(Acts whose publication is obligatory)

COMMISSION DECISION No 1008/87/ECSC**of 7 April 1987****amending, for Spain and Portugal, the questionnaires annexed to Decisions No 3485/85/ECSC and No 3483/82/ECSC**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community, and in particular Article 47 thereof,

Having regard to Decision No 3485/85/ECSC of 27 November 1985 on the extension of the system of monitoring and production quotas for certain products of undertakings in the steel industry ⁽¹⁾ as amended by Decision No 3746/86/ECSC ⁽²⁾, and in particular Article 18 thereof,

Whereas the questionnaires annexed to Commission Decisions No 3485/85/ECSC and No 3483/82/ECSC ⁽³⁾, as last amended by Decision No 3701/85/ECSC ⁽⁴⁾, have been found unsuitable for providing a full, accurate, consistent record of production and deliveries by steel undertakings in Spain and Portugal;

Whereas this is an unforeseen difficulty, as provided for by Article 18 of Decision No 3485/85/ECSC,

HAS ADOPTED THIS DECISION:

Article 1

For Spanish and Portuguese undertakings, Annexes I and II to Decision No 3485/85/ECSC are replaced by Annexes I and II to this Decision.

For Spanish and Portuguese undertakings, Annexes I and II to Decision No 3483/82/ECSC are replaced by Annexes III and IV to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 January 1987.

This Decision shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 April 1987.

For the Commission

⁽¹⁾ The determination of destination country is based on the physical deliveries of the products to the customers (final users or dealers in steel products as defined in Article 3 of this Decision).

(a) If the steel company does not know the final user and/or does not assume directly or indirectly the responsibility of the physical transport of the goods to the final user, this delivery should be declared as having been made to a dealer.

(b) In the case of a hire-rolling, if the hire-roller is located in another Member State than of the order-giver and if he makes the physical delivery of the goods on the account for the order-giver, then the hire-roller should declare that delivery.

This exception to the rule of questionnaire Eurostat 2.71 has to be applied only in reference to this Decision.

This questionnaire must be completed and sent by recorded delivery, not later than 10 working days after the end of the month, to the Commission of the European Communities, Task Force Steel (DG III), Bâtiment CAL, rue Alcide de Gasperi, L-1019 Luxembourg-Kirchberg.
