COMMISSION REGULATION (EEC) No 2083/80**of 31 July 1980****laying down detailed rules of application concerning the economic activity of
producer groups and associations thereof**

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1360/78 of 19 June 1978 on producer groups and asso-
ciations thereof ⁽¹⁾, and in particular the second indent
of Article 6 (3) thereof,

Whereas, in accordance with the provision referred to
above, it is for the Commission to determine the
detailed implementing rules on the minimum culti-
vated area, turnover, or volume of production coming
from members which these groups or associations
must represent and, if necessary, the minimum
number of members they shall have ;

Whereas, even those sectors where cultivated area
could be used, volume of production constitutes a
more reliable criterion of the efficiency of groups and
associations ; whereas volume of production also
provides a better basis for long-term reference than
turnover, which is subject to rapid variations in mone-
tary values ; whereas, however, turnover constitutes an
appropriate criterion for certain sectors, in particular
those less important sectors where, in view of the diffi-
culty in determining a full list of specific limits, a
single reference basis should be used ;

Whereas, in view of the structure of agriculture in the
regions and sectors covered by Regulation (EEC) No
1360/78, supply cannot be concentrated efficiently
unless the information on volume of production or
turnover of the producer groups is accompanied by an
indication of the minimum number of members such
as to facilitate participation by producers who,
although they are geared towards the market in accor-
dance with the provisions of Regulation (EEC) No
1360/78, are only small-scale producers ;

Whereas the detailed rules relating to the economic
activity of groups, while taking account of the situa-
tion in the regions referred to in Regulation (EEC) No
1360/78, should enable production and supply to be
effectively adjusted to the concentration and growing
requirements of demand ; whereas, therefore, while

encouraging a multiplicity of groups and associations,
they should avoid excessive fragmentation in these
regions ;

Whereas certain differences in the volume and struc-
ture of demand in the various regions referred to in
Regulation (EEC) No 1360/78 make it appropriate to
modulate the limits envisaged ;

Whereas, in particular, the major differences in total
production between the various regions of the Italian
Republic justify the minimum volume of production
controlled by groups in that country being propor-
tional, subject to certain conditions, to the level of
regional production ; whereas, moreover, it is justified
in the case of Italy for the number of members and
the minimum volume of production to be set fairly
high, as it is likely that the initiative to form groups
will be taken mainly by the trade organizations, which
are capable of mobilizing a large number of producers
and of involving a fairly large amount of production ;
whereas, however, account should be taken of the far-
reaching structural deficiencies in the supply of agri-
cultural products in the Mezzogiorno and in the
upland areas of the remainder of Italy ;

Whereas requirements to guarantee the economic
scale of the associations should also be laid down ;

Whereas in the sugarbeet sector, in view of the impli-
cations of the system provided for by Regulation
(EEC) No 1360/78 with regard to the functioning of
the common market organization, it seems appro-
priate not to fix the limits in question until the new
Regulation on the common organization of the
market in sugar and isoglucose has been adopted ;

Whereas in the olive-oil sector account must be taken
of the special provisions on the composition of groups
of associations as laid down in Council Regulation No
136/66/EEC of 22 September 1966 on the establish-
ment of the common organization of the market in
oils and fats ⁽²⁾, as last amended by Regulation (EEC)
No 1917/80 ⁽³⁾ ;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Standing
Committee on Agricultural Structures,

⁽¹⁾ OJ No L 166, 23. 6. 1978, p. 1.

⁽²⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

⁽³⁾ OJ No L 186, 19. 7. 1980, p. 1.

HAS ADOPTED THIS REGULATION :

Article 1

1. The minimum volume of annual production or turnover and the minimum number of members which the producer groups should represent, within the meaning of Article 6 (1) (e) of Regulation (EEC) No 1360/78, shall be as laid down in the Annex.

Where they request recognition for products other than those listed in the Annex, the producer groups must have at least :

- an annual turnover of one million European units of account,
- 50 members.

The second subparagraph shall not apply to the sugar-beet sector.

2. The volume of production or the turnover referred to in paragraph 1 shall be in respect of products actually marketed or, in the case of the olive-oil sector, actually produced by the producers who are members of the producer group and shall be calculated as an average over the three years prior to the application for recognition.

Article 2

1. By way of derogation from Article 1, in those administrative regions of the Italian Republic where average production over the three prior to the entry into force of this Regulation exceeds 20 times the minimum volume of production for each sector, the groups must represent a minimum of 5 % of regional production, except in the sectors of oil seeds, live plants, bulbs, roots and the like, cut flowers and ornamental foliage, and honey.

Calculation of production in the various regions as provided for in the above subparagraph :

- shall be made on the basis of the official statistics of the Member State for the three years prior to the entry into force of this Regulation,
- shall be brought up to date every five years.

