COUNCIL REGULATION (EEC) No 1247/85**of 13 May 1985****amending Regulation (EEC) No 355/77 on common measures to improve the conditions under which agricultural and fishery products are processed and marketed**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 42 and 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Whereas Article 24 (5) of Regulation (EEC) No 355/77⁽²⁾, as last amended by Regulation (EEC) No 1932/84⁽³⁾, provides for a transitional period in order to permit a financial contribution by the Community to projects submitted before 31 December 1984 under programmes due to expire before 31 December 1984 before a new programme or the updating of the programme is approved;

Whereas in view of the large number of programmes which expired on 31 December 1984, the transitional period should be extended until 30 April 1985 so that the projects can be financed in 1985;

Whereas the special circumstances brought about by the expiry of the duration envisaged for the application of Regulation (EEC) No 355/77 in 1984 justify

making it possible, by way of exception, to carry forward, a second time, the projects submitted for financing in 1984,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 355/77 is hereby amended as follows:

1. The following paragraph is added to Article 21:
'However, requests for aid from the Fund submitted to the Commission between 1 May 1983 and 30 April 1984 may be carried forward twice.'
2. In Article 24 (5), the first reference to '31 December 1984' is replaced by '1 May 1985'.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 January 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

opening, allocating and providing for the administration of a Community tariff quota for sweet clear-fleshed cherries, marinated in alcohol and intended for the manufacture of chocolate products, falling within subheading ex 20.06 B I e) 2 bb) of the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas the production of sweet clear-fleshed cherries, marinated in alcohol and intended for the manufacture of chocolate products, is currently insufficient in the Community to meet the requirements of the user industries in the Community; whereas, consequently, Community supplies of products of this type depend to a considerable extent on imports from third countries; whereas it is in the Community's interest to partially suspend the Common Customs Tariff duty for the products in question, within a Community tariff quota of an appropriate volume; whereas, in order not to bring into question the development prospects of this production in the Community while ensuring an adequate supply to satisfy user industries, it is advisable to limit the benefits of tariff quotas solely to products which meet certain criteria as to presentation and use, to open the quota for the period 1 July to 31 December 1985 and to fix the volume of this quota at a level of 1 500 tonnes, corresponding to the needs for imports from third countries during that period, and to fix the quota duty at 10 %;

Whereas equal and continuous access to the quota should be ensured for all Community importers and the rate of duty for the tariff quota should be applied consistently to all imports until the quota is exhausted; whereas, in the light of these principles, arrangements for the utilization of the tariff quota based on an allocation among Member States would seem to be consistent with the Community nature of the quota; whereas, to correspond as closely as possible to the actual trend in the market on the

product in question, allocation of the quota should be in proportion to the requirements of the Member States as calculated by reference to statistics of imports from third countries during a representative reference period and to the economic outlook for the quota period in question;

Whereas, however, since the quota is an autonomous Community tariff quota intended to cover import needs arising in the Community, the quota volume may be allocated on the basis of the estimated temporary import needs from third countries of each of the Member States; whereas these arrangements for allocation will also ensure the uniform application of the Common Customs Tariff;

Whereas, to take account of possible import trends for the product concerned, the quota volume should be divided into two tranches, the first being allocated between certain Member States and the second held as a reserve to meet subsequent requirements of Member States which have used up their initial shares; whereas, to give importers of the Member States some degree of certainty, the first tranche of the tariff quota should be fixed at a relatively high level, which in this case could be 1 330 tonnes;

Whereas the initial shares of the Member States may be used up at different rates; whereas, to avoid disruption of supplies on this account, any Member State which has almost entirely used up its initial share should draw an additional share from the reserve; whereas, each time its additional share is almost entirely used up, a Member State should draw a further share and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, which latter must be in a position to keep account of the extent to which the quota has been used up and to inform the Member States accordingly;

Whereas, if at a given date in the quota period a considerable quantity of a Member State's initial share remains unused, it is essential that that Member State should return a significant proportion to the reserve, in order to prevent a part of the Community quota remaining unused in one Member State while it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 July to 31 December 1985, the Common Customs Tariff duty on sweet clear-fleshed cherries, marinated in alcohol, of a diameter not exceeding 18,9 mm, stoned, intended for the manufacture of chocolate products⁽¹⁾, falling within subheading ex 20.06 B I e) 2 bb), shall be suspended at a level of 10 % within the framework of a Community tariff quota of 1 500 tonnes.

