THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas production in the Community of the products specified in this Regulation is currently inadequate or non-existent; whereas producers thus cannot meet the needs of user industries in the Community;

Whereas in certain cases it is in the interest of the Community to suspend the autonomous Common Customs Tariff duties only partially, particularly since the goods in question are produced in the Community and in the other cases to suspend them totally;

Whereas, in view of the difficulty of assessing accurately short-term trends in the economic situation in the relevant sectors, suspension measures should be taken only temporarily by fixing their period of

validity by reference to the interests of Community production,

HAS ADOPTED THIS REGULATION:

Article 1

The autonomous Common Customs Tariff duties for the products listed in the tables annexed hereto shall be suspended at the level indicated against each of them.

These suspensions shall be applicable:

- from 1 January to 30 June 1984 for the products listed in Table I,
- from 1 April to 30 June 1984 for the products listed in Table II.

Article 2

This Regulation shall enter into force on 1 January 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 3168/83**of 4 November 1983**

opening, allocating and providing for the administration of a Community tariff quota for yarn of poly(*p*-phenyleneterephthalamide), for use in the manufacture of tyres, or of products used in the manufacture of tyres, falling within sub-heading ex 51.01 A of the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas the production of yarn of poly(*p*-phenyleneterephthalamide) is currently insufficient in the Community to meet the requirements of the user industries in the Community; whereas, consequently, Community supplies of products of this type currently depend to a considerable extent on imports from third countries; whereas it is in the Community's interest to partially suspend the Common Customs Tariff duty for the yarn in question, within the Community tariff quota, of an appropriate volume for a relatively limited period; whereas, in order not to bring into question the development prospects of this production in the Community while ensuring an adequate supply to satisfy user industries, it is advisable to limit the benefits of tariff quotas solely to products for use in the manufacture of tyres, to open the quota for the period 1 January to 30 June 1984, and to fix the volume of this quota at a level of 600 tonnes, corresponding to the needs for imports from third countries during that period, and to fix the quota duty at 2 %;

Whereas equal and continuous access to the quota should be ensured for all Community importers and the rate of duty for the tariff quota should be applied consistently to all imports until the quota is exhausted; whereas, in the light of these principles, arrangements for the utilization of the tariff quota based on an allocation among Member States would seem to be consistent with the Community nature of the quota; whereas, to correspond as closely as possible to the actual trend in the market in the product in question, allocation of the quota should be in proportion to the requirements of the Member States as calculated by reference to statistics of imports from third countries during a representative reference

period and to the economic outlook for the quota period in question;

Whereas, however, since the quota is an autonomous Community tariff quota intended to cover import needs arising in the Community, for experimental purposes, the quota volume may be allocated on the basis of the temporary import needs from third countries expressed by each of the Member States; whereas these arrangements for allocation will equally ensure the uniform application of the Common Customs Tariff;

Whereas, to take account of possible import trends for the product concerned, the quota volume should be divided into two tranches, the first being allocated between certain Member States and the second held as a reserve to meet subsequent requirements of Member States which have used up their initial shares and any additional requirements which might arise in the other Member States; whereas, to give importers of the Member States some degree of certainty, the first tranche of the tariff quota should be fixed at a relatively high level, which in this case could be 564 tonnes;

Whereas initial shares may be used up at different rates; whereas, to avoid disruption of supplies on this account, it should be provided that any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas each time its additional share is almost used up a Member State should draw a further share, and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, which latter must be in a position to keep account of the extent to which the quotas have been used up and to inform the Member States accordingly;

Whereas, if at a given date in the quota period a considerable quantity of a Member State's initial share remains unused, it is essential that the Member State should return a significant proportion to the reserve, in order to prevent a part of the Community quota remaining unused in one Member State while it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 30 June 1984, the Common Customs Tariff duty for yarns of poly (*p*-phenyleneterephthalamide), falling within sub-heading ex 51.01 A, for use in the manufacture of tyres, or of products used in the manufacture of tyres, shall be suspended at the level of 2 % within the framework of a Community tariff quota of 600 tonnes.

2. Within the limits of this tariff quota, Greece shall apply customs duties calculated in accordance with the relevant provisions in the 1979 Act of Accession.

Article 2

1. A first tranche of 564 tonnes of this Community tariff quota shall be allocated among certain Member States; the shares, which subject to Article 5 shall be valid until 30 June 1984, shall be as follows:

	(tonnes)
Benelux	80
Denmark	1
Germany	40
Greece	1
France	340
Ireland	2
Italy	70
United Kingdom	30

2. The second tranche of 36 tonnes shall constitute the reserve.

Article 3

1. If a Member State has used 90 % or more of its initial share as fixed in Article 2 (1), or of that share minus any portion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission draw a second share, to the extent that the reserve so permits, equal to 5 % of its initial share rounded up as necessary to the next whole number.

