COMMISSION REGULATION (EEC) No 4201/88

of 21 December 1988

fixing, for the 1989, fishing year, the withdrawal and selling prices for fishery products listed in Annex I (A), (D) and (E) of Council Regulation (EEC) No 3796/81

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3796/81 of 29 December 1981 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 3468/88⁽²⁾, and in particular Article 12 (3) thereof,

Whereas Article 12 (1) of Regulation (EEC) No 3796/81 provides that the Community withdrawal and selling prices for each of the products listed in Annex I (A), (D) and (E) are to be fixed by applying the conversion factor for the product category concerned to an amount equal to at least 70 % but not more than 90 % of the relevant guide price;

Whereas changes in production and marketing structures in the Community make it necessary to alter the basis for calculating the withdrawal and the sale prices in the Community as compared with those of the preceding fishing year;

Whereas Article 12 (2) of Regulation (EEC) No 3796/81 provides that the withdrawal price may be multiplied by conversion factors in landing areas which are very distant from main centres of consumption in the Community;

Whereas, with regard to sardines of the species *Sardina pilchardus* special conditions have been adopted in the Act of Accession in order to ensure a progressive alignment of prices of sardines from the Atlantic on price levels of sardines from the Mediterranean; whereas the production structure and access to the market of Atlantic sardines are different to that for Mediterranean sardines and meet the special needs of the processing industry; whereas, with a view to the smooth application of the alignment of prices which does not artificially disturb market supply conditions, it is necessary to fix a special adaptation coefficient for size 3 of this product in the landing areas concerned in Spain and Portugal;

Whereas, with regard to monkfish (*Lophius* spp.), Norway Lobsters (*Nephrops norvegicus*) and crabs (*Cancer*

pagurus) the statistical data available during the accession negotiations did not permit a clear appreciation of the differences between the prices ruling on the markets in the different regions of the Community; whereas it appears that the substantial price differences established since then for these species are basically explained by the absence, until now, of a Community price system favouring their unity within the Community; whereas, in these particular circumstances, it is necessary to fix adjustment coefficients for these species which allow for the smooth application of the price system set out within the Act of Accession by a progressive alignment of them under favourable conditions which guarantee market access to the producers in these regions;

Whereas the guide prices for the 1989 fishing year were fixed for all the products in question by Council Regulation (EEC) No 3860/88⁽³⁾;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The percentages of the guide price referred to in Article 12 (1) of Regulation (EEC) No 3796/81 which are used as a basis for calculating the Community withdrawal and selling prices shall be as shown in Annex I for the products concerned.

Article 2

The conversion factors referred to in Article 12 (1) of Regulation (EEC) No 3796/81 which are used for calculating the Community withdrawal and selling prices for the products listed in Annex I (A), (D) and (E) of the above-mentioned Regulation, shall be as shown in Annex II.

⁽²⁾ OJ No L 305, 10. 11. 1988, p. 1.

⁽³⁾ OJ No L 345, 14. 12. 1988, p. 1.

Article 3

The Community withdrawal and selling prices as referred to in Article 12 (1) of Regulation (EEC) No 3796/81 applicable for the 1989 fishing year and the products to which they refer, shall be as shown in Annex III.

Article 4

The withdrawal and selling prices, as referred to in Article 12 (2) of Regulation (EEC) No 3796/81 and applicable for

the 1989 fishing year in the landing areas which are very distant from the main centres of consumption in the Community, and the products to which those prices relate, shall be as shown in Annex IV.

Article 5

This Regulation shall enter into force on 1 January 1989.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 4202/88

of 21 December 1988

fixing the reference prices for fishery products for the 1989 fishing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3796/81 of 29 December 1981 on the common organization of the market in fishery products ⁽¹⁾, as last amended by Regulation (EEC) No 3468/88 ⁽²⁾, and in particular the first subparagraph of Article 21 (6) thereof,

Whereas Article 21 (1) of Regulation (EEC) No 3796/81 provides, among other things, for reference prices valid for the Community to be fixed each year, by product category, for the products specified in Annexes I, II, III, IV (B) and V to that Regulation;

