**COUNCIL REGULATION (EC) No 354/94**

of 14 February 1994

**opening and providing for the administration of a Community preferential ceiling for certain petroleum products refined in Turkey and establishing Community surveillance for imports thereof (1994)**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Article 7 of the Supplementary Protocol to the Association Agreement between the European Community and Turkey consequent on the accession of new Member States to the Community<sup>(1)</sup>, which was signed in Ankara on 30 June 1973 and entered into force on 1 March 1986<sup>(2)</sup>, provides for the total suspension of customs duties applicable in certain petroleum products refined in Turkey falling within Chapter 27 of the Common Customs Tariff within the limits of an annual Community tariff quota of 340 000 tonnes; whereas, for the products concerned, a provisional adjustment should be made to those tariff preferences, consisting essentially of substituting for the Community tariff quota a Community ceiling amounting, after successive increases, to 740 250 tonnes, above which the customs duties applicable to third countries may be re-established;

Whereas the application of ceilings requires the Community to be regularly informed of the trend of imports of the relevant products originating in Turkey; whereas imports should, therefore, be made subject to a system of surveillance;

Whereas the decision for the opening of Community tariff ceilings in the execution of its international obliga-

tions should be taken by the Community; whereas to ensure the efficiency of a common administration of these ceilings, the Member States might well have recourse to the means of an administrative procedure based on offsetting imports of the products in question against the ceiling at Community level as and when these products are entered with the customs authorities for free circulation; whereas this administrative procedure must make provision for the possible re-establishment of customs tariff duties as soon as the ceiling is reached at Community level;

Whereas this administrative procedure requires close and particularly swift cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of quantities charged against the ceiling and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take the appropriate measures to re-establish customs tariff duties if the ceiling is reached,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. From 1 January to 31 December 1994 the duties applicable to imports into the Community of the petroleum products refined in Turkey and indicated in paragraph 2 shall be suspended in full within the limits of a Community ceiling of 740 250 tonnes.

2. The petroleum products to which paragraph 1 applies shall be the following:

**amending Regulation (EEC) No 918/83 setting up a Community system of reliefs**  
**from customs duty**

Having regard to the proposal from the Commission <sup>(1)</sup>,

Having regard to the opinion of the European Parliament <sup>(2)</sup>,

Whereas Article 45 of Regulation (EEC) No 918/83 <sup>(4)</sup>, provides that goods contained in the personal luggage of travellers coming from a third country shall be admitted free of import duties, provided such imports are of a non-commercial nature;

Whereas, in accordance with Article 47 of Regulation (EEC) No 918/83, the total value of goods admissible free of import duties may not exceed ECU 45 per traveller; whereas, in accordance with the second subparagraph of Article 47, Member States may reduce this amount to ECU 23 for travellers under 15 years of age;

Whereas account must be taken of measures in favour of travellers recommended by specialized international organizations, in particular the measures contained in Annex F (3) to the International Convention on the simplification and harmonization of customs procedures;

Whereas those objectives could be attained by increasing the reliefs;

Whereas it is necessary to provide, for a limited period, a derogation for Germany taking into account the economic difficulties likely to be caused by the amount of the reliefs, particularly as regards travellers entering the territory of that Member State by land frontiers linking Germany to third countries other than EFTA member countries or by coastal shipping routes from the said countries;

Whereas there are special links between continental Spain and Ceuta and Melilla,

2. the following Article shall be inserted:

*'Article 47a*

1. By way of derogation from the first subparagraph of Article 47, Spain is hereby authorized to apply, until 31 December 2000, a relief of ECU 600 for imports of the goods in question from Ceuta and Melilla entering customs territory as defined with regard to Spain in the fourth indent of Article 3 (1) of Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code <sup>(1)</sup>.

2. By way of derogation from the second subparagraph of Article 47, Spain shall have the option of reducing that relief to ECU 150 for travellers under 15 years of age.

<sup>(1)</sup> OJ No L 302, 19. 10. 1992, p. 1.'

