Calculation of Member States' shares

Germany:

$$\frac{9\,700\,000\,000}{31\,809\,898\,000 - 4\,700\,000\,000} \times 2\,847\,000\,000 \times \frac{2}{3} = 679\,109\,896$$

Other countries (e.g. Belgium):

$$\frac{910\,200\,000}{31\,809\,898\,000 - 4\,700\,000\,000 - 9\,700\,000\,000} \times \frac{2\,847\,000\,000 - 679\,109\,896}{1} = 113\,338\,606$$

VAT rate frozen by United Kingdom correction (e.g. Belgium):

$$\frac{113\,338\,606}{910\,200\,000} = 0,124520552$$

Gross amount:

$$0,124520552 \times 31\,809\,898\,000 = 3\,960\,986\,049$$

CHAPTER B1-2 1 — BEEF/VEAL (*cont'd*)

Article Item	Remarks
B1-2 1 3	
B1-2 1 3 0	In accordance with Article 23 of Regulation (EEC) No 805/68, Commission Regulation (EC) No 716/96 (OJ No L 99, 20. 4. 1996, p. 14) provides for exceptional support measures for the United Kingdom beef and veal market on account of the appearance of bovine spongiform encephalopathy (BSE). This appropriation is intended to cover the Community's contribution to the cost of the voluntary slaughter of cattle of more than 30 months old to be financed jointly with the United Kingdom.
B1-2 1 3 1	This item is intended to cover the Community's contribution to the cost of the compulsory selective slaughter and destruction of animals identified as being most likely to have been given meat and bone meal infected with bovine spongiform encephalopathy (BSE). In order to finance this measure, adopted with the aim of eradicating BSE as quickly as possible, the necessary appropriations may be taken from the 'temporary BSE reserve' created for that purpose in Chapter B1-7 0.

Proposal for a Council Decision, submitted by the Commission on 10 April 1996, on the provision of loan guarantees for investments carried out by small enterprises creating employment (COM(96) 155). This appropriation is intended to give SMEs improved access, at lower cost, to loans for financing job-creating investment. Firstly, it covers interest-rate subsidies (two percentage points per year, for a maximum period of five years and a maximum principal of ECU 1 000 000 000) granted by the EIB to SMEs (including cooperatives) in line with the arrangements applicable to loans granted under the temporary mechanism adopted by the Edinburgh and Copenhagen European Councils. These subsidies are granted only for investment projects which create jobs. Secondly, this appropriation covers all or part of the costs linked to obtaining loan guarantees from the European Investment Fund (EIF) for job-creating investment projects carried out by SMEs, preferably those employing 50 or fewer people.

Article Item	Remarks
B7-4 1 0	Council resolution of 8 February 1977 on the Euro-Arab dialogue, including the establishment of a Euro-Arab university. Council Regulation (EEC) No 1763/92 of 29 June 1992 concerning financial cooperation in respect of all Mediterranean non-member countries (OJ No L 181, 1. 7. 1992, p. 5), as amended by Regulation (EC) No 1735/94 (OJ No L 182, 16. 7. 1994, p. 6). Proposal for a Council Regulation (EC), submitted by the Commission on 8 July 1994, in the field of employment creation and support to small and micro-enterprises in the Maghreb countries (OJ No C 214, 4. 8. 1994, p. 26). Proposal for a Council Regulation (EC), submitted by the Commission on 7 June 1995, concerning financial and technical measures to support the reforms to the economic and social structures in the Mediterranean non-member countries (OJ No C 232, 6. 9. 1995, p. 5). This appropriation is intended in particular to cover the financing to: — support economic transition (by backing up the processes of modernization and economic reconstruction of the Mediterranean non-member countries with a view to the gradual creation of a free trade area and by promoting direct investment in the region through the setting-up of joint ventures (MED-Invest, ECIP, risk capital), — achieve a better socio-economic balance (<i>inter alia</i> by contributing to the improvement of the social services, balanced and integrated rural development, the commitment of civil society to development, support for education and cultural exchanges, the strengthening of democracy and human rights and protection of the environment), — support regional integration and in particular the promotion of regional cooperation including environment (regional projects, decentralized cooperation programmes, cross-border cooperation with the Mediterranean regions of the European Union); support the Middle East peace process. It also covers expenditure on studies, meetings of experts, conferences, congresses, information and publications directly linked with the achievement of the objective of the measure of which they form an integral part; this excludes expenditure involved in the management of these measures or in general administration (Commission communication of 22 April 1992). Also charged to this article is expenditure on operations and other measures of a horizontal nature designed to enhance the profile or increase awareness of the European Union which are directly linked with the achievement of the objectives of the European Union's action in the Mediterranean non-member countries. Furthermore, this appropriation covers, if provision is made in the financial memorandums or equivalent documents, contracts concluded by the Commission for the duration of the programme to provide technical and administrative support for the mutual benefit of the Commission and the partner countries. Such contracts are to be concluded for a renewable period of one year with experts responsible for the preparation of terms of reference of projects, the evaluation of bids, monitoring and audit. Should either branch of the budgetary authority submit a reasoned request, the Commission must provide all relevant information concerning the implementation of the programmes, including the results of work by experts. The appropriations committed for this purpose may not exceed 3 % of the appropriations authorized for the MEDA programme. In accordance with the results of the procedure for cooperation on regulations concerning the Structural Funds (Declaration No 29 on Article 11 of amended Regulation (EEC) No 4253/88), this appropriation also covers the joint financing of structural measures in non-member countries bordering the Community which are to be co-financed by the Structural Funds.
