COUNCIL REGULATION (EC) No 669/97

of 14 April 1997

opening and providing for the administration of Community tariff quotas and ceilings, establishing Community surveillance for certain fish and fishery products originating in the Faroe Islands, defining detailed provisions for amending and adapting these measures and repealing Regulation (EC) No 1983/95

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

(1) Whereas Articles 3 and 8 of the Agreement between the European Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part, signed on 6 December 1996 ⁽¹⁾, provide for the abolition of customs duties applicable to imports into the Community of certain fish and fishery products listed in Protocol 1 attached to the said Agreement;

(2) Whereas the abolition is subject to Community tariff quotas and ceilings and, for some of these products, Community statistical surveillance; whereas the said Community tariff quotas and ceilings in respect of products originating in the Faroe Islands should therefore be opened for the volumes indicated respectively in Annexes I and II to this Regulation and Community statistical surveillance established in respect of the products listed in Annex III thereto;

(3) Whereas the preferential rates of duty indicated in Annexes I, II and III apply only where the free-at-frontier price determined by the Member States in accordance with Article 22 of Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organization of the market in fishery

products and aquaculture ⁽²⁾ is at least equal to the reference price set, or to be set, by the Community for the products or categories of products concerned;

(4) Whereas, for reasons of simplification, provision should be made to empower the Commission to give effect, following receipt of the opinion of the Customs Code Committee set up by Article 247 of Regulation (EEC) No 2913/92 ⁽³⁾, to necessary amendments and technical adaptations to the Annexes to this Regulation arising from amendments of the combined nomenclature and Taric codes and to adaptations of volume, periods and quota rates arising from decisions by the Council or by the Commission;

(5) Whereas, for the same reasons, provision should be made for this procedure to be applied in cases where the abovementioned Agreement is amended to the extent that the agreed amendments specify the products eligible for tariff quotas or subject to tariff ceilings or to statistical surveillance, quota-volumes, duties and tariff periods, and any eligibility criteria;

(6) Whereas the Agreement provides for tariff quotas, tariff ceilings and statistical surveillance for an indefinite period; whereas, therefore, to make implementation of the measures concerned more efficient and simpler, this Regulation should apply on a multiannual basis;

(7) Whereas equal and continuous access to the quotas in respect of the products likely to benefit from the Community tariff quotas listed in Annex I should be ensured for all Community importers and the rates

⁽¹⁾ OJ No L 53, 22. 2. 1997, p. 2.

⁽²⁾ OJ No L 388, 31. 12. 1992, p. 1. Regulation as last amended by Regulation (EC) No 3318/94 (OJ No L 350, 31. 12. 1994, p. 15).

⁽³⁾ OJ No L 302, 19. 10. 1992, p. 1.

of duty laid down for the quotas should be applied consistently to all imports of the products in question in all Member States until the quotas are exhausted;

- (8) Whereas the Community should take the decision to open tariff quotas in the execution of its international obligations; whereas, to ensure the efficiency of a common administration of these quotas, there is no reason why the Member States should not be authorized to draw from the quota-volumes the necessary quantities corresponding to actual imports; whereas this method of administration does, however, require close cooperation between the Member States and the Commission, which must be able to monitor the rate at which the quotas are used up and inform the Member States accordingly;
- (9) Whereas, in respect of products listed in Annex II and subject to Community tariff ceilings, Community surveillance may be effected by charging imports of these products against the ceilings at Community level as and when the products are presented at customs and declared for free circulation; whereas this method of administering the ceilings should enable customs duties to be restored as soon as the ceilings in question are reached at Community level;
- (10) Whereas this method of administering the ceilings calls for close and especially speedy cooperation between the Member States and the Commission, which must be able to monitor the level reached by imports charged against the ceilings and inform the Member States accordingly; whereas this cooperation should be close enough to allow the Commission to take appropriate steps to restore customs duties as soon as one of the ceilings is reached;
- (11) Whereas, for the products listed in Annex III, it would seem appropriate to have recourse to the system of statistical surveillance administered by the Commission pursuant to the relevant provisions of Regulations (EC) No 1172/95⁽¹⁾ and (EEC) No 2658/87⁽²⁾;
- (12) Whereas Regulation (EC) No 1983/95⁽³⁾, which brought into force the measures applicable pursuant to the old agreement, should be repealed,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January to 31 December each year, the customs duties applicable to imports into the Community of products listed in Annex I and originating in the Faroe

Islands shall be suspended at the levels and within the limits of the Community tariff quotas specified therein.