*Article 2*

This Regulation shall enter into force on 1 April 1994.

However, with regard to the Federal Republic of Germany this Regulation shall apply as from 1 January 1998 in the case of goods imported by travellers entering German territory by a land frontier linking Germany to third countries other than EFTA member countries or by a coastal shipping route from the said countries.

**COMMISSION REGULATION (EC) No 356/94**

of 17 February 1994

**fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats<sup>(1)</sup>, as last amended by Regulation (EC) No 3179/93<sup>(2)</sup>, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria<sup>(3)</sup>, as last amended by Regulation (EEC) No 1900/92<sup>(4)</sup>, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco<sup>(5)</sup>, as last amended by Regulation (EEC) No 1901/92<sup>(6)</sup>, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia<sup>(7)</sup>, as last amended by Regulation (EEC) No 413/86<sup>(8)</sup>, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey<sup>(9)</sup>, as last amended by Regulation (EEC) No 1902/92<sup>(10)</sup>, and in particular Article 10 (2) thereof,

Having regard to Council Regulation (EEC) No 1620/77 of 18 July 1977 laying down detailed rules for the importation of olive oil from Lebanon<sup>(11)</sup>,

Whereas by Regulation (EEC) No 3131/78<sup>(12)</sup>, as amended by the Act of Accession of Greece, the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Council Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender<sup>(13)</sup> specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world market and the Community market and of the levy rates indicated by tenderers;

Whereas, in the collection of the levy, account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed, taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 14 and 15 February 1994 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Having regard to Council Regulation (EC) No 3491/93 of 13 December 1993 on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Hungary<sup>(1)</sup> of the other part, and in particular Article 1 thereof,

Having regard to Council Regulation (EC) No 3492/93 of 13 December 1993 on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Poland<sup>(2)</sup>, of the other part, and in particular Article 1 thereof,

Having regard to Council Regulation (EEC) No 520/92 of 27 February 1992 on certain procedures for applying the Interim Agreement on trade and trade-related matters between the European Economic Community and the European Coal and Steel Community, of the one part, and the Czech and Slovak Federal Republic<sup>(3)</sup>, of the other part, as amended by Regulation (EEC) No 2235/93<sup>(4)</sup>, and in particular Article 1 thereof,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal<sup>(5)</sup>, as last amended by Regulation (EC) No 3611/93<sup>(6)</sup>, and in particular Article 15 (2) thereof,

Whereas the Association Agreements between the European Economic Community and the European Coal and Steel Community, of the one part, and the Republic of Hungary and the Republic of Poland, of the other part, entered into force on 1 January 1994; whereas, pending the entry into force of the Association Agreement concluded with the former Czech and Slovak Federal Republic, the Community has decided to apply with effect from 1 March 1992 an interim agreement concluded with the aforesaid country, hereinafter referred to as 'Interim Agreement';

Whereas the Czech and Slovak Federal Republic was dissolved with effect from 1 January 1993; whereas, as

successor States to the Czech and Slovak Federal Republic, the Czech Republic and the Slovak Republic will continue to assume all obligations arising from all agreements between the Czech and Slovak Federal Republic and the European Communities, and in particular from the Interim Agreement; whereas the said Interim Agreement was amended by additional protocols and by supplementary protocols concluded with the Czech Republic and the Slovak Republic;

Whereas, in view of the trade concessions provided for in the abovementioned Agreements with respect to agricultural products, a Community tariff quota for imports of bovine animals weighing between 160 and 300 kilograms originating in and coming from Poland, Hungary, the Slovak Republic or the Czech Republic at a reduced 25 % levy should be opened for 1994;

Whereas that quota for 1994 amounts to 59 400 head taking into account the estimate of 198 000 head for 1994 of young male bovine animals intended for fattening;