For the purposes of these calculations the figures may be rounded off to the nearest 1 000 or 100 depending on the orders of magnitude involved.

2. The minimum volume of production provided for in Article 1 and in paragraph 1 of this Article shall be reduced by 30 % for producer groups made up mainly of farmers with farms situated in the Mezzogiorno and in areas covered by Article 3 (3) of Council Directive 75/268/EEC of 28 April 1975 on mountain and hill farming and farming in certain less-favoured areas ⁽¹⁾.

Article 3

For the purposes of Article 6 (1) (e) of Regulation (EEC) No 1360/78, the associations must represent a volume of production or a turnover of at least :

- three times the minimum size laid down for groups in the region where they are registered, and
- 5 % of national production or, in the case of France, 5 % of the production of the Metropolitan departments covered by Regulation (EEC) No 1360/78 or of the production of each overseas department.

However, for the olive-oil sector, associations must represent at least :

- in Italy : 13 000 tonnes of oil and 25 000 producers,
- in France : 1 000 tonnes and 5 000 producers.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 31 July 1980.

Having regard to Council Regulation (EEC) No 1360/78 of 19 June 1978 on producer groups and associations thereof⁽¹⁾, and in particular Article 11 (3) thereof,

Whereas, under Article 10 (1) of Regulation (EEC) No 1360/78, the Member States are to grant aid to recognized groups and associations during the three years following the date of their recognition to encourage their formation and to facilitate their operation; whereas the amount of this aid for the first, second and third years may not exceed 60, 40 and 20 % respectively of the actual formation and operating expenses; whereas, in order to ensure that this system is correctly applied, these expenses should be specified;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Agricultural Structures,

HAS ADOPTED THIS REGULATION:

2. The producer groups and associations shall be allowed to spread the amount of the expenditure over the three years for which aid is granted.

3. The expenditure referred to in points (c) to (h) of paragraph 1 shall be taken into account for the purpose of calculating aid only as considered appropriate by the competent authorities of the Member State, in terms of the fulfilment by the groups and associations of their functions as laid down in Regulation (EEC) No 1360/78.

COMMISSION REGULATION (EEC) No 2085/80**of 31 July 1980****on the arrangements for imports into the United Kingdom of certain textile products originating in South Korea**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3059/78 of 21 December 1978 on common rules for imports of certain textile products originating in certain third countries⁽¹⁾, as last amended by Regulation (EEC) No 2143/79⁽²⁾, and in particular Articles 11 and 15 thereof,

Whereas Article 11 of Regulation (EEC) No 3059/78 lays down the conditions on which quantitative limitations may be established; whereas imports into the United Kingdom of textile fabrics impregnated, coated, covered or laminated (category 100), originating in South Korea, have exceeded the percentages fixed in paragraph 3 of the said Article;

Whereas in accordance with paragraph 5 of the said Article, South Korea was notified on 23 May 1980 of requests for consultations; whereas following those consultations it is desirable to make the products in question subject to quantitative limitations for the years 1980 to 1982;

Whereas paragraph 13 of the said Article 11 ensures that the quantitative limit is observed by means of a double-checking system in accordance with Annex V to the aforesaid Regulation;

Whereas the products in question exported from South Korea between 1 January 1980 and the date of entry into force of this Regulation must be set off against the quantitative limit for 1980;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Textile Committee,

HAS ADOPTED THIS REGULATION:

Article 1

Importation into the United Kingdom of the products originating in South Korea specified in the Annex hereto shall be subject to the quantitative limits given in that Annex and to the provisions of Article 2 (1).

Article 2

1. Products as referred to in Article 1, shipped from South Korea to the United Kingdom between 1 January 1980 and the date of entry into force of this Regulation, which have not yet been released for free circulation shall be so released on presentation of a bill of lading or other transport document proving that shipment actually took place during that period.

2. Imports of products shipped from South Korea to the United Kingdom after the entry into force of this Regulation shall be subject to the double-checking system described in Annex V to Regulation (EEC) No 3059/78.

3. For the purposes of applying the provisions of paragraph 2, the quantities of products shipped from South Korea on or after 1 January 1980 and released for free circulation shall be set off against the quantitative limit established for 1980.

of 4 August 1980

re-establishing the levying of customs duties on antibiotics, falling within heading No 29.44 and originating in China, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 2789/79 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2789/79 of 10 December 1979 establishing preferential tariffs in respect of certain products originating in developing countries⁽¹⁾, and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in European units of account, which will be equal — with the exception of certain products, the value of the ceilings for which is given in Annex A thereto — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1977 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1977 cif imports coming from other countries and from countries and territories already covered by such arrangements; whereas, however, the ceiling resulting from the sum of this addition may in no case exceed 110 or 115 % of that fixed for 1979;

Whereas, having regard to that ceiling, the amounts for products originating in any one of the countries or territories listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A thereto;

