Brussels,

Sir,

The representatives of the ACP States referred to in Protocol 7 on ACP sugar annexed to the Second ACP-EEC Convention, and of the Commission on behalf of the European Economic Community, have agreed, pursuant to the provisions of the said Protocol, to submit to their competent authorities for approval, to be the subject of an exchange of letters between the ACP States concerned and the Community, the following:

For the period 1 July 1983 to 30 June 1984 the guaranteed prices referred to in Article 5 (4) of the Sugar Protocol shall, for the purpose of intervention within the terms of Article 6 of that Protocol, be:

- (a) for raw sugar: 44,34 ECU per 100 kilograms;
- (b) for white sugar: 54,68 ECU per 100 kilograms.

The introduction of these prices in no way prejudices the respective positions of the Contracting Parties in respect of the principles appertaining to the determination of the guaranteed prices.

Although retroactivity is not provided for in respect of the 1983/84 prices, it is agreed that this year's decision does not prejudice the position of the ACP States in relation to retroactivity in any future negotiation in accordance with Article 4 (3) of Protocol 7 annexed to the Second ACP-EEC Convention.

It was noted that, in the view of the ACP States, the problem of ocean freight costs remained an outstanding and pressing matter which required urgent consideration and resolution.

I should be obliged if you would acknowledge receipt of this letter and confirm that this letter and your reply constitute an Agreement between the Governments of the above-mentioned ACP States and the Community.

Please accept, Sir, the assurance of my highest consideration.

fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1413/82 ⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria ⁽³⁾, as last amended by Regulation (EEC) No 3488/82 ⁽⁴⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco ⁽⁵⁾, as last amended by Regulation (EEC) No 3488/82, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia ⁽⁶⁾, as last amended by Regulation (EEC) No 3488/82, and in particular Article 5 thereof,

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for

fixing the import levy on olive oil by tender ⁽¹¹⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas, with regard to Turkey and the Maghreb countries, the provisions of this Regulation should be without prejudice to the additional amount to be determined in accordance with the agreements between the Community and these third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 9 and 10 January 1984 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

COMMISSION REGULATION (EEC) No 73/84

of 12 January 1984

fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 1600/83 ⁽²⁾, and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds ⁽³⁾, as amended by Regulation (EEC) No 2429/72 ⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,

- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products ⁽⁵⁾, as last amended by Regulation (EEC) No 2283/81 ⁽⁶⁾, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 163, 22. 6. 1983, p. 56.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 223, 8. 8. 1981, p. 10.

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on one kilogram of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04;

Whereas Commission Regulation (EEC) No 1420/83⁽²⁾ laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for different refunds according to the date of manufacture of the products;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.

2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 13 January 1984.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 12 January 1984.

COMMISSION REGULATION (EEC) No 74/84

of 12 January 1984

laying down the conditions for granting special export refunds on certain cuts of unboned (bone-in) meat of bovine animals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by the Act of Accession of Greece, and in particular Articles 18 (6) and 25 thereof,

Whereas Council Regulation (EEC) No 885/68 ⁽²⁾, as last amended by Regulation (EEC) No 427/77 ⁽³⁾, laid down general rules for granting export refunds and criteria for fixing the amount thereof;

Whereas, on account of the market situation, the economic situation in the beef and veal sector and the scope for selling certain products of the sector, the conditions governing the payment of special export refunds on these products should be determined; whereas, in particular, conditions should be laid down for unboned meat from carcasses, half-carcasses, compensated quarters, forequarters and hindquarters of adult male cattle;

Whereas, in order to ensure that these objectives are complied with, a special supervisory procedure should be introduced; whereas the origin of the product may be authenticated by the production of a certificate on the model of the Annex to Commission Regulation (EEC) No 32/82 of 7 January 1982 laying down the conditions for granting special export refunds for beef and veal ⁽⁴⁾, as last amended by Regulation (EEC) No 2304/82 ⁽⁵⁾;

Whereas it should be specified that the grant of the special refund shall be conditional on all the cut meat from carcasses, half-carcasses, 'compensated' quarters, forequarters and hindquarters placed under supervision being exported;

