COUNCIL REGULATION (EEC) No 3721/92

of 7 December 1992

opening and providing for the administration of Community tariff quotas and ceilings and establishing Community surveillance for certain fish and fishery products originating in the Faroe Islands (1993)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to Council Decision 91/668/EEC of 2 December 1991 concerning the conclusion of the Agreement between the European Economic Community, the Government of Denmark and the Home Government of the Faroe Islands ⁽¹⁾,

Having regard to the proposal from the Commission,

Whereas Articles 3 and 8 of the abovementioned Decision provide that customs duties applicable to imports into the Community of Ten of certain fish and fishery products listed in Protocol 1 attached to the said Decision will be abolished on 1 January 1992; whereas the abolition is subject to Community tariff quotas and ceilings and, for some of these products, Community statistical surveillance; whereas the said Community tariff quotas and ceilings in respect of products originating in the Faroe Islands should therefore be opened from 1 January 1992 for the volumes indicated respectively in Annexes I and II and Community statistical surveillance should be established in respect of the products listed in Annex III;

Whereas the preferential rates of duty indicated in Annexes I, II and III apply only where the free-at-frontier price determined by the Member States in accordance with Article 24 of Regulation (EEC) No 3687/91 of 28 November 1991 on the common organization of the market in fishery products ⁽²⁾ is at least equal to the

reference price set, or to be set, by the Community for the products or categories of products concerned;

Whereas equal and continuous access to the quotas in respect of the products listed in Annex I should be ensured for all Community importers and the rates of duty laid down for the quotas should be applied consistently to all imports of the products in question in all Member States until the quotas are exhausted; whereas the necessary steps should be taken to ensure that the tariff quotas are administered efficiently at Community level, enabling the Member States to draw from the quotas the quantities required, corresponding to the actual imports recorded; whereas this method of administering the quotas calls for close cooperation between the Member States and the Commission;

Whereas the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are joined in, and represented by, the Benelux economic union; whereas any operation concerning the administration of the quotas may therefore be carried out by one of its members;

Whereas, in respect of products listed in Annex II and subject to Community tariff ceilings, Community surveillance may be effected by charging imports of these products against the ceilings at Community level as and when the products are presented at customs and declared for free circulation; whereas this method of administering the ceilings should enable customs duties to be restored as soon as the ceilings in question are reached at Community level;

Whereas, this method of administering the ceilings calls for close and speedy cooperation between the Member States

⁽¹⁾ OJ No L 371, 31. 12. 1991, p. 1.

⁽²⁾ OJ No L 354, 23. 12. 1991, p. 1.

and the Commission, which must be able to monitor the level reached by imports charged against the ceilings and inform the Member States accordingly; whereas this cooperation should be close enough to allow the Commission to take the appropriate steps to restore customs duties as soon as one of the ceilings is reached;

Whereas, for the products listed in Annex III, it would seem appropriate to have recourse to the system of statistical surveillance administered by the Commission pursuant to the relevant provisions of Regulation (EEC) No 2658/87 ⁽¹⁾ and (EEC) No 1736/75 ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January to 31 December 1993, the customs duty applicable to imports into the Community of products listed in Annex I and originating in the Faroe Islands shall be suspended at the level indicated in the said Annex and within the limits of the Community tariff quotas specified therein.

Article 2

The tariff quotas referred to in Article 1 shall be administered by the Commission, which may take any appropriate administrative measure to ensure efficient operation.

Article 3

Where an importer enters a product covered by this Regulation for free circulation in a Member State accompanied by a request for preferential treatment and by a movement certificate, and his declaration is accepted by the customs authorities, the Member State concerned shall, by notifying the Commission accordingly, draw a quantity from the quota concerned to satisfy the requirement.

Applications for drawings from the quotas shall indicate the date on which the declarations were accepted and shall be sent to the Commission forthwith.

Drawings shall be granted by the Commission on the basis of the date when the declarations for free circulation were

accepted by the customs authorities of the Member State concerned, provided the available balance is sufficient.

Where a Member State fails to use the quantities drawn it shall return them as soon as possible to the relevant quota.

Where the quantities applied for are in excess of the available balance, allocation shall be made in proportion to the requirements. The Member States shall be informed by the Commission of the quantities drawn.

Article 4

1. From 1 January to 31 December 1993 imports into the Community of certain products listed in Annexes II and III and originating in the Faroe Islands shall be subject respectively to import ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, the ceilings and the customs duty applicable are specified in the said Annexes.

