ANNEX

Specific conditions of application of the Cooperation Agreement between the European Economic Community and the Hashemite Kingdom of Jordan consequent on the accession of the Hellenic Republic

Article 1

For the products listed in Annex 1, the Hellenic Republic shall progressively abolish customs duties on imports of products originating in Jordan in accordance with the following timetable:

- on 1 January 1981, each duty shall be reduced to 90 % of the basic duty,
- on 1 January 1982, each duty shall be reduced to 80 % of the basic duty,
- the four other reductions of 20 % each shall be made on:
 - 1 January 1983,
 - 1 January 1984,
 - 1 January 1985,
 - 1 January 1986.

Article 2

1. For the products listed in Annex 1, the basic duty to which the successive reductions provided for in Article 1 are to be applied shall, for each product, be the duty actually applied by the Hellenic Republic in respect of Jordan on 1 July 1980.

2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff, the basic duty shall be 17.2 % *ad valorem*.

Article 3

1. For the products listed in Annex 1, the Hellenic Republic shall progressively abolish charges having equivalent effect to customs duties on imports of products originating in Jordan in accordance with the following timetable:

- on 1 January 1981, each charge shall be reduced to 90 % of the basic rate,
- on 1 January 1982, each charge shall be reduced to 80 % of the basic rate,
- the four other reductions of 20 % each shall be made on:
 - 1 January 1983,
 - 1 January 1984,
 - 1 January 1985,
 - 1 January 1986.

2. The basic rate to which the successive reductions provided for in paragraph 1 are to be applied shall, for each product, be the rate applied by the Hellenic Republic on 31 December 1980 in respect of the Community of Nine.

3. Any charge having equivalent effect to a customs duty on imports, introduced as from 1 January 1979 in trade between Greece and Jordan, shall be abolished on 1 January 1981.

Article 4

If the Hellenic Republic suspends or reduces duties or charges having equivalent effect on products imported from the Community of Nine more quickly than under the established timetable, the Hellenic Republic shall also suspend or reduce, by the same percentage, those duties or charges having equivalent effect on products originating in Jordan.

Article 5

1. The variable component, which the Hellenic Republic may apply to products covered by Council Regulation (EEC) No 3033/80 of 11 November 1980 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products ⁽¹⁾ originating in Jordan, shall be adjusted by the compensatory amount applied in trade between the Community of Nine and Greece.

2. For the products covered by Regulation (EEC) No 3033/80 and also listed in Annex 1; the Hellenic Republic shall abolish, in accordance with the timetable laid down in Article 1, the difference between:

- the fixed component of the duty to be applied by the Hellenic Republic upon accession, and
- the duty (other than the variable component) resulting from the provisions of the Agreement.

Article 6

For the products listed in Annex II to the EEC Treaty, the preferential rates laid down or calculated shall be

⁽¹⁾ OJ No L 323, 29. 11. 1980, p. 1.

applied to the duties actually levied by the Hellenic Republic, in respect of third countries, in accordance with Article 64 of the 1979 Act of Accession.

Under no circumstances shall Greek imports from Jordan benefit from rates of duty more favourable than those applied to products from the Community of Nine.

Article 7

1. The Hellenic Republic may retain quantitative restrictions until 31 December 1985 on products listed in Annex 2 and originating in Jordan.

2. The restrictions referred to in paragraph 1 shall take the form of global quotas.

The global quotas for 1981 are listed in Annex 2.

3. The minimum rate of progressive increase for the quotas referred to in paragraph 2 shall be 25 % at the beginning of each year for quotas expressed in European units of account (EUA) and 20 % at the beginning of each year for quotas expressed in terms of volume. Such increases shall be added to each quota and the next increase calculated on the basis of the total thus obtained.

Where a quota is expressed in terms of both volume and value, the quota relating to volume shall be raised by at least 20 % a year and the quota relating to value by at least 25 % a year, the succeeding quotas to be calculated each year on the basis of the preceding quota plus the increase.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15 % a year and the quota relating to value by 20 % a year.

4. Where it is found that imports into Greece of a product listed in Annex 2 have for two consecutive years been less than 90 % of the quota, the Hellenic Republic shall liberalize imports of that product originating in Jordan, if the product in question is at that time liberalized towards the Community of Nine.

