COMMISSION REGULATION (EEC) No 2856/86**of 16 September 1986****fixing the import levies on cereals and on wheat or rye flour, groats and meal**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1579/86 ⁽²⁾, and in particular Article 13 (5) thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy ⁽³⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the import levies on cereals, wheat and rye flour, and wheat groats and meal were fixed by Commission Regulation (EEC) No 2010/86 ⁽⁴⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central

rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Regulation (EEC) No 1676/85,

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas these exchange rates being those recorded on 15 September 1986;

Whereas the aforesaid corrective factor affects the entire calculation basis for the levies, including the equivalence coefficients;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 2010/86 to today's offer prices and quotations known to the Commission that the levies at present in force should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 17 September 1986.

⁽¹⁾ OJ No L 281, 1. 11. 1975, p. 1.

⁽²⁾ OJ No L 139, 24. 5. 1986, p. 29.

⁽³⁾ OJ No L 164, 24. 6. 1985, p. 1.

⁽⁴⁾ OJ No L 173, 1. 7. 1986, p. 1.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 September 1986.

- ⁽¹⁾ Where durum wheat originating in Morocco is transported directly from that country to the Community, the levy is reduced by 0,60 ECU/tonne.
- ⁽²⁾ In accordance with Regulation (EEC) No 486/85 the levies are not applied to imports into the French overseas departments of products originating in the African, Caribbean and Pacific States or in the 'overseas countries and territories'.
- ⁽³⁾ Where maize originating in the ACP or OCT is imported into the Community the levy is reduced by 1,81 ECU/tonne.
- ⁽⁴⁾ Where millet and sorghum originating in the ACP or OCT is imported into the Community the levy is reduced by 50 %.
- ⁽⁵⁾ Where durum wheat and canary seed produced in Turkey are transported directly from that country to the Community, the levy is reduced by 0,60 ECU/tonne.
- ⁽⁶⁾ The import levy charged on rye produced in Turkey and transported directly from that country to the Community is laid down in Council Regulation (EEC) No 1180/77 and Commission Regulation (EEC) No 2622/71.
- ⁽⁷⁾ The levy applicable to rye shall be charged on imports of the product falling within subheading 10.07 D I (triticale).

COMMISSION REGULATION (EEC) No 2857/86

of 16 September 1986

fixing the premiums to be added to the import levies on cereals, flour and malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1579/86⁽²⁾, and in particular Article 15 (6) thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy⁽³⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the premiums to be added to the levies on cereals and malt were fixed by Commission Regulation (EEC) No 2011/86⁽⁴⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Regulation (EEC) No 1676/85,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of

these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas these exchange rates being those recorded on 15 September 1986;

Whereas, on the basis of today's cif prices and cif forward delivery prices, the premiums at present in force, which are to be added to the levies, should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

1. The premiums referred to in Article 15 of Regulation (EEC) No 2727/75 to be added to the import levies fixed in advance in respect of cereals and malt originating in Portugal shall be zero.
2. The premiums referred to in Article 15 of Regulation (EEC) No 2727/75 to be added to the import levies fixed in advance in respect of cereals and malt originating in third countries shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 17 September 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 September 1986.

COMMISSION REGULATION (EEC) No 2858/86

of 15 September 1986

on the classification of goods falling within heading No 39.07 of the Common Customs Tariff

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 97/69 of 16 January 1969 on measures to be taken for uniform application of the nomenclature of the Common Customs Tariff⁽¹⁾, as last amended by Regulation (EEC) No 2055/84⁽²⁾, and in particular Article 3 thereof,

Whereas, in order to ensure that the nomenclature of the Common Customs Tariff is uniformly applied, provisions should be adopted on the classification of the following goods :

1. A binder consisting of a paperboard rectangle (approximately 530 × 310 mm and 1,84 mm thick), covered on each side with a sheet of artificial plastic material (approximately 0,23 mm thick) welded on all four edges ; this covered paperboard is then folded in two places to form the spine of the binder. Inside, there is a binding mechanism ;
2. A binder consisting of two paperboard rectangles (the covers, approximately 310 × 220 mm each and 1,64 mm thick), a paperboard strip (the spine, approximately 310 × 45 mm and 1,64 mm thick) and two narrow strips on either side of the spine (stiffeners, approximately 310 × 14 mm each and 1,64 mm thick), covered on each side with a sheet of artificial plastic material (approximately 0,42 mm thick) welded on all four edges, along the length of the strip forming the spine of the folder, and along the length of the stiffness. Inside, there is a binding mechanism ;
3. A binder consisting of two paperboard rectangles (the covers, approximately 255 × 310 mm each and 2,05 mm thick) and a paperboard strip (the spine, approximately 51 × 310 mm and 2,05 mm thick), which are covered on each side with a sheet of artificial plastic material (approximately 0,40 mm thick) welded on all four edges and along the length of the strip forming the spine of the binder. Inside, there is a binding mechanism ;
4. A binder consisting of a paperboard rectangle approximately 520 × 310 mm) having in its central part, along the two folding lines, two rectangular slots (approximately 290 × 6 mm) approximately 18 mm apart. The paperboard is covered on each side with a

sheet of artificial plastic material that is welded on all four edges and in the part corresponding to the slots. Inside, there is a binding mechanism ;

Whereas the Common Customs Tariff annexed to Council Regulation (EEC) No 950/68⁽³⁾ as last amended by Regulation (EEC) No 1355/86⁽⁴⁾, classifies in heading No 39.07 articles of materials of the kind described in headings Nos 39.01 to 39.06, and in heading No 48.18, *inter alia*, registers, exercise books, notebooks, memorandum blocks, order books, receipt books, diaries, blotting-pads, binders (loose-leaf or other), etc., whereas the abovementioned headings can be envisaged for the classification of the goods in question ;

Whereas all these articles consist basically of two materials, namely paperboard and artificial plastic material ; whereas they are therefore goods consisting of different materials to be classified in accordance with general rule 3 (b) for the interpretation of the nomenclature of the Common Customs Tariff ;

Whereas, in the above articles the paperboard merely provides strengthening and support whilst the artificial plastic material, bearing in mind the presentation and use of the articles, confers on them their essential character ; whereas the articles in question should therefore be classified in heading No 39.07 of the Common Customs Tariff ;

Whereas the provisions of Regulation do not conflict with the opinion of the Committee on Common Customs Tariff Nomenclature,

HAS ADOPTED THIS REGULATION :

Article 1

The following articles :

1. A binder consisting of a paperboard rectangle (approximately 530 × 310 mm and 1,84 mm thick), covered on each side with a sheet of artificial plastic material (approximately 0,23 mm thick) welded on all four edges ; this covered paperboard is then folded in two places to form the spine of the binder. Inside, there is a binding mechanism ;

⁽¹⁾ OJ No L 14, 21. 1. 1969, p. 1.

⁽²⁾ OJ No L 191, 19. 7. 1984, p. 1.

⁽³⁾ OJ No L 172, 22. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 118, 7. 5. 1986, p. 1.

