*(Acts whose publication is obligatory)***COUNCIL REGULATION (EEC) No 1878/87****of 29 June 1987****laying down special measures for imports of olive oil originating in Tunisia**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 1454/86⁽²⁾, and in particular Article 36 thereof,

Having regard to the proposal from the Commission,

Whereas the negotiating Directives on the Mediterranean policy of the enlarged Community approved by the Council on 21 October 1986 made provision to facilitate the disposal on the Community market of a quantity of 46 000 tonnes of olive oil originating in Tunisia per marketing year;

Whereas the situation on the Community market is such as to allow a limited quantity of olive oil originating in Tunisia to be imported in coming months without the risk of serious disturbance, provided that the importation takes place before the end of the 1986/87 marketing year;

Whereas pursuant to Articles 97 and 295 of the 1985 Act of Accession, preferential arrangements, be they contractual or autonomous, applied by the Community with regard to third countries in the olive oil sector, do not apply to Spain or to Portugal; whereas provision should be made for measures to avoid the possibility of olive oil originating in Tunisia being entered for consumption in Spain or in Portugal whilst benefiting from a reduced levy; whereas these measures should be specified in the detailed rules of application of this Regulation;

Whereas provision should accordingly be made for general rules for the issue of import licences in order to guarantee equal access to that quota for importers of olive oil,

HAS ADOPTED THIS REGULATION:

Article 1

1. A special levy, whose level shall be fixed in accordance with the procedure laid down in Article 4, shall be

charged on imports of olive oil which has not undergone any refining process, falling within subheadings 15.07 A I a) and b) of the Common Customs Tariff, obtained entirely in Tunisia and transported directly therefrom to the Community as constituted on 31 December 1985. The level of this levy may not be less than 15 nor greater than 29 ECU per 100 kilogrammes.

2. The special levy referred to in paragraph 1 shall apply to a maximum quantity of 30 000 tonnes of olive oil in respect of imports for which an application for the licence referred to in Article 2 has been lodged within 30 days from the date of entry into force of this Regulation.

Article 2

1. In order to qualify for the special levy referred to in Article 1, importers must submit an import licence application to the competent authorities of the Member States. That application must be accompanied by a copy of the purchase contract concluded with the Tunisian exporter.

2. Import licence applications must be submitted on Mondays or Tuesdays of each week. Member States shall notify the Commission, on Wednesdays, of the data in licence applications received.

3. Each week the Commission shall draw up a total of the quantities for which import licences applications have been submitted. It shall authorize the Member States to issue licences until the quota is exhausted; where there is a risk of the quota being exhausted, the Commission shall authorize the Member States to issue import licences in proportion to the quantity available.

Article 3

The import licences referred to in Article 2 shall be valid for 90 days; however, their validity shall not continue after 31 October 1987.

COMMISSION REGULATION (EEC) No 1884/87

of 2 July 1987

introducing a countervailing charge on certain varieties of plums originating in Spain (except the Canary Islands)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1351/86⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0,6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 931/87 of 31 March 1987 fixing for the 1987 marketing year the reference prices for plums⁽³⁾ fixed the reference price for class I, group I, at 69,39 ECU per 100 kilograms net for the period from 11 June to 31 July 1987;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁴⁾, as last amended by Regulation (EEC) No 3811/85⁽⁵⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for plums of group I originating in Spain (except the Canary Islands), the entry price calculated in

this way has remained at least 0,6 ECU below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these plums;

Whereas, if the system is to operate normally, the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in Article 3 (1) last paragraph of Regulation (EEC) No 1676/85⁽⁶⁾, as amended by Regulation (EEC) No 1636/87⁽⁷⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient,

Whereas, pursuant to Article 136 (2) of the Act of Accession of Spain and Portugal⁽⁸⁾, the arrangements applicable to trade between, on the one hand, a new Member State and, on the other, the Community as constituted at 31 December 1985, must be those which were applicable before accession;

Whereas Article 140 (1) provides for a 4 % reduction in the countervailing charges applicable under Regulation (EEC) No 1035/72 during the second year after accession,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 6,66 ECU per 100 kilograms net is applied to plums (subheading 08.07 D of the Common Customs Tariff), of varieties other than the following: Altesse simple (common quetsche, Hauszwetschge), Reine-Claude d'Oullins (Oullins Gage), Sveskeblommer, Ruth Gerstetter, Ontario, Wangenheimer (early Wangenheim quetsche), Pershore (Yellow Egg), Mirabelle and Bosniche, originating in Spain (except the Canary Islands).

COMMISSION REGULATION (EEC) No 1886/87

of 2 July 1987

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1579/86 ⁽²⁾, and in particular the fourth subparagraph of Article 16 ⁽²⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds ⁽³⁾, provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Commission Regulation No 162/67/EEC ⁽⁴⁾, as amended by Regulation (EEC) No 1607/71 ⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to

vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 % a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85 ⁽⁶⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent and the aforesaid coefficient;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas, pursuant to Article 275 of the Act of Accession of Spain and Portugal, refunds may be granted in the case of exports to Portugal; whereas, in the light of the situation and the level of prices no refund should be fixed in the case of exports to Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75, exported in the natural state, shall be as set out in the Annex hereto.

The refund on export to Portugal has not been fixed.

COMMISSION REGULATION (EEC) No 1888/87

of 2 July 1987

fixing the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1579/86 ⁽²⁾,

Having regard to Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds ⁽³⁾,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 (4) of Regulation (EEC) No 2727/75 provides that the export refund applicable to cereals on the day on which application for an export licence is made, adjusted for the threshold price in force during the month of exportation, must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount must be applied to the refund;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice ⁽⁴⁾, as last amended by Regulation (EEC) No 1588/86 ⁽⁵⁾, made possible the fixing of a corrective amount for certain products listed in Article 1 (c) of Regulation (EEC) No 2727/75;

Whereas Commission Regulation (EEC) No 1281/75 ⁽⁶⁾ laid down detailed rules for the advance fixing of export refunds for cereals and certain products processed from cereals;

Whereas, pursuant to that Regulation, when the corrective amount is being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and possibilities and conditions for the sale of cereals and cereal products on the world market on the other; whereas the same Regulation provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and,

furthermore, to take into account the economic aspect of exports and the need to avoid disturbances on the Community market;

Whereas for the products listed in Article 1 (c) of Regulation (EEC) No 2727/75 account should be taken of the specific criteria laid down in Article 2 (2) of Regulation (EEC) No 1281/75;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure;

Whereas it may be altered in the period between fixings;

Whereas, if the system of corrective amounts is to operate normally, corrective amounts should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85 ⁽⁷⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the preceding indent and the aforesaid coefficient;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 16 (4) of Regulation (EEC) No 2727/75 which is applicable to export refunds fixed in advance in respect of cereals shall be as set out in the Annex hereto.