2. If a Member State, after exhausting its initial share, has used 90 % or more of the second share drawn by it, that Member State shall forthwith, in the manner and to the extent provided in paragraph 1, draw a third share equal to 2,5 % of its initial share rounded up as necessary to the next whole number.

3. If a Member State, after exhausting its second share, has used 90 % or more of the third share drawn by it, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This process shall apply until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, a Member State may draw shares lower than those specified in those paragraphs if there are grounds for believing that those specified may not be used in full. Any Member State applying this paragraph shall inform the Commission of its grounds for so doing.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 30 June 1984

Article 5

Member States shall, not later than 15 May 1984, return to the reserve the unused portion of their initial share which, on 1 May 1984, is in excess of 20 % of the initial volume. They may return a greater portion if there are grounds for believing that it may not be used in full.

Member States shall, not later than 15 May 1984, notify the Commission of the total quantities of the products in question imported up to 1 May 1984 and charged against the Community quota and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as the notifications reach it, inform each Member State of the extent to which the reserve has been used up.

It shall, not later than 20 May 1984, inform the Member States of the amounts still in reserve following any return of shares pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the last drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their aggregate shares of the Community tariff quota.

2. Member States shall take all appropriate measures to ensure that the products listed in Article 1 (1), benefiting from the Community tariff quota, are indeed destined for use in the manufacture of tyres.

Control of the use for this special purpose shall be carried out pursuant to the relevant Community provisions.

3. Member States shall ensure that importers of the product in question have free access to the shares allotted to them.

4. Member States shall charge imports of the product in question against their shares as the product

is entered with the customs authorities for free circulation.

5. The extent to which Member States have used up their shares shall be determined on the basis of imports charged against them under the conditions set out in paragraph 4.

Article 8

At the Commission's request, the Member States shall inform it of imports actually charged against their shares.

Article 9

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1984.

* This Regulation shall be binding in its entirety and directly applicable in all Member States.

of 10 November 1983

fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1413/82 ⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria ⁽³⁾, as last amended by Regulation (EEC) No 3488/82 ⁽⁴⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco ⁽⁵⁾, as last amended by Regulation (EEC) No 3488/82, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia ⁽⁶⁾, as last amended by Regulation (EEC) No 3488/82, and in particular Article 5 thereof,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978 ⁽¹⁰⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender ⁽¹¹⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 7 and 8 November 1983 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

COMMISSION REGULATION (EEC) No 3174/83
of 10 November 1983

re-establishing the levying of customs duties on lactic acid and its salts and esters, falling within subheading 29.16 A I and originating in China, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3377/82 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3377/82 of 8 December 1982 applying generalized tariff preferences for 1983 in respect of certain industrial products originating in developing countries⁽¹⁾, and in particular Article 12 thereof,

Whereas, pursuant to Article 1 of that Regulation, duties on the products listed in Annex B originating in each of the countries or territories listed in Annex C shall be totally suspended and the products as such shall, as a general rule, be subject to statistical surveillance every three months on the reference base referred to in Article 11;

Whereas, as provided for in Article 11, where the increase of preferential imports of these products, originating in one or more beneficiary countries, causes, or threatens to cause, economic difficulties in the Community or in a region of the Community, the levying of customs duties may be re-established once the Commission has had an appropriate exchange of information with the Member States; whereas for this purpose the reference base to be considered shall be, as a general rule, 138 % of the highest maximum amount valid for 1980;

Whereas, in the case of lactic acid and its salts and esters, falling within subheading 29.16 A I, the individual ceiling was fixed at 226 550 ECU; whereas,

on 8 November 1983, imports of these products into the Community, originating in China, reached that ceiling after being charged thereagainst; whereas the exchange of information organized by the Commission has demonstrated that continuance of the preference threatens to cause economic difficulties in a region of the Community; whereas, therefore, customs duties in respect of the products in question must be re-established against China,

HAS ADOPTED THIS REGULATION:

Article 1

As from 14 November 1983 the levying of customs duties, suspended pursuant to Council Regulation (EEC) No 3377/82, shall be re-established on imports into the Community of the following products originating in China:

COMMISSION REGULATION (EEC) No 3176/83**of 10 November 1983****fixing the export refunds on milk and milk products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 1600/83 ⁽²⁾, and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds ⁽³⁾, as amended by Regulation (EEC) No 2429/72 ⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of :

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,

— the need to avoid disturbances on the Community market, and

— the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of destination for third country imports ;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks ; whereas the amount of the refund may, however, remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products ⁽⁵⁾, as last amended by Regulation (EEC) No 2283/81 ⁽⁶⁾, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two components, the first representing the quantity of milk products and the second representing the quantity of added sucrose ; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community ;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 163, 22. 6. 1983, p. 56.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 223, 8. 8. 1981, p. 10.

