rape and sunflower seed

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

applied in agriculture ⁽³⁾, as amended by Regulation

the difference referred to in Article 2 (1) of Regulation

has changed by at least one point from the percentage
used for the previous fixing; whereas this fact should
be taken into account when fixing the components
used to calculate the differential amounts for colza,
rape and sunflower seed where those components are
already applied in respect of the Member States
concerned,

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas it follows from applying these provisions that the world market price for colza, rape and sunflower seed should be as set out in the Annex hereto,

COMMISSION REGULATION (EEC) No 1712/83
of 24 June 1983
fixing additional amounts for certain pigmeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat ⁽¹⁾, as last amended by Regulation (EEC) No 2966/80 ⁽²⁾, and in particular the second subparagraph of Article 13 (5) thereof,

Whereas if, for a given product, the free-at-frontier offer price (hereinafter called the 'offer price') falls below the sluice-gate price, the levy applicable to that product must be increased by an additional amount equal to the difference between the sluice-gate price and the offer price determined in accordance with Article 1 of Commission Regulation No 202/67/EEC of 28 June 1967 on fixing the additional amount for imports of pigmeat products from third countries ⁽³⁾, as amended by Regulation No 614/67/EEC ⁽⁴⁾;

Whereas the offer price must be determined for all imports from all third countries; whereas, however, if exports from one or more third countries are effected at abnormally low prices, lower than prices ruling for other third countries, a second offer price must be determined for exports from these other countries;

Whereas the regular review of the information serving as a basis for the determination of average offer prices for the products listed in Article 1 (1) of Regulation (EEC) No 2759/75 indicates that additional amounts corresponding to the figures shown in the Annex hereto should be fixed for the imports listed according to product and country of origin in that Annex;

Whereas Council Regulation (EEC) No 2767/75 of 29 October 1975 ⁽⁵⁾, as amended by Regulation (EEC) No 220/83 ⁽⁶⁾, laid down general rules for the fixing of additional amounts for those products for which no sluice-gate price is fixed;

Whereas Regulation No 202/67/EEC lays down certain detailed rules, to that end, and in particular for determining the free-at-frontier offers for those products; whereas, according to the information received by the Commission, offers from third countries in the determination of which not only the prices shown in customs documents but also all other indications concerning the prices ruling in third countries, are taken into account, are developing in such a way that additional amounts should be fixed for those products at the level shown in the Annex;

Whereas, in accordance with Article 1 of Regulation No 121/65/EEC ⁽⁷⁾ and with Regulations (EEC) No 564/68 ⁽⁸⁾, (EEC) No 998/68 ⁽⁹⁾, as amended by Regulation (EEC) No 328/83 ⁽¹⁰⁾, (EEC) No 2260/69 ⁽¹¹⁾, as amended by Regulation (EEC) No 328/83, and (EEC) No 1570/71 ⁽¹²⁾, as amended by Regulation (EEC) No 328/83, the levy on certain products listed in those Regulations which originate in and come from the Federal Republic of Austria, the People's Republic of Poland, the Hungarian People's Republic, the Socialist Republic of Romania and the People's Republic of Bulgaria should not be increased by an additional amount;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

COMMISSION REGULATION (EEC) No 1713/83

of 24 June 1983

introducing a countervailing charge on cucumbers originating in Poland

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
1035/72 of 18 May 1972 on the common organization
of the market in fruit and vegetables⁽¹⁾, as last
amended by Regulation (EEC) No 1738/82⁽²⁾, and in
particular the second subparagraph of Article 27 (2)
thereof,

Whereas Article 25 (1) of Regulation (EEC) No
1035/72 provides that, if the entry price of a product
imported from a third country remains at least 0,6
ECU below the reference price for two consecutive
market days, a countervailing charge must be intro-
duced in respect of the exporting country concerned,
save in exceptional circumstances; whereas this charge
is equal to the difference between the reference price
and the arithmetic mean of the last two entry prices
available for that exporting country;

Whereas Commission Regulation (EEC) No 292/83 of
3 February 1983 fixing the reference prices for cucum-
bers for the 1983 marketing year⁽³⁾ fixed the reference
price for products of Class I for the month of June
1983 at 55,19 ECU per 100 kilograms net;