2. Imports shall be charged against the ceilings as and when the products are presented to customs undercover of declarations for free circulation accompanied by a movement certificate complying with the rules laid down in the protocol concerning the definition of the concept of originating products and methods of administrative cooperation, attached to Decision 91/668/EEC.

Goods may only be charged against the ceiling where the movement certificate is presented before the date when collection of customs duty is resumed.

Utilization of ceilings shall be recorded at Community level on the basis of imports charged against them as specified in the first and second subparagraphs.

Member States shall inform the Commission of any import operation carried out in accordance with the procedure determined above at the intervals and within the deadlines laid down in paragraph 4.

3. As soon as the ceilings are reached, the Commission may, by adopting a Regulation, resume the collection of the customs duties applicable to third countries until the end of the calendar year.

4. Member States shall send the Commission, no later than the 15th of each month, the statements showing the quantities charged during the preceding month.

5. The statistical surveillance provided for in respect of products specified in Annex III to this Regulation shall be carried out at Community level on the basis of imports

charged as specified in the first subparagraph of paragraph 2 and notified to the Statistical Office of the European Communities pursuant to Regulations (EEC) No 2658/87 and (EEC) No 1736/75.

Article 5

Rates of duty specified in Annexes I, II and III shall apply only where the free-at-frontier price determined by Member States in accordance with the provisions of Regulations (EEC) No 3687/91 and (EEC) No 3468/88 ⁽¹⁾ is at least equal to the reference price set or to

be set by the Community in respect of the products or categories of products concerned.

Article 6

The Commission shall adopt all appropriate measures, in close cooperation with the Member States, to apply this Regulation.

Article 7

This Regulation shall enter into force on 1 January 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 December 1993.

For the Council

The President

COUNCIL REGULATION (EEC) No 3722/92

of 14 December 1992

opening and providing for the administration of a Community tariff quota for certain
handmade products (1993)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, as regards certain handmade products, the Community has declared its readiness to open an annual duty-free Community tariff quota of an overall amount which, for 1992, amounted to ECU 10 540 000 with a maximum value of ECU 1 200 000 for each group of products considered; whereas products may, however, be admitted under the Community tariff quota only on presentation to the Community's customs authorities of a document issued by the recognized authorities of the country of manufacture certifying that the goods concerned are hand made; whereas the tariff quota in question should therefore be opened with effect from 1 January 1993, at the volume set for 1992;

Whereas equal and continuous access to the quotas should be ensured for all Community importers and the rate laid down for the quotas should be applied consistently to all imports until the quotas are used up; whereas the necessary measures should be taken to ensure that these tariff quotas are administered efficiently and on a Community basis, so that Member States have the option of drawing the necessary quantities, corresponding to actual imports recorded, from the quota volume; whereas this method of administration calls for close cooperation between the Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation relating to the administration of the quotas may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1993, the customs duties applicable to imports of the products listed in Annex I shall be totally suspended within the limits of a Community tariff quota bearing the serial No 09.0105 and being of a volume corresponding to a value of ECU

10 540 000 subject to a maximum of ECU 1 200 000 for each six-figure code of the combined nomenclature.

2. Admission under this quota shall, however, be granted only for products accompanied by a certificate recognized by the relevant authorities of the Community conforming to one of the models in Annex II, issued by one of the recognized authorities of the country of manufacture as given in Annex III and certifying that the goods in question are hand made. The goods must in addition be accepted as hand made by the relevant authorities of the Community.

3. Regulations (EEC) No 2779/78⁽¹⁾ and (EEC) No 289/84⁽²⁾ shall apply for the purposes of determining the equivalent value in national currencies of amounts expressed in ecus.

Article 2

The tariff quota referred to in Article 1 shall be administered by the Commission which may take any appropriate administrative measure in order to ensure efficient administration.

Article 3

If an importer presents, in a Member State, a declaration of entry into free circulation including a request for preferential benefit for a product covered by this Regulation, and if this declaration is accepted by the customs authorities, the Member State concerned shall draw, from the quota volume by means of notification to the Commission, a quantity corresponding to these needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission on the basis of the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the available balance so permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding quota volume.

⁽¹⁾ OJ No L 333, 30. 11. 1978, p. 5.

⁽²⁾ OJ No L 33, 4. 2. 1984, p. 2.

If the quantities requested are greater than the available balance of the quota volume, allocation shall be made on a pro rata basis with respect to the requests. Member States shall be informed thereof by the Commission.

