COMMISSION REGULATION (EEC) No 2518/85**of 5 September 1985****fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria ⁽³⁾, as last amended by Regulation (EEC) No 1201/85 ⁽⁴⁾, and in particular Article 5 thereof,

Whereas Article 3 of Council Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender ⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 2 and 3 September 1985 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

Whereas on 12 March 1985 the Commission of the European Communities decided to grant, under Community measures, various quantities of cereals to certain non-member countries and beneficiary organizations;

Whereas, pursuant to Article 3 (3) of Council Regulation (EEC) No 2750/75, the goods may be purchased anywhere on the Community market;

Whereas an invitation to tender should be issued for supply of the products delivered unloaded at destination in view of the final use to be made of the goods delivered;

Whereas the provisions of Commission Regulation (EEC) No 1974/80 of 22 July 1980 laying down

general implementing rules in respect of certain food-aid operations involving cereals and rice⁽⁸⁾, as last amended by Regulation (EEC) No 3323/81⁽⁹⁾, should be applied as far as possible, particularly in respect of the procedure for submission of tenders, since the manner in which the security is lodged must guarantee that the successful tenderer complies with his obligations;

Whereas, however, the specific provisions concerning delivery to destination must be set out; whereas the successful tenderer must thus bear all risk in the goods up to unloading at the stipulated destination; whereas payment can be made only when proof of delivery to the destination is provided;

Whereas it must be made clear who is to bear any costs which arise in the event that for reasons of *force majeure* the operation in question is not completed within the period stipulated;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

The tender shall state separately the amount of cost in respect of sea and land transport to the stipulated final destination.

The tender shall indicate the Member State in which the tenderer, in the event of his being declared successful, undertakes to complete the customs export formalities.

3. The tenderer shall carry out his obligations pursuant to this Regulation and the undertakings referred to in Article 4 (4) of Regulation (EEC) No 1974/80, with the exception of points (d) and (e) thereof.

4. The tenderer shall undertake to ship in vessels, listed in the larger classes in recognized classification registers, not more than 15 years old and attested by a competent body as meeting hygiene requirements.

Article 3

1. Without prejudice to paragraphs 2 and 3, the contract shall be awarded within 48 hours to the tenderer who has submitted the most favourable tender.

2. Where the most favourable tender is submitted by more than one tenderer, the intervention agency shall award the contract to one of those tenderers by drawing lots.

3. If the tenders do not appear to be in line with the prices normally prevailing on the market, the intervention agency may, with the agreement of the Commission, decide not to award the contract.

4. The intervention agency shall communicate the results of the tendering procedure to all the tenderers by letter or telex sent not later than the first working day following the award decision.

Article 4

1. The successful tenderer shall contract as necessary, at his own expense, for carriage of the goods to the final destination and shall bear all the costs involved, including those of unloading and warehousing at the destination. He shall take out suitable insurance.

2. The successful tenderer shall bear all the risks relating to the goods, in particular of loss or deterioration to which the goods are subject, until they have

effectively been unloaded and delivered to the final destination.

3. The successful tenderer shall communicate as soon as possible to the recipient's representative the date of loading, the means of transport used to consign the goods to the final destination, and the probable date of arrival. He shall immediately send this information to the intervention agency responsible for payment, which shall forward it without delay to the Commission.

The tenderer shall advise the recipient's representative, at least three days in advance, of the probable date of arrival of the goods at the final destination.

Article 5

1. The intervention agency of the country of shipment shall arrange for a check at the port, before loading, on the quantity, quality and packaging of the goods. Following inspection an attestation shall be issued by the intervention agency. The costs relating thereto shall be borne by the successful tenderer.

The successful tenderer shall provide that intervention agency with the certificate showing that the fumigation has been carried out.

2. Samples intended for analysis shall be taken and the inspection shall be carried out in accordance with the trade practices in force in the country of shipment. The successful tenderer and the recipient's representative shall be invited to take part in the operation.

