COMMISSION REGULATION (EC) No 1135/95**of 19 May 1995****suspending advance fixing of the export refunds on certain products processed
from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European
Community,

Having regard to Council Regulation (EEC) No 1766/92
of 30 June 1992 on the common organization of the
market in cereals⁽¹⁾, as last amended by the Act of Acces-
sion of Austria, Finland and Sweden, and in particular the
first subparagraph of Article 13 (7) thereof,

Whereas Article 13 (7) of Regulation (EEC) No 1766/92
provides that the provisions concerning advance fixing of
the refund may be suspended if the market situation
shows that the application of these provisions is causing
or is likely to cause difficulties;

Whereas there is a danger that the continuation of the
present system could give rise to speculative operations;
whereas the advance fixing of the export refunds on
certain products processed from cereals and rice should
therefore be suspended;

Whereas the above situation requires that application of
the provisions concerning advance fixing of refunds for
the products concerned be temporarily suspended;

Whereas the measures provided for in this Regulation are
in accordance with the opinion of the Management
Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

Advance fixing of the export refunds on the products
listed in Article 1 (1) (d) of Regulation (EEC) No 1766/92
and in Article 1 (1) (c) of amended Council Regulation
(EEC) No 1418/76⁽²⁾ is hereby suspended from 20 to 24
May 1995.

Article 2

This Regulation shall enter into force on 20 May 1995.

COMMISSION REGULATION (EC) No 1136/95
of 19 May 1995
fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden and in particular the first sentence of the fourth subparagraph of Article 17 ⁽²⁾ thereof,

Whereas Article 17 of Regulation (EEC) No 1418/76 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds ⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances of the Community market;

Whereas Commission Regulation (EEC) No 1361/76 ⁽⁴⁾ lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum;

Whereas Article 3 of Regulation (EEC) No 1431/76 defines the specific criteria to be taken into account when the export refund on rice and broken rice is being calculated;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas a separate refund should be fixed for packaged long grain rice to accommodate current demand for the product on certain markets;

Whereas the refund must be fixed at least once a month; whereas it may be altered in the intervening period;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92 ⁽⁵⁾, as last amended by Regulation (EC) No 150/95 ⁽⁶⁾, are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93 ⁽⁷⁾, as last amended by Regulation (EC) No 1053/95 ⁽⁸⁾;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market, that the refund should be fixed as set out in the Annex hereto;

Whereas Council Regulation (EEC) No 990/93 ⁽⁹⁾ prohibits trade between the European Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 of Regulation (EEC) No 1418/76 with the exception of those listed in paragraph 1 (c) of that Article, exported in the natural state, shall be as set out in the Annex hereto.

COMMISSION

OPINION OF THE COMMISSION

of 2 May 1995

concerning the plan for the disposal of radioactive waste from the 'TUS' Basic Nuclear Facility at Pierrelatte (France) in accordance with Article 37 of the Euratom Treaty

(Only the French text is authentic)

(95/172/Euratom)

On 24 November 1994 the Commission of the European Communities received from the French Government, in accordance with Article 37 of the Euratom Treaty, general data relating to the plan for the disposal of radioactive waste resulting from the operation for the 'TUS' Basic Nuclear Facility at Pierrelatte.

On the basis of these data and following consultation with the group of experts, the Commission has drawn up the following opinion :

1. The distance between the 'TUS' Basic Nuclear Installation and the territory of the nearest Member State, namely Italy, is 175 kilometres (Spain is 260 kilometres away).
2. Under normal operating conditions, gaseous and liquid effluent discharges will not cause exposure, significant from the point of view of health, of the population of another Member State.
3. Solid radioactive waste will be treated and temporarily stored at the site before being transported to an approved national site for final storage.
4. In the event of unplanned discharges of radioactive effluent which could result from an accident of the type and scale taken into account in the general data, doses liable to be received by the population of another Member State would not be significant from the health point of view.

In conclusion, the Commission is of the opinion that the plan for the disposal of radioactive waste resulting from the operating of the 'TUS' Nuclear Facility is not liable, either in normal operation or in the event of an accident of the type and scale taken into account in the general data, to result in radioactive contamination, significant from the health point of view, of the waters, soil or airspace of another Member State.

This opinion is addressed to the French Republic.