2. A binder consisting of two paperboard rectangles (the covers, approximately 310×220 mm each and 1,64 mm thick), a paperboard strip (the spine, approximately 310×45 mm and 1,64 mm thick) and two narrow strips on either side of the spine (stiffeners, approximately 310×14 mm each and 1,64 mm thick), covered on each side with a sheet of artificial plastic material (approximately 0,42 mm thick) welded on all four edges, along the length of the strip forming the spine of the folder and along the length of the stiffeners. Inside, there is a binding mechanism ;
3. A binder consisting of two paperboard rectangles (the covers, approximately 255×310 mm each and 2,05 mm thick) and a paperboard strip (the spine, approximately 51×310 mm and 2,05 mm thick), covered on each side with a sheet of artificial plastic material (approximately 0,40 mm thick) welded on all four edges and along the length of the strip forming the spine of the binder. Inside, there is a binding mechanism ;
4. A binder consisting of a paperboard rectangle (approximately 520×310 mm) having in its central part, along the two folding lines, two rectangular slots (approximately 290×6 mm) approximately 18 mm apart. The paperboard is covered on each side with a sheet of artificial plastic material welded on all four edges and in the part corresponding to the slots. Inside, there is a binding mechanism ;

shall be classified under the following heading in the Common Customs Tariff

39.07 : Articles of materials of the kind described in heading Nos 39.01 to 39.06.

Article 2

This Regulation shall enter into force on the 21st day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2859/86

of 16 September 1986

introducing a countervailing charge and suspending the preferential customs duty on imports of lemons originating in Turkey

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1351/86⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0,6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 1661/86 of 29 May 1986 fixing the reference price for lemons for the 1986 marketing year⁽³⁾ fixed the reference price for products of class I for the month of September 1986 at 53,29 ECU per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative price or the arithmetic mean of the lowest prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as last amended by Regulation (EEC) No 3811/85⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for lemons originating in Turkey, the entry price calculated in this way has remained at least 0,6 ECU below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these lemons;

Whereas, in Article 1 of Council Regulation (EEC) No 3671/81 of 15 December 1981 on imports into the Community of certain agricultural products originating in Turkey⁽⁶⁾, as amended by Regulation (EEC) No 1555/84⁽⁷⁾, a rate of customs duty of 4 % should be reintroduced.

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁸⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient,

HAS ADOPTED THIS REGULATION:

Article 1

1. A countervailing charge of 4,94 ECU per 100 kilograms net is applied on imports of lemons falling within subheading 08.02 C of the Common Customs Tariff originating in Turkey.
2. The rate of customs duty on imports of these products shall be 4 %.

Article 2

This Regulation shall enter into force on 18 September 1986.

⁽¹⁾ OJ No L 118, 20. 5. 1972, p. 1.

⁽²⁾ OJ No L 119, 8. 5. 1986, p. 46.

Vice-President

COMMISSION REGULATION (EEC) No 2860/86

of 16 September 1986

fixing for Great Britain the level of the variable slaughter premium for sheep
and the amounts to be charged on products leaving region 5

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1837/80 of 27 June 1980 on the common organization of the market in sheepmeat and goatmeat ⁽¹⁾, as last amended by Regulation (EEC) No 882/86 ⁽²⁾,

Having regard to Commission Regulation (EEC) No 1633/84 of 8 June 1984 laying down detailed rules for applying the variable slaughter premium for sheep and repealing Regulation (EEC) No 2661/80 ⁽³⁾, as last amended by Regulation (EEC) No 1860/86 ⁽⁴⁾, and in particular Articles 3 (1) and 4 (1) thereof,

Whereas the United Kingdom is the only country which grants the variable slaughter premium, in region 5, within the meaning of Article 3 (5) of Regulation (EEC) No 1837/80; whereas it is necessary therefore for the Commission to fix, for the week beginning 25 August 1986, the level of the premium and the amount to be charged on products leaving that region;

Whereas Article 3 (1) of Regulation (EEC) No 1633/84 stipulates that the level of the variable slaughter premium is to be fixed each week by the Commission;

Whereas Article 4 (1) of Regulation (EEC) No 1633/84 lays down that the amount to be charged on products leaving region 5 shall be fixed weekly by the Commission;

Whereas it follows from the application of the rules laid down in Article 9 (1) of Regulation (EEC) No 1837/80

and in Article 4 (1), (3) and (4) of Regulation (EEC) No 1633/84 that the variable slaughter premium for sheep certified as eligible in the United Kingdom, and the amounts to be charged on products leaving region 5 of the aforesaid Member State during the week beginning 25 August 1986, shall be set out in the Annexes hereto,

HAS ADOPTED THIS REGULATION:

Article 1

For sheep or sheepmeat certified as eligible in the United Kingdom in region 5, within the meaning of Article 3 (5) of Regulation (EEC) No 1837/80, for the variable slaughter premium during the week beginning 25 August 1986 the level of the premium shall be equivalent to the amount fixed in Annex I.

Article 2

For products referred to in Article 1 (a) and (c) of Regulation (EEC) No 1837/80 which left the territory of region 5 during the week beginning 25 August 1986, the amounts to be charged shall be equivalent to those fixed in Annex II hereto.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 25 August 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 September 1986.

(1) Eligibility for these reduced amounts is subject to compliance with the conditions laid down in the second subparagraph of Article 5 (3) of Regulation (EEC) No 1633/84.

COMMISSION REGULATION (EEC) No 2861/86

of 16 September 1986

altering the import levies on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal.

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1579/86⁽²⁾, and in particular Article 14 (4) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 1449/86⁽⁴⁾ and in particular Article 12 (4) thereof,

Having regard to Council Regulation No 1676/85 of 11 June 1985 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy⁽⁵⁾ and in particular Article 3 thereof,

Having regard to the advice of the Monetary Committee,

Whereas the import levies on products processed from cereals and rice were fixed by Commission Regulation (EEC) No 2674/86⁽⁶⁾, as last amended by Regulation (EEC) No 2842/86⁽⁷⁾;

Whereas Council Regulation (EEC) No 1588/86⁽⁸⁾ as amended by Council Regulation (EEC) No 2744/75⁽⁹⁾ as regards products falling within subheading 23.02 A of the Common Customs Tariff;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band

of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Regulation (EEC) No 1676/85,

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas these exchange rates being those recorded on 15 September 1986;

Whereas the aforesaid corrective factor affects the entire calculation basis for the levies, including the equivalence coefficients;

Whereas the levy on the basic product as last fixed differs from the average levy by more than 3,02 ECU per tonne of basic product; whereas, pursuant to Article 1 of Commission Regulation (EEC) No 1579/74⁽¹⁰⁾ the levies at present in force must therefore be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on products processed from cereals and rice covered by Regulation (EEC) No 2744/75, as last amended by Regulation (EEC) No 1588/86, as fixed in the Annex to amended Regulation (EEC) No 2674/86 are hereby altered to the amounts set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 17 September 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 September 1986.