Whereas the entry price for a given exporting country
is equal to the lowest representative prices recorded for
at least 30 % of the quantities from the exporting
country concerned which are marketed on all repre-
sentative markets for which prices are available less the
duties and the charges indicated in Article 24 (3) of
Regulation (EEC) No 1035/72; whereas the meaning
of representative price is defined in Article 24 (2) of
Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regula-
tion (EEC) No 2118/74⁽⁴⁾, as last amended by Regula-

tion (EEC) No 3011/81⁽⁵⁾, the prices to be taken into
consideration must be recorded on the representative
markets or, in certain circumstances, on other June
|CO40,3| markets; whereas it is necessary to multiply
the prices with the coefficient fixed in the first subpa-
ragraph of Article 1 (2) of Regulation (EEC) No
292/83;

Whereas, for Polish cucumbers, the entry price calcu-
lated in this way has remained at least 0,6 ECU below
the reference price for two consecutive market days;
whereas a countervailing charge should therefore be
introduced for these cucumbers;

Whereas, if the system is to operate normally the entry
price should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 5,16 ECU per 100 kilo-
grams net is applied to cucumbers (subheading 07.01
P I of the Common Customs Tariff) originating in
Poland.

COMMISSION REGULATION (EEC) No 1714/83

of 24 June 1983

fixing the import levies on live cattle and on beef and veal other than frozen

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by the Act of Accession of Greece ⁽²⁾, and in particular Article 12 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas under Article 9 of Regulation (EEC) No 805/68 a levy is applicable to the products specified in Article 1 (1) (a) of that Regulation; whereas Article 12 fixes the amount of the levy applicable by reference to a percentage of the basic levy;

Whereas in respect of bovine animals the basic levy is determined on the basis of the difference between the guide price and the Community free-at-frontier offer price plus the amount of the customs duty; whereas the Community free-at-frontier offer price is determined in the light of the most representative purchasing possibilities, as regards quality and quantity, recorded over a certain period for bovine animals and for the fresh or chilled meat specified in section (a) of the Annex to the said Regulation under subheadings 02.01 A II a) 1 to 3, account being taken in particular of the position with respect to supply and demand, of world market prices for frozen meat of a category which is competitive with fresh or chilled meat and of past experience;

Whereas if it is found that the price of adult bovine animals on representative Community markets is higher than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 75 % where the market price is less than or equal to 102 % of the guide price;
- (b) 50 % where the market price is more than 102 % and less than or equal to 104 % of the guide price;
- (c) 25 % where the market price is more than 104 % and less than or equal to 106 % of the guide price;
- (d) 0 % where the market price is more than 106 % of the guide price;

Whereas if it is found that the price of adult bovine animals on representative Community markets is equal to or less than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 100 % where the market price is more than or equal to 98 % of the guide price;
- (b) 105 % where the market price is less than 98 % and more than or equal to 96 % of the guide price;
- (c) 110 % where the market price is less than 96 % and more than or equal to 90 % of the guide price;
- (d) 114 % where the market price is less than 90 % of the guide price;

Whereas pursuant to Article 10 (4) of Regulation (EEC) No 805/68 the basic levy on the meat specified in sections (a), (c) and (d) of the Annex hereto is equal to the basic levy determined for bovine animals, multiplied by a standard coefficient fixed for each of the products in question; whereas these coefficients are fixed by Commission Regulation (EEC) No 586/77 of 18 March 1977 laying down rules for the application of levies on beef and veal and amending Regulation (EEC) No 950/68 on the Common Customs Tariff ⁽³⁾, as last amended by Regulation (EEC) No 882/79 ⁽⁴⁾;

Whereas the guide prices for adult bovine animals to be applied from 23 May 1983 were fixed by Council Regulation (EEC) No 1213/83 of 17 May 1983 ⁽⁵⁾;

Whereas Regulation (EEC) No 586/77 stipulates that the basic levy is to be calculated according to the method set out in its Article 3 and on the basis of all the representative free-at-frontier offer prices of the Community determined for the products of each of the categories and cuts specified in Article 2 and established principally by reference to the prices specified in the customs documents accompanying products imported from third countries or from other information concerning export prices obtaining in those third countries;

Whereas, however, offer prices that do not correspond to real purchasing possibilities or that relate to unrepresentative quantities should not be taken into account; whereas offer prices should also be excluded

when the movement of prices in general or the information available suggests that they are unrepresentative of the true trend of prices in the country of origin ;

Whereas in cases where for one or more categories of bovine animals or cuts of meat a free-at-frontier offer price cannot be established, the most recent available price should be used for the calculation ;

Whereas if the free-at-frontier offer price differs by less than 0,60 ECU per 100 kilograms of live weight from that previously used for the calculation of the levy, the latter price should be retained ;

