COUNCIL REGULATION (EEC) No 1384/79

of 25 June 1979

amending Regulation (EEC) No 1108/70 introducing an accounting system for expenditure on infrastructure in respect of transport by rail, road and inland waterway

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 75 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee ⁽²⁾,

Whereas, in order to institute under the common transport policy a system of charging for the use of infrastructure, it is necessary to know what expenditure is incurred in respect of infrastructure;

Whereas a permanent accounting system offers the most suitable means for knowing what expenditure is incurred in respect of infrastructure;

Whereas to this end the Council, by Regulation (EEC) No 1108/70 ⁽³⁾, introduced a permanent accounting system for such expenditure;

Whereas account should be taken of experience gained and of the development of the common transport policy; whereas the forms of accounts, the list of types of infrastructure and the schedule of returns concerning the use of infrastructure provided for in Regulation (EEC) No 1108/70 should be adjusted accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1108/70 is hereby amended as follows:

1. Article 3 shall be replaced by the following:

Article 3

Infrastructure expenditure accounts shall be kept for each of the railway networks listed in Annex II (A.1) and for the total of all the other networks listed in Annex II (A.2), as well as for all roads and inland waterways open to public traffic, with the following exceptions:

- (a) roads closed to motor traffic, that is, to vehicles with a cylinder capacity equal to or exceeding 50 cm³;
- (b) roads used exclusively by agricultural or forestry vehicles or which serve only to provide access for agricultural or forestry operations;
- (c) inland waterways on which traffic is limited to vessels of less than 250 tonnes deadweight;
- (d) waterways of a maritime character, as listed in Regulation (EEC) No 281/71 ⁽¹⁾.

2. Article 5 (2) (a) shall be replaced by the following:

‘2. Separate accounts shall be presented:

(a) in respect of railways:

- (i) for each of the networks listed in Annex II (A.1);
- (ii) for the total of all the other networks listed in Annex II (A.2). However, the returns relating to these networks shall be sent only once every five years, starting with those for the year 1980.’

⁽²⁾ OJ No C 128, 21. 5. 1979, p. 35.

⁽³⁾ OJ No L 130, 15. 6. 1970, p. 4.

3. The second indent of the first subparagraph of Article 6 shall be replaced by the following :

‘— capital repayments and, separately, interest on loans contracted earlier.’

4. Article 7 shall be replaced by the following :

Article 7

Member States shall send to the Commission, at the same time as they send the accounts referred to in Article 5 and in respect of the same period, returns relating to the use of infrastructures in accordance with Tables A, B (1.1) and C of Annex III.

The returns covered by Tables B (1.2) and B (2) of that Annex shall be sent only once every five years. In the case of Table B (1.2) returns shall be sent for the first time for the year 1980 and, in the case of

Where a Member State so requests, or where the Commission considers it appropriate, the Commission shall consult with the Member States concerned upon the proposed terms of the measures referred to in the preceding paragraph.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1385/79

of 3 July 1979

increasing the Community tariff quota opened for 1979 by Regulation (EEC) No 2919/78 for unwrought magnesium falling within subheading 77.01 A of the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, for unwrought magnesium falling within subheading 77.01 A of the Common Customs Tariff, a Community tariff quota for 1979 totalling 5 500 tonnes has been opened by the Council and allocated among the Member States by Regulation (EEC) No 2919/78⁽¹⁾;

Whereas the economic data at present available with regard to the consumption and production of unwrought magnesium do not yet permit Community requirements of imports from non-member countries to be evaluated with sufficient precision; whereas it appears that certain Member States have considerable magnesium requirements which cannot be met by Community production; whereas the quota concerned should therefore be increased by an appropriate amount, approximately 3 400 tonnes; whereas the fixing at this level of this supplementary quota does not preclude further adjustments during the quota period; whereas in view moreover on the one hand of the present requirements in unwrought magnesium not in alloy with a pure magnesium content of not less than 99.95 %, and on the other hand of the quantities available in the Community and of the possible increase in production by Community industries based principally on unwrought magnesium not in alloy, and also the possibility of duty-free imports under agreements concluded by the Community with certain non-acceding EFTA countries, it can be estimated that short-term requirements for imports of unwrought magnesium may, within the limit of the proposed increase, reach 300 tonnes of unwrought magnesium containing 99.95 % or more by weight of pure magnesium (extra-pure magnesium), 600 tonnes of unwrought magnesium containing 99.8 % or more by weight and not exceeding 99.95 % of pure magnesium (unwrought magnesium not in alloy), and 2 500 tonnes of unwrought magnesium containing not more than 99.8 % by weight of pure magnesium (unwrought magnesium in alloy);

Whereas as far as the distribution of the above quota volumes between Member States is concerned, it is

necessary to allot to the Community reserves all the supplementary volumes allocated to extra-pure magnesium and unwrought magnesium in alloy and also a relatively small part of the supplementary volume allocated to unwrought magnesium not in alloy, the balance of this last volume being divided among the Member States in accordance with the percentages originally used when the first increase to the quota for 1978 was made,

HAS ADOPTED THIS REGULATION:

Article 1

The volume of the Community tariff quota opened by Regulation (EEC) No 2919/78 for unwrought magnesium falling within subheading 77.01 A of the Common Customs Tariff is hereby increased from 5 500 to 8 900 tonnes.