COMMISSION

COMMISSION DECISION

of 13 August 1986

instituting in the region of Basilicata, Italy, a pilot action in preparation for the integrated Mediterranean programmes

(Only the Italian text is authentic)

(86/450/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Whereas the Council has adopted Regulation (EEC) No 2088/85 of 23 July 1985 concerning the integrated Mediterranean programmes⁽¹⁾;

Whereas pilot actions are necessary to test the methods for implementing the integrated Mediterranean programmes in order that such programmes may be implemented as soon as possible after their adoption;

Whereas the pilot actions constitute a coherent set of operations that are compatible with each other and with the regional development programmes; whereas they have intrinsic merits in the context of the Community's policies;

Whereas each pilot action is on a smaller scale than the operational plan of campaign for the integrated Mediterranean programmes;

Whereas the Italian Republic has proposed to the Commission that a pilot action be instituted in the region of Basilicata, Italy, in preparation for the integrated Mediterranean programmes;

Whereas, on 27 August 1985, the Commission decided in principle on a pilot action in preparation for the integrated Mediterranean programmes, which was to be spelt out in

detail subsequently and was on that occasion already granted assistance for a priority operation;

Whereas these details can now be established;

Whereas the pilot action must be coordinated with any integrated Mediterranean programme adopted for the same region or area;

Whereas the pilot action in question concerns an area which exhibits development problems typical of those which the integrated Mediterranean programmes are intended to resolve;

Whereas in order to ensure its effectiveness, the pilot action in question will be carried out with the agreement of the national authorities of the Member State concerned and in close cooperation with the responsible regional and local authorities,

HAS ADOPTED THIS DECISION:

Article 1

A pilot action is hereby instituted in the region of Basilicata, Italy, in preparation for the integrated Mediterranean programmes. This pilot action is described in Annex 1.

Article 2

The implementation of the pilot action shall be reviewed at regular intervals by the Commission in consultation with the Member State concerned so that it may be decided whether, and in which respects, the items set out in Annex I should be modified.

⁽¹⁾ OJ No L 197, 27. 7. 1985, p. 1.

In particular, in order to ensure the necessary coordination between this action and the integrated programme proper, the Commission shall assess whether and to what extent it is necessary to include in that programme the operations covered by this Decision that have still not been implemented when the programme comes into force.

If the Commission decides to include in the integrated programme the operations referred to in the preceding paragraph, the date of the Decision in question shall be deemed for financial accounting purposes to be the completion of the pilot action.

Article 3

The pilot action shall be implemented by means of specific decisions by the Commission on individual operations forming constituent parts of the pilot action. The decisions shall describe the substance of the operations, shall fix the Community's contribution to the financing for each operation and shall define the procedures. The general conditions to be met for such specific decisions to be taken are set out in Annex 2.

Article 4

Within three months of the date referred to in the third paragraph of Article 2 or of the completion of all the operations under the pilot action, the Member State concerned shall transmit to the Commission a report

in five copies on the lessons to be drawn from the pilot action as a whole for the implementation of the integrated Mediterranean programmes.

Article 5

A monitoring committee shall be set up by agreement between the Commission and the national, regional and local authorities concerned in the Member State to check on the implementation of the pilot action. Those authorities shall, in consultation with the Commission, take the other administrative measures necessary at each level of administration.

Article 6

The assistance that the Commission decides upon for the pilot action shall not bind the Community as regards the final selection of the areas in which the integrated Mediterranean programmes are to be carried out.

Article 7

This Decision is addressed to the Italian Republic.

Done at Brussels, 13 August 1986.

For the Commission

Nicolas MOSAR

Member of the Commission

ANNEX I

PILOT ACTION IN THREE MOUNTAIN COMMUNITIES IN THE PROVINCE OF POTENZA, REGION OF BASILICATA, ITALY, IN PREPARATION FOR THE INTEGRATED MEDITERRANEAN PROGRAMMES**1. TITLE**

Pilot action in three mountain communities in the province of Potenza, region of Basilicata, Italy, in preparation for the integrated Mediterranean programmes.

2. DESCRIPTION AND GENERAL FEATURES OF THE AREA

The pilot action concerns the three mountain communities of Marmoplatano, Melandro and Vulture, in the province of Potenza, which cover an area of 1 700 km² and have a population of 116 000. The area was hard hit by the earthquake of December 1980, which aggravated the already difficult situation in the inland areas of Basilicata. The municipalities concerned are less-favoured areas within the meaning of Council Directive 75/268/EEC⁽¹⁾. The climate is continental. The labour force of 46 000 is distributed between sectors as follows:

agriculture : 27 %,
industry : 29 %,
services : 44 %.

Average per capita disposable income in the province of Potenza is estimated at LIT 5,8 million a year, 67 % of the national average, which puts the province in 88th place in the league table of 95 Italian provinces. The percentage of illiterates in the labour force is 13,4 % (compared with 5,4 % for Italy as a whole).

2.1. Agriculture

The total area given over to agriculture is 163 000 hectares (19 % of the total for the region of Basilicata); the utilized agricultural area (UAA) is 119 000 hectares, the remaining 44 000 hectares being woodland.

There are 19 419 agricultural holdings in the area, with an average UAA of 6,1 hectares (compared with an average of 8,1 hectares for the region as a whole). The main agricultural activities are stock-farming and grain production in the mountain communities of Marmoplatano and Melandro; in the mountain community of Vulture, wine and olives are also produced:

- cattle : 26 700 head (3 390 holdings),
- sheep : 93 000 head (3 000 holdings),
- goats : 15 000 head (2 100 holdings),
- pigs : 18 700 head (10 490 holdings).
- 64 000 hectares of UAA are under cereal cultivation, mainly the durum varieties.
- 4 500 hectares of UAA are given over to wine production, mainly of DOC 'Aglianico del Vulture'.

2.2 Craft industry and small and medium-sized enterprises

Industrial and craft activities are much less developed in the three mountain communities than in the valleys. The industrial sector employs 29 % of the area's labour force, mainly in craft industries processing local products.

2.3. Rural tourism

The outlook for rural tourism is very promising and offers scope for job creation.

3. GENERAL PURPOSE

The object of the pilot action is to create integrated opportunities for socio-economic development through measures in favour of agriculture, rural tourism, craft industry and small- and medium-sized enterprises. The action will help to provide extra jobs, reduce underemployment in agriculture, and improve the quality of life, in the countryside by promoting interaction between rural and urban areas, while respecting the need to protect the environment.

⁽¹⁾ OJ No L 128, 19. 5. 1975, p. 1.

4. PROPOSED MEASURES

4.1. Agriculture

- 4.1.1. Setting up, over a three-year period, of twelve specialized livestock centres to revitalize sheep-farming and goat-farming, and to promote local cheeses.
- 4.1.2. Promotion of the products of forest and woodland, bringing into production about 50 hectares of forest and woodland over a period of two years.
- 4.1.3. Establishing over a period of one year a centre for gathering, working up and processing forest and woodland products.