Article 2

The tariff quotas referred to in Article 1 shall be administered by the Commission, which may take any appropriate administrative measure to ensure efficient operation.

Article 3

Where an importer enters a product covered by this Regulation for free circulation in a Member State accompanied by:

- a request for preferential treatment, and
- a movement certificate, complying with the rules laid down in the Protocol concerning the definition of the concept of originating products and methods of administrative cooperation annexed to Decision 97/126/EC⁽⁴⁾,

and his declaration is accepted by the customs authorities, the Member State concerned shall, by notifying the Commission accordingly, draw a quantity from the quota concerned to satisfy the requirement.

Applications for drawings from the quotas shall indicate the date on which the declarations were accepted and shall be sent to the Commission forthwith.

Drawings shall be granted by the Commission on the basis of the date when the declarations for free circulation were accepted by the customs authorities of the Member State concerned, provided the available balance is sufficient.

Where a Member State fails to use the quantities drawn, it shall return them as soon as possible to the relevant quota.

Where the quantities applied for are in excess of the available balance, allocation shall be made in proportion to the requirements. The Member State shall be informed by the Commission of the quantities drawn.

Article 4

1. From 1 January to 31 December each year imports into the Community of certain products originating in the Faroe Islands, listed in Annexes II and III, shall be subject respectively to tariff ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, the ceilings and the customs duty applicable are specified in the said Annexes.

2. Imports shall be charged against the ceilings as and when the products are presented to customs under cover

⁽¹⁾ OJ No L 118, 25. 5. 1995, p. 10.

⁽²⁾ OJ No L 256, 7. 9. 1987, p. 1.

⁽³⁾ OJ No L 192, 15. 8. 1995, p. 1.

⁽⁴⁾ OJ No L 53, 22. 2. 1997, p. 1.

of declarations for free circulation accompanied by a movement certificate as specified in the second indent of the first subparagraph of Article 3.

Goods may be charged against the ceiling only if the movement certificate is presented before the date when collection of customs duty is resumed.

Utilization of ceilings shall be recorded at Community level on the basis of imports charged against them as specified in the first and second subparagraphs.

Member States shall inform the Commission of any import operation carried out in accordance with the procedure determined above at the intervals and within the deadlines laid down in paragraph 4.

3. As soon as the ceilings are reached, the Commission may, by adopting a Regulation, resume the collection of the customs duties applicable to third countries until the end of the calendar year.

4. Member States shall send the Commission, no later than the fifteenth of each month, the statements showing the quantities charged during the preceding month.

5. The statistical surveillance provided for in respect of products specified in Annex III shall be carried out at Community level on the basis of imports charged as specified in the first subparagraph of paragraph 2 and notified to the Statistical Office of the European Communities pursuant to Regulations (EC) No 1172/95 and (EEC) No 2658/87.

Article 5

1. The provisions necessary to apply this Regulation, in particular:

- (a) any technical amendments and adaptations which may be needed as a result of changes to the combined nomenclature or Taric codes;
- (b) any adaptations needed following a change to the Agreement between the European Community and the Faroe islands, as approved by an act of the Council,

shall be adopted in accordance with the procedure set out in Article 6 (2).

2. The provisions adopted pursuant to paragraph 1 do not authorize the Commission to:

- carry over preferential quantities from one quota period to another,
- amend the timetables laid down in the Agreements or protocols,
- transfer quantities from one quota to another,
- open and administer quotas resulting from new agreements,

- adopt legislation affecting the administration of quotas subject to import certificates.

Article 6

1. The Commission shall be assisted by the Customs Code Committee.

2. The representative of the Commission shall submit to the Committee a draft of the measures to be taken. The Committee shall deliver its opinion on the draft within a time limit which the chairman may lay down according to the urgency of the matter. The opinion shall be delivered by the majority as laid down in Article 148 (2) of the Treaty in the case of decisions which the Council is required to adopt on a proposal from the Commission. The votes of the representatives of the Member States within the Committee shall be weighted in the manner set out in that Article. The chairman shall not vote.

The Commission shall adopt measures which shall apply immediately. However, if these measures are not in accordance with the opinion of the Committee, they shall forthwith be communicated by the Commission to the Council. In that event the Commission shall defer application of the measures which it has adopted for three months from the date of such communication.

