approving the 1996 programmes for the eradication of anaplasmosis and babesiosis in Réunion and of cowdriosis and babesiosis in Martinique presented by France and fixing the Community financial contribution

(Only the French text is authentic)

(96/66/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to the Council Decision 90/424/EEC of 26 June 1990 on expenditure in the veterinary field ⁽¹⁾, as last amended by Decision 94/370/EC ⁽²⁾, and in particular Article 24 (6) thereof,

Whereas Decision 90/424/EEC provides, in particular, for the possibility of a Community financial measure for the eradication and monitoring of cowdriosis, babesiosis and anaplasmosis transmitted by insect vectors in the French overseas departments;

Whereas France presented a programme for the eradication of anaplasmosis and babesiosis in Réunion and a programme for the eradication of cowdriosis and babesiosis in Guadeloupe and Martinique;

Whereas additional information required for assessing the abovementioned programmes was communicated by France in accordance with Article 24 (4) of Decision 90/424/EEC concerning the programmes for Réunion and Martinique;