Whereas while recalling the provisions of the Interim Agreements intended to guarantee the origin of the product, the management of the system should be ensured through import licences; whereas, with that in mind, it would be appropriate to define, in particular, the detailed rules for submission of applications, as well as the information which must be included on the applications and licences, notwithstanding certain provisions of Commission Regulation (EEC) No 3719/88 of 16 November 1988 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products<sup>(7)</sup>, as last amended by Regulation (EC) No 3519/93<sup>(8)</sup>, and Commission Regulation (EEC) No 2377/80 of 4 September 1980 on special detailed rules for the application of the system of import and export licences in the beef and veal sector<sup>(9)</sup>, as last amended by Regulation (EEC) No 2867/93<sup>(10)</sup>; whereas provision should also be made for the licences to be issued after a delay for consideration and, where necessary, with the application of a single percentage reduction;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

## COMMISSION REGULATION (EC) No 359/94

of 17 February 1994

on the sale by tender of beef held by certain intervention agencies

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal<sup>(1)</sup>, as last amended by Regulation (EEC) No 3611/93<sup>(2)</sup>, and in particular Article 7 (3) thereof,

Whereas the application of intervention measures in respect of beef has created large stocks in several Member States; whereas, in order to prevent an excessive prolongation of storage, part of these stocks should be sold by tender;

Whereas the sale should be made subject to the rules laid down by Commission Regulation (EEC) No 2173/79<sup>(3)</sup>, as last amended by Regulation (EEC) No 1759/93<sup>(4)</sup>, subject to certain special exceptions which are necessary;

Whereas with a view to securing a regular and uniform tendering procedure, measures should be taken in addition to those laid down in Article 8 (1) of Regulation (EEC) No 2173/79;

Whereas it seems appropriate to provide for derogations from provisions of Article 8 (2) (b) of Regulation (EEC) No 2173/79, taking into account the administrative difficulties which the application of this subparagraph raises in the Member States concerned;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. The sale shall take place of:

- approximately 15 tonnes of bone-in beef held by the Irish intervention agency, and bought in before 1 January 1991,

- approximately 160 tonnes of boneless beef held by the Irish intervention agency, bought in before 1 January 1991,
- approximately 1 000 tonnes of boneless beef held by the Italian intervention agency and bought in before 1 March 1992.
- approximately 1 000 tonnes of boneless beef held by the French intervention agency and bought in before 1 February 1993.

Detailed information concerning quantities is given in Annex I.

2. The products referred to in paragraph 1 shall be sold in accordance with Regulation (EEC) No 2173/79, and in particular Articles 6 to 12 thereof, and this Regulation.

*Article 2*

1. The deadlines for submitting tenders, which must be made out in ecus, shall be 12 noon on 22 February 1994.

The intervention agencies concerned shall draw up a notice of invitation to tender which shall include the following:

- (a) the quantities of beef offered for sale; and
- (b) the deadline and place for submitting tenders.

2. The intervention agencies concerned shall sell first the meat which has been stored the longest.

3. Notwithstanding Articles 6 and 7 of Regulation (EEC) No 2173/79, the provisions of and the Annexes to this Regulation shall serve as a general notice of invitation to tender.

4. Interested parties may obtain the details of the quantities available and the places where the products are stored from the addresses listed in Annex II to this Regulation. The intervention agencies will, moreover, display the notice referred to in paragraph 1 at their head office and may also publish them elsewhere.

5. By way of derogation from Article 8 (1) of Regulation (EEC) No 2173/79 a tender must be submitted to the intervention agency concerned in a closed envelope, bearing the reference to the Regulation concerned. The closed envelope must not be opened by the intervention agency before the expiry of the tender deadline referred to in paragraph 1.

<sup>(1)</sup> OJ No L 148, 28. 6. 1968, p. 24.<sup>(2)</sup> OJ No L 328, 29. 12. 1993, p. 7.<sup>(3)</sup> OJ No L 251, 5. 10. 1979, p. 12.<sup>(4)</sup> OJ No L 161, 2. 7. 1993, p. 59.

6. By way of derogation from Article 8 (2) (b) of Regulation (EEC) No 2173/79, tenders shall not indicate in which cold store or stores the products are held.