Whereas Article 21 (2) of Regulation (EEC) No 3796/81 provides that the reference price for the products specified in Annex I (A), (D) and (E) thereto must be equal to the withdrawal and selling prices fixed in accordance with Article 12 (1) thereof;

Whereas the Community withdrawal and selling prices for the products concerned were fixed for the 1989 fishing year by Commission Regulation (EEC) No 4201/88 ⁽³⁾;

Whereas the reference prices for the products specified in Annex II to Regulation (EEC) No 3796/81 must be derived from their guide prices by reference to the price level at which the intervention measures provided for in Article 16 (1) thereof may be taken, and fixed taking account of the situation on the market in those products; whereas the reference prices for those products should therefore be 85 % of the guide prices fixed by Council Regulation (EEC) No 3861/88 ⁽⁴⁾;

Whereas the reference prices for the fishes of the genera *Thunnus* and *Euthynnus* specified in Annex III to Regu-

lation (EEC) No 3796/81 are based on the weighted average of the free-at-frontier prices recorded on the most representative markets in the Member States during the three preceding years;

Whereas the reference prices for the products specified in Annexes I (B) and (C) and IV (B) to Regulation (EEC) No 3796/81 are determined on the basis of the average of the reference prices for the fresh product, account being taken of the processing costs and of the need to ensure a price relationship in keeping with the market situation;

Whereas, for the frozen and salted products specified in Annex V to Regulation (EEC) No 3796/81 for which no reference price is fixed for the fresh product, the reference prices are determined on the basis of the reference price applied to a commercially similar fresh product;

Whereas, given the quantities of certain frozen and salted products and the conditions governing their importation, it does not appear necessary to fix a reference price for such products in the immediate future;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The reference prices for the 1989 fishing year for the products specified in Annexes I, II, III, IV (B) and V to Regulation (EEC) No 3796/81 shall be as shown in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 January 1989.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 December 1988.

COMMISSION REGULATION (EEC) No 4203/88**of 21 December 1988****fixing the standard values to be used in calculating the financial compensation and the advance pertaining thereto in respect of fishery products withdrawn from the market during the 1989 fishing year**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3796/81 of 29 December 1981 on the common organization of the market in fishery products ⁽¹⁾, as last amended by Regulation (EEC) No 3468/88 ⁽²⁾, and in particular Article 13 (7) thereof,

Whereas Article 13 of Regulation (EEC) No 3796/81 provides for the payment of financial compensation to producers' organizations which intervene, on certain conditions, in respect of the products listed in Annex I (A) and (D) to that Regulation; whereas the amount of such financial compensation must be reduced by standard values in the case of products intended for purposes other than human consumption;

Whereas Commission Regulation (EEC) No 1501/83 ⁽³⁾ specifies the ways in which the products withdrawn must be disposed of; whereas the value of such products must be fixed at a standard level for each of these modes of disposal, taking into account the average receipts which may be obtained from such disposal;

Whereas, on the basis of the relevant information on this value, it should be fixed for the 1989 fishing year as shown in the Annex hereto;

Whereas, pursuant to Article 9 of Commission Regulation (EEC) No 3137/82 ⁽⁴⁾, as last amended by Regulation (EEC) No 4175/88 ⁽⁵⁾, the body responsible for payment of the financial compensation is that of the Member State in which the producers' organization was recognized;

whereas the standard value deductible should therefore be the value applied in that Member State;

Whereas the abovementioned provisions are equally applicable to the advance on the financial compensation provided for in Article 5 (2) of Council Regulation (EEC) No 2202/82 ⁽⁶⁾;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The standard values to be used in calculating the financial compensation and the advance pertaining thereto provided for in Article 13 of Regulation (EEC) No 3796/81 in respect of products withdrawn by producers' organizations and used for purposes other than human consumption shall be for the 1989 fishing year as shown in the Annex hereto for each of the uses indicated therein.

Article 2

The standard value to be deducted from the financial compensation and the advance pertaining thereto shall be that applied in the Member State in which the producers' organization was recognized.

Article 3

This Regulation shall enter into force on 1 January 1989.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
