall communicate by 10 August 1979 particulars of any cases in which distillers have not fulfilled their obligations and of any measures taken as a result.

Article 6

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3006/78
of 20 December 1978

laying down detailed rules for the application of Regulation (EEC) No 3328/75
renewing the arrangements for the reduction of import charges on beef and veal
products originating in the African, Caribbean and Pacific States

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC)
No 3328/75 of 18 December 1975 renewing the arrange-
ments for the reduction of import charges on beef
and veal products originating in the African, Carib-
bean and Pacific States⁽¹⁾, as last amended by Regula-
tion (EEC) No 2993/78⁽²⁾, and in particular Article 3
(1) and (2) thereof,

Having regard to Council Regulation No 129 on the
value of the unit of account and the exchange rates to
be applied for the purposes of the common agricul-
tural policy⁽³⁾, as last amended by Regulation (EEC)
No 2543/73⁽⁴⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas the arrangements for the reduction of import
charges on beef and veal products originating in the
African, Caribbean and Pacific States provided for in
Regulation (EEC) No 3328/75 have been renewed
until 1 March 1980 by Regulation (EEC)
No 2993/78;

Whereas Article 1 of Regulation (EEC) No 3328/75
lays down that the charges on imports of beef and
veal originating in the African, Caribbean and Pacific
States are to be reduced, provided that a tax of a cor-
responding amount was levied when the goods were
exported from the country of origin;

Whereas the import charges result from the level of
the levy applicable and that levy may be adjusted by
monetary compensatory amounts; whereas, having
regard to the monetary trends in the individual
Member States, the amount of the reduction should be
calculated separately for each Member State on the
basis of the monetary compensatory amount appli-
cable to imports in the Member State concerned;

Whereas the reduction consists of levy and monetary
compensatory amount components; whereas, more-
over, the fixing of the reduction in units of account
may create problems, especially for the exporting
country, as regards the exchange rate to be used;
whereas, consequently, the amount of the reduction
should be fixed in national currency for each Member
State of destination;

Whereas it appears useful to outline the manner in
which the amount to be actually levied on imports is
calculated;

Whereas the amount by which the import charges are
reduced is fixed quarterly; whereas this amount may
vary during transport to the Community; whereas at
the time of export the exporting country, when calcu-
lating the export tax to be levied, can only base itself
on the reduction in force; whereas the export tax
must be compared to the reduction applicable at the
time of export;

Whereas the amount representing import charges is
that applicable on the day of acceptance of the entry
of the goods for home use; whereas these charges are
reduced by the reduction applicable on that date;

Whereas proof that the export tax provided for in
Regulation (EEC) No 3328/75 has been collected may
be furnished by entering the relevant amount on the
EUR 1 certificate for the movement of goods referred
to in Article 6 of Protocol No 1 to the Convention of
Lomé;

Whereas detailed rules for the application of the
system of import licences for beef and veal products
are laid down in Commission Regulation (EEC)
No 193/75⁽⁵⁾, as last amended by Regulation (EEC)
No 1624/78⁽⁶⁾, and in Commission Regulation (EEC)
No 571/78⁽⁷⁾, as last amended by Regulation (EEC)
No 1559/78⁽⁸⁾; whereas, however, it is appropriate to
prescribe special rules for licences granted under the
present Regulation;

⁽⁸⁾ OJ No L 184, 6. 7. 1978, p. 18.

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. Import licences shall be issued for beef and veal products originating in Botswana, Kenya, Madagascar and Swaziland under the conditions laid down in this Regulation and within the limits of the quantities, expressed in tonnes of boned meat, fixed in Regulation (EEC) No 3328/75.

2. For the purposes of this Regulation 100 kilograms of boned meat shall be equivalent to 130 kilograms of unboned meat.

Article 2

1. Applications for import licences may be submitted only during the first 10 days of each month.

2. On the working day following the last working day of the period for the submission of applications, Member States shall inform the Commission by telex, in respect of each of the non-member countries concerned, of the total quantity covered by the applications referred to in paragraph 1.

3. The Commission shall decide in respect of each non-member country concerned to what extent the applications can be accepted. If the quantities of products originating in a non-member country in respect of which licences are applied for exceed the quantity available from that non-member country, the Commission shall fix a single percentage for the reduction of the quantities applied for.

4. If the total quantity covered by applications relating to a non-member country is lower than that available from that non-member country, the Commission shall determine the amount of the balance remaining.

5. Licences shall be issued on the 21st day of each month. If that is not a working day in the Member State in which the applications were submitted, however, licences shall be issued on the first working day thereafter.

6. The import licence shall be valid from the day of issue as specified in paragraph 5 for:

- (a) 90 days in respect of frozen meat;
- (b) 45 days in respect of fresh or chilled meat.