Two sealed samples shall be kept by the intervention agency until issue by the recipient of the taking-over certificate or until issue of the certificate referred to in Article 6 (2).

3. If the inspection referred to in paragraph 1 gives rise to a dispute, the intervention agency shall arrange for a second inspection by a service different from that mentioned in paragraph 1, the findings of which shall be final. The costs relating thereto shall be borne by the losing party.

4. Where the inspection provided for in the preceding paragraphs reveals that the goods do not satisfy the requirements stipulated, they must be refused and replaced. Where some quantities are missing the successful tenderer must make up the cargo.

Article 6

1. A taking-over certificate shall be issued by the recipient immediately following unloading at the final destination. It shall state the place and date of taking

over and give a description of the goods taken over in the form given in Annex II and any comments by the recipient.

2. Where the taking-over certificate is not issued for reasons other than a dispute about the goods, proof of delivery may be provided by means of a certificate of the form given in Annex II endorsed by the Community representative in the country of destination.

Article 7

1. Payment to the successful tenderer shall be made by the intervention agency of the Member State in which the customs export formalities are completed.

2. The amount to be paid shall be that of the tender plus, where appropriate, the costs referred to in Article 9. It shall be paid in the currency of the Member State which is responsible for payment. For this purpose this amount shall be converted by using :

- where the currencies in question are maintained within a maximum spread at any one time of 2,25 %, the conversion rate resulting from their central rate,
- in other cases, the relationship between the two currencies concerned established by using the latest statement of their spot exchange rates made immediately prior to the closing date for the submission of tenders as published in the 'C' series of the *Official Journal of the European Communities*.

3. The amount referred to in paragraph 2 shall be paid to the successful tenderer on presentation of the original of the taking-over certificate or a certified copy thereof, or, if this is not available, of the certificate referred to in Article 6 (2).

4. The intervention agency is hereby authorized to make without delay an initial payment of 80 % of the value of the quantity given in the bill of lading, on presentation of a copy of that document, of the attestation referred to in Article 5 (1) and of the fumigation certificate, and subject to the provision of a security for an amount equal to the initial payment.

The said security shall be provided as laid down in Article 5 (2) of Regulation (EEC) No 1974/80.

Article 8

1. The security referred to in Article 2 shall be immediately released to :

- every tenderer whose tender was not successful or was not accepted,
- the successful tenderer in respect of quantities not delivered on account of *force majeure*,
- the successful tenderer in respect of the quantities delivered in accordance with this Regulation and on presentation of the original of the taking-over certificate or a certified true copy thereof or, where appropriate, the certificate referred to in Article 6 (2).

2. The security referred to in Article 7 (4) shall be released immediately when the successful tenderer furnishes the proof in accordance with Article 6 that at least 80 % of the quantity provided for has been delivered in conformity with the conditions laid down in this Regulation.

Article 9

If the successful tenderer, for reasons of *force majeure*, has to bear exceptional costs in respect of the delivery made under this Regulation which cannot be covered by insurance, he may receive compensation therefor on production of supporting documents and with the prior agreement of the Commission.

Article 10

Except in case of *force majeure* the successful tenderer shall bear all the financial consequences of the non-delivery of the goods under the conditions laid down in this Regulation if the recipient had made delivery possible under such conditions.

The costs resulting from the non-delivery of the goods following a case of *force majeure* shall be borne by the intervention agency responsible for payment.

Article 11

Articles 21 and 22 (1) and (2) of Regulation (EEC) No 1974/80 shall apply in the context of this Regulation.

The intervention agency responsible for payment shall, on receipt, send the information referred to in Article 4 (3) to the Commission.

The intervention agency in the country of shipment shall send the Commission, without delay, the results of the inspection referred to in Article 5.