The Council, acting by a qualified majority, may take a different decision within the time limit specified in the previous subparagraph.

3. The Committee may examine any question concerning the application of this Regulation which is raised by its chairman either at the latter's initiative or at the request of a Member State.

Article 7

Rates of duty specified in Annexes I, II and III shall apply only where the free-at frontier price determined by Member States in accordance with Regulation (EEC) No 3759/92 is at least equal to the reference price set, or to be set, by the Community in respect of the products or categories of products concerned.

Article 8

The Commission shall adopt all appropriate measures, in close cooperation with the Member States, to apply this Regulation.

Article 9

Regulation (EC) No 1983/95 shall be repealed.

Article 10

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Communities*.

It shall apply from 1 January 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 14 April 1997.

COMMISSION REGULATION (EC) No 670/97

of 17 April 1997

amending for the second time Regulation (EC) No 413/97 adopting exceptional support measures for the market in pigmeat in the Netherlands

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat⁽¹⁾, as last amended by Regulation (EC) No 3290/94⁽²⁾, and in particular Article 20 and the second paragraph of Article 22 thereof,

Whereas exceptional measures to support the market in pigmeat were adopted for the Netherlands by Commission Regulation (EC) No 413/97⁽³⁾, as amended by Regulation (EC) No 580/97⁽⁴⁾, in response to the outbreak of classical swine fever in certain production regions in that country;

Whereas the swift and effective implementation of the exceptional support measures has come up against problems of capacity in the rendering plants which are to process the live pigs; whereas it should accordingly be made possible to store the slaughtered pigs in cold stores and the conditions of surveillance and inspection to be met during such operations should be specified;

Whereas problems of capacity in rendering plants have led to a substantial increase in the weight of the animals and, as a consequence, to intolerable conditions of animal welfare; whereas the application of this Regulation from 27 March 1997 is therefore warranted;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

Article 1

Regulation (EC) No 413/97 is hereby amended as follows:

1. Article 3 is replaced by the following:

Article 3

On the day they are delivered, the animals shall be weighed and slaughtered in such a way as to prevent the disease from spreading.

They shall be transported immediately to a rendering plant and processed into products covered by CN codes 1501 00 11, 1506 00 00 and 2301 10 00 in accordance with Article 3 of Directive 90/667/EEC.

However, pigs for fattening may be transported to a slaughterhouse where they shall be slaughtered immediately and may be stored in a cold store prior to transport to the rendering plant. Slaughter and storage must be carried out in accordance with Annex III hereto.

These operations shall be carried out under the permanent supervision of the competent Dutch authorities.'

2. The Annex hereto is added as Annex III.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply from 27 March 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

*ANNEX**ANNEX III*

1. The controls currently laid down are to apply to the transport of the animals from the farm and their slaughter. On the day of delivery, the animals are to be weighed by load and slaughtered in a slaughterhouse.
 2. Pigs for fattening are to be slaughtered and the blood and offal discarded. The latter are to be transported immediately and separately from the slaughterhouse to the rendering plant. Transport must take place in sealed lorries, which are to be weighed on departure from the slaughterhouse and on arrival at the rendering plant.
 3. Carcases and half-carcases are to be cut into three. Each part is to be sprayed with a denaturing product (methylene blue) to ensure that the meat is not used for human consumption.
 4. Slaughter, transport to cold stores, freezing and storage, including removal from storage and transport to the rendering plant, are to be carried out under the permanent supervision of the competent Dutch authorities.
 5. Transport from the slaughterhouse to the cold store is to take place in lorries sealed and disinfected under the permanent supervision of the competent authorities.

The lorries are to be weighed both empty and loaded, at the slaughterhouse and at the cold store.
 6. Storage is to take place in cold stores closed and sealed by the competent Dutch authorities. No other products can be stored in such stores.
 7. As soon as capacity becomes available at the rendering plant, the carcases are to be transported to the latter. This is to take place in lorries sealed under the permanent supervision of the competent Dutch authorities or on their behalf. The lorries are to be weighed both empty and loaded, at the cold store and the rendering plant.

