CHAPTER 30 — SURPLUS AVAILABLE FROM THE PRECEDING FINANCIAL YEAR

Article Item	Remarks
300	Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities (OJ No L 356, 31. 12. 1977, p. 1), as last amended by Regulation (ECSC, EC, Euratom) No 2730/94 (OJ No L 293, 12. 11. 1994, p. 7). Council Regulation (EEC, Euratom) No 1552/89 of 29 May 1989 implementing Decision 88/376/EEC, Euratom on the system of the Communities' own resources (OJ No L 155, 7. 6. 1989, p. 1), as last amended by Regulation (EC, Euratom) No 2729/94 (OJ No L 293, 12. 11. 1994, p. 5). Article 32 of the Financial Regulation states that the balance from each financial year, whether surplus or deficit, is entered as revenue expenditure in the budget of the subsequent financial year. The relevant estimates of such revenue or expenditure are entered in the budget during the budget procedure and, where appropriate, in a letter of amendment submitted pursuant to Article 14 of the Financial Regulation. They are drawn up in accordance with the principles set out in Article 15 of Regulation (EEC, Euratom) No 1552/89. After the closure of the accounts for each financial year, any discrepancy with the estimates is entered in the budget for the following financial year through a supplementary and/or amending budget. A deficit is entered in Chapter B0-30 of the statement of expenditure of Section III 'Commission'. The surplus resulting from the 1994 financial year is estimated at ECU 6 589 000 000.

An amount of ECU 2 000 000 is allocated to support the implementation of projects aimed directly at alleviating maternal and infant mortality in developing countries, particularly in the least developed countries. The amount may be used to cover 100 % of the costs. Where possible, such projects should be coordinated with the national health policies of countries concerned and be operational at local level, particularly in poor rural areas or areas of urban deprivation. Attention must be directed to the prevention of infections and the main causes of maternal and infant mortality. Appropriations on this line may also be used for the provision of basic medicine and equipment for maternity requirements. An amount of ECU 2 000 000 is allocated to be used, through specialized agencies and non-governmental agencies (NGOs), for the care and rehabilitation of children who suffer from the effects of war. They should provide for therapy or any other special need which may be required. Wherever possible the resources should be directed towards non-institutionalized care and provide assistance for extended family support projects.
