COMMISSION DECISION No 1018/85/ECSC

of 19 April 1985

amending Decision No 2320/81/ECSC establishing Community rules for aids to the steel industry

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular to the first and second paragraphs of Article 95 thereof,

Having consulted the Consultative Committee and with the unanimous assent of the Council,

Whereas :

In view of the restructuring of the Community steel industry Commission Decision No 2320/81/ECSC of 7 August 1981 ⁽¹⁾ established Community rules for aids to the steel industry, and for that purpose Articles 2, 5 and 8 of this Decision have laid down deadlines for notifications, approvals and payments of aids, which deadlines have expired.

The results so far obtained or within sight of being obtained in the restructuring of the Community steel industry indicate that the objectives which the Community set itself in 1981 — to adjust Community production capacity better to demand and to improve the undertakings' structure so that by 1986 with market conditions having been put back on a healthier footing they would be financially viable without aid — will be achieved.

In 1981 the Commission based itself on forecasts of market trends and a macroeconomic outlook which have proved to be too optimistic. Consequently, in line with the general slowing of economic activity, the undertakings' sales in volume terms over the period 1981 to 1984 turned out to be lower than what was then perceived as a realistic estimate of the underlying trend.

From 1981 onwards there was also a sharp deterioration in prices, which often dropped below the level required to cover all production costs, the constant increase in which was only partially offset by the productivity gains resulting from the restructuring then in progress. The situation eventually forced the Commission to lay down minimum prices for hot and cold-rolled flat products and heavy sections ⁽²⁾.

However, these minimum prices, even after they were raised for the first time in April 1984 ⁽³⁾, were still considerably below the target prices which the Commission had set in November 1981.

This market situation led to a deterioration in the financial position of undertakings which was the more serious the less competitive their structure.

At the very time when undertakings needed to carry out more radical restructuring than they had planned, sometimes requiring additional investment and imposing additional redundancy costs, such restructuring was slowed down and made more difficult by the general slackening of economic activity, which often prevented the establishment of new industry to offset the cutbacks in the steel industry in the areas most affected.

The plans for physical restructuring that have been submitted to the Commission indicate that, Community-wide, the reduction in capacity for hot-rolled products between 1980 and 1986 will be at least 30 million tonnes. This adjustment of supply to demand should put the restructured Community steel industry on a more viable basis, although a number of undertakings will be obliged by market forces to carry out additional restructuring.

The objective of viability can thus be maintained provided the abovementioned time limits set in Decision No 2320/81/ECSC are amended to allow the payment of aid for continued operation for a further year and the authorization of additional aid needed essentially because of the generally depressed level of economic activity in the Community between 1982 and 1984 and the slump in the steel market and the deterioration in undertakings' financial results which this caused.

The authorization of additional aid by the Commission must be subject to the criteria laid down in Article 2 of Decision No 2320/81/ECSC. Consequently, capacity reductions will be required in particular where they are necessary for ensuring the viability of the aided undertakings or where they do not affect trade patterns. Such reductions must not disturb current restructuring programmes in the course of implementation.

⁽²⁾ OJ No L 373, 31. 12. 1983, p. 1.

⁽³⁾ OJ No L 61, 2. 3. 1984, p. 23.

Additional aid may be authorized by the Commission only for carrying out financial restructuring to reduce debt-service charges to the level borne by undertakings that were profitable in 1984 or for covering costs occasioned by capacity reductions,

- in the fifth indent of Article 2 (1), '1 July 1983' is replaced by '1 August 1985',
- in the second indent of Article 5 (1), '31 December 1984' is replaced by '31 December 1985',
- in Article 8 (1), '30 September 1982' is replaced by '31 May 1985'.

COMMISSION REGULATION (EEC) No 1023/85

of 22 April 1985

amending Regulation (EEC) No 147/85 laying down for the 1984/85 wine year
detailed implementing rules for the distillation referred to in Article 41 of
Regulation (EEC) No 337/79

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No 337/79
of 5 February 1979 on the common organization of
the market in wine ⁽¹⁾, as last amended by Regulation
(EEC) No 798/85 ⁽²⁾, and in particular Articles 41 (7)
and 65 thereof,

Whereas Article 7 of Commission Regulation (EEC)
No 147/85 ⁽³⁾, as amended by Regulation (EEC) No
953/85 ⁽⁴⁾, provides that the quantities which are to be
delivered for distillation must be notified by producers
and Member States by certain dates; whereas in the
first year of application of compulsory distillation,
problems of interpretation of the texts have delayed
the distribution of the necessary circulars in the
Member States, which makes it impossible for the
persons subject to the obligation to abide by the time
limits laid down; whereas in these circumstances the
time limits concerned must be deferred;

Whereas the Management Committee for Wine has
not delivered an opinion within the time limit set by
its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

Article 7 of Regulation (EEC) No 147/85 is hereby
replaced by the following:

Article 7

1. Persons subject to the obligation to deliver for
distillation under Article 41 (1) of Regulation
(EEC) No 337/79 shall calculate the quantities that
they are required to deliver pursuant to Titles II
and III and notify these quantities by 30 April
1985 to the intervention agency or any other
competent authority of the Member State in which
their holdings are located.