COMMISSION REGULATION (EC) No 672/97

of 17 April 1997

laying down detailed rules governing the grant of private storage aid for Pecorino Romano cheese

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk products⁽¹⁾, as last amended by Regulation (EC) No 1587/96⁽²⁾, and in particular Articles 9 (3) and 28 thereof,

Whereas Council Regulation (EEC) No 508/71 of 8 March 1971 laying down general rules on private storage aid for long-keeping cheeses⁽³⁾ permits the granting of private storage aid for sheep's milk cheeses requiring at least six months for maturing where a serious market imbalance could be eliminated or reduced by seasonal storage;

Whereas the seasonal nature of Pecorino Romano cheese production results in the building up of stocks which are difficult to sell and which risk causing a lowering of prices; whereas seasonal storage should therefore be introduced for the quantities to improve the situation and allow producers time to find outlets for their cheese;

Whereas the detailed rules of this measure should determine the maximum quantity to benefit from it as well as the duration of the contracts in relation to the real requirements of the market and the keeping qualities of the cheeses in question; whereas it is necessary to specify the terms of the storage contract so as to enable the identification of the cheese and to maintain checks on the stock in respect of which aid is granted; whereas the aid should be fixed taking into account storage costs and the foreseeable trend of market prices;

Whereas Article 1 (1) of Commission Regulation (EEC) No 1756/93 of 30 June 1993 fixing the operative events for the agricultural conversion rate applicable to milk and milk products⁽⁴⁾, as last amended by Regulation (EC) No 569/96⁽⁵⁾, fixes the conversion rate to be applied in the framework of private storage aid schemes in the milk products sector;

Whereas experience shows that provisions on checks should be laid down, particularly as regards the docu-

ments to be submitted and checks to be made on the spot; whereas therefore, it should be provided that Member States require the costs of checks be fully or partly borne by the contractor;

Whereas it is appropriate to guarantee the continuation of the storage operations in question;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

Aid shall be granted in respect of the private storage of 15 000 tonnes of Pecorino Romano cheese manufactured in the Community and satisfying the requirements of Articles 2 and 3.

Article 2

1. The intervention agency shall conclude storage contracts only when the following conditions are met:

- (a) the quantity of cheese to which the contract relates is not less than two tonnes;
- (b) the cheese was manufactured at least 90 days before the date specified in the contract as being the date of commencement of storage, and after 1 November 1996;
- (c) the cheese has undergone tests which show that it meets the condition laid down in (b) and that it is of first quality;
- (d) the storer undertakes:

— to keep the cheese during the entire period of storage in premises where the maximum temperature is +16 °C,

— not, during the term of the contract, to alter the composition of the batch which is the subject of the contract without authorization from the intervention agency. If the condition concerning the

minimum quantity fixed for each batch continues to be met, the intervention agency may authorize an alteration which is limited to the removal or replacement of cheeses which are found to have deteriorated to such an extent that they can no longer be stored.

In the event of release from store of certain quantities:

- (i) if the aforesaid quantities are replaced with the authorization of the intervention agency, the contract is deemed not to have undergone any alteration;
- (ii) if the aforesaid quantities are not replaced, the contract is deemed to have been concluded *ab initio* for the quantity permanently retained.

Any supervisory costs arising from an alteration shall be met by the storer,

— to keep stock accounts and to inform the intervention agency each week of the quantity of cheese put into from storage during the previous week and of any planned withdrawals.

2. The storage contract shall be concluded:

- (a) in writing, stating the date when storage covered by the contract begins; this may not be earlier than the day following that on which the operations connected with putting the batch of cheese covered by the contract into storage were completed;
- (b) after completion of the operations connected with putting the batch of cheese covered by the contract into storage and at the latest 40 days after the date on which the storage covered by the contract begins.

Article 3

1. Aid shall be granted only for cheese put into storage during the period 1 May to 31 December 1997.

2. No aid shall be granted in respect of storage under contract for less than 60 days.

3. The aid payable may not exceed an amount corresponding to 180 days storage under contract terminating before 31 March 1998. By way of derogation from the second indent of Article 2 (1) (d), when the period of 60 days specified in paragraph 2 has elapsed, the storer may remove all or part of the batch under contract. The minimum quantity that may be removed shall be 500 kilograms. The Member States may, however, increase this quantity to two tonnes.

The date of the start of operations to remove cheese covered by the contract shall not be included in the period of storage under contract.