Whereas pursuant to Article 10 (3) of Regulation (EEC) No 805/68 a special basic levy is determined for certain third countries on the basis of the difference between the guide price and the average price recorded over a certain period plus the amount of the customs duty ;

Whereas Commission Regulation (EEC) No 611/77 of 18 March 1977 ⁽¹⁾, as amended by Regulation (EEC) No 925/77 ⁽²⁾, provides that the special levy on products originating in and coming from Austria, Sweden and Switzerland should be determined on the basis of the weighted average of the prices of adult bovine animals recorded on the representative markets of those third countries ; whereas the weighting coefficients and representative markets are specified in the Annexes to Regulation (EEC) No 611/77 ;

Whereas the average price is not to be used for calculating the special levy unless it is at least 1.21 ECU per 100 kilograms of live weight more than the free-at-frontier offer price determined in accordance with Article 10 (2) of Regulation (EEC) No 805/68 ;

Whereas if the average price differs by less than 0,60 ECU per 100 kilograms of live weight from that previously used to calculate the levy, the latter may be retained ;

Whereas in cases where one or more of the abovementioned third countries adopt, for reasons of health for example, measures affecting the prices recorded on their markets, the Commission may use the latest prices recorded before the entry into force of such measures ;

Whereas pursuant to Article 12 (6) of Regulation (EEC) No 805/68 the price of adult bovine animals on representative Community markets is the price established

on the basis of prices recorded over a period to be determined on the representative market or markets of each Member State in respect of the various categories of adult bovine animals or of meat from such animals, after taking into account the size of each of these categories and the relative size of the bovine herd of each Member State ;

Whereas the prices of adult bovine animals recorded on the representative market or markets of each Member State are equal to the average, weighted by the appropriate coefficients, of the prices for the various qualities of adult bovine animals or meat of such animals over a period of seven days in that Member State at a particular wholesale marketing stage ; whereas the representative markets, categories and qualities of products and weighting coefficients are fixed in Annex II to Commission Regulation (EEC) No 610/77 of 18 March 1977 on the determination of prices of adult bovine animals on representative Community markets and the survey of prices of certain other cattle in the Community ⁽³⁾, as last amended by Regulation (EEC) No 1483/83 ⁽⁴⁾ ;

Whereas, for Member States with several representative markets, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each of those markets ; whereas, for representative markets held several times in one period of seven days, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each market day ; whereas in respect of Italy the price of each category and quantity is equal to the average, weighted by the special weighting coefficients fixed in Annex II to Regulation (EEC) No 610/77, of the prices recorded in the surplus and deficit zones ; whereas the price recorded in the surplus zone is equal to the arithmetic mean of the prices recorded on each of the markets within that zone ; whereas in respect of the United Kingdom the weighted average prices of adult bovine animals recorded on the representative markets of Great Britain on the one hand and Northern Ireland on the other are adjusted by the coefficient fixed in the abovementioned Annex II ;

Whereas prices for the different categories and qualities not obtained from prices which are 'live weight excluding tax' are multiplied by the live weight conversion coefficients fixed in Annex II to the said Regulation and, in the case of Italy, are first increased or reduced by the corrective amounts fixed in the said Annex ;

⁽¹⁾ OJ No L 77, 25. 3. 1977, p. 14.

⁽²⁾ OJ No L 109, 30. 4. 1977, p. 1.

⁽³⁾ OJ No L 77, 25. 3. 1977, p. 1.

⁽⁴⁾ OJ No L 151, 9. 6. 1983, p. 31.

Whereas if one or more Member States, for veterinary or health reasons for example, adopt measures affecting the normal trend of prices recorded on their markets the Commission may disregard the prices recorded on the market or markets in question, or use the latest prices recorded on the market or markets in question before the entry into force of such measures ;

Whereas, in the absence of information, prices recorded on representative Community markets are determined mainly by reference to the most recently recorded prices ;

Whereas for such period as the price of adult bovine animals recorded on representative Community markets differs by less than 0.24 ECU per 100 kilograms of live weight from the price previously used, the latter is retained ;

Whereas the levies should be so fixed that the obligations arising from international agreements concluded by the Community continue to be fulfilled ; whereas, moreover, account should be taken of Council Regulation (EEC) No 1272/80 of 22 May 1980 on the conclusion of the Interim Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia on trade and trade cooperation ⁽¹⁾, of Council Regulation (EEC) No 438/81 of 20 January 1981 establishing the arrangements applicable to imports originating in Yugoslavia consequent upon the accession of the Hellenic Republic to the European Economic Community ⁽²⁾, as amended by Regulation (EEC) No 2927/81 ⁽³⁾, and of Council Regulation (EEC) No 3349/81 of 24 November 1981 providing for a reduction in the levy applicable to imports into the Community of certain beef and veal products originating in and coming from Yugoslavia ⁽⁴⁾ ;