The agricultural measures could lead to the direct creation of about 80 new jobs, not counting induced effects.

4.2. Craft Industry and Small and Medium-Sized Enterprises

- 4.2.1. Equipping the three craft industry areas of Melfi, Rionero and Atella in the mountain community of Vulture : town-planning projects costing 3 054 980 ECU will rapidly make possible the installation of 220 craft and commercial establishments, and the creation of 350 new jobs.
- 4.2.2. Arrangements for practical technical back-up for local industry and crafts (see further details under point 4.4).

4.3. Rural Tourism

- 4.3.1. Development of the woodland area of Piano Ferranto, in the community of Muro Lucano (mountain community of Marmo) to provide infrastructure and services for visits by tourists (day-trips and touring).
- 4.3.2. Renovation of seven agricultural holdings in the mountain community of Melandro, involving 11 farm buildings, and providing tourist accommodation for 46 people.
- 4.3.3. The Monticchio rural tourism project planned in the mountain community of Vulture.

The income generated by the rural tourism programme should almost totally eliminate underemployment in the agricultural holdings involved.

4.4. Technical Assistance and Socio-Economic Promotion

Recruitment on contracts for 12-15 months of experts and/or technicians to help with the various aspects of the pilot action ; in particular :

- two technical specialists in sheep and goat breeding ;
 - one expert technician in the exploitation of woodland ;
 - one marketing specialist ;
 - one rural tourism expert ;
 - two specialists in tourism ;
 - two experts on industries and crafts :
- (a) nine experts for 15 months for LIT 2,5 million : LIT 337 500 000 ;
 - (b) conferences, seminar, study trips : LIT 50 million ;
 - (c) information systems (software) : LIT 50 million ;
 - (d) VAT 18 % ; general expenditure 5 %.

5. TIMETABLE

The action will be carried out from 27 August 1985 to 27 August 1987, subject to the provisions of the second and third paragraphs of Article 2 of this Decision.

6. AUTHORITIES RESPONSIBLE

For coordination :

- Office of the Minister for Coordination of Community Policies, Rome ;

For implementation :

Region of Basilicata ; certain operations will be carried out by the mountain communities of Marmoplatano, Melandro and Vulture.

7. ESTIMATE OF EXPENDITURE AND FINANCING PLAN

See following table (1).

(1) The existing instruments are the European Regional Development Fund, the European Social Fund and the Guidance Section of the European Agricultural Guidance and Guarantee fund.

7. Promotion of local cheeses ⁽¹⁾	586			293	50	293	50		

⁽¹⁾ Aid for this operation was granted by decision of 27 August 1985.

*ANNEX 2***GENERAL CONDITIONS FOR THE SPECIFIC DECISIONS REFERRED TO IN ARTICLE 3**

1. In respect of the operations in point 7 of Annex 1, for which the Community's assistance is to be entirely financed out of the appropriations under Article 550 of the general budget of the European Communities, specific decisions within the meaning of Article 3 may be taken in accordance with the budgetary resources available.
 2. In respect of the operations detailed in point 7 of Annex 1, for which the Community's assistance is to be financed partly out of appropriations under Article 550 of the general budget of the European Communities and partly out of appropriations from Community funds or under Community measures (in particular the European Agricultural Guidance and Guarantee Fund, the European Social Fund, the European Regional Development Fund), decisions to use the appropriations entered under Article 550 are to be taken separately after approval of each operation under the procedures laid down for the fund or measure concerned, and in accordance with the budgetary resources available.
 3. The Italian Republic is required to grant the necessary priority to each operation in accordance with the payments schedules set out in Annex 1 when submitting applications for Community aid from the Funds or under the measures referred to in point 2 of this Annex.
-

COMMISSION DECISION

of 13 August 1986

instituting in the region of Sicily, Italy, a pilot action in preparation for the integrated Mediterranean programmes

(Only the Italian text is authentic)

(86/451/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Whereas the Council has adopted Regulation (EEC) No 2088/85 of 23 July 1985 concerning the integrated Mediterranean programmes (¹);

Whereas pilot actions are necessary to test the methods for implementing the integrated Mediterranean programmes in order that such programmes may be implemented as soon as possible after their adoption;

Whereas the pilot actions constitute a coherent set of operations that are compatible with each other and with the regional development programmes; whereas they have intrinsic merits in the context of the Community's policies;

Whereas each pilot action is on a smaller scale than the operational plan of campaign for the integrated Mediterranean programmes;

Whereas the Italian Republic has proposed to the Commission that a pilot action be instituted in the region of Sicily, Italy, in preparation for the integrated Mediterranean programmes;

Whereas, on 27 August 1985, the Commission decided in principle on a pilot action in preparation for the integrated Mediterranean programmes, which was to be spelt out in detail subsequently and was on that occasion already granted assistance for a priority operation;

Whereas these details can now be established;

Whereas the pilot action must be coordinated with any integrated Mediterranean programme adopted for the same region or area;

Whereas the pilot action in question concerns an area which exhibits development problems typical of those which the integrated Mediterranean programmes are intended to resolve;

Whereas in order to ensure its effectiveness, the pilot action in question will be carried out with the agreement of the national authorities of the Member State concerned and in close cooperation with the responsible regional and local authorities,

HAS ADOPTED THIS DECISION:

Article 1

A pilot action is hereby instituted in the region of Sicily, Italy, in preparation for the integrated Mediterranean programmes. This pilot action is described in Annex 1.

Article 2

The implementation of the pilot action shall be reviewed at regular intervals by the Commission in consultation with the Member State concerned so that it may be decided whether, and in which respects, the items set out in Annex 1 should be modified.

In particular, in order to ensure the necessary coordination between this action and the integrated programme proper, the Commission shall assess whether and to what extent it is necessary to include in that programme the operations covered by this Decision that have still not been implemented when the programme comes into force.

If the Commission decides to include in the integrated programme the operations referred to in the preceding paragraph, the date of the Decision in question shall be deemed for financial accounting purposes to be the completion of the pilot action.

Article 3

The pilot action shall be implemented by means of specific decisions by the Commission on individual operations forming constituent parts of the pilot action. The decisions shall describe the substance of the operations, shall fix the Community's contribution to the financing for each operation and shall define the procedures. The general conditions to be met for such specific decisions to be taken are set out in Annex 2.

Article 4

Within three months of the date referred to in the third paragraph of Article 2 or of the completion of all the operations under the pilot action, the Member State concerned shall transmit to the Commission a report in five copies on the lessons to be drawn from the pilot action as a whole for the implementation of the integrated Mediterranean programmes.

(¹) OJ No L 197, 27. 7. 1985, p. 1.

Article 5

A monitoring committee shall be set up by agreement between the Commission and the national, regional and local authorities concerned in the Member State to check on the implementation of the pilot action. Those authorities shall, in consultation with the Commission, take the other administrative measures necessary at each level of administration.

Article 6

The assistance that the Commission decides upon for the pilot action shall not bind the Community as regards the

final selection of the areas in which the integrated Mediterranean programmes are to be carried out.