Article 4

1. The aid shall be as follows:

- (a) ECU 100 per tonne for the fixed costs;
- (b) ECU 0,35 per tonne per day of storage under contract for the warehousing costs;
- (c) ECU 0,65 per tonne per day of storage under contract for the financial costs.

2. Aid shall be paid not later than 90 days from the last day of storage under contract.

Article 5

1. The Member States shall ensure that the conditions granting entitlement to payment of the aid are fulfilled.

2. The contractor shall make available to the national authorities responsible for verifying execution of the measure any documentation permitting in particular the following particulars of products placed in private storage to be verified:

- (a) ownership at the time of entry into storage;
- (b) the origin and date of manufacture of the cheeses;
- (c) the date of entry into storage;
- (d) presence in the store;
- (e) the date of removal from storage.

3. The contractor or, where applicable, the operator of the store shall keep stock accounts available at the store, covering:

- (a) identification, by contract number, of the products placed in private storage;
- (b) the dates of entry into and removal from storage;
- (c) the number of cheeses and their weight shown for each lot;
- (d) the location of the products in the store.

4. Products stored must be easily identifiable and must be identified individually by contract. A special mark shall be affixed to cheese covered by contract.

5. Without prejudice to Article 2 (1) (d), on entry into storage, the competent bodies shall conduct checks in particular to ensure that products stored are eligible, for the aid and to prevent any possibility of substitution of products during storage under contract.

6. The national authorities responsible for controls shall undertake:

- (a) an unannounced check to see that the products are present in the store. The sample concerned must be representative and must correspond to at least 10 % of the overall quantity under contract for a private

storage aid measure. Such checks must include, in addition to an examination of the accounts referred to in paragraph 3, a physical check of the weight and type of product and their identification. Such physical checks must relate to at least 5 % of the quantity subject to the unannounced check;

- (b) a check to see that the products are present at the end of the storage period under contract.

7. Checks conducted pursuant to paragraphs 5 and 6 must be the subject of a report stating:

- the date of the check,
- its duration,
- the operations conducted.

The report on checks must be signed by the official responsible and countersigned by the contractor or, where applicable, by the store operator.

8. In the case of irregularities affecting at least 5 % of the quantities of products subject to the checks the latter shall be extended to a larger sample to be determined by the competent body.

The Member States shall notify such cases to the Commission within four weeks.

9. The Member States may provide that the costs of checks will be borne partly or fully by the contractor.

Article 6

Member States shall communicate to the Commission on or before the Tuesday of each week:

- (a) the quantity of cheese for which storage contracts have been concluded during the previous week;
- (b) any quantities in respect of which the authorization referred to in the second indent of Article 2 (1) (d) has been given.

Article 7

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 May 1997.

COMMISSION REGULATION (EC) No 674/97

of 17 April 1997

laying down detailed rules for the granting of private storage aid for long-keeping cheeses

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 1587/96 ⁽²⁾, and in particular Articles 9 (3) and 28 thereof,

Whereas Council Regulation (EEC) No 508/71 ⁽³⁾ provides that private storage aid may be granted for certain long-keeping cheeses where there is a serious imbalance of the market which may be eliminated or reduced by seasonal storage;

Whereas the seasonal nature of Emmental and Gruyère cheese production is aggravated by the fact that the seasonal trend in consumption of such cheeses is the opposite of their production; whereas, therefore, provision should be made for recourse to such storage in respect of a quantity corresponding to the difference between summer and winter production;

Whereas the detailed rules of this measure should determine the maximum quantity to benefit from it as well as the duration of the contracts in relation to the real requirements of the market and the keeping qualities of the cheeses in question; whereas it is necessary to specify the terms of the storage contract so as to enable the identification of the cheese and to maintain checks on the stock in respect of which aid is granted; whereas the aid should be fixed taking into account storage costs and the foreseeable trend of market prices;

Whereas, in view of experience in controls, the provisions relating thereto should be specified, in particular as regards the documents to be presented and the on-the-spot checks to be conducted; whereas these new requirements on the subject make it necessary to stipulate that the Member States may provide that the costs of controls be fully or in part charged to the contractor;

Whereas Article 1 (1) of Commission Regulation (EEC) No 1756/93 of 30 June 1993 fixing the operative events for the agricultural conversion rate applicable to milk and milk products ⁽⁴⁾, as last amended by Regulation (EC) No

569/96 ⁽⁵⁾, fixes the conversion rate to be applied in the framework of private storage aid schemes in the milk products sector;

Whereas it is appropriate to guarantee the continuation of the storage operations in question;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

Aid shall be granted in respect of the private storage of 21 600 tonnes of Emmental and Gruyère cheeses manufactured in the Community which satisfy the requirements of Articles 2 and 3 hereof.

