**COMMISSION REGULATION (EC) No 1693/96**  
**of 29 August 1996**  
**fixing the export refunds on milk and milk products**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products <sup>(1)</sup>, as last amended by Regulation (EC) No 1587/96 <sup>(2)</sup>, and in particular Article 17 (3) thereof,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 228 of the Treaty;

Whereas Regulation (EEC) No 804/68 provides that when the refunds on the products listed in Article 1 of the abovementioned Regulation, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 228 of the Treaty, and

— the need to avoid disturbances on the Community market, and

— the economic aspect of the proposed exports;

Whereas Article 17 (5) of Regulation (EEC) No 804/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 17 (3) of Regulation (EEC) No 804/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination;

Whereas Article 17 (3) of Regulation (EEC) No 804/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas, in accordance with Article 12 of Commission Regulation (EC) No 1466/95 of 27 June 1995 on specific detailed rules for the application of export refunds on milk and milk products <sup>(3)</sup>, as last amended by Regulation (EC) No 1315/96 <sup>(4)</sup>, the refund granted for milk products containing added sugar is equal to the sum of the two components, one of which is intended to take account of the quantity of milk products and the other is intended to take account of the quantity of added sucrose; whereas, however, the latter component is applied only if the added sucrose was produced from sugar beet or cane harvested in the Community; whereas, for products falling

<sup>(2)</sup> OJ No L 206, 16. 8. 1996, p. 21.

<sup>(4)</sup> OJ No L 170, 9. 7. 1996, p. 20.

within CN codes ex 0402 99 11, ex 0402 99 19, ex 0404 90 51, ex 0404 90 53, ex 0404 90 91 and ex 0404 90 93, with a fat content by weight not exceeding 9,5 % and a non-fatty milk content in the dry matter equal to or greater than 15 % by weight, the former abovementioned component is fixed for 100 kilograms of the whole product; whereas, for the other products containing added sugar falling within CN codes 0402 and 0404, that component is calculated by multiplying the basic amount by the milk products content of the product concerned; whereas that basic amount is equal to the refund to be fixed for one kilogram of milk products contained in the whole product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector<sup>(7)</sup>, as last amended by Regulation (EC) No 1599/96<sup>(8)</sup>;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for cheeses of a free-at-frontier value less than ECU 230,00 per 100 kilograms;

Whereas Commission Regulation (EEC) No 896/84<sup>(9)</sup>, as last amended by Regulation (EEC) No 222/88<sup>(10)</sup>, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for the possibility of varying refunds according to the date of manufacture of the products;

Whereas for the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account;

Whereas it follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within

the Community and on the world market that the refund should be as set out in the Annex to this Regulation;

Whereas Council Regulation (EEC) No 990/93<sup>(11)</sup>, as amended by Regulation (EC) No 1380/95<sup>(12)</sup> prohibits trade between the European Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof and in Council Regulation (EC) No 462/96<sup>(13)</sup>; whereas account should be taken of this fact when fixing the refunds;

Whereas, with a view to better management of cheese exports in the light of the new constraints affecting subsidized exports, the refunds applying to some cheeses on export to certain destinations should be reduced;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

## COMMISSION DECISION

of 29 July 1996

**recognizing in principle the completeness of the dossier submitted for detailed examination in view of the possible inclusion of prohexadione calcium in Annex I to Council Directive 91/414/EEC concerning the placing of plant protection products on the market**

**(Text with EEA relevance)**

(96/520/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market<sup>(1)</sup>, as last amended by Commission Directive 96/12/EC<sup>(2)</sup>, and in particular Article 6 (3) thereof,

Whereas Directive 91/414/EEC has provided for the development of a Community list of authorized pesticide active substances;

Whereas BASF Aktiengesellschaft introduced on 10 February 1994 a dossier to the French authorities in view of obtaining the inclusion of the active substance prohexadione calcium in Annex I to the Directive; whereas the French authorities indicated to the Commission the results of a first examination of the completeness of the dossier with regard to the data and information requirements provided for in Annex II and, for at least one plant protection product containing the active substance concerned, in Annex III to the Directive; whereas subsequently, in accordance with the provisions of Article 6 (2), the dossier was submitted by the applicant to the Commission and the other Member States;

Whereas the Commission referred the dossier to the Standing Committee on Plant Health in the meeting of

the working group 'legislation' thereof on 25 September 1995, during which the Member States confirmed the receipt of the dossier;

Whereas Article 6 (3) of the Directive requires it being confirmed at the level of the Community that the dossier is to be considered as satisfying, in principle, the data and information requirements provided for in Annex II and, for at least one plant protection product containing the active substance concerned, in Annex III to the Directive;

Whereas such confirmation is necessary in order to pursue the detailed examination of the dossier as well as in order to open to the Member States the possibility of granting provisional authorization for plant protection products containing this active substance in due respect of the conditions laid down in Article 8 (1) of the Directive, and in particular the condition to make a detailed assessment of the active substance and the plant protection product with regard to the requirements of the Directive;

Whereas such decision does not prejudice that further data or information may be requested from the applicant where it would appear during the detailed examination that such information or data are required for a decision to be taken;

Whereas it is understood between the Member States and the Commission that France will pursue the detailed examination of the dossier and report the conclusions of its examination accompanied by any recommendations on the inclusion or non-inclusion and any conditions related thereto to the Commission as soon as possible and

at the latest within a period of one year; whereas on receipt of this report the detailed examination will be continued with the expertise from all Member States within the framework of the Standing Committee on Plant Health;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plant Health,