*Article 3*

After the offers received in respect of the invitation to tender have been examined a minimum selling price shall be fixed for each product or the sale will not be proceeded with.

*Article 4*

Notwithstanding Article 15 (1) of Regulation (EEC) No 2173/79 the security shall be ECU 100 per tonne.

*Article 5*

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

**COMMISSION REGULATION (EC) No 368/94****of 17 February 1994****fixing the export refunds on cereals and on wheat or rye flour, groats and meal**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals<sup>(1)</sup>, as amended by Regulation (EEC) No 2193/93<sup>(2)</sup>, and in particular the third subparagraph of Article 13 (2) thereof,

Whereas Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas the refunds must be fixed taking into account the factors referred to in Article 2 of Commission Regulation (EEC) No 1533/93 of 22 June 1993 laying down certain detailed rules under Council Regulation (EEC) No 1766/92 on the granting of export refunds on cereals and the measures to be taken in the event of disturbance on the market for cereals<sup>(3)</sup>, amended by Regulation (EC) No 120/94<sup>(4)</sup>;

Whereas, as far as wheat and rye flour, groats and meal are concerned, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Regulation (EEC) No 1533/93;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92<sup>(5)</sup>, as amended by Regulation (EC) No 3528/93<sup>(6)</sup>, are used to

convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93<sup>(7)</sup>;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas Council Regulation (EEC) No 990/93<sup>(8)</sup> prohibits trade between the European Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

*Article 1*

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 1766/92, excluding malt, exported in the natural state, shall be as set out in the Annex hereto.

*Article 2*

This Regulation shall enter into force on 18 February 1994.

<sup>(2)</sup> OJ No L 196, 5. 8. 1993, p. 22.

<sup>(3)</sup> OJ No L 151, 23. 6. 1993, p. 15.

<sup>(4)</sup> OJ No L 21, 26. 1. 1994, p. 1.

## COMMISSION DECISION

of 8 February 1994

on public access to Commission documents

(94/90/ECSC, EC, Euratom)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

*Article 2*

Having regard to the Treaties establishing the European Communities, and in particular Article 162 of the Treaty establishing the European Community,

Whereas, in accordance with the Declaration on the right of access to information annexed to the Final Act of the Treaty on European Union and with the conclusions of the Birmingham and Edinburgh European Councils on bringing the Community closer to its citizens, a code of conduct setting out the principles governing access to Commission and Council documents should be agreed upon with the Council;

Whereas these principles are based on the Commission's papers on public access to the institutions' documents of 5 May 1993 and openness in the Community of 2 June 1993;

Whereas specific provisions need to be adopted whereby the Commission can give effect to the code,

HAS DECIDED AS FOLLOWS:

*Article 1*

The code of conduct on public access to Commission documents set out in the Annex is adopted.

In order to ensure that effect is given to the code referred to in Article 1, the following measures are adopted:

1. All applications for access to documents shall be made in writing to the relevant Commission department at its headquarters, Commission Offices in the Member States or Commission Delegations in non-member countries.
2. The relevant Director-General or Head of Department, the Director designated for the purpose in the Secretariat-General or an official acting on their behalf shall inform the applicant in writing, within one month, whether the application is granted or whether he intends to refuse access. In the latter case the applicant shall also be notified that he has one month in which to apply to the Secretary-General of the Commission for review of the intention to refuse access, failing which he shall be deemed to have withdrawn his initial application.
3. The President shall be empowered to decide on applications for review in agreement with the relevant Member of the Commission. He may delegate this authority to the Secretary-General.
4. Failure to reply to an application for access to a document within one month of application being made constitutes an intention to refuse access.

Failure to reply within one month of an application for review being made constitutes a refusal.

5. A fee of ECU 10, plus ECU 0.036 per sheet of paper, shall be charged for copies of printed documents exceeding 30 pages. Charges for information in other formats shall be set on a case-by-case basis but shall not exceed what is reasonable.