Whereas, as far as time limits and proof of export are concerned, reference should be made to the provisions of Commission Regulation (EEC) No 2730/79 of 29 November 1979 laying down common detailed rules for the application of the system of export refunds on

agricultural products ⁽⁶⁾, as last amended by Regulation (EEC) No 519/83 ⁽⁷⁾;

Whereas, for the smooth operation of the arrangements instituted by this Regulation, operators should be able, if they wish, to make use of the provisions of Article 5 of Council Regulation (EEC) No 565/80 of 4 March 1980 on the advance payment of export refunds in respect of agricultural products ⁽⁸⁾;

Whereas application of the arrangements on victualling warehouses set out in Article 26 of Regulation (EEC) No 2730/79 is incompatible with the purpose of this Regulation; whereas there is no need therefore to make any provision for applying the arrangements indicated in the said Article 26 to the products in question;

Whereas, in view of the special nature of this refund, no substitution should be permitted and means of identification of the products in question should be provided for;

Whereas the method by which the Member States notify the Commission of the quantities of products on which special export refunds have been granted should be laid down;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

Fresh or chilled cuts of unboned (bone-in) meat falling within subheading 02.01 A II a) 4 aa) of the Common Customs Tariff from carcasses, half-carcasses, 'compensated' quarters, forequarters and hindquarters of adult male cattle may, subject to the terms of this Regulation, qualify for special export refunds.

For the purposes of this Regulation 'hindquarters' shall mean unseparated or separated hindquarters, as defined in Additional Note 1 (A) (f) and (g) to Chapter 2 of the Common Customs Tariff, with a maximum of nine ribs or nine pairs of ribs.

This Regulation shall not apply to the front part of a carcase or of a half-carcase comprising all the bones and scrag, neck and shoulder but with more than 10 ribs.

Article 2

1. The operator shall submit to the competent authorities indicated by the Member States a declaration stating his intention to cut carcasses, half-carcases, 'compensated' quarters, forequarters and hindquarters in accordance with this Regulation and export all the cuts obtained.

2. The declaration shall describe and state the quantity of the products to be cut.

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 83/84

of 12 January 1984

fixing the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1451/82⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 414/83⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (c) of Regulation (EEC) No 2727/75;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed, account must be taken of the existing situation and the future trend

with regard to prices and availabilities of cereals on the Community market on the one hand and possibilities and conditions for the sale of cereals and cereal products on the world market on the other; whereas the same Regulation provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation (EEC) No 2727/75 account should be taken of the specific criteria laid down in Article 2 (2) of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure;

Whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the preceding indent;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

THE PROFESSIONS IN THE EUROPEAN COMMUNITY

Towards freedom of movement and mutual recognition of qualifications

J.-P. de CRAYENCOUR

Aside from establishing a common market, one of the tasks of the European Community is to promote closer relations between the States belonging to it (Article 2 of the Treaty of Rome). One of the means of achieving this end is the free movement of persons.

This freedom of movement concerns *inter alia*, the professions. Members of the professions will be able to play their part in European integration and put their independent and responsible services at the disposal of a wider clientele in the Community only if obstacles standing in the way of freedom of the professions; whether it takes the form of the right of establishment or the freedom to provide services, are removed.

As the professions are generally highly regulated, this freedom of movement can only be satisfactorily achieved if certain of the regulations governing them, such as those relating to training requirements and professional ethics, are harmonized to some degree.

Existing rules and regulations in the various Member States could be reviewed in the light of any such harmonization and of changes in society, while paying due attention to the values of independence and responsibility which are a feature of the professions, with a view to promoting European integration.

The aim of this booklet on 'The professions in the European Community — Towards freedom of movement and mutual recognition of qualifications' is to highlight the benefits to be derived from free movement and the manner in which it can be properly implemented. It describes the legal process involved, suggests how harmonization might be realized and underlines the steps to be taken to achieve the most urgent objective, namely mutual recognition of diplomas. Finally, it outlines what has been achieved thus far and what remains to be done.
