This handbook for students has been prepared, for the assistance of students and their advisers to bring together in all Community languages the basic information needed by those considering a period of higher education in another Member State.

The Handbook contains an entry for each of the Member States of the Community. Each entry consists of two main sections, a descriptive text and an appendix. The text gives general information on the structure of the higher education system, its institutions and the types of qualifications obtainable, on admission conditions and application procedures, and on fees, language requirements and grants, as well as an indication of important social elements such as social security counselling, accommodation, etc. The appendix to each country entry contains a list of addresses of organizations and institutions from which further information and/or application forms may be obtained, a bibliography of national information material, in most cases a table of subjects taught at each institution, and a glossary per national entry for the explanation of terms that have not been translated.

In addition to the national entries, the Handbook contains separate entries for the College of Europe at Bruges and the European University Institute at Florence.
