Whereas in order to ensure uniform application of the combined nomenclature, provisions are necessary for fixing those conditions;

Whereas Commission Regulation (EEC) No 4141/87⁽³⁾, determined, in accordance with Section II points A.1 and B of the same 'Preliminary provisions', the conditions under which goods for certain categories of aircraft and ships are eligible on import for a favourable tariff arrangement by reason of their end-use;

Whereas, as a consequence, it is desirable to integrate Regulation (EEC) No 4141/87 into the appropriate provisions relating to the products referred to in the abovementioned Section II point A.2;

Whereas it is appropriate out of a concern to simplify the tasks of both the traders concerned and the customs

administrations, to make provision to enable the products in question to be brought into land-based operational bases and then to be moved from such bases to platforms and vice versa, as well as between platforms, such movements being the subject of an entry in the prescribed records;

Whereas the Nomenclature Committee has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 1476/89

of 29 May 1989

fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Regulation (EEC) No 804/68 of the Council of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 763/89 ⁽²⁾, and in particular Article 17(5) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Regulation (EEC) No 876/68 of the Council of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds ⁽³⁾, as last amended by Regulation (EEC) No 1344/86 ⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,

- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports;

Whereas Article 3(1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5(1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas, in accordance with Article 2 of Commission Regulation (EEC) No 1098/68 of the Commission of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products ⁽⁵⁾, as last amended by Regulation (EEC) No 222/88 ⁽⁶⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components, one of which is intended to take account of the quantity of milk products and the other is intended to take account of the quantity of added sucrose; whereas, however, the latter component is applied only if the added sucrose was produced from sugar beet or cane harvested in the Community;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 84, 29. 3. 1989, p. 1.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 119, 8. 5. 1986, p. 36.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 28, 1. 2. 1988, p. 1.

Whereas, for products falling within codes ex 0402 99 11, ex 0402 99 19, ex 0404 90 51, ex 0404 90 53, ex 0404 90 91 and ex 0404 90 93 of the combined nomenclature, with a fat content by weight not exceeding 9,5 % and a non-fatty milk content in the dry matter equal to or greater than 15 % by weight, the former abovementioned component is fixed for 100 kilograms of the whole product; whereas, for the other products containing added sugar falling within codes 0402 and 0404, that component is calculated by multiplying the basic amount by the milk products content of the product concerned; whereas that basic amount is equal to the refund to be fixed for one kilogram of milk products contained in the whole product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 1069/89⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽³⁾, as last amended by Regulation (EEC) No 1636/87⁽⁴⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for cheeses of a free-at-frontier value less than ECU 140 per 100 kilograms;

Whereas Commission Regulation (EEC) No 896/84⁽⁵⁾, as last amended by Regulation (EEC) No 222/88, laid down

additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for the possibility of varying refunds according to the date of manufacture of the products;

Whereas for the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account;

Whereas it follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation;

Whereas, pursuant to Article 275 of the Act of Accession of Spain and Portugal, refunds may be granted in the case of exports to Portugal; whereas, in the light of the situation and the level of prices no refund should be fixed in the case of exports to Portugal;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex.
2. There shall be no refunds for exports to Zone E for products falling within codes 0401, 0402, 0403, 0404, 0405 and 2309 of the combined nomenclature.
3. There shall be no refunds for exports to Portugal, including the Azores and Madeira for milk and milk products listed in Article 1 of Regulation (EEC) No 804/68.

Article 2

This Regulation shall enter into force on 30 May 1989.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION

COMMISSION DECISION

of 12 May 1989

fixing the conversion rate to be used pursuant to Council Decision 89/144/EEC extending certain provisions on the supply of milk and milk products at a reduced price to cover Portugal

(Only the Portuguese text is authentic)

(89/352/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy⁽¹⁾, as last amended by Regulation (EEC) No 1636/87⁽²⁾, and in particular Article 12 thereof,

Having regard to Council Decision 89/144/EEC of 20 February 1989 extending certain provisions on the supply of milk and milk products at a reduced price to cover Portugal⁽³⁾,

Whereas, to facilitate the implementation of Decision 89/144/EEC, the conversion rate to be applied for the purposes of conversion into national currency of the amounts expressed in ecus in Commission Regulation (EEC) No 2167/83 of 28 July 1983 laying down detailed rules for the supply of milk and certain milk products to schoolchildren⁽⁴⁾, as last amended by Regulation (EEC) No 222/88⁽⁵⁾, should be specified; whereas, as the common agricultural policy in the milk and milk products sector does not apply to Portugal during the first stage of transition, a conversion rate reflecting the actual

economic ratio between the escudo and the green ecu should be applied;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS DECISION:

Article 1

For the purpose of applying Decision 89/144/EEC, amounts expressed in ecus shall be converted into national currency using the exchange rate used for fixing the monetary compensatory amounts applicable at the beginning of the marketing year.

For products distributed from 1 January 1989, that rate shall therefore be ECU 1 = Esc 190,623.

Article 2

This Decision is addressed to the Portuguese Republic.

Having regard to Council Directive 72/462/EEC of 12 December 1972 on health and veterinary inspection problems upon importation of bovine animals and swine and fresh meat from third countries ⁽¹⁾, as last amended by Directive 89/227/EEC ⁽²⁾, and in particular Article 3 thereof,Having regard to Council Directive 86/469/EEC of 16 September 1986 concerning the examination of animals and fresh meat for the presence of residues ⁽³⁾, and in particular Article 7 thereof, in conjunction with Council Directive 88/146/EEC of 7 March 1988 prohibiting the use in livestock farming of certain substances having a hormonal action ⁽⁴⁾, and in particular Article 6 thereof,Whereas, pursuant to Decision 89/15/EEC ⁽⁵⁾, as last amended by Decision 89/137/EEC ⁽⁶⁾, Member States are to continue to authorize imports of fresh meat and live animals from certain third countries appearing in the Annex to that Decision under the conditions laid down in that Annex;

Whereas, as far as the bovine species is concerned, in view of the arrangements arrived at between the United States of America and the European Economic Community, an agreement has been reached to approve holdings which give an assurance that they will not administer, for fattening purposes, substances having an oestrogenic,

androgenic, gestagenic or thyrostatic effect to bovine animals the meat of which is intended for export to the Community for human consumption;

Whereas imports of beef and veal from that country should therefore be authorized under certain conditions;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,