Article 4

Each Member State shall guarantee importers of the products in question equal and continuous access to the quota as long as the balance of the corresponding quota volume so allows.

Article 5

Member States and the Commission shall cooperate closely in order to ensure compliance with this Regulation.

Article 6

This Regulation shall enter into force on 1 January 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 December 1992.

For the Council

The President

N. LAMONT

COUNCIL REGULATION (EEC) No 3723/92
of 14 December 1992

opening and providing for the administration of Community tariff quotas for certain
hand-woven fabrics, pile and chenille (1993)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community, and in particular Article 113
thereof,

Having regard to the proposal from the Commission,

Whereas, as regards hand-woven fabrics of silk, waste silk
other than noil and cotton, the Community has declared its
readiness to open annual duty-free Community tariff
quotas up to a value (customs value) which, for 1992,
amounted to ECU 2 316 000 for silk fabrics and to ECU
2 069 000 for cotton fabrics; whereas products may be
admitted under the Community tariff quota only on
production of a certificate of manufacture recognized by
the relevant authorities of the Community, such products
being stamped in a manner approved by those authorities
at the beginning and end of each item and carried direct
from the country of manufacture to the Community;
whereas it is, accordingly, appropriate to open the tariff
quotas in question with effect from 1 January 1993, at the
levels set for 1992;

Whereas equal and continuous access to the quotas should
be ensured for all Community importers and the rate laid

down for the quotas should be applied consistently to all
imports until the quotas are used up; whereas the necessary
measures should be taken to ensure that these tariff quotas
are administered efficiently and on a Community basis, so
that Member States have the option of drawing the
necessary quantities, corresponding to actual imports
recorded, from the quota volumes; whereas this method of
administration calls for close cooperation between the
Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of
the Netherlands and the Grand Duchy of Luxembourg are
united within, and jointly represented by, the Benelux
Economic Union, any operation relating to the
administration of the quotas may be carried out by any one
of its members,

HAS ADOPTED THIS REGULATION:

Article 1

(*) See Taric codes in Annex III.

Within the limits of these tariff quotas, Spain and Portugal shall apply the duties calculated in accordance with the relevant provisions laid down in the 1985 Act of Accession.

2. For the purpose of this Regulation:

(a) 'handlooms' means looms which, for the manufacture of fabrics, are moved exclusively by hand or foot;

(b) 'customs value' means the value as defined in the relevant Community rules.

3. Admission under these quotas shall, however, be granted only for fabrics, pile and chenille:

(a) accompanied by a certificate of manufacture recognized by the competent authorities of the European Economic Community and conforming to one of the models in Annex I endorsed by one of the recognized authorities of the country of manufacture appearing in Annex II;

(b) bearing, at the beginning and end of each item, a stamp approved by the said authorities or, in derogation, a seal, approved by the authorities of the country of manufacture, fixed to each piece;

(c) carried direct from the country of manufacture to the European Economic Community.

4. In this respect, the following shall be considered to have been carried direct:

(a) goods which, in carriage, do not cross the territory of a country not a member of the European Communities. Goods temporarily held in ports of countries which are not members of the European Communities shall not be excluded from the definition of direct carriage provided that they are not transhipped there;

(b) goods which, in carriage, cross the territory of one or more countries not members of the European

Communities or are transhipped while covered by a single transport document drawn up in the country of manufacture.

5. Regulations (EEC) No 2779/78⁽¹⁾ and (EEC) No 289/84⁽²⁾ shall apply for the purposes of determining the equivalent value in national currencies of amounts expressed in ecus.

Article 2

The tariff quotas referred to in Article 1 shall be administered by the Commission, which may take any appropriate administrative measure in order to ensure efficient administration.

Article 3

If an importer presents, in a Member State, a declaration of entry into free circulation including a request for preferential benefit for a product covered by this Regulation, and if this declaration is accepted by the customs authorities, the Member State concerned shall draw, from the quota volume by means of notification to the Commission, a quantity corresponding to these needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 December 1992.

The drawings are granted by the Commission on the basis of the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the available balance so permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding quota volume.

If the quantities requested are greater than the available balance of the quota volume, allocation shall be made on a pro rata basis with respect to the requests. Member States shall be informed thereof by the Commission.

Article 4

Each Member State shall guarantee importers of the products in question equal and continuous access to the quotas as long as the balance of the corresponding quota volume allows.

Article 5

Member States and the Commission shall cooperate closely in order to ensure that this Regulation is complied with.

Article 6

This Regulation shall enter into force on 1 January 1993.

For the Council

The President