The competent authorities may, however, calculate
and notify to producers the quantities to be
delivered by each. Such notifications shall be made
by 15 May 1985.

2. Member States shall compile a summary
statement of the figures obtained pursuant to para-
graph 1 and shall notify the Commission by 31
May 1985 of the quantity to be delivered for distil-
lation by each of the classes specified in Article 3.'

Article 2

This Regulation shall enter into force on the day of its
publication in the *Official Journal of the European
Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

COMMISSION REGULATION (EEC) No 1025/85

of 22 April 1985

fixing the sluice-gate prices and levies for eggs

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2771/75 of 29 October 1975 on the common organi-
zation of the market in eggs ⁽¹⁾, as last amended by
Regulation (EEC) No 3643/81 ⁽²⁾, and in particular
Articles 3 and 7 (1) thereof,

Having regard to Council Regulation (EEC) No 855/84
of 31 March 1984 on the calculation and the dis-
mantlement of the monetary compensatory amounts
applying to certain agricultural products ⁽³⁾, as last
amended by Regulation (EEC) No 1004/84 ⁽⁴⁾, and in
particular Article 1 thereof,

Whereas sluice-gate prices and levies for the products
specified in Article 1 (1) of Regulation (EEC) No
2771/75 must be fixed quarterly in advance in accor-
dance with the methods of calculation laid down in
Council Regulation (EEC) No 2773/75 ⁽⁵⁾, as last
amended by Regulation (EEC) No 2300/77 ⁽⁶⁾;

Whereas, since sluice-gate prices and levies for eggs
were, by Regulation (EEC) No 170/85 ⁽⁷⁾, last fixed for
the period 1 February to 30 April 1985, they must be
fixed anew for the period 1 May to 31 July 1985;
whereas such prices and levies should in principle be
calculated by reference to feed grain prices for the
period 1 November 1984 to 31 March 1985;

Whereas, pursuant to Council Regulation (EEC) No
855/84, the central rate used under the common agri-
cultural policy has been subjected to a corrective factor
of 1,033651 with effect from the 1984/85 marketing
year; whereas the corrected central rate has led to a
change in the relationship between the Community
price and the world market price; whereas account
should therefore be taken of this fact by subjecting
world market prices to a corrective factor of 0,967445

used for the calculation of levies and sluice-gate
prices;

Whereas, when the sluice-gate prices applicable from
1 November, 1 February and 1 May are being fixed,
changes in world market prices for feed grain are to be
taken into account only if the price of the quantity of
feed grain required varies by at least a specified
minimum in relation to that used to calculate the
sluice-gate prices for the preceding quarter; whereas
by Council Regulation (EEC) No 2773/75, the
minimum was set at 3 %;

Whereas the price of the quantity of feed grain
required does not vary by 3 % or more from that used
for the preceding quarter; whereas the sluice-gate
prices fixed by Regulation (EEC) No 170/85 should
accordingly be maintained unchanged until 31 July
1985;

Whereas, when the levies applicable from 1
November, 1 February and 1 May are being fixed,
world market prices for feed grain are to be taken into
account only if at the same time a new sluice-gate
price is fixed;

Whereas, since no new sluice-gate prices have been
fixed, the levies fixed by Regulation (EEC) No 170/85
should accordingly be maintained unchanged until 31
July 1985;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Management
Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION:

Article 1

The levies provided for in Article 3 of Regulation
(EEC) No 2771/75 in respect of the products specified
in Article 1 (1) of that Regulation and the sluice-gate
prices provided for in Article 7 of that Regulation in
respect of the like products shall, for the period 1 May
to 31 July 1985, be as fixed by Regulation (EEC) No
170/85.

fixing the sluice-gate prices and import duties for ovalbumin and lactalbumin

of trade for ovalbumin and lactalbumin⁽¹⁾, and in
particular Article 2 (2) and the second subparagraph of
Article 5 (5) thereof,

Having regard to Council Regulation (EEC) No 855/84

Whereas, since sluice-gate prices and import duties for

1 May to 31 July 1985; whereas such prices and duties
should be calculated by reference to the sluice-gate

COMMISSION OF THE EUROPEAN COMMUNITIES

DOCUMENT

EUROPEAN REGIONAL DEVELOPMENT FUND

Ninth Annual Report (1983)

The ERDF, one of the Community's structural funds, was set up in 1975 to correct the principal regional imbalances within the Community. ERDF aid is accordingly granted in areas and regions suffering from imbalances resulting in particular from the predominance of agriculture, industrial change and structural under-employment. Such regions, which are determined in agreement with the Member States, are generally the areas covered by national regional aid schemes, these areas being approved by the Commission in accordance with Articles 92 and 94 of the Treaty establishing the European Economic Community. The ERDF provides assistance by making grants which support and supplement national regional development efforts.

As well as reporting on the ERDF activities in 1983, this publication also provides a review of the nine years (1975 to 1983) that the ERDF has been in existence.