Whereas, in respect of antibiotics, falling within heading No 29.44, the ceiling, calculated as indicated above, should be 10 109 000 European units of account, and therefore the maximum amount is 5 055 000 European units of account; whereas on 29 July 1980 the amounts of imports into the Community of the products in question, originating in China, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 2789/79 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in relation to China,

COMMISSION REGULATION (EEC) No 2089/80

of 4 August 1980

amending Regulation (EEC) No 1934/80 on the sale for export of olive oil held
by the Italian intervention agency

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation No 136/66/EEC
of 22 September 1966 on the establishment of the
common organization of the market in oils and
fats⁽¹⁾, as last amended by Regulation (EEC) No
1917/80⁽²⁾, and in particular Article 12 (4) thereof,

Whereas, pursuant to Article 12 (1) of Regulation No
136/66/EEC, the Italian intervention agency has
bought in large quantities of olive oil during recent
years ;

Whereas Commission Regulation (EEC) No 1934/80
of 18 July 1980 on the sale for export of olive oil held
by the Italian intervention agency⁽³⁾ provides that the
oil awarded by tender may be exported to any destina-
tion in any presentation ;

Whereas there is an established export trade in olive
oil put up in small containers from the Community to
the United States of America and to Canada ; whereas
exportation in bulk of oil awarded by tender under
Regulation (EEC) No 1934/80 to these two countries
might well damage this traditional export trade ;
whereas to prevent this danger arising exportation in
bulk or in immediate containers of a net content of
more than five litres should be allowed only to coun-
tries other than the United States of America and
Canada ;

Whereas Article 20 of Commission Regulation (EEC)
No 2730/79 of 29 November 1979 laying down
common detailed rules for the application of the
system of export refunds on agricultural products⁽⁴⁾,
as last amended by Regulation (EEC) No 1607/80⁽⁵⁾,
specifies the evidence required to prove importation
into non-Community countries ;

Whereas Commission Regulation (EEC) No 2566/79
of 15 November 1979 on the country nomenclature
for the external trade statistics of the Community and
statistics of trade between Member States⁽⁶⁾ provides a
list of countries outside the Community in Europe

and of countries in Africa and the Near and Middle
East ;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION :

Article 1

Regulation (EEC) No 1934/80 is amended as follows :

1. The following paragraph is added to Article 1 :

'3. The quantities of olive oil awarded shall not
be exported in bulk or in immediate containers of
a net content of more than five litres to the United
States of America or Canada.'

2. The following subparagraph is added to Article 6 :

'In application of the provisions of Article 1 (3) the
security fixed in the second subparagraph of this
Article shall not be released in the case of olive oil
exported in bulk or in immediate containers of a
net content of more than five litres unless proof is
provided that the oil was imported into a non-Com-
munity country other than the United States of
America or Canada, except in cases where it has
been destroyed during transport as a result of *force
majeure* or has been used for supplies as indicated
in Article 5 of Regulation (EEC) No 2730/79. The
Member States, however, may exempt the exporter
from producing the documents, other than the
transport document, specified in Article 20 of Regu-
lation (EEC) No 2730/79 in cases where an opera-
tion presents adequate guarantees of arrival at desti-
nation of products for which a declaration of
export to a non-Community country in Europe, or
to a country in Africa, the Near or Middle East,
listed in Regulation (EEC) No 2566/79, was made.'

Communities*.

COMMISSION DECISION No 2091/80/ECSC**of 4 August 1980****repealing Decision No 3060/79/ECSC fixing minimum prices for hot-rolled wide strip, and imposing certain requirements on undertakings and dealers in the iron and steel industry**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community,

Having regard to Commission Decision No 3060/79/ECSC of 27 December 1979 fixing minimum prices for hot-rolled wide strip, and imposing certain requirements on undertakings and dealers in the iron and steel industry⁽¹⁾, and in particular Article 9 thereof,

Whereas iron and steel producers in the Community have undertaken restructuring efforts; whereas the maintenance of minimum prices might encourage some producers to increase their hot-rolled wide strip production capacity to an extent that would make it incompatible with the general objectives for steel,

Whereas it is therefore necessary to abolish the minimum prices for this product;

Whereas the other requirements in the said Decision have no justification once the minimum prices are no longer applicable;

Whereas it is therefore necessary to repeal Decision No 3060/79/ECSC in its entirety;

Whereas, in view of the consultations held, the Commission is in a position to reintroduce the minimum prices immediately should it find that conditions on the market are deteriorating, and in particular if the abolition of minimum prices leads to a reduction in the prices of hot-rolled wide strip likely to jeopardize the attainment of the aims of the Treaty and of the steel policy,

HAS ADOPTED THIS DECISION:

Article 1

Decision No 3060/79/ECSC is hereby repealed.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Communities*.
