*(Acts whose publication is obligatory)***COUNCIL REGULATION (EEC) No 1776/81****of 30 June 1981****fixing the target prices and basic intervention prices for colza and rape seed and sunflower seed for the 1981/82 marketing year**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by the 1979 Act of Accession, and in particular the third subparagraph of Article 22 (1) thereof,

Having regard to the proposal from the Commission⁽²⁾,

Having regard to the opinion of the European Parliament⁽³⁾,

Having regard to the opinion of the Economic and Social Committee⁽⁴⁾,

Whereas, when the target prices and basic intervention prices for colza and rape seed and sunflower seed are fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural Community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas Article 2 of Regulation (EEC) No 1585/80⁽⁵⁾ provides that the basic intervention prices for the 1981/82 marketing year must be fixed at levels that will permit a smooth transition to the intervention price system applying from the 1982/83 marketing year;

Whereas application of these criteria entails fixing the target price and basic intervention price for colza and

rape seed and for sunflower seed at a higher level than that adopted for the preceding marketing year;

Whereas the prices of colza and rape seed and sunflower seed must be fixed for specific standard qualities; whereas the latter should be laid down in relation to the average qualities of the seeds harvested in the Community; whereas, for colza and rape seed and sunflower seed, the quality laid down for the 1980/81 marketing year meets these requirements and can accordingly be used for the following marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1981/82 marketing year, the target prices and the basic intervention prices for colza and rape seed and sunflower seed shall be as follows:

(ECU per 100 kg)

- | | |
|----------------------------|-------|
| (a) Colza and rape seed: | |
| — target price | 42.56 |
| — basic intervention price | 39.71 |
| (b) Sunflower seed: | |
| — target price | 47.75 |
| — basic intervention price | 44.06 |

The basic intervention prices are valid in Genoa.

Article 2

The prices referred to in Article 1 relate to seeds in bulk of sound, fair and marketable quality:

- (a) with an impurity content of 2 % and, for seeds as such, humidity and oil contents of 9 % and 40 % respectively in the case of colza and rape seed;
- (b) with an impurity content of 2 % and, for seeds as such, humidity and oil contents of 10 % and 40 % respectively in the case of sunflower seed.

COUNCIL REGULATION (EEC) No 1777/81

of 30 June 1981

fixing for the 1981/82 marketing year the monthly increases in the target and intervention prices for colza and rape seed and sunflower seed

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by the 1979 Act of Accession, and in particular Article 25 thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Whereas, in accordance with Article 25 of Regulation No 136/66/EEC, the amount by which the target and intervention prices for colza, rape seed and sunflower seed are increased monthly from the beginning of the third month of the marketing year should be fixed for the 1981/82 marketing year, and the number of months during which such increases are to be applied should be determined; whereas such amount must be the same for both prices;

Whereas such increases must be the same for each month and be fixed by reference to average storage and interest charges recorded in the Community; whereas average storage charges should be determined on the basis of the cost of storing the seed in suitable premises and of the handling charges necessary to keep the seed in good condition; whereas interest charges may be calculated on the basis of the rate considered as normal for the production areas;

Whereas, taking into account the aforesaid requirements, the monthly increases for the 1981/82

marketing year should be fixed at a higher level than that for the preceding marketing year;

Whereas for colza and rape seed the experience gained during the 1980/81 marketing year and harvest forecasts justify determining for the 1981/82 marketing year a number of monthly increases different from that laid down for the preceding marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1981/82 marketing year, the amount of the monthly increases in the target and intervention prices for colza and rape seed shall be 0.452 ECU per 100 kilograms.
2. These increases shall apply for eight months.

Article 2

1. For the 1981/82 marketing year, the amount of the monthly increases in the target and intervention prices for sunflower seed shall be 0.535 ECU per 100 kilograms.
2. These increases shall apply for five months.