Whereas the various cuts of beef and veal are defined in Regulation (EEC) No 586/77 ;

Whereas, pursuant to Article 33 (2) of Regulation (EEC) No 805/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas the levies and special levies are fixed before the 27th day of each month and are applicable from the first Monday of the following month ; whereas these levies may be altered in the period between two fixings where the basic levy or special basic levy is altered, or in the case of changes in the prices recorded on Community representative markets ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas, having regard to the provisions of the aforementioned Regulation, and in particular to the information and quotations known to the Commission, the levies on live cattle and beef and veal other than frozen meat should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION :

Article 1

The import levies on live cattle and beef and veal other than frozen meat shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 4 July 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

⁽¹⁾ In accordance with Regulation (EEC) No 435/80, levies are not applied to imports into the French overseas departments of products originating in the African, Caribbean and Pacific States or in the overseas countries and territories.

⁽²⁾ This levy is applicable only to products complying with the provisions of Regulation (EEC) No 1725/80 (OJ No L 170, 3. 7. 1980, p. 4).

(a) The levy which is to be applied to young male bovine animals, intended for fattening, of a live weight of 300 kg or less, imported under the conditions set out in Article 13 of Council Regulation (EEC) No 805/68 of 27 June 1968, and in the provisions adopted for its application, is totally or partially suspended in accordance with those provisions.

COMMISSION REGULATION (EEC) No 1715/83
of 24 June 1983
fixing the import levies on frozen beef and veal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by the Act of Accession of Greece ⁽²⁾, and in particular Article 12 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas under Article 9 of Regulation (EEC) No 805/68 a levy is applicable to the products specified in Article 1 (1) (a) of that Regulation; whereas Article 12 fixes the amount of the levy applicable by reference to a percentage of the basic levy;

Whereas, in respect of the types of frozen meat listed in section (b) of the Annex to the said Regulation under subheading 02.01 A II b) 1, the basic levy is determined on the basis of the difference between:

- the guide price multiplied by a coefficient representing the ratio existing in the Community between the price of fresh meat of a category competitive with the frozen meat in question, presented in the same form, and the average price of adult bovine animals, and
- the Community free-at-frontier offer price for frozen meat, plus the amount of the customs duty and a standard amount representing the specific costs of the import operations;

Whereas, by Commission Regulation (EEC) No 586/77 of 18 March 1977 laying down rules for the application of the levies on beef and veal and amending Regulation (EEC) No 950/68 on the Common Customs Tariff ⁽³⁾, as last amended by Regulation (EEC) No 882/79 ⁽⁴⁾, the abovementioned coefficient, calculated in accordance with the rules laid down in Article 11 (2) (a) of Regulation (EEC) No 805/68, has been fixed at 1.69 units of account and the standard amount referred to in Article 11 (2) (b) of the said Regulation has been fixed at 6.65 ECU;

Whereas, if it is found that the price of adult bovine animals on representative Community markets is higher than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 75 % where the market price is less than or equal to 102 % of the guide price;
- (b) 50 % where the market price is more than 102 % and less than or equal to 104 % of the guide price;
- (c) 25 % where the market price is more than 104 % and less than 106 % of the guide price;
- (d) 0 % where the market price is more than 106 % of the guide price;

Whereas, if it is found that the price of adult bovine animals on representative Community markets is equal to or less than the guide price, the levy applicable equals the following percentage of the basic levy:

- (a) 100 % where the market price is more than or equal to 98 % of the guide price;
- (b) 105 % where the market price is less than 98 % and more than or equal to 96 % of the guide price;
- (c) 110 % where the market price is less than 96 % and more than or equal to 90 % of the guide price;
- (d) 114 % where the market price is less than 90 % of the guide price;

Whereas the guide prices for adult bovine animals to be applied from 23 May 1983 have been fixed by Council Regulation (EEC) No 1213/83 of 17 May 1983 ⁽⁵⁾;

Whereas the Community free-at-frontier offer price for frozen meat is determined by reference to the world market price based on the most representative purchasing possibilities, as regards quality and quantity, recorded over a certain period preceding the fixing of the basic levy, taking into account in particular:

- foreseeable developments on the market in frozen meat,
- the most representative prices on third country markets for fresh and chilled meat of a category which is competitive with frozen meat,
- past experience;

Whereas the basic levy on the types of frozen meat listed in section (b) of the Annex to Regulation (EEC) No 805/68 under subheadings 02.01 A II b) 2 to 4 is equal to the basic levy fixed for the product falling within subheading 02.01 A II b) 1, multiplied by a standard coefficient fixed for each of the products in question; whereas these coefficients were fixed in Annex II to Regulation (EEC) No 586/77;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 24.