Article 7

This Decision is addressed to the Italian Republic.

Done at Brussels, 13 August 1986.

For the Commission

Nicolas MOSAR

Member of the Commission

*ANNEX I***PILOT ACTION IN THE AREA OF THE NEBRODI, REGION OF SICILY, ITALY, IN PREPARATION FOR THE INTEGRATED MEDITERRANEAN PROGRAMMES****1. TITLE**

Pilot action in the area of the Nebrodi, region of Sicily, Italy, in preparation for the integrated Mediterranean programmes.

2. DESCRIPTION AND GENERAL FEATURES OF THE AREA

The 32 communes of the Nebrodi cover 1 600 km² and have a population of 100 000. There are 7 500 unemployed workers, including 5 500 first-time jobseekers, out of a labour force of 38 000.

The resident working population is employed in agriculture (51 %), industry (21 %), commerce, transport and communication (12 %), the territory sector (11 %) and in general government (5 %).

The utilized agricultural area (UAA) is 96 670 hectares, including 44 000 hectares of pastureland, 26 000 hectares under annual crops and 25 000 hectares under permanent crops.

Stockfarming is a major activity ; there are 59 000 head of cattle, 41 000 head of sheep and goats and 2 000 horses.

Half of the area under permanent crops produces hazelnuts, but there is no proper equipment to harvest and process them.

The main agricultural problems are :

- lack of irrigation,
- fragmentation of holdings,
- inadequacy of structures for the profitable marketing of agricultural products.

Craft firms predominate in the secondary sector : 308 firms (995 employees) in the building industry, and 853 firms (3 300 employees) in all other branches combined.

There are 305 firms in the territory sector, with 1 016 employees.

The pilot action concerns about 20 communes of the Nebrodi.

3. AIMS OF THE PILOT ACTION

- (a) The action aims at increasing incomes and improving living conditions so as to stabilize the population, particularly of young people, and thus to arrest the desertification process which has already reached an advanced stage in this area.
- (b) The action aims at improving productivity, in particular agricultural productivity, while respecting the need to protect the environment :
 - through more efficient production of hazelnuts, multiplying present output (six-seven quintals per hectare) by two or three, and approximately halving present production costs ;
 - through encouragement for stock-breeding, multiplying present density (150-200 kg/ha) by two or three ;
 - through applying the findings of research on new crops (in particular jojoba) that may replace surplus crops.
- (c) The action will provide technical backing (advisory and other services) for the proposed operations.
- (d) The action will establish structures to revive rural tourism and productive industrial activities linked to agriculture.
- (e) The action should lead to the creation of about 200 jobs following the expansion in agriculture and elsewhere through the proposed operations.

4. OPERATIONS PROPOSED**4.1. Stock farming****4.1.1. Modular unit for the multiplication of fodder crops, with a laboratory for soil analysis and germinability tests (50 hectares).**

Location : Monte Polverello, Nebrodi orientali. Serving the communes of Montalbano Elicona, Floresta, S. Domenica Vittoria, Raccuia, Veria, S. Piero Patti, Tortorici.

- 4.1.2. Centre for the preparation, selection and marketing of selected seeds at Montalbano Elicona.
- 4.1.3. Modular unit for veterinary treatment (2 227 m²). Area concerned : Montalbano Elicona, Floresta, Tortorici, Mistretta, Roccella Valdemone.
- 4.1.4. Modular units for collecting and distributing water for irrigation. Communes of Montalbano Elicona, Floresta, S. Domenica Vittoria, Tortorici, Militello Rosmarino.
- 4.1.5. Centre for the development of typical fresh cheese products : mozzarella, provolone, ricotta, uncata. Area concerned : Montalbano Elicona, Floresta, Tortorici, Mistretta, Roccella Valdemone.
- 4.1.6. Centres for the promotion of sheep's milk in the communes of Montalbano Elicona, Roccella, Tortorici, Mistretta.
- 4.1.7. Establishment of a centre for the mechanization of fodder crop cultivation. Commune concerned : Montalbano Elicona or Tortorici.

4.2. Technical assistance

The works provided for in the pilot action may pose certain problems because of the innovation they imply. To deal with this, consultants (possibly from the private sector) will be called in for specific jobs over a limited period (estimated cost : seven technicians for 12 months at Lit 2,5 million per month).

4.3. Small firms

- 4.3.1. Establishment for the manufacture of synthetic fibre nets for the harvesting of hazelnuts and olives ; nets to be used in the area, or sold for use elsewhere.
S. Piero Patti, S. Fratello, Montalbano Elicona, S. Domenica Vittoria.
- 4.3.2. Production and marketing unit for zeolite for agricultural use. S. Agata Militello.

4.4. Rural tourism

- 4.4.1. Display and marketing centres for typical craft products. Monte Soro, Biviere.
- 4.4.2. Construction of fully-equipped camp site on Monte Soro, Biviere ; 20 000 m².
- 4.4.3. Restoration of typical cottages for rural tourism. Monte Soro, Biviere, Mistretta, Caronia.

4.5. Alternative energy

Production and use of alternative energy, in connection with facilities for animal breeding and the tourist industry.

5. TIMETABLE

Operations will be carried out between 27 August 1985 and 27 August 1987, except as provided for in the second and third paragraphs of Article 2 of this Decision.

6. AUTHORITIES RESPONSIBLE

For coordination :

- Office of the Minister for Coordination of Community Policies, Rome ;
- Region of Sicily.

For implementation :

Region of Sicily and/or delegated agencies.

7. ESTIMATE OF EXPENDITURE AND FINANCING PLAN

See following table (¹).

(¹) The existing instruments are the European Regional Development Fund, the European Social Fund and the Guidance Section of the European Agricultural Guidance and Guarantee Fund.

⁽²⁾ The recipient is planning to apply for Community loans.

⁽³⁾ The Community's contribution to this operation were granted by Decision of 27 August 1985.

*ANNEX 2***GENERAL CONDITIONS FOR THE SPECIFIC DECISIONS REFERRED TO IN ARTICLE 3**

1. In respect of the operations in point 7 of Annex 1, for which the Community's assistance is to be entirely financed out of the appropriations under Article 550 of the general budget of the European Communities, specific decisions within the meaning of Article 3 may be taken in accordance with the budgetary resources available.
 2. In respect of the operations detailed in point 7 of Annex 1, for which the Community's assistance is to be financed partly out of appropriations under Article 550 of the general budget of the European Communities and partly out of appropriations from Community funds or under Community measures (in particular, the European Agricultural Guidance and Guarantee Fund, the European Social Fund, the European Regional Development Fund), decisions to use the appropriations entered under Article 550 are to be taken separately after approval of each operation under the procedures laid down for the fund or measure concerned, and in accordance with the budgetary resources available.
 3. The Italian Republic is required to grant the necessary priority to each operation in accordance with the payments schedules set out in Annex 1 when submitting applications for Community aid from the Funds or under the measures referred to in point 2 of this Annex.