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product ; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question ; whereas this basic amount is the refund on one kilogram of milk products contained in the product ;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾ ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent ;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption ; whereas the cheese rinds and cheese wastes are not products intended for this purpose ; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04 ;

Whereas Commission Regulation (EEC) No 1420/83⁽²⁾ laid down additional provisions concerning the granting of refunds on the change from one milk

year to another ; whereas those provisions provide for different refunds according to the date of manufacture of the products ;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto ;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION :

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.
2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 11 November 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3177/83

of 10 November 1983

introducing a countervailing charge on tomatoes originating in Romania

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 2004/83⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0,6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 776/83 of 30 March 1983 fixing the reference prices for tomatoes for the 1983 marketing year⁽³⁾ fixed the reference price for products of class I for the period 1 October to 20 December 1983 at 40,60 ECU per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as last amended by Regula-

tion (EEC) No 3110/83⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets; whereas it is necessary to multiply the prices with the coefficient fixed in Article 1 (2) of Regulation (EEC) No 776/83;

Whereas, for Romanian tomatoes, the entry price calculated in this way has remained at least 0,6 ECU below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these tomatoes;

Whereas, if the system is to operate normally, the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 3,39 ECU per 100 kilograms net is applied to tomatoes (subheading 07.01 M of the Common Customs Tariff) originating in Romania.

COMMISSION REGULATION (EEC) No 3181/83

of 10 November 1983

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organi-
zation of the market in cereals ⁽¹⁾, as last amended by
Regulation (EEC) No 1451/82 ⁽²⁾,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of that Regulation and prices for those
products in the Community may be covered by an
export refund;

Whereas Article 2 of Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general rules
for granting export refunds on cereals and criteria for
fixing the amount of such refunds ⁽³⁾, provides that
when refunds are being fixed, account must be taken
of the existing situation and the future trend with
regard to prices and availabilities of cereals on the
Community market on the one hand, and prices for
cereals and cereal products on the world market on
the other; whereas the same Article provides that it is
also important to ensure equilibrium and the natural
development of prices and trade on cereal markets
and, furthermore, to take into account the economic
aspect of the proposed exports and the need to avoid
disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75
defines the specific criteria to be taken into account
when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as
wheat and rye flour, groats and meal are concerned, in
Article 4 of Regulation (EEC) No 2746/75; whereas
furthermore, when the refund on these products is
being calculated, account must be taken of the quanti-
ties of cereals required for their manufacture; whereas
these quantities were fixed in Regulation No 162/

67/EEC ⁽⁴⁾, as amended by Regulation (EEC) No
1607/71 ⁽⁵⁾;

Whereas the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund for certain products according to
destination;

Whereas the refund must be fixed once a month;
whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas it follows from applying the detailed rules set
out above to the present situation on the market in
cereals, and in particular to quotations or prices for
these products within the Community and on the
world market, that the refunds should be as set out in
the Annex hereto;

Whereas the Management Committee for Cereals has
not delivered an opinion in the time limit set by its
chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1
(a), (b) and (c) of Regulation (EEC) No 2727/75,
exported in the natural state, shall be as set out in the
Annex hereto.

Article 2

This Regulation shall enter into force on 11
November 1983.

COMMISSION REGULATION (EEC) No 3183/83**of 10 November 1983****fixing the corrective amount applicable to the refund on cereals**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1451/82 ⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds ⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice ⁽⁴⁾, as last amended by Regulation (EEC) No 414/83 ⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (c) of Regulation (EEC) No 2727/75;

Whereas for the products listed in Article 1 (c) of Regulation (EEC) No 2727/75 account should be taken of the specific criteria laid down in Article 2 (2) of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure;

Whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the preceding indent;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

THE COMMUNITY SCALE FOR THE CLASSIFICATION OF CARCASSES OF ADULT BOVINE ANIMALS

Illustrated leaflet

The leaflet 'The Community scale for the classification of carcasses of adult bovine animals' was prepared to illustrate the various conformation classes and fat-cover classes defined in the Annexes to Regulations (EEC) No 1208/81 and (EEC) No 2930/81.

The leaflet contains 20 photographs illustrating on the front the five conformation classes (photographs of the external surface and in profile) and on the back the five classes of fat cover (photographs of the internal and external surfaces), accompanied by the technical descriptions given in the Regulations referred to above. Except for conformation class E, where the photograph represents the lower range of the class, the illustrations correspond to the middle range of the conformation and fat-cover classes. The photographs have been chosen by a group of international experts particularly well qualified in the classification of carcasses of adult bovine animals.

This leaflet is above all a practical instrument for use mainly in the classification of carcasses in slaughterhouses. It is also an illustrated manual for those working in the meat trade. Finally, it can usefully be employed in technical colleges both in the training of meat technicians and for all those who might be concerned with some aspect of meat production or marketing in their future careers.