5. If the Hellenic Republic liberalizes imports of a product listed in Annex 2 and coming from the

Community of Nine or increases a quota applicable to the Community of Nine beyond the minimum rate laid down in paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in Jordan or increase the global quota proportionally.

6. Regarding licences for imports of products listed in Annex 2 and originating in Jordan, the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community of Nine with the exception of the quota for fertilizers falling within heading Nos 31.02 and 31.03 and subheadings 31.05 A I, II and IV of the Common Customs Tariff, where the Hellenic Republic may apply the rules and practices relevant to exclusive marketing rights.

Article 8

1. Import deposits and cash payments in force in Greece on 31 December 1980 with regard to imports of products originating in Jordan shall be progressively eliminated over a period of three years from 1 January 1981.

The rate of import deposits and cash payments shall be reduced in accordance with the following timetable:

- 1 January 1981: 25 %,
- 1 January 1982: 25 %,
- 1 January 1983: 25 %,
- 1 January 1984: 25 %.

2. For the products listed in Annex II to the EEC Treaty, charges having equivalent effect to customs duties and measures having equivalent effect to quantitative restrictions (import deposits, cash payments, validation of invoices, etc.) shall be abolished by the Hellenic Republic on 1 January 1981 in respect of products originating in Jordan in accordance with Article 65 of the 1979 Act of Accession.

3. If, in respect of the Community of Nine, the Hellenic Republic reduces the rate of import deposits or cash payments more quickly than under the timetable set out in paragraph 1, the Hellenic Republic shall make the same reduction with regard to imports of products originating in Jordan.

ANNEX

Specific conditions of application of the Cooperation Agreement between the European Economic Community and the Lebanese Republic consequent upon the accession of the Hellenic Republic

Article 1

For the products listed in Annex 1, the Hellenic Republic shall progressively abolish customs duties on imports of products originating in Lebanon in accordance with the following timetable:

- on 1 January 1981, each duty shall be reduced to 90 % of the basic duty,
- on 1 January 1982, each duty shall be reduced to 80 % of the basic duty,
- the four other reductions of 20 % each shall be made on:
 - 1 January 1983,
 - 1 January 1984,
 - 1 January 1985,
 - 1 January 1986.

Article 2.

1. For the products listed in Annex 1, the basic duty to which the successive reductions provided for in Article 1 are to be applied shall, for each product, be the duty actually applied by the Hellenic Republic in respect of Lebanon on 1 July 1980.

2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff, the basic duty shall be 17.2 % *ad valorem*.

Article 3

1. For the products listed in Annex 1 the Hellenic Republic shall progressively abolish charges having equivalent effect to customs duties on imports of products originating in Lebanon in accordance with the following timetable:

- on 1 January 1981, each charge shall be reduced to 90 % of the basic rate,
- on 1 January 1982, each charge shall be reduced to 80 % of the basic rate,
- the four other reductions of 20 % each shall be made on:
 - 1 January 1983,
 - 1 January 1984,
 - 1 January 1985,
 - 1 January 1986.

2. The basic rate to which the successive reductions provided for in paragraph 1 are to be applied shall, for each product, be the rate applied by the Hellenic Republic on 31 December 1980 in respect of the Community of Nine.

3. Any charge having equivalent effect to a customs duty on imports, introduced as from 1 January 1979 in trade between Greece and Lebanon, shall be abolished on 1 January 1981.

Article 4

If the Hellenic Republic suspends or reduces duties or charges having equivalent effect on products imported from the Community of Nine more quickly than under the established timetable, the Hellenic Republic shall also suspend or reduce, by the same percentage, those duties or charges having equivalent effect on products originating in Lebanon.

Article 5

1. The variable component which the Hellenic Republic may apply to products covered by Council Regulation (EEC) No 3033/80 of 11 November 1980 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products ⁽¹⁾, originating in Lebanon, shall be adjusted by the compensatory amount applied in trade between the Community of Nine and Greece.

2. For the products covered by Regulation (EEC) No 3033/80 and also listed in Annex 1, the Hellenic Republic shall abolish, in accordance with the timetable laid down in Article 1, the difference between:

- the fixed component of the duty to be applied by the Hellenic Republic upon accession, and
- the duty (other than the variable component) resulting from the provisions of the Agreement.