Article 2

1. The intervention agency may conclude storage contracts only if the following conditions are satisfied:

- (a) the batch of cheeses to which a contract relates must comprise at least five tonnes;
- (b) the cheeses shall be indelibly marked with an indication (which may take the form of a number) of the undertaking in which they were manufactured and of the day and month of manufacture;
- (c) the cheeses must have been manufactured at least 10 days before the date specified in the contract as being the date of commencement of storage;
- (d) the cheeses must have undergone quality tests which establish that their classification after maturing could be expected to be:
 - 'Premier choix' in France,
 - 'Markenkäse' or 'Klasse fein' in Germany,
 - 'Special grade' in Ireland,
 - 'I luokkka' in Finland,
 - '1. Güteklasse Emmentaler / Bergkäse / Alpkäse' in Austria,
 - 'Västerbotten' in Sweden;
- (e) the storer shall undertake:
 - to keep the cheese during the entire period of storage in premises where the maximum temperature is as indicated under paragraph 2,

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 206, 16. 8. 1996, p. 21.

⁽³⁾ OJ No L 58, 11. 3. 1971, p. 1.

⁽⁴⁾ OJ No L 161, 2. 7. 1993, p. 48.

⁽⁵⁾ OJ No L 80, 30. 3. 1996, p. 48.

- not, during the term of the contract, to alter the composition of the batch covered by the contract without authorization from the intervention agency. If the condition concerning the minimum quantity fixed for each batch continues to be met, the intervention agency may authorize an alteration which is limited to the removal or replacement of cheeses which are found to have deteriorated to such an extent that they can no longer be stored.

In the event of release from store of certain quantities:

- (i) if the aforesaid quantities are replaced with the authorization of the intervention agency, the contract is deemed not to have undergone any alteration;
- (ii) if the aforesaid quantities are not replaced, the contract is deemed to have been concluded *ab initio* for the quantity permanently retained.

Any costs of controls arising from an alteration shall be met by the storer,

- to keep stock records and to inform the intervention agency each week of the cheeses put into storage during the previous week and of scheduled withdrawals.

2. The maximum temperature in the storage premises shall be +6 °C for Emmental and +10 °C for Gruyère. In the case of Emmental which has already been matured, Member States may permit a maximum temperature of +10 °C.

3. Storage contracts shall be concluded:

- (a) in writing, stating the date when storage covered by the contract begins; this date may not be earlier than the day following that on which the operations connected with putting the batch of cheese covered by the contract into storage are completed;
- (b) after completion of the operations connected with putting the batch of cheese covered by the contract into storage and at the latest 40 days after the date when storage by the contract begins.

Article 3

1. Aid shall be granted only for such cheeses as are put into storage during the storage period. This period shall begin on 1 April 1997 and end on or before 30 September of the same year.

2. Stored cheese may be withdrawn from storage only during the period for withdrawal. This period shall begin on 1 October 1997 and end on 31 March of the following year.

Article 4

1. The aid shall be as follows:

- (a) ECU 100 per tonne for the fixed costs;
- (b) ECU 0,35 per tonne per day of storage under contract for the warehousing costs;

- (c) ECU 0,63 per tonne per day of storage under contract for the financial costs.

2. No aid shall be granted in respect of storage under contract for less than 90 days. The maximum aid payable shall not exceed an amount corresponding to 180 days' storage under contract.

By way of derogation from the second indent of Article 2 (1) (e), when the period of 90 days specified in the first subparagraph has elapsed and the period for withdrawal referred to in Article 3 (2) has begun, the storer may remove all or part of the batch under contract. The minimum quantity that may be removed shall be 500 kilograms. The Member States may, however, increase this quantity to two tonnes.

The date of the start of operations to remove the batch of cheese covered by the contract shall not be included in the period of storage under contract.