This increase of 3 400 tonnes shall be allocated as follows:

- (a) 300 tonnes of unwrought magnesium containing 99.95 % or more by weight of pure magnesium (extra-pure magnesium), intended for the nuclear industry and under customs supervision or equivalent administrative supervision;
- (b) 600 tonnes of unwrought magnesium containing not less than 99.8 % but less than 99.95 % by weight of pure magnesium (unwrought magnesium not in alloy);
- (c) 2 500 tonnes of unwrought magnesium containing less than 99.8 % by weight of pure magnesium (unwrought magnesium in alloy).

Article 2

The volumes of 300 tonnes and 2 500 tonnes referred to in Article 1 (a) and (c) allocated to extra-pure unwrought magnesium intended for the nuclear industry and to unwrought magnesium in alloy shall be allocated to the Community reserves set up under Articles 2 (1) and 3 (2) of Regulation (EEC) No 2919/78, which shall thus be increased from 600 to 900 tonnes and from 425 to 2 925 tonnes respectively.

Article 3

1. A first tranche of the amount referred to in Article 1 (b), of 560 tonnes of unwrought magnesium

⁽¹⁾ OJ No L 354, 18. 12. 1978, p. 10.

not in alloy, shall be allocated among the Member States as follows :

	(tonnes)
Benelux	116.5
Denmark	0.2
Germany	365.5
France	12
Ireland	0.2
Italy	1.6
United Kingdom	64

2. The second tranche of 40 tonnes shall constitute the reserve.

The amount of the reserve for this type of unwrought magnesium, provided for in Article 3 (2) of Regulation (EEC) No 2919/78, is thus increased from 130 to 170 tonnes.

Article 4

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 July 1979.

COMMISSION REGULATION (EEC) No 1391/79

of 4 July 1979

amending Regulation (EEC) No 1945/78 laying down, for the wine-growing year 1978/79, detailed rules for the distillation of the by-products of wine-making

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
337/79 of 5 February 1979 on the common organiza-
tion of the market in wine ⁽¹⁾, and in particular Article
39 (7) thereof,

Whereas the average alcoholic content by volume of
wines from the 1978/79 harvest was low in certain
regions on account of the unsuitable weather condi-
tions; whereas, accordingly, the alcoholic strength to
be taken into account for determining the volume of
alcohol contained in products delivered for distillation
for the purposes of Article 39 (3) should be reduced;
whereas Commission Regulation (EEC) No
1945/78 ⁽²⁾ should therefore be amended;

Whereas, in order to ensure that all producers subject
to the obligatory distillation requirements are treated
in the same way, provision must be made for those
who have already undertaken obligatory distillation on
the basis of the earlier flat-rate alcoholic strengths to
be credited by the competent agency, if they so apply
on account of the 1979/80 marketing year;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

The alcoholic strengths given in the first paragraph of
Article 3 of Regulation (EEC) No 1945/78 are hereby
replaced as follows:

- 8.0 for Zone B,
- 8.5 for Zone C I,
- 9.0 for Zone C II,
- 9.5 for Zone C III.

Article 2

This Regulation shall enter into force on the day of its
publication in the *Official Journal of the European
Communities*.

However, producers who have already undertaken
obligatory distillation on the basis of the earlier flat-
rate alcoholic strengths shall, if they so apply on or
before 30 November 1979, be credited accordingly by
the competent agency on account of the 1979/80
marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

COMMISSION REGULATION (EEC) No 1392/79

of 4 July 1979

amending Regulation No 282/67/EEC on detailed rules for intervention for oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾, and in particular Article 26 (3) thereof,

Whereas Article 2 of Commission Regulation No 282/67/EEC⁽³⁾, as last amended by Regulation (EEC) No 1512/78⁽⁴⁾, fixes at 50 tonnes the minimum quantity of a homogeneous lot of colza, rape or sunflower seed which may be offered to the intervention agency; whereas experience has shown that this quantity is too small, and should accordingly be increased;

Whereas Article 3 of the same Regulation restricts intervention to colza and rape seed with a maximum erucic acid content of 10 %; whereas the said figure should be reduced by progressive stages to 5 %;

Whereas Article 7 of the said Regulation provides that increases and reductions are to be applied to seeds offered for intervention which do not correspond to the standard quality; whereas, in view of price developments during the 1978/79 marketing year, the increases and reductions set out in Annex I to Regulation No 282/67/EEC should be amended;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation No 282/67/EEC is hereby amended as follows:

1. In Article 2, the expression '50 tonnes' is replaced by '100 tonnes'.
2. In the first indent of Article 3 (2), the expression '10 %' is replaced by '5 %', and the following sentence is added:
'However, the latter percentage shall be 9 % for the 1979/80 marketing year and 7 % for the 1980/81 marketing year.'
3. Part I of Annex I is replaced by the following:
'Oil content'
Increase or reduction of 0.037 ECU for each 0.100 kg of oil above or below 40 kg per 100 kg of seeds, the weight of which is to be determined in accordance with the method laid down in the Annex to Regulation (EEC) No 1204/72 and the oil content of which is to be adapted accordingly.'
4. In Part II of Annex I, the expression '0.037 unit of account' is replaced, with effect from 1 September 1979, by '0.050 ECU'.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

225/67/EEC⁽⁴⁾, as last amended by Regulation (EEC)
No 1513/78⁽⁵⁾, provides that where the offers and
quotations used relate to a quality other than the
standard quality for which the target price was fixed,

they shall be adjusted on the basis of the coefficients
of equivalence shown in the Annex ;

Whereas the qualities of colza and rape seed and
sunflower seed delivered by the major producing third
countries present certain differences in relation to the
quality used to determine the current coefficients of
equivalence for seed imported from these countries ;
whereas coefficients of equivalence should be fixed
which take the new situation into account ;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1