2. Within the limits of the tariff quota, Greece shall apply customs duties calculated in accordance with the relevant provisions in the 1979 Act of Accession.

Article 2

1. A first tranche of 1 330 tonnes of this Community tariff quota shall be allocated among certain Member States; the shares, which subject to Article 5 shall be valid until 31 December 1985, shall be as follows:

	(tonnes)
Benelux	5
Denmark	5
Germany	1 080
Greece	50
France	11
Ireland	5
Italy	169
United Kingdom	5

⁽¹⁾ Checks on their prescribed end-use shall be carried out pursuant to the relevant Community provisions.

2. The second tranche of 170 tonnes shall constitute the reserve.

Article 3

1. If a Member State has used 90 % or more of its initial share as fixed in Article 2 (1), or of that share minus any portion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission, draw a second share, to the extent that the reserve so permits, equal to 10 % of its initial share rounded up as necessary to the next whole number.

2. If a Member State, after exhausting its initial share, has used 90 % or more of the second share drawn thereby, that Member State shall forthwith, in the manner and to the extent provided in paragraph 1, draw a third share equal to 5 % of its initial share rounded up as necessary to the next whole number.

3. If a Member State, after exhausting its second share, has used 90 % or more of the third share drawn thereby, that Member State shall forthwith, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This process shall apply until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, a Member State may draw shares lower than those specified in those paragraphs if there are grounds for believing that those specified may not be used in full. Any Member State applying this paragraph shall inform the Commission of its grounds for so doing.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1985.

Article 5

Member States shall, not later than 15 November 1985, return to the reserve the unused portion of their initial share which, on 1 November 1985, is in excess of 20 % of the initial volume. They may return a greater portion if there are grounds for believing that it may not be used in full.

Member States shall, not later than 15 November 1985, notify the Commission of the total quantities of the products in question imported up to 1 November 1985 and charged against the Community quota and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as the notifications reach it, inform each Member State of the extent to which the reserve has been used up.

It shall, not later than 20 November 1985, inform the Member States of the amounts still in the reserve following any return of shares pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the last drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their aggregate shares of the Community tariff quota.

2. Member States shall take all appropriate measures to ensure that the products listed in Article 1 (1) benefiting from the tariff quota in question are put to the prescribed end-use.

3. Member States shall ensure that importers of the product in question have free access to the shares allotted to them.

4. Member States shall charge imports of the product in question against their shares as the product is entered with the customs authorities for free circulation.

5. The extent to which Member States have used up their shares shall be determined on the basis of imports charged against them under the conditions set out in paragraph 4.

Article 8

At the Commission's request, the Member States shall inform it of imports actually charged against their shares.

Article 9

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 July 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

opening, allocating and providing for the administration of a Community tariff quota for yarn of poly(*p*-phenyleneterephthalamide) for use in the manufacture of tyres or of products used in the manufacture of tyres, falling within sub-heading ex 51.01 A of the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Whereas, however, since the quota is an autonomous Community tariff quota intended to cover import needs arising in the Community, for experimental purposes, the quota volume may be allocated on the basis of the temporary import needs from third countries expressed by each of the Member States; whereas these arrangements for allocation will equally ensure the uniform application of the Common Customs Tariff;

Whereas initial shares may be used up at different rates; whereas, to avoid disruption of supplies on this account, it should be provided that any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas each time its additional share is almost used up a Member State should draw a further share, and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, which latter must be in a position to keep account of the extent to which the quotas have been used up and to inform the Member States accordingly;

COMMISSION REGULATION (EEC) No 1255/85

of 15 May 1985

fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 683/85 ⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria ⁽³⁾, as last amended by Regulation (EEC) No 1201/85 ⁽⁴⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco ⁽⁵⁾, as last amended by Regulation (EEC) No 436/85 ⁽⁶⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia ⁽⁷⁾, as last amended by Regulation (EEC) No 436/85, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey ⁽⁸⁾, as last amended by Regulation (EEC) No 435/85 ⁽⁹⁾, and in particular Article 10 (2) thereof,