COMMISSION DECISION

of 13 August 1986

instituting in the region of Tuscany, Italy, a pilot action in preparation for the integrated Mediterranean programmes

(Only the Italian text is authentic)

(86/452/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Whereas the Council has adopted Regulation (EEC) No 2088/85 of 23 July 1985 concerning the integrated Mediterranean programmes ⁽¹⁾;

Whereas pilot actions are necessary to test the methods for implementing the integrated Mediterranean programmes in order that such programmes may be implemented as soon as possible after their adoption;

Whereas the pilot actions constitute a coherent set of operations that are compatible with each other and with the regional development programmes; whereas they have intrinsic merits in the context of the Community's policies;

Whereas each pilot action is on a smaller scale than the operational plan of campaign for the integrated Mediterranean programmes;

Whereas the Italian Republic has proposed to the Commission that a pilot action be instituted in the region of Tuscany, Italy, in preparation for the integrated Mediterranean programmes;

Whereas on 27 August 1985 the Commission decided in principle on a pilot action in preparation for the integrated Mediterranean programmes which was to be spelt out in detail subsequently and was on that occasion already granted assistance for a priority operation;

Whereas these details can now be established;

Whereas the pilot action must be coordinated with any integrated Mediterranean programme adopted for the same region or area;

Whereas the pilot action in question concerns an area which exhibits development problems typical of those which the integrated Mediterranean programmes are intended to resolve;

Whereas in order to ensure its effectiveness, the pilot action in question will be carried out with the agreement of the national authorities of the Member State concerned and in close cooperation with the responsible regional and local authorities,

HAS ADOPTED THIS DECISION:

Article 1

A pilot action is hereby instituted in the region of Tuscany, Italy, in preparation for the integrated Mediterranean programmes. This pilot action is described in Annex 1.

Article 2

The implementation of the pilot action shall be reviewed at regular intervals by the Commission in consultation with the Member State concerned so that it may be decided whether, and in which respects, the items set out in Annex 1 should be modified.

In particular, in order to ensure the necessary coordination between this action and the integrated programme proper, the Commission shall assess whether and to what extent it is necessary to include in that programme the operations covered by this Decision that have still not been implemented when the programmes comes into force.

If the Commission decides to include in the integrated programme the operations referred to in the preceding paragraph, the date of the Decision in question shall be deemed for financial accounting purposes to be the completion of the pilot action.

Article 3

The pilot action shall be implemented by means of specific decisions by the Commission on individual operations forming constituent parts of the pilot action. The decisions shall describe the substance of the operations, shall fix the Community's contribution to the financing for each operation and shall define the procedures. The general conditions to be met for such specific decisions to be taken are set out in Annex 2.

Article 4

Within three months of the date referred to in the third paragraph of Article 2 or of the completion of all the operations under the pilot action, the Member State concerned shall transmit to the Commission a report in five copies on the lessons to be drawn from the pilot action as a whole for the implementation of the integrated Mediterranean programmes.

⁽¹⁾ OJ No L 197, 27. 7. 1985, p. 1.

Article 5

A monitoring committee shall be set up by agreement between the Commission and the national, regional and local authorities concerned in the Member State to check on the implementation of the pilot action. Those authorities shall, in consultation with the Commission, take the other administrative measures necessary at each level of administration.

Article 6

The assistance that the Commission decides upon for the pilot action shall not bind the Community as regards the

final selection of the areas in which the integrated Mediterranean programmes are to be carried out.

Article 7

This Decision is addressed to the Italian Republic.

Done at Brussels, 13 August 1986.

For the Commission

Nicolas MOSAR

Member of the Commission

*ANNEX I***PILOT ACTION CONCERNING THE MOUNTAIN COMMUNITIES OF THE LUNIGIANA AND THE GARFAGNANA, REGION OF TUSCANY, ITALY, IN PREPARATION FOR THE INTEGRATED MEDITERRANEAN PROGRAMMES****1. TITLE**

Pilot action concerning the mountain communities of the Lungiana and the Garfagnana, region of Tuscany, Italy, in preparation for the integrated Mediterranean programmes.

2. DESCRIPTION AND GENERAL FEATURES OF THE AREAS

The upland areas concerned, located in the provinces of Lucca and Massa Carrara, cover 740 km² and lie between the Apuan Alps and the Appennines.

The resident population is approximately 46 000 ; the labour force, which is declining, is made up of 14 600 persons.

Between 1961 and 1981 the structure of employment changed substantially : agriculture fell from 24 % to 11 % and the secondary sector from 52 % to 42 %, while services rose from 23 % to 45 %.

As agricultural employment declines, land is being abandoned with serious repercussions on land use ; of the total agricultural area of 52 000 hectares, only 27 000 hectares are utilized.

There are 7 200 holdings.

There is extensive stockfarming : 6 900 cattle, 6 900 sheep, 1 300 goats and 9 900 pigs.

There are 3 300 non-agricultural enterprises, employing 10 000 persons.

Per capita income is Lit 5,7 million, as against the Lit 9 million average for Tuscany as a whole.

3. GENERAL PURPOSE

3.1. To raise incomes and improve living conditions, while duly respecting the environment, with a view to stabilizing population.

3.2. To increase productivity :

- by increasing stockfarming and developing forestry, chestnut-growing and the processing and marketing of the area's agricultural products,
- by developing and reviving certain traditional craftwork activities, particularly those connected with the raw materials available locally,
- by providing technical and vocational training suited to proven requirements.

3.3. To stabilize employment by creating new jobs based on the integration of agricultural activities and tourist, industrial and craftwork activities.

4. PROPOSED MEASURES**4.1. Agriculture and rural tourism**

4.1.1. Forestry : restructuring and redevelopment of chestnut plantations, improvement of deteriorated forests, afforestation, forest roads.

4.1.2. Rural infrastructures : rural roads, rural aqueducts.

4.1.3. Voluntary reparcelling and related structural works : consolidation of land and voluntary reparcelling in the municipality of Vagli in the mountain community of Garfagnana.

4.1.4. Rough grazing land, permanent pasture and fencing : improvement of grazing land and pasture, building shelters for animals and fencing.

4.1.5. Restoring the wildlife population and breeding areas : setting aside a first habitat for rearing wildlife plus the necessary monitoring and maintenance structures in the municipality of Vagli (Garfagnana).

4.1.6. Processing and marketing units : three operations in Garfagnana concerned with a processing and warehouse unit and one unit in Lunigiana for the storage, processing and marketing of woodland products.

4.1.7. Plans for improvement of holdings and equipment : two units concerned with the improvement of holdings and equipment in Lunigiana, designed to exploit the Valle del Deglio and expand the activities of existing farms in the municipality of Fivizzano.

4.2. Rural crafts

Construction of an exhibition centre for craft and agricultural products, restoring traditional premises in small centres of historical value, building new premises for display and storage, etc., in the municipality of Vagli (Garfagnana).

4.3. Vocational training

Vocational and staff training for the management of the areas where the local wildlife is to be restored, for the redevelopment of certain areas and for new marble-production activities in the municipalities of Vagli and Minucciano (Garfagnana).

