AND LC₅₀ VALUES

Explanatory notes

1. The values in italics are those that are to be taken into consideration for the purpose of applying the formula set out in Annex I: Classification by calculation of pesticides containing one active substance (see Article 3 (2)).

The other values are given for information in order to assign additional appropriate phrases indicating the nature of the special risk (R phrases) and safety advice (S phrases) that must appear on the label.

2. NR (not relevant). This indication means that the values are available but of no relevance for either the classification or the labelling of preparations: for example, percutaneous LD₅₀ values exceeding the maximum limits laid down in Article 3 (2).

of 27 April 1984

concerning animal health conditions and veterinary certification for importation of fresh meat
from Belize

(84/292/EEC)

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

by Directive 83/91/EEC ⁽²⁾, and in particular Article 16
thereof,

Whereas, following a Community veterinary mission, it
appears that the animal health situation in Belize is
excellent, stable and completely controlled by well
structured and organized veterinary services, particularly

time;

Whereas the responsible veterinary authorities of Belize
have undertaken to notify the Commission of the
European Communities and the Member States, by telex
or telegram, within 24 hours at the latest, of the
confirmation of the occurrence of any of the
abovementioned diseases or the adoption of vaccination
against any of them;

Whereas animal health conditions and veterinary
certification must be adopted according to the animal
health situation of the non-member country concerned;

Whereas the measures provided for in this Decision are in
accordance with the opinion of the Standing Veterinary
Committee,

HAS ADOPTED THIS DECISION:

COMMISSION DECISION

of 27 April 1984

amending Decision 83/402/EEC as regards the list of establishments in New Zealand
approved for the purpose of importing fresh meat into the Community

(84/293/EEC)

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Directive 72/462/EEC of 12
December 1972 on health and veterinary inspection
problems upon importation of bovine animals and swine
and fresh meat from third countries ⁽¹⁾, as last amended
by Directive 83/91/EEC ⁽²⁾, and in particular Articles 4
(1), 16 and 18 (1) (a) and (b) thereof,

Whereas a list of establishments in New Zealand,
approved for the purpose of importing fresh meat into the
Community, was drawn up initially by Commission
Decision 83/402/EEC ⁽³⁾, as last amended by Decision
84/120/EEC ⁽⁴⁾;

Whereas a routine inspection under Article 5 of Directive
72/462/EEC and Article 3 (1) of Commission Decision
83/196/EEC of 8 April 1983 concerning on-the-spot
inspections to be carried out in respect of the importation
of bovine animals and swine and fresh meat from
non-member countries ⁽⁵⁾ has revealed that the level of
hygiene of certain establishments has altered since the last
inspection; whereas, consequently, it is advisable to
inscribe or maintain certain of those establishments on
the said list;

Whereas the list of establishments should therefore be
amended;

Whereas the measures provided for in this Decision are in
accordance with the opinion of the Standing Veterinary
Committee,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 83/402/EEC is hereby replaced
by the Annex to this Decision.

COMMISSION DECISION

of 27 April 1984

concerning animal health conditions and veterinary certification for the import of fresh meat from Malta

(84/294/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 72/462/EEC of 12 December 1972 on health and veterinary inspection problems upon importation of bovine animals and swine and fresh meat from third countries ⁽¹⁾, as last amended by Directive 83/91/EEC ⁽²⁾, and in particular Article 16 thereof,

Whereas following a Community veterinary mission it appears that the animal health situation in Malta is excellent, stable and completely controlled by well-structured and organized veterinary services, particularly as regards diseases transmissible through meat;

Whereas, in addition, the responsible veterinary authorities of Malta have confirmed that Malta has for at least 12 months been free from rinderpest, exotic and classical foot-and-mouth disease, African swine fever, classical swine fever, swine vesicular disease and Brucella suis infection and that no vaccinations have been carried out against those diseases during that time with the exception of classical foot-and-mouth disease; whereas animals vaccinated against classical foot-and-mouth disease are present in Malta;

Whereas the responsible veterinary authorities of Malta have undertaken to notify the Commission of the European Communities and the Member States, by telex or telegram, within 24 hours at the latest, of the confirmation of the occurrence of any of the abovementioned diseases or an alteration in vaccination policy against them;

Whereas animal health conditions and veterinary certification must be adopted according to the animal health situation of the non-member country concerned;

Whereas certain Member States, because of their particular animal health situations concerning foot-and-mouth disease, benefit from special provisions in intra-Community trade and should therefore also be authorized to apply special provisions in respect of

imports from third countries; whereas these provisions must be at least as strict as those which the same Member States apply in intra-Community trade;

Whereas it will be necessary to re-examine this Decision with a view to its adaptation to Community rules concerning the control and eradication of foot-and-mouth disease within the Community;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

1. Member States shall authorize the importation from Malta of fresh meat of bovine animals, swine and domestic solipeds conforming to the guarantees laid down in an animal health certificate which accords with the Annex hereto and which must accompany the consignment.

2. Member States shall not authorize imports of categories of fresh meat from Malta other than those referred to in paragraph 1.

Article 2

Until the adoption by the Council of rules concerning the control and eradication of foot-and-mouth disease within the Community, and while continuing to prohibit vaccination against foot-and-mouth disease, Ireland and the United Kingdom in respect of Northern Ireland may, in respect of fresh meat of bovine animals and swine, referred to under Article 1, retain their national animal health rules relating to protection against foot-and-mouth disease.

Article 3

This Decision shall not apply to imports of glands and organs authorized by the country of destination for pharmaceutical manufacturing purposes.

⁽¹⁾ OJ No L 302, 31. 12. 1972, p. 28.

⁽²⁾ OJ No L 59, 5. 3. 1983, p. 34.

Article 4

This Decision shall be re-examined with a view to its adaptation to Community rules concerning the control and eradication of foot-and-mouth disease within the Community.

Article 5

This Decision shall apply from 1 May 1984.

Article 6

This Decision is addressed to the Member States.

COMMISSION DECISION

of 27 April 1984

amending Decision 83/384/EEC as regards the list of establishments in Australia approved for the purpose of importing fresh meat into the Community

(84/296/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 72/462/EEC of 12 December 1972 on health and veterinary inspection problems upon importation of bovine animals and swine and fresh meat from third countries ⁽¹⁾, as last amended by Directive 83/91/EEC ⁽²⁾, and in particular Articles 4 (1) and 18 (1) (a) and (b) thereof,

Whereas a list of establishments in Australia, approved for the purposes of the importation of fresh meat into the Community, was drawn up initially by Commission Decision 83/384/EEC ⁽³⁾, as last amended by Decision 84/116/EEC ⁽⁴⁾;

Whereas a routine inspection under Article 5 of Directive 72/462/EEC and Article 3 (1) of Commission Decision 83/196/EEC of 8 April 1983 concerning on-the-spot inspections to be carried out in respect of the importation of bovine animals and swine and fresh meat from non-member countries ⁽⁵⁾ has revealed that the level of hygiene of certain establishments has altered since the last inspection;

Whereas the list of establishments should, therefore, be amended;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 83/384/EEC is hereby replaced by the Annex to this Decision.