Article 6

For the products listed in Annex II to the EEC Treaty, the preferential rates laid down or calculated shall be

⁽¹⁾ OJ No L 323, 29. 11. 1980, p. 1.

applied to the duties actually levied by the Hellenic Republic in respect of third countries in accordance with Article 64 of the 1979 Act of Accession.

Under no circumstances shall Greek imports from Lebanon benefit from rates of duty more favourable than those applied to products from the Community of Nine.

Article 7

1. The Hellenic Republic may retain quantitative restrictions until 31 December 1985 on products listed in Annex 2 and originating in Lebanon.

2. The restrictions referred to in paragraph 1 shall take the form of global quotas.

The global quotas for 1981 are listed in Annex 2.

3. The minimum rate of progressive increase for the quotas referred to in paragraph 2 shall be 25 % at the beginning of each year for quotas expressed in European units of account (EUA), and 20 % at the beginning of each year for quotas expressed in terms of volume. Such increases shall be added to each quota and the next increase calculated on the basis of the total thus obtained.

Where a quota is expressed in terms of both volume and value, the quota relating to volume shall be raised by at least 20 % a year and the quota relating to value by at least 25 % a year, the succeeding quotas to be calculated each year on the basis of the preceding quota plus the increase.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15 % a year and the quota relating to value by 20 % a year.

4. Where it is found that imports into Greece of a product listed in Annex 2 have for two consecutive years been less than 90 % of the quota, the Hellenic Republic shall liberalize imports of that product originating in Lebanon, if the product in question is at that time liberalized towards the Community of Nine.

5. If the Hellenic Republic liberalized imports of a product listed in Annex 2 and coming from the Community of Nine or increases a quota applicable to the Community of Nine beyond the minimum rate laid down in paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in Lebanon or increase the global quota proportionally.

6. Regarding licences for imports of products listed in Annex 2 and originating in Lebanon, the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community of Nine, with the exception of the quota for fertilizers falling within heading Nos 31.02 and 31.03 and subheadings 31.05 A I, II and IV of the Common Customs Tariff, where the Hellenic Republic may apply the rules and practices relevant to exclusive marketing rights.

Article 8

1. Import deposits and cash payments in force in Greece on 31 December 1980 with regard to imports of products originating in Lebanon shall be progressively eliminated over a period of three years from 1 January 1981.

The rate of import deposits and cash payments shall be reduced in accordance with the following timetable:

- 1 January 1981: 25 %,
- 1 January 1982: 25 %,
- 1 January 1983: 25 %,
- 1 January 1984: 25 %.

2. For the products listed in Annex II to the EEC Treaty, charges having equivalent effect to customs duties and measures having equivalent effect to quantitative restrictions (import deposits, cash payments, validation of invoices, etc.) shall be abolished by the Hellenic Republic on 1 January 1981 in respect of products originating in Lebanon in accordance with Article 65 of the 1979 Act of Accession.

3. If, in respect of the Community of Nine, the Hellenic Republic reduces the rate of import deposits or cash payments more quickly than under the timetable set out in paragraph 1, the Hellenic Republic shall make the same reduction with regard to imports of products originating in Lebanon.

2. For the purposes of the Community tariff quotas laid down for the goods listed in Annex 1 hereto or in Annex II to the EEC Treaty, the Hellenic Republic shall apply duties calculated in accordance with Articles 2 and 3 or Article 6 of this Annex.

Article 2

For the products listed in Annex 1, the Hellenic Republic shall, until 31 December 1985, progressively align customs duties on imports resulting from the application of the Agreement in accordance with the following timetable:

- from 1 January 1981 the Hellenic Republic shall apply a duty reducing by 10 % the difference between the basic duty and the duty resulting from the application of the Agreement,
- from 1 January 1982:
 - (a) for tariff headings in respect of which the basic duties are not more than 15 % in either direction from the duties resulting from the application of the Agreement, these latter duties shall be applied;
 - (b) in other cases, the Hellenic Republic shall apply a duty again reducing by 10 % the difference between the basic duty and the duty resulting from the application of the Agreement.