4.4. Energy saving

Installation of wind generators and solar energy equipment; experimental solar energy plant for use in the production and drying of agricultural products.

4.5. Small and medium-sized enterprises and craft industry

Establishment of a small industrial estate in the municipality of Fivizzano (Lunigiana) to relocate and expand productive activities.

Establishment of a laboratory and experimental unit in the municipality of Vagli Minucciano (Garfagnana) for scientific research on new marble-quarrying potential.

4.6. Tourism

4.6.1. Reception structures: in Garfagnana, restoration and preparation of tourist accommodation, preparing campsites and caravan parks, preparation of a small campsite (trekking stage).

4.6.2. Building restoration: in the municipality of Vagli (Garfagnana), restoration and protection of small buildings of architectural interest, converting them for rural tourist accommodation.

4.6.3. Research and promotion: establishment of common service in Garfagnana for promotion of tourism in the park and support services. Establishment of a common service in Lunigiana to support tourist activities.

4.7. Environment

Building restoration and research measures designed to exploit the environment (Apuan park); restoration of traditional buildings, advisory services and research (scientific observatory connected with the park).

4.8. Easier access to credit

Measures designed to improve the financial structure of small- and medium-sized enterprises.

As an experimental measure, incentives are to be offered for the provision of risk capital for small- and medium-sized enterprises in the area in question. The incentive would take the form of a guarantee fund to cover part of the risk of taking minority shareholdings in small- and medium-sized enterprises.

5. TIMETABLE

The action will be carried out from 27 August 1985 to 27 August 1987, subject to the provisions of the second and third paragraphs of Article 2 of this Decision.

6. AUTHORITIES RESPONSIBLE

For coordination:

- Office of the Minister for Coordination of Community Policies, Rome;
- Region of Tuscany.

For implementation:

- Region of Tuscany;
- provinces of Massa Carrara and Lucca;
- Mountains communities of Garfagnana and Lunigiana.

7. ESTIMATE OF EXPENDITURE AND FINANCING PLAN

See following table (1).

(1) The existing instruments are the European Regional Development Fund, the Guidance Section of the European Agricultural Guidance and Guarantee Fund, the European Social Fund and the European Investment Bank.

COMMISSION DECISION

of 13 August 1986

instituting in the region of Calabria, Italy, a pilot action in preparation for the integrated Mediterranean programmes

(Only the Italian text is authentic)

(86/453/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DECISION:

Having regard to the Treaty establishing the European Economic Community,

Whereas the Council has adopted Regulation (EEC) No 2088/85 of 23 July 1985 concerning the integrated Mediterranean programmes⁽¹⁾;

Whereas pilot actions are necessary to test the methods for implementing the integrated Mediterranean programmes in order that such programmes may be implemented as soon as possible after their adoption;

Whereas the pilot actions constitute a coherent set of operations that are compatible with each other and with the regional development programmes; whereas they have intrinsic merits in the context of the Community's policies;

Whereas each pilot action is on a smaller scale than the operational plan of campaign for the integrated Mediterranean programmes;

Whereas the Italian Republic has proposed to the Commission that a pilot action be instituted in the region of Calabria, Italy, in preparation for the integrated Mediterranean programmes;

Whereas on 27 August 1985 the Commission decided in principle on a pilot action in preparation for the integrated Mediterranean programmes which was to be spelt out in detail subsequently and was on that occasion already granted assistance for a priority operation;

Whereas these details can now be established;

Whereas the pilot action must be coordinated with any integrated Mediterranean programme adopted for the same region or area;

Whereas the pilot action in question concerns an area which exhibits development problems typical of those which the integrated Mediterranean programmes are intended to resolve;

Whereas in order to ensure its effectiveness, the pilot action in question will be carried out with the agreement of the national authorities of the Member State concerned and in close cooperation with the responsible regional and local authorities,

Article 1

A pilot action is hereby instituted in the region of Calabria, Italy, in preparation for the integrated Mediterranean programmes. This pilot action is described in Annex 1.

Article 2

The implementation of the pilot action shall be reviewed at regular intervals by the Commission in consultation with the Member State concerned so that it may be decided whether, and in which respects, the items set out in Annex 1 should be modified.

In particular, in order to ensure the necessary coordination between this action and the integrated programme proper, the Commission shall assess whether and to what extent it is necessary to include in that programme the operations covered by this Decision that have still not been implemented when the programme comes into force.

If the Commission decides to include in the integrated programme the operations referred to in the preceding paragraph, the date of the Decision in question shall be deemed for financial accounting purposes to be the completion of the pilot action.

Article 3

The pilot action shall be implemented by means of specific decisions by the Commission on individual operations forming constituent parts of the pilot action. The decisions shall describe the substance of the operations, shall fix the Community's contribution to the financing for each operation and shall define the procedures. The general conditions to be met for such specific decisions to be taken are set out in Annex 2.

Article 4

Within three months of the date referred to in the third paragraph of Article 2 or of the completion of all the operations under the pilot action, the Member State concerned shall transmit to the Commission a report in five copies on the lessons to be drawn from the pilot action as a whole for the implementation of the integrated Mediterranean programmes.

⁽¹⁾ OJ No L 197, 27. 7. 1985, p. 1.

Article 5

A monitoring committee shall be set up by agreement between the Commission and the national, regional and local authorities concerned in the Member State to check on the implementation of the pilot action. Those authorities shall, in consultation with the Commission, take the other administrative measures necessary at each level of administration.

Article 6

The assistance that the Commission decides upon for the pilot action shall not bind the Community as regards the

final selection of the areas in which the integrated Mediterranean programmes are to be carried out.

Article 7

This Decision is addressed to the Italian Republic.

Done at Brussels, 13 August 1986.

For the Commission

Nicolas MOSAR

Member of the Commission

ANNEX 1

PILOT ACTION IN THE AREA OF THE MOUNTAIN COMMUNITY 'VERSANTE DELLO STRETTO', PROVINCE OF REGGIO CALABRIA, ITALY, IN PREPARATION FOR THE INTEGRATED MEDITERRANEAN PROGRAMMES**1. TITLE**

Pilot action in the area of the mountain community 'Versante dello Stretto', province of Reggio Calabria, region of Calabria, Italy, in preparation for the integrated Mediterranean programmes.

2. DESCRIPTION OF THE AREA

The area concerned by the pilot action covers in part or entirely eleven municipalities belonging to the 'Versante dello Stretto' mountain community (304 km² and 31 000 inhabitants).

The municipalities are small, none of them having a population of more than 2 000. Local residents are tending to leave the area for the provincial capital, Reggio Calabria. The labour force is made up of 11 000 persons, of whom 9 400 are in employment (7 700 in agriculture). The unemployment rate is 14,5 % ; youth unemployment is particularly high.

The total agricultural area is approximately 30 000 hectares, of which 9 800 hectares is woodland.