⁽²⁾ OJ No L 291, 29. 11. 1979, p. 17.

⁽³⁾ OJ No L 75, 23. 3. 1977, p. 10.

⁽⁴⁾ OJ No L 111, 4. 5. 1979, p. 14.

⁽⁵⁾ OJ No L 132, 21. 5. 1983, p. 12.

Whereas, for the purpose of fixing the free-at-frontier offer prices, offer prices that do not correspond to real purchasing possibilities or that relate to unrepresentative quantities should not be taken into account; whereas offer prices should also be excluded when the movement of prices in general or the information available gives reason to believe that they are unrepresentative of the true trend of prices in the country of origin;

Whereas, where the free-at-frontier offer price for frozen meat differs by less than one unit of account per 100 kilograms from that previously used for the calculation of the levy, the latter price should be retained;

Whereas pursuant to Article 12 (6) of Regulation (EEC) No 805/68 the price of adult bovine animals on representative Community markets is the price established on the basis of prices recorded over a period to be determined on the representative market or markets of each Member State for the various categories of adult bovine animals or of meat from such animals, taking into account the size of each of these categories and the relative size of the bovine herd of each Member State;

Whereas the prices of adult bovine animals recorded on the representative market or markets of each Member State are equal to the average, weighted by the relevant coefficients, of the prices for the various qualities of adult bovine animals or meat of such animals over a period of seven days in that Member State at a particular wholesale marketing stage; whereas the representative markets, categories and qualities of products and weighting coefficients are fixed in Annex II to Commission Regulation (EEC) No 610/77 of 18 March 1977 on the determination of prices of adult bovine animals on representative Community markets and the survey of prices of certain other cattle in the Community⁽¹⁾, as last amended by Regulation (EEC) No 1483/83⁽²⁾;

Whereas, for Member States with several representative markets, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each of those markets; for representative markets held several times in one period of seven days, the price of each category and quality is equal to the arithmetic mean of the prices recorded on each market day; whereas in respect of Italy the price of each category and quality is equal to the average, weighted by the

special weighting coefficients fixed in Annex II to Regulation (EEC) No 610/77, of the prices recorded in the surplus and deficit zones; whereas the price recorded in the surplus zone is equal to the arithmetic mean of the prices recorded on each of the markets within that zone; whereas in respect of the United Kingdom the weighted average prices of adult bovine animals recorded on the representative markets of Great Britain on the one hand and Northern Ireland on the other are adjusted by the coefficient fixed in the abovementioned Annex II;

Whereas prices for the different categories and qualities not obtained from prices which are 'live weight excluding tax', are multiplied by the live weight conversion coefficients fixed in Annex II to the said Regulation and, in the case of Italy, are first increased or reduced by the corrective amounts fixed in the said Annex;

Whereas if one or more Member States, for veterinary or health reasons for example, adopt measures affecting the normal trend of prices recorded on their markets, the Commission may disregard the prices recorded on the market or markets in question, or use the latest prices recorded on the market or markets in question before the entry into force of such measures;

Whereas, in the absence of information, prices recorded on representative Community markets are determined mainly by reference to the most recently recorded prices;

Whereas, for such period as the price of adult bovine animals recorded on representative Community markets differs by less than 0,24 ECU per 100 kilograms of live weight from the price previously used, the latter is retained;

Whereas the levies must be so fixed that obligations arising from international agreements concluded by the Community continue to be fulfilled;

Whereas the various cuts of frozen meat are defined in Regulation (EEC) No 586/77;

Whereas, pursuant to Article 33 (2) of Regulation (EEC) No 805/68, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff;

Whereas the levies are fixed before the 27th day of each month and are applicable from the first Monday of the following month; whereas these levies may be altered in the period between two fixings where the basic levy is altered, or in these case of changes in the prices recorded on Community representative markets;

⁽¹⁾ OJ No L 77, 25. 3. 1977, p. 1.

⁽²⁾ OJ No L 151, 9. 6. 1983, p. 31.

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas, having regard to the provisions of the aforementioned Regulations, and in particular to the infor-

mation and quotations known to the Commission, the levies on frozen beef and veal should be as set out in the Annex hereto.