Having regard to Council Regulation (EEC) No 1620/77 of 18 July 1977 laying down detailed rules for the importation of olive oil from Lebanon ⁽¹⁰⁾;

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978 ⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Council Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender ⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 13 and 14 May 1985 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

HAS ADOPTED THIS REGULATION:

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1223/83 of 20 May 1983 on the exchange rates to be applied in agriculture ⁽³⁾, as last amended by Regulation (EEC) No 855/84 ⁽⁴⁾,

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza, rape and sunflower seed ⁽⁵⁾, as last amended by Regulation (EEC) No 1474/84 ⁽⁶⁾, and in particular Article 2 (3) thereof,

Whereas, in the absence of the target price for the 1985/86 marketing year for colza, rape and sunflower seed and in the absence of the amount of the monthly increase for September and October 1985 for colza and rape seed, the amount of the subsidy in the case of advance fixing for July, August, September and October 1985 for colza and rape seed and August and September 1985 for sunflower seed has been obtainable only provisionally on the basis of the target price and the monthly increase proposed by the Commission to the Council for the marketing year 1985/86; whereas this amount may, therefore, be applied on a temporary basis and should be confirmed or replaced when the indicative price of the 1985/86 marketing year is known;

- for the current month, the difference referred to in Article 2 (1) of Regulation (EEC) No 1569/72 differs by more than one point from the percentage adopted for the previous fixing,
- for certain following months the difference referred to in Article 2 (2) of Regulation (EEC) No 1569/72 exceeds 0,5 %; whereas this difference in the case of certain forward differential amounts differs by more than one point from the percentage adopted for the previous fixing;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 1121/85 to the information known to the Commission that the amount of the subsidy at present in force should be altered to the amount set out in the Annexes hereto,

HAS ADOPTED THIS REGULATION:

Article 1

1. The amounts of the subsidy and the exchange rates referred to in Article 33 (2) and (3) of Regulation (EEC) No 2681/83 ⁽⁹⁾ shall be as set out in the Annexes hereto.
2. The amount of the subsidy in the case of advance fixing for July, August, September and October 1985 for colza and rape seed and August and September 1985 for sunflower seed will, however, be confirmed or replaced as from 16 May 1985 to take into account the indicative price which is fixed for these products for the 1985/86 marketing year, and the amount of the monthly increase for September and October 1985 for colza and rape seed.

COMMISSION REGULATION (EEC) No 1260/85
of 15 May 1985
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No 804/68
of 27 June 1968 on the common organization of the
market in milk and milk products ⁽¹⁾, as last amended
by Regulation (EEC) No 591/85 ⁽²⁾, and in particular
Article 17 (4) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 17 of Regulation (EEC) No 804/68
provides that the difference between prices in inter-
national trade for the products listed in Article 1 of
that Regulation and prices for those products within
the Community may be covered by an export refund ;

Whereas Council Regulation (EEC) No 876/68 of 28
June 1968 laying down general rules for granting
export refunds on milk and milk products and criteria
for fixing the amount of such refunds ⁽³⁾, as amended
by Regulation (EEC) No 2429/72 ⁽⁴⁾, provides that
when the refunds on the products listed in Article 1 of
Regulation (EEC) No 804/68, exported in the natural
state, are being fixed account must be taken of :

- the existing situation and the future trend with
regard to prices and availabilities of milk and milk
products on the Community market and prices for
milk and milk products in international trade,
- marketing costs and the most favourable transport
charges from Community markets to ports or other
points of export in the Community, as well as costs
incurred in placing the goods on the market of the
country of destination,
- the aims of the common organization of the
market in milk and milk products which are to
ensure equilibrium and the natural development of
prices and trade on this market,

- the need to avoid disturbances on the Community
market, and
- the economic aspect of the proposed exports ;

Whereas Article 3 (1) of Regulation (EEC) No 876/68
provides that when prices within the Community are
being determined account should be taken of the
ruling prices which are most favourable for expor-
tation, and that when prices in international trade are
being determined particular account should be taken
of :