The UAA is approximately 19 000 ha and is mainly given over to :

annual crops : 6 700 hectares

pastures : 8 300 hectares,

olive plantations : 2 700 hectares,

wine-growing : 800 hectares.

Farm holdings have a size of around 2 hectares, and the average size of woodland holdings is 15 hectares.

Stockfarming accounts for 10 000 head of cattle ; 5 000 hectares are under fodder.

Craftwork has been abandoned almost completely (iron, fabrics, ceramics, foodstuffs, etc.).

Social services are inadequate.

The road network consists essentially in the Salerno — Reggio trunk road. Roads linking with the inland areas are inadequate and public transport is accordingly wanting.

3. GENERAL PURPOSE

3.1. To raise incomes, improve living and working conditions and protect the environment, which must be respected in implementing the whole of the action.

3.2. To increase productivity, particularly in farming, by improving the market competitiveness of products ; in other sectors, by developing tourism, craft and industrial structures and alternative, renewable energy sources.

3.3. To stabilize employment by creating new jobs through the diversification of production.

4. PROPOSED MEASURES**4.1. Agriculture**

4.1.1. To restore the use of marginal land and to improve the production of fodder in cooperative stock farms at Donna (Reggio Calabria), Piani Bosurgi and S. Roberto.

4.1.2. *Centre for the processing and marketing of agricultural products*

The Cooperative Agricola Meridionale will handle the processing and marketing in particular of mushrooms, chestnuts and vegetables in the area of the mountain community. The centre will be located at Gornelle, Piani di Regione Calabria.

4.1.3. Redevelopment of chestnut plantations in suitable areas by making improvements and introducing high value varieties. They will be located at Piani Aspromonte and S. Roberto.

4.1.4. Experimental project for the introduction of new varieties at Montebello Ionico.

4.1.5. Construction of two sheepfolds at two cooperative breeding-to-finish sheep units at Donna and Piani Bosurgi.

4.2. CRAFT INDUSTRY

- 4.2.1. Permanent exhibition and training structures : a multi-purpose centre for local craftwork to be used for displays and to provide apprenticeships for craft workers.

Improvement of marketing conditions for craft products (wrought iron, wicker, straw, etc). The beneficiaries will be individual craft workers and groups of workers within the area of the mountain community, notably S. Alessio in Aspromonte, S. Stefano in Aspromonte, Cardeto and Reggio.

- 4.2.2. Craft industry and small- and medium-sized enterprises could find development potential in exploiting wood, a raw material in plentiful supply locally.

It will be necessary to investigate the viability of such potential, by assessing local resources as related to particular market segments. A feasibility study is proposed in order to determine these parameters and work out a strategy for developing such business.

4.3. TOURISM

- 4.3.1. *Youth hostel*

Restoration of parts of the Castello Ruffo at Scilla, to be used for tourism and conferences.

4.4. Infrastructure

- 4.4.1. *Tourist infrastructure*

Building a section of road from Petile to Cucullaro, to provide a link between the coast and the upland area, passing through Piani di Petile.

Completion of the S. Basilio-Russa-Castello-Peterriti-Cavallaro road connecting districts in the municipality of Motta S. Giovanni and providing access to an area of outstanding scenic interest : the S. Aniceto fortress.

4.5. Training and socio-economic advisory services

- 4.5.1. Vocational training for people to work in small- and medium-sized enterprises and in producer and processing cooperatives (some 50 persons × 600 hours × Lit 20 000/hour).

- 4.5.2. Marketing assistance and centralized assistance for integrated production. Assessment of supply and demand on domestic and foreign markets ; monitoring of all product processing and distribution operations through the establishment of a body to manage the various stages of the pilot action, monitor equipment and the economic and social consequences (increase in employment and income in the area).

Establishment of an information system.

Assistance and advisory services for reorganization and investment in innovative technologies by small- and medium-sized enterprises and craft firms. Assistance and technical advisory service for businessmen.

4.6. Alternative energy

Electricity supply for Petile : Electricity generation based on an integrated 200 kW wind/diesel system. The energy generated will satisfy the requirements of the Petile rural tourism centre. The power supplied will be used mainly for :

1. street lighting ;
2. household use ;
3. pumping.

The system involves an innovative approach which combines a wind generator and a diesel generator, in such a way as to maximise the wind-generated energy contribution and thus at all times meet the demand for power in the new settlement at Petile.

4.6.2. Cardeto wind farm

Installation of two wind generators with a nominal power of 225 kW and two 25 kW wind systems (AIGE-AIT 03) capable of satisfying the energy requirements of a number of projects; they may also provide a supplementary source of revenue through sale of surplus power to the National Electricity Agency, ENEL.

4.6.3. Ligneous waste gasification plant

Electricity production by anaerobic heating of ligneous materials and waste.

5. TIMETABLE AND COORDINATION WITH THE INTEGRATED MEDITERRANEAN PROGRAMMES

The action will be carried out from 27 August 1985 to 27 August 1987, subject to the provision of the second and third paragraphs of Article 2 of this Decision.

6. AUTHORITIES RESPONSIBLE

For coordination:

- Office of the Minister for Coordination of Community Policies, Rome;
- Region of Calabria.

For implementation:

'Versante dello Stretto' mountain community.

7. ESTIMATE OF EXPENDITURE AND FINANCING PLAN

See following table (1).

(1) Aid for this operation was granted by Decision of 27 August 1985.

*ANNEX 2***GENERAL CONDITIONS FOR THE SPECIFIC DECISIONS REFERRED TO IN ARTICLE 3**

1. In respect of the operations in point 7 of Annex 1, for which the Community's assistance is to be entirely financed out of the appropriations under Article 550 of the general budget of the European Communities, specific decisions within the meaning of Article 3 may be taken in accordance with the budgetary resources available.
 2. In respect of the operations detailed in point 7 of Annex 1, for which the Community's assistance is to be financed partly out of appropriations under Article 550 of the general budget of the European Communities and partly out of appropriations from Community funds or under Community measures (in particular the European Agricultural Guidance and Guarantee Fund, the European Social Fund, the European Regional Development Fund), decisions to use the appropriations entered under Article 550 are to be taken separately after approval of each operation under the procedures laid down for the fund or measure concerned, and in accordance with the budgetary resources available.
 3. The Italian Republic is required to grant the necessary priority to each operation in accordance with the payments schedules set out in Annex 1 when submitting applications for Community aid from the Funds or under the measures referred to in point 2 of this Annex.

COMMISSION OF THE EUROPEAN COMMUNITIES

THE AGRICULTURAL SITUATION IN THE COMMUNITY

1985 REPORT

Report published in conjunction with the 'Nineteenth General Report on the Activities of the European Communities'

This report is the eleventh published version of the annual Report on the Agricultural Situation in the Community. It contains analyses and statistics on the general situation (economic environment and world market), the factors of production, the structures and situation of the markets in the various agricultural products, the obstacles to the common agricultural market, the position of consumers and producers, and the financial aspects. The general prospects and the market outlook for agricultural products are also dealt with.

439 pp., 11 fig.
