of 26 June 1996

fixing the target price for milk and the intervention prices for butter and skimmed-milk powder for the period from 1 July 1996 to 30 June 1997

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products<sup>(1)</sup>, and in particular Articles 3(4) and 5 thereof,

Having regard to the proposal from the Commission<sup>(2)</sup>,

Having regard to the opinion of the European Parliament<sup>(3)</sup>,

Having regard to the opinion of the Economic and Social Committee<sup>(4)</sup>,

Whereas, when fixing the common agricultural prices each year, account should be taken of the objectives of the common agricultural policy; whereas the objectives of the common agricultural policy are in particular to secure a fair standard of living for the agricultural community and to ensure that supplies are available and that they reach the consumers at reasonable prices;

Whereas the target price for milk should bear a balanced relationship to the prices for other agricultural products and in particular to the prices for beef and veal, and be consistent with the desired general pattern of cattle farming; whereas it is also necessary, in fixing that price, to take account of the Community's efforts to establish a long term balance between supply and demand on the milk market, allowing for external trade in milk and milk products;

Whereas the intervention prices for butter and for skimmed-milk powder are intended to contribute to the achievement of the target price for milk; whereas it is necessary to determine price levels in the light of the overall supply and demand situation on the Community market in milk and the opportunities for disposal of butter and skimmed-milk powder on the Community and world markets,

HAS ADOPTED THIS REGULATION:

*Article 1*

For the period from 1 July 1996 to 30 June 1997, the target price for milk and the intervention prices for milk products shall be as follows:

|                          | (ECU per 100 kg) |

**COUNCIL REGULATION (EC) No 1191/96**  
**of 26 June 1996**

**amending, in respect of sour cherries, Regulation (EEC) No 2658/87 on the tariff  
and statistical nomenclature and on the Common Customs Tariff**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 28 and 113 thereof,

Having regard to the proposal from the Commission,

Whereas Part III, Section I, Annex 2 in the combined nomenclature, which constitutes Annex I to Council Regulation (EEC) No 2658/87<sup>(1)</sup>, contains the list of products to which an entry price applies and also, in respect of each of those products, the scale of entry prices used for the tariff classification of imported products and for determining the import duties applicable; whereas the application of the said entry prices in the case of sour cherries, products which are used almost exclusively by the processing industry, can represent an excessive burden for the industry; whereas lower entry prices should therefore be set for those products; whereas the entry price to be fixed must take into account in particular the average unit values recorded in trade over a representative period; whereas the *ad valorem* autonomous rates of duties for those products should also be reduced to the same level as the *ad valorem* conventional rates of duties;

Whereas the period of importation for sour cherries starts on 15 June; whereas, in order to allow the industry to be supplied under normal conditions from the beginning of the processing period, the necessary transitional measures have been adopted in Commission Regulation (EC) No 1739/95 of 17 July 1995 adopting certain transitional

measures relating to the entry price arrangements applicable to sour cherries<sup>(2)</sup>,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. Part III, Section I, Annex 2 in the combined nomenclature, which constitutes Annex I to Regulation (EEC) No 2658/87, is hereby amended as set out in the Annex to this Regulation.

2. At the time of the annual reduction of the *ad valorem* conventional rates of duty in respect of sour cherries falling within CN codes 0809 20 31, 0809 20 41, 0809 20 51 and 0209 20 61, decided upon in the framework of implementing the agreements concluded during the Uruguay Round of multilateral trade negotiations, the corresponding *ad valorem* autonomous rates of duties shall be reduced to the same level and according to the same timetable.

*Article 2*

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1996.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 26 June 1996.

*For the Council*

*The President*

## COUNCIL REGULATION (EC) No 1192/96

of 25 June 1996

amending, in respect of cucumbers for processing, Regulation (EEC) No 2658/87  
on the tariff and statistical nomenclature and on the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 28 and 113 thereof,

Having regard to the proposal from the Commission,

Whereas Part 3, Section I, Annex 2 in the combined nomenclature, which constitutes Annex I to Regulation (EEC) No 2658/87<sup>(1)</sup>, contains the list of products to which an entry price applies and also, in respect of each of those products, the scale of entry prices used for the tariff classification of imported products and for determining the import duties applicable; whereas application of the said entry prices in the case of cucumbers for processing can represent an excessive burden for the industry; whereas lower entry prices should be set therefore for those products; whereas the entry prices to be fixed must take into account the average unit values recorded in trade over a representative period; whereas the *ad valorem* autonomous rates of duties for those products should be reduced also to the same level as the *ad valorem* conventional rates of duties;

Whereas the period of importation for cucumbers for processing starts on 1 May; whereas, in order to allow the industry to be supplied under normal conditions from the beginning of the processing period, the transitional measures necessary have been adopted by Commission

Regulation (EC) No 1305/95 of 8 June 1995 adopting certain transitional measures relating to the entry price arrangements applicable to cucumbers for processing<sup>(2)</sup>,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. Part 3, Section I, Annex 2 in the combined nomenclature, which constitutes Annex I to Regulation (EEC) No 2658/87, is hereby amended as set out in the Annex to this Regulation.

2. At the time of the annual reduction of the *ad valorem* conventional rates of duty in respect of cucumbers for processing falling within CN codes 0707 00 20, 0707 00 25 and 0707 00 30, decided upon in line with the implementation of the agreements concluded during the Uruguay Round of multilateral trade negotiations, the corresponding *ad valorem* autonomous rates of duties shall be reduced to the same level and according to the same timetable.

*Article 2*

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1996.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 25 June 1996.

*For the Council*

*The President*