- (a) prices ruling on third country markets ;
- (b) the most favourable prices in third countries of
destination for third country imports ;
- (c) producer prices recorded in exporting third coun-
tries, account being taken, where appropriate, of
subsidies granted by those countries ; and
- (d) free-at-Community-frontier offer prices ;

Whereas Article 4 of Regulation (EEC) No 876/68
provides that the world market situation or the specific
requirements of certain markets may make it necessary
to vary the refund on the products listed in Article 1
of Regulation (EEC) No 804/68 according to desti-
nation ;

Whereas Article 5 (1) of Regulation (EEC) No 876/68
provides that the list of products on which export
refunds are granted and the amount of such refunds
should be fixed at least once every four weeks ;
whereas the amount of the refund may, however,
remain at the same level for more than four weeks ;

Whereas Article 2 of Commission Regulation (EEC)
No 1098/68 of 27 July 1968 on detailed rules for the
application of export refunds on milk and milk
products ⁽⁵⁾, as last amended by Regulation (EEC) No
2283/81 ⁽⁶⁾, provides that the refund on products
falling within subheading 04.02 B is equal to the sum
of two components, the first representing the quantity
of milk products and the second representing the
quantity of added sucrose ; whereas, however, the latter
component applies only if the added sucrose was
produced from beet or cane harvested within the
Community ;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 68, 8. 3. 1985, p. 5.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 223, 8. 8. 1981, p. 10.

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product ; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question ; whereas this basic amount is the refund on one kilogram of milk products contained in the product ;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾ ;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71 ⁽²⁾, as last amended by Regulation (EEC) No 855/84 ⁽³⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient ;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption ; whereas the cheese rinds and cheese wastes are not products

intended for this purpose ; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04 ;

Whereas Commission Regulation (EEC) No 896/84 ⁽⁴⁾, as amended by Regulation (EEC) No 2881/84 ⁽⁵⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another ; whereas those provisions provide for different refunds according to the date of manufacture of the products ;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION :

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.
2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on 16 May 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 May 1985.

COMMISSION REGULATION (EEC) No 1267/85

of 15 May 1985

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾, and in particular the fourth subparagraph of Article 16 (2),

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁶⁾, as last amended by Regulation (EEC) No 855/84⁽⁷⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75, exported in the natural state, shall be as set out in the Annex hereto.

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 1027/84⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (c) of Regulation (EEC) No 2727/75;

Whereas pursuant to Article 11 of Regulation (EEC) No 2042/75⁽⁶⁾ a special period of validity may be fixed in respect of the export licence; whereas it seems advisable, in order to ensure that there is certainty as to the transactions, to fix corrective amounts in respect of the products in question that take account of the special periods of validity that may be granted;

Whereas Regulation (EEC) No 1281/75⁽⁷⁾ laid down detailed rules for the advance fixing of export refunds for cereals and certain products processed from cereals;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed, account must be

taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and possibilities and conditions for the sale of cereals and cereal products on the world market on the other; whereas the same Regulation provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation (EEC) No 2727/75 account should be taken of the specific criteria laid down in Article 2 (2) of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure;

Whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁸⁾, as last amended by Regulation (EEC) No 855/84⁽⁹⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the preceding indent and the aforesaid coefficient;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

COMMISSION OF THE EUROPEAN COMMUNITIES

DOCUMENT

EUROPEAN REGIONAL DEVELOPMENT FUND

Ninth Annual Report (1983)

The ERDF, one of the Community's structural funds, was set up in 1975 to correct the principal regional imbalances within the Community. ERDF aid is accordingly granted in areas and regions suffering from imbalances resulting in particular from the predominance of agriculture, industrial change and structural under-employment. Such regions, which are determined in agreement with the Member States, are generally the areas covered by national regional aid schemes, these areas being approved by the Commission in accordance with Articles 92 and 94 of the Treaty establishing the European Economic Community. The ERDF provides assistance by making grants which support and supplement national regional development efforts.

As well as reporting on the ERDF activities in 1983, this publication also provides a review of the nine years (1975 to 1983) that the ERDF has been in existence.
