Having regard to the Act of Accession of Greece, and in particular Article 73 thereof,

Whereas Article 31 of Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine ⁽¹⁾, as last amended by Regulation (EEC) No 3577/81 ⁽²⁾, provides for the classification of vine varieties approved for cultivation within the Community; whereas these varieties are to be classified by administrative units or parts thereof, into recommended varieties, authorized varieties and provisionally authorized varieties;

Whereas Article 31 (2) of Regulation (EEC) No 337/79 provides that only recommended or authorized varieties may be used for new planting, replanting or grafting within the Community;

Whereas Commission Regulation (EEC) No 2005/70 of 6 October 1970 on the classification of vine varieties ⁽³⁾, as last amended by Regulation (EEC) No 591/80 ⁽⁴⁾, does not include the classification for Greece, but has, meanwhile, been consolidated by Regulation (EEC) No 3800/81 ⁽⁵⁾ which applies with effect from 1 September 1981;

Whereas the classification of vine varieties to apply in Greece during the period 1 January to 31 August 1981 should be drawn up; whereas it seems appropriate for this purpose to adopt the classification which is applicable in Greece as from 1 September 1981;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,