Article 3

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1778/81**of 30 June 1981****fixing for the 1981/82 marketing year the activating price for aid for peas and field beans and the minimum price for these products**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1119/78 of 22 May 1978 laying down special measures for peas and field beans used in the feeding of animals ⁽¹⁾, and in particular Article 1 (1) and (4) and Article 2 (2) thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Having regard to the opinion of the European Parliament ⁽³⁾,

Having regard to the opinion of the Economic and Social Committee ⁽⁴⁾,

Whereas Article 1 (2) of Regulation (EEC) No 1119/78 provides that an activating price for aid for peas and field beans must be fixed for soya meal at a level which, while ensuring a fair income to producers, enables peas and field beans to be used in animal feedingstuffs under conditions of normal competition with oilseed meals;

Whereas this activating price for aid for peas and field beans must relate to a standard quality which is representative of the average quality of soya meal sold on the Community market;

Whereas Article 2 of the same Regulation provides for the fixing of a minimum price which, allowing for market fluctuations and for the cost of transport of the product from producer to processor, enables producers to obtain a fair return,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1981/82 marketing year the activating price for aid for peas and field beans, as referred to in Article 1 of Regulation (EEC) No 1119/78, shall be 41.83 ECU per 100 kilograms.

2. This price shall relate to soya meal having:

- a total raw protein content of 44 %,
- a humidity content of 11 %.

Article 2

For the 1981/82 marketing year the minimum purchase price for peas and field beans shall be 24.47 ECU per 100 kilograms.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1779/81**of 30 June 1981****amending Regulation No 115/67/EEC with regard to the criteria for determining the world market price for oil seeds**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by the 1979 Act of Accession, and in particular Article 36 thereof,

Having regard to the proposal from the Commission,

Whereas, in accordance with Article 29 of Regulation No 136/66/EEC, when the world market price for oil seeds is being determined, prices shall be adjusted where appropriate to take prices of competing products into account;

Whereas, owing to the exceptional situation on the market in colza and rape seed in the 1980/81 marketing year, provision was made for an additional adjustment when the world market price was being determined to improve the marketing of Community

seeds and at the same time make maximum use of crushing capacities; whereas, to this end, Regulation No 115/67/EEC ⁽²⁾ was amended by the Council by Regulation (EEC) No 2917/80 ⁽³⁾;

Whereas the situation is the same for the 1981/82 marketing year; whereas the application of this measure should be extended for another year,

HAS ADOPTED THIS REGULATION:

Article 1

In the second subparagraph of Article 5a of Regulation No 115/67/EEC, '30 June 1981' shall be replaced by '30 June 1982'.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply as from 30 June 1981.

COUNCIL REGULATION (EEC) No 1780/81**of 30 June 1981****fixing for the 1981/82 marketing year the main intervention centres for colza and rape seed and sunflower seed and the intervention prices applicable in these centres**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by the 1979 Act of Accession, and in particular the first subparagraph of Article 22 (2) thereof,

Having regard to the proposal from the Commission,

Whereas, in accordance with Article 22 (2) of Regulation No 136/66/EEC, the main intervention centres for colza and rape seed and sunflower seed and the derived intervention prices applicable in these centres should be fixed for the 1981/82 marketing year;

Whereas the locations of the principal markets in the main production areas should be adopted as main intervention centres; whereas the locations which are most representative for the processing of these seeds and the locations outside production areas that are representative for internal trade and the export trade in these seeds should also be adopted as main intervention centres;

Whereas, in accordance with Article 2 of Regulation (EEC) No 1585/80 ⁽²⁾, the derived intervention prices

should be fixed at levels that will make for a smooth transition to the intervention price system that will apply for the 1982/83 marketing year;

Whereas the experience acquired in the 1980/81 marketing year indicates that the main intervention centres fixed for colza and rape seed and sunflower seed for that marketing year should be retained for the 1981/82 marketing year, whilst adding some new centres,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1981/82 marketing year, the main intervention centres for colza and rape seed and sunflower seed and the intervention prices applicable in these centres shall be as indicated in the Annex hereto.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.