Article 12

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2522/85

of 5 September 1985

fixing the amount of the subsidy on oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 231/85 ⁽²⁾, and in particular Article 27 (4),

Having regard to Council Regulation (EEC) No 1223/83 of 20 May 1983 on the exchange rates to be applied in agriculture ⁽³⁾, as last amended by Regulation (EEC) No 1297/85 ⁽⁴⁾,

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza, rape and sunflower seed ⁽⁵⁾, as last amended by Regulation (EEC) No 1474/84 ⁽⁶⁾, and in particular Article 2 (3) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the amount of the subsidy referred to in Article 27 of Regulation No 136/66/EEC was fixed by Regulation (EEC) No 1121/85 ⁽⁷⁾, as last amended by Regulation (EEC) No 2479/85 ⁽⁸⁾;

Whereas the target price and the monthly increments in the target price of sunflower seed for the 1985/86 marketing year have been fixed in Regulations (EEC) No 1489/85 ⁽⁹⁾, and (EEC) No 1490/85 ⁽¹⁰⁾;

Whereas, in the absence of the target price for the 1985/86 marketing year for colza and rape seed and in the absence of the amount of the monthly increase for October, November, December 1985, January and February 1986 for colza and rape seed, the amount of the subsidy in the case of advance fixing for September, October, November, December 1985, January and February 1986 for colza and rape seed has

been obtainable only provisionally on the basis of the target price and the monthly increase as last proposed by the Commission to the Council for the marketing year 1985/86; whereas this amount may, therefore, be applied on a temporary basis and should be confirmed or replaced when the indicative price of the 1985/86 marketing year is known;

Whereas, for the period 21 August to 27 August 1985, for certain currencies:

- for the current month, the difference referred to in Article 2 (1) of Regulation (EEC) No 1569/72 differs by more than one point from the percentage adopted for the previous fixing,
- for certain following months the difference referred to in Article 2 (2) of Regulation (EEC) No 1569/72 exceeds 0,5 %; whereas this difference in the case of certain forward differential amounts differs by more than one point from the percentage adopted for the previous fixing;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 1121/85 to the information known to the Commission that the amount of the subsidy at present in force should be altered to the amount set out in the Annexes hereto,

HAS ADOPTED THIS REGULATION:

Article 1

1. The amounts of the subsidy and the exchange rates referred to in Article 33 (2) and (3) of Regulation (EEC) No 2681/83 ⁽¹¹⁾ shall be as set out in the Annexes hereto.

2. The amount of the subsidy in the case of advance fixing for September, October, November, December 1985, January and February 1986 for colza and rape seed will, however, be confirmed or replaced as from 6 September 1985 to take into account the indicative price which is fixed for these products for the 1985/86 marketing year, and the amount of the monthly increase for October, November, December 1985, January and February 1986 for colza and rape seed.

COMMISSION REGULATION (EEC) No 2523/85

of 5 September 1985

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾, and in particular the fourth subparagraph of Article 16 (2),

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾, provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in Article 2b (2) of Regulation (EEC) No 974/71⁽⁶⁾, as last amended by Regulation (EEC) No 855/84⁽⁷⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75, exported in the natural state, shall be as set out in the Annex hereto.

fixing the export refunds on malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

COMMISSION REGULATION (EEC) No 2525/85

of 5 September 1985

fixing the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organi-
zation of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1018/84⁽²⁾,

Having regard to Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general rules
for granting export refunds on cereals and criteria for
fixing the amount of such refunds⁽³⁾,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 (4) of Regulation (EEC) No
2727/75 provides that the export refund applicable to
cereals on the day on which application for an export
licence is made, adjusted for the threshold price in
force during the month of exportation, must be
applied on request to exports to be effected during the
period of validity of the export licence; whereas, in
this case, a corrective amount must be applied to the
refund;

Whereas Council Regulation (EEC) No 2744/75 of 29
October 1975 on the import and export system for
products processed from cereals and from rice⁽⁴⁾, as
last amended by Regulation (EEC) No 1027/84⁽⁵⁾,
made possible the fixing of a corrective amount for
certain products listed in Article 1 (c) of Regulation
(EEC) No 2727/75;

