COMMISSION REGULATION (EC) No 291/96**of 15 February 1996****fixing an export tax in relation to the product falling within CN code 1003 00 90**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EC) No 1863/95⁽²⁾, and in particular Article 16 thereof,

Whereas Article 16 of Regulation (EC) No 1766/92 provides that where quotations or prices on the world market for certain products reach the level of Community prices and such situation is likely to continue and deteriorate thereby disturbing or threatening to disturb the Community market, appropriate measures may be taken; whereas Article 15 of Commission Regulation (EC) No 1501/95⁽³⁾, as last amended by Regulation (EC) No 95/96⁽⁴⁾, provides that where such conditions are met, an export tax may be fixed and may vary according to the destination;

Whereas prices on the world market for barley have reached the level of those in the Community and the trend in those prices is that they will increase; whereas this situation is likely to lead to an excessive export of barley from the Community; whereas it has therefore been decided to apply an export tax to this product at a

level which will avoid disturbance to the Community market;

Whereas export licences issued for barley before 2 February 1996 are still valid; whereas their validity was already limited as a precautionary measure to 30 days in order to restrict quantities; whereas it is not necessary to penalize those licences;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export tax referred to in Article 15 of Regulation (EC) No 1501/95, for the product falling within CN code 1003 00 90 is fixed at the level set out in the Annex to this Regulation.

2. However, that tax shall not apply to export licences issued before 2 February 1996.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 292/96
of 15 February 1996
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 2931/95 ⁽²⁾, and in particular Article 17 (3) thereof,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 228 of the Treaty;

Whereas Regulation (EEC) No 804/68 provides that when the refunds on the products listed in Article 1 of the abovementioned Regulation, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 228 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports;

Whereas Article 17 (5) of Regulation (EEC) No 804/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 17 (3) of Regulation (EEC) No 804/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination;

Whereas Article 17 (3) of Regulation (EEC) No 804/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas, in accordance with Article 12 of Commission Regulation (EC) No 1466/95 of 27 June 1995 on specific detailed rules for the application of export refunds on milk and milk products ⁽³⁾, as last amended by Regulation (EC) No 162/96 ⁽⁴⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components, one of which is intended to take account of the quantity of milk products and the other is intended to take account of the quantity of added sucrose; whereas, however, the latter component is applied only if the added sucrose was produced from sugar beet or cane harvested in the Community; whereas, for products falling within CN codes ex 0402 99 11, ex 0402 99 19, ex 0404 90 51, ex 0404 90 53, ex 0404 90 91 and ex 0404 90 93, with a fat content by weight not exceeding 9,5 % and a non-fatty milk content in the dry matter equal to or greater than 15 % by weight, the former abovementioned component is fixed for 100 kilograms of the whole product; whereas, for the other products containing added sugar falling within CN codes 0402 and 0404, that component is calculated by multiplying the basic amount by the milk products content of the product concerned; whereas that basic amount is equal to the refund to be fixed for one kilogram of milk products contained in the whole product;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 307, 20. 12. 1995, p. 10.

⁽³⁾ OJ No L 144, 28. 6. 1995, p. 22.

⁽⁴⁾ OJ No L 24, 31. 1. 1996, p. 18.

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EC) No 1101/95⁽²⁾;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for cheeses of a free-at-frontier value less than ECU 181,13 per 100 kilograms;

Whereas Commission Regulation (EEC) No 896/84⁽³⁾, as last amended by Regulation (EEC) No 222/88⁽⁴⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for the possibility of varying refunds according to the date of manufacture of the products;

Whereas for the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account;

Whereas it follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation;

Whereas Council Regulation (EEC) No 990/93⁽⁵⁾, as amended by Regulation (EC) No 1380/95⁽⁶⁾ prohibits

trade between the European Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof and in Council Regulation (EC) No 2815/95⁽⁷⁾; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex.
2. There shall be no refunds for exports to destination No 400 for products falling within CN codes 0401, 0402, 0403, 0404, 0405 and 2309.

Article 2

This Regulation shall enter into force on 16 February 1996.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION RECOMMENDATION

of 8 February 1996

on a common aggregation for the purpose of making economic analyses

(Text with EEA relevance)

(96/162/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Whereas Council Regulation (EEC) No 3037/90 ⁽¹⁾, as last amended by Commission Regulation (EEC) No 761/93 ⁽²⁾, established a statistical classification of economic activities, hereinafter called 'NACE Rev. 1';

Whereas Regulation (EEC) No 3037/90 is not concerned with obligation as regards the degree of detail to be used in statistical analyses (Article 1 (3));

Whereas the levels of detail for which information is available differ in various statistical fields and also from one Member State to another;

Whereas there is the possibility of Member States developing for their own economic analysis needs different aggregations not comparable at the European Community level;

Whereas, in accordance with the principle of subsidiarity, the creation of common statistical standards is a task that can only be dealt with effectively at Community level; whereas such standards will be implemented in each

Member State under the aegis of the organizations and institutions with responsibility for official statistics;

Whereas it is essential to have harmonized aggregations available for economic analyses at the European Community level,

HEREBY RECOMMENDS:

Sole Article

For the purposes of economic analyses, Member States are to take as far as possible the measures needed to be able to transmit to the Commission the aggregation of the economy in accordance with the 20 headings which are set out in the attached Annex and which are defined by reference to NACE Rev.1.