6. If an applicant wishes to consult a document on Commission premises, the relevant department shall try to make arrangements to accommodate him. Where the department is unable to provide appropriate facilities, the documents shall be consulted in either of the Commission's central libraries in Brussels and Luxembourg in any of the Commission's Offices

in the Member States or in any of its Delegations in non-member countries.

*Article 3*

*ANNEX***Code of conduct concerning public access to Commission and Council documents****THE COMMISSION AND THE COUNCIL,**

Having regard to the declaration on the right of access to information annexed to the final act of the Treaty on European Union, which emphasizes that transparency of the decision-making process strengthens the democratic nature of the institutions and the public's confidence in the administration,

Having regard to the conclusions wherein the European Councils in Birmingham and Edinburgh agreed on a number of principles to promote a Community closer to its citizens,

Having regard to the conclusions of the European Council in Copenhagen, reaffirming the principle of giving citizens the greatest possible access to information and calling on the Commission and the Council to adopt at an early date the necessary measures for putting this principle into practice,

Considering it desirable to establish by common agreement the principles which will govern access to Commission and Council documents, it being understood that it is for each of them to implement these principles by means of specific regulations,

Whereas the said principles are without prejudice to the relevant provisions on access to files directly concerning persons with a specific interest in them;

Whereas these principles will have to be implemented in full compliance with the provisions concerning classified information;

Whereas this code of conduct is an additional element in their information and communication policy,

**HAVE AGREED AS FOLLOWS:****General principle**

The public will have the widest possible access to documents held by the Commission and the Council.

'Document' means any written text, whatever its medium, which contains existing data and is held by the Commission or the Council.

**Processing of initial applications**

An application for access to a document will have to be made in writing, in a sufficiently precise manner; it will have to contain information that will enable the document or documents concerned to be identified.

Where necessary, the institution concerned will ask the applicant for further details.

Where the document held by an institution was written by a natural or legal person, a Member State, another Community institution or body of any other national or international body, the application must be sent direct to the author.

In consultation with the applicants, the institution concerned will find a fair solution to comply with repeat

applications and/or those which relate to very large documents.

The applicant will have access to documents either by consulting them on the spot or by having a copy sent at his own expense; the fee will not exceed a reasonable sum.

The institution concerned will be able to stipulate that a person to whom a document is released will not be allowed to reproduce or circulate the said document for commercial purposes through direct sale without its prior authorization.

Within one month the relevant departments of the institution concerned will inform the applicant either that his application has been approved or that they intend to advise the institution to reject it.

**Processing of confirmatory applications**

Where the relevant departments of the institution concerned intend to advise the institution to reject an application, they will inform the applicant thereof and tell him that he has one month to make a confirmatory application to the institution for that position to be reconsidered, failing which he will be deemed to have withdrawn his original application.

If a confirmatory application is submitted, and if the institution concerned decides to refuse to release the document, that decision, which must be made within a month of submission of the confirmatory application, will be notified in writing to the applicant as soon as possible. The grounds for the decision must be given, and the decision must indicate the means of redress that are available, i.e. judicial proceedings and complaints to the ombudsman under the conditions specified in, respectively, Articles 173 and 138c of the Treaty establishing the European Community.

### Exceptions

The institutions will refuse access to any document where disclosure could undermine :

- the protection of the public interest (public security), international relations, monetary stability, court proceedings, inspections and investigations),

- the protection of the individual and of privacy,
- the protection of commercial and industrial secrecy,
- the protection of the Community's financial interests,
- the protection of confidentiality as requested by the natural or legal persons that supplied the information or as required by the legislation of the Member State that supplied the information.

They may also refuse access in order to protect the institution's interest in the confidentiality of its proceedings.

### Implementation

The Commission and the Council will severally take steps to implement these principles before 1 January 1994.

### Review

The Council and the Commission agree that the code of conduct will, after two years of operation, be reviewed on the basis of reports drawn up by the Secretaries-General of the Council and the Commission.