Whereas Regulation (EEC) No 1281/75⁽⁶⁾ laid down
detailed rules for the advance fixing of export refunds
for cereals and certain products processed from
cereals;

Whereas, pursuant to that Regulation, when the
corrective amount is being fixed, account must be
taken of the existing situation and the future trend
with regard to prices and availabilities of cereals on the
Community market on the one hand and possibilities

and conditions for the sale of cereals and cereal
products on the world market on the other; whereas
the same Regulation provides that it is also important
to ensure equilibrium and the natural development of
prices and trade on cereal markets and, furthermore, to
take into account the economic aspect of exports and
the need to avoid disturbances on the Community
market;

Whereas for the products listed in Article 1 (c) of
Regulation (EEC) No 2727/75 account should be
taken of the specific criteria laid down in Article 2 (2)
of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific
requirements of certain markets may make it necessary
to vary the corrective amount according to desti-
nation;

Whereas the corrective amount must be fixed at the
same time as the refund and according to the same
procedure;

Whereas it may be altered in the period between
fixings;

Whereas, if the system of corrective amounts is to
operate normally, corrective amounts should be calcu-
lated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2,25 %, a rate of exchange based on
their central rate, multiplied by the coefficient
provided for in Article 2b (2) of Regulation (EEC)
No 974/71⁽⁷⁾, as last amended by Regulation (EEC)
No 855/84⁽⁸⁾,
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each of
these currencies recorded over a given period in
relation to the Community currencies referred to
in the preceding indent and the aforesaid coeffi-
cient;

Whereas it follows from applying the provisions set
out above that the corrective amount must be as set
out in the Annex hereto;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Management
Committee for Cereals,

HAS ADOPTED THIS REGULATION:

COMMISSION OF THE EUROPEAN COMMUNITIES

EUROPEAN PERSPECTIVES

THE EUROPEAN MONETARY SYSTEM

Origins, operation and outlook

by J. van Ypersele

with the collaboration of J.-C. Koeune

Preface by Robert Triffin

Since 13 March 1979, the exchange rates of the European Community currencies (with the exception of sterling and the drachma) have been regulated by the European Monetary System. The creation of the EMS arose from two complementary concerns: to stabilize exchange relationships between European currencies and to base this external stability on a better convergence of the Community's economies toward internal stability.

This book tries to answer the questions likely to be raised by the educated person over the mechanisms and the economic significance of the EMS, as well as its first results and its prospects.

Chapter I explains the motives behind this European initiative in a world where, following the demise of the Bretton Woods system, the 'floating' of the major currencies was accompanied in practice by enormous international monetary instability that hindered investment and economic recovery.

The creation, through the EMS, of a 'zone of monetary stability in Europe' was only the latest in the succession of efforts, in the monetary area, to pursue European economic integration. Chapter II recalls those previous attempts, from the statement of a number of objectives in the Rome Treaty to the concerted floating of European currencies in the 'snake'.

Chapter III examines the substance of the EMS and its machinery (exchange rate and intervention mechanism, role of the ECU, credit mechanisms), explaining the new elements in these mechanisms compared with the snake, and analysing the conditions required in theory for their proper functioning.

Chapter IV illustrates, with the help of statistical analyses, how the EMS actually operated during its first five years. Despite an international environment more volatile than ever, the performance has been good as far as exchange rates are concerned, and on the convergence front, though much still remains to be done, definite progress has been made towards internal stability since the last two parity realignments. In conclusion, the chapter looks at the recent rapid development in the private use of the ECU.

Finally, Chapter V deals with the future of the EMS. It describes the transition to the institutional phase (which has been put off) and underlines the urgent need for a better convergence of the participating economies. A number of possible reforms that would be likely to reinforce the system and to improve its capacity to withstand outside shocks are also set out.