This difference shall be reduced by a further 20 % on 1 January 1983, by 20 % on 1 January 1984 and by 20 % on 1 January 1985.

From 1 January 1986 the Hellenic Republic shall apply in full the duties resulting from the application of the Agreement.

Article 3

1. For the products listed in Annex 1, the basic duty to which the successive reductions provided for in Article 2 are to be applied shall, for each product, be

the duty actually applied by the Hellenic Republic in respect of Spain on 1 July 1980.

2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff, the basic duty shall be 17.2 % *ad valorem*.

Article 4

1. For the products listed in Annex 1, the Hellenic Republic shall progressively abolish charges having an equivalent effect to customs duties on imports of products originating in Spain in accordance with the following timetable:

- on 1 January 1981, each charge shall be reduced to 90 % on the basic rate,

 - 1 January 1983,

 - 1 January 1985,
 - 1 January 1986.

2. The basic rate to which the successive reductions provided for in paragraph 1 are to be applied shall, for each product, be the rate applied by the Hellenic Republic on 31 December 1980 in respect of the Community of Nine.

3. Any charge having equivalent effect to a customs duty on imports, introduced as from 1 January 1979 in trade between Greece and Spain shall be abolished on 1 January 1981.

Article 5

If the Hellenic Republic suspends or reduces duties or charges having an equivalent effect on products imported from the Community of Nine more quickly

than under the established timetable, the Hellenic Republic shall also suspend or reduce, by the same percentage, those duties or charges having an equivalent effect on products originating in Spain.

Article 6

For the products listed in Annex II to the EEC Treaty, the preferential rates laid down or calculated shall be applied to the duties actually levied by the Hellenic Republic in respect of third countries in accordance with Article 64 of the 1979 Act of Accession.

Under no circumstances shall Greek imports from Spain benefit from rates of duty more favourable than those applied to products from the Community of Nine.

Article 7

1. The Hellenic Republic may retain quantitative restrictions until 31 December 1985 on products listed in Annex 2 and originating in Spain.

2. The restrictions referred to in paragraph 1 shall take the form of global quotas.

The global quotas for 1981 are listed in Annex 2.

3. The minimum rate of progressive increase for the quotas referred to in paragraph 2 shall be 25 % at the beginning of each year for quotas expressed in European units of account (EUA), and 20 % at the beginning of each year for quotas expressed in terms of volume. Such increases shall be added to each quota and the next increase calculated on the basis of the total thus obtained.

Where a quota is expressed in terms of both volume and value, the quota relating to volume shall be raised by at least 20 % a year and the quota relating to value by at least 25 % a year, the succeeding quotas to be calculated each year on the basis of the preceding quota plus the increase.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15 % a year and the quota relating to value by 20 % a year.

4. Where it is found that imports into Greece of a product listed in Annex 2 have for two consecutive years been less than 90 % of the quota, the Hellenic Republic shall liberalize imports of that product originating in Spain, if the product in question is at that time liberalized towards the Community of Nine.

5. If the Hellenic Republic liberalizes imports of a product listed in Annex 2 and coming from the Community of Nine or increases a quota applicable to the Community of Nine beyond the minimum rate laid down in paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in Spain or increase the global quota proportionally.

6. Regarding licences for imports of products listed in Annex 2 and originating in Spain, the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community of Nine, with the exception of the quota for fertilizers falling within heading Nos 31.02 and 31.03 and subheadings 31.05 A I, II and IV of the Common Customs Tariff, where the Hellenic Republic may apply the rules and practices relevant to exclusive marketing rights.

Article 8

1. Import deposits and cash payments in force in Greece on 31 December 1980 with regard to imports of products originating in Spain shall be progressively eliminated over a period of three years from 1 January 1981.

The rate of import deposits and cash payments shall be reduced in accordance with the following timetable:

- 1 January 1981 : 25 %,
- 1 January 1982 : 25 %,
- 1 January 1983 : 25 %,
- 1 January 1984 : 25 %.

2. If, in respect of the Community of Nine, the Hellenic Republic reduces the rate of import deposits or cash payments more quickly than under the timetable set out in paragraph 1, the Hellenic Republic shall make the same reduction with regard to imports of products originating in Spain.