7. The application for a licence and the licence itself shall be drawn up in accordance with Article 7 of Regulation (EEC) No 571/78.

8. Subject to the provisions of Article 18 of Regulation (EEC) No 193/75, the security shall be released

immediately in respect of the quantity for which no import licence has been issued.

Article 3

Importation under the system of import charge reductions may take place only if the origin of the products concerned is certified by the competent authorities of the exporting countries in accordance with the rules of origin applicable to the products in question pursuant to Protocol No 1 to the Convention of Lomé.

Article 4

1. The amount provided for in Article 1 of Regulation (EEC) No 3328/75 for each product intended for importation into a Member State shall be equal to 90 % of the amount of the levy, adjusted as appropriate by the monetary compensatory amount valid for imports into that Member State during the week preceding that in which the quarter for which the reduction is calculated begins.

The reduction shall be fixed for each Member State in its national currency.

2. The reduction shall be deducted from the levy valid on the day on which the customs import formalities are completed in the Member State concerned, adjusted as appropriate by the monetary coefficient shown in Annex II to the Commission Regulation fixing the monetary compensatory amounts and by the monetary compensatory amount valid in the Member State concerned on the same date.

Article 5

1. The import charges shall be reduced by the amount fixed in accordance with Article 4 only if:

- (a) an export tax at least equal to that amount has been levied;
- (b) the EUR 1 certificate for the movement of goods referred to in Article 6 of Protocol No 1 to the Convention of Lomé indicates:
 - in box 7, the amount of the export tax levied per 100 kilograms,
 - in box 8, the Common Customs Tariff subheading for the products in question.

A separate certificate shall be drawn up for each subheading of the Common Customs Tariff.

2. At the time of the completion of customs import formalities for the entry of goods into home use, the amount of the export tax levied per 100 kilograms shall be compared with the amount, fixed in accordance with Article 4 in respect of the importing Member State, which was applicable at the time when the EUR 1 certificate for the movement of goods was issued.

If the amount of the export tax levied is expressed in a currency other than that of the importing Member State, the exchange rate used shall be the most recent selling rate recorded on the most representative exchange market or markets of that Member State.

The export tax levied shall be considered as corresponding to the amount fixed in accordance with Article 4 when the comparison shows that the export tax expressed in the currency of the importing Member State is not lower than the said amount.

3. The amount by which the import charges shall be reduced shall be that applicable on the date on which the entry of the goods for home use is accepted.

4. The application of this Regulation may in no case result in the granting of an amount.

Article 6

In respect of quantities imported pursuant to Article 2 (4) of Regulation (EEC) No 193/75, the levies fixed in accordance with Articles 10 to 13 of Regulation (EEC) No 805/68 shall be charged in full.

Article 7

This Regulation shall enter into force on 1 January 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**deferring the final date for the granting of export refunds for raw tobacco from

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European

Having regard to Council Regulation (EEC) No
727/70 of 21 April 1970 on the common organization
of the market in raw tobacco⁽¹⁾, as last amended by
the Act of Accession, and in particular the first
sentence of the third subparagraph of Article 9 (2)
thereof,

Whereas export refunds were fixed for certain varieties
of tobacco from the 1976 crop by Commission Regula-
tion (EEC) No 783/77 of 18 April 1977⁽²⁾, as
amended by Regulation (EEC) No 2666/77⁽³⁾;

Whereas the final date for the granting of such
refunds was set at 31 December 1978; export outlets

after that date have been found for this tobacco, and
in order to permit such exports to take place, the
period during which refunds may be granted should

COMMISSION REGULATION (EEC) No 3008/78
of 20 December 1978

introducing a countervailing charge on mandarins (including tangerines and satsumas), clementines, wilkings and other similar citrus hybrids originating in Algeria

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1766/78⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0.50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 2656/78 of 13 November 1978 fixing for the 1978/79 marketing year the reference price for mandarins (including tangerines and satsumas), clementines, wilkings and other similar citrus hybrids⁽³⁾, fixed for those products of quality Class I the reference price at 19.74 units of account per 100 kg net for the period 1 November 1978 to 28 February 1979;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as amended by Regulation

(EEC) No 385/75⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets; whereas it is necessary, where appropriate, to multiply the prices with the coefficients fixed in Article 1 (2), of Regulation (EEC) No 2656/78;

Whereas for those products originating in Algeria the entry price calculated in this way has remained at 0.50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these fresh mandarins (including tangerines and satsumas), clementines, wilkings and other similar citrus hybrids originating in Algeria;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in previous subparagraph,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 6.94 units of account per 100 kg net is applied to fresh mandarins (including tangerines and satsumas), clementines, wilkings and other similar citrus hybrids (subheading ex 08.02 B of the Common Customs Tariff) originating in Algeria.