Article 5

1. The Member States shall ensure that the conditions granting entitlement to payment of the aid are fulfilled.

2. The contractor shall make available to the national authorities responsible for verifying execution of the measure any documentation permitting in particular the following particulars of products placed in private storage to be verified:

- (a) ownership at the time of entry into storage;
- (b) the origin and the date of manufacture of the cheeses;
- (c) the date of entry into storage;
- (d) presence in the store;
- (e) the date of removal from storage.

3. The contractor or, where applicable, the operator of the store shall keep stock accounts available at the store, covering:

- (a) identification, by contract number, of the products placed in private storage;
- (b) the dates of entry into and removal from storage;
- (c) the number of cheeses and their weight by batch;
- (d) the location of the products in the store.

4. Products stored must be easily identifiable and must be identified individually by contract. A special mark shall be affixed to cheeses covered by the contract.

5. On entry into storage, the competent agencies shall conduct checks in particular to ensure that products stored are eligible for the aid and to prevent any possibility of substitution of products during storage under contract, without prejudice to the application of Article 2 (1) (e).

6. The national authorities responsible for controls shall undertake:

- (a) an unannounced check to see that the products are present in the store. The sample concerned must be representative and must correspond to at least 10 % of the overall quantity under contract for a private storage aid measure. Such checks must include, in addition to an examination of the accounts referred to in paragraph 3, a physical check of the weight and type of products and their identification. Such physical checks must relate to at least 5 % of the quantity subject to the unannounced check;
- (b) a check to see that the products are present at the end of the storage period under contract.

7. Checks conducted pursuant to paragraphs 5 and 6 must be the subject of a report stating:

- the date of the check,
- its duration,
- the operations conducted.

The report on checks must be signed by the official responsible and countersigned by the contractor or, where applicable, by the store operator.

8. In the case of irregularities affecting at least 5 % of the quantities of products subject to the checks the latter shall be extended to a larger sample to be determined by the competent agency.

The Member States shall notify such cases to the Commission within four weeks.

9. The Member States may provide that the costs of controls are to be fully or in part charged to the contractor.

Article 6

The Member States shall forward to the Commission on or before the Tuesday of each week particulars as to the following:

- (a) the quantities of cheese for which storage contracts have been concluded during the preceding week;
- (b) any quantities in respect of which the authorization referred to in the second indent of Article 2 (1) (e) has been given.

Article 7

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 April 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 675/97**of 17 April 1997****suspending advance fixing of export refunds on certain cereal and rice products
exported in the form of goods not covered by Annex II to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Commission Regulation (EC) No 1222/94 of 31 May 1994 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds ⁽¹⁾, as last amended by Regulation (EC) No 229/96 ⁽²⁾, and in particular the first subparagraph of Article 5 (3) thereof,

Whereas the first subparagraph of Article 5 (3) of Regulation (EC) No 1222/94 makes provision for advance fixing of the refund to be suspended for basic products exported in the form of certain goods;

Whereas the situation on certain markets may make it necessary for the refunds to be adjusted; whereas in order to prevent applications for advance fixing of refunds for

speculative purposes, the abovementioned advance fixing should be suspended until this adjustment comes into force;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

Advance fixing of export refunds on maize exported in the form of goods listed in Annex B to Council Regulation (EEC) No 1766/92 ⁽³⁾ is suspended.

Article 2

This Regulation shall enter into force on 18 April 1997.

COMMISSION REGULATION (EC) No 676/97

of 17 April 1997

determining the extent to which applications lodged in April 1997 for import rights in respect of frozen beef intended for processing may be accepted

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Commission Regulation (EC) No 1382/96 of 17 July 1996 opening and administering an import tariff quota for frozen beef intended for processing for the period 1 July 1996 to 30 June 1997⁽¹⁾, as amended by Regulation (EC) No 573/97⁽²⁾, and in particular the second subparagraph of Article 3 (3) thereof,

Whereas Article 6 (1) of Regulation (EC) No 1382/96 provides, where applicable, for a further allocation of quantities not covered by licence applications submitted by 28 February 1997;

Whereas Article 1 of Commission Regulation (EC) No 574/97 of 26 March 1997 providing for reallocation of import rights under Regulation (EC) No 1382/96 opening and providing for the administration of an import tariff quota for frozen beef intended for processing⁽³⁾ establishes the quantities of frozen beef for processing which may be imported under special conditions until 30 June 1997;

Whereas Article 3 (3) of Regulation (EC) No 1382/96 lays down that the quantities applied for may be reduced; whereas the applications lodged relate to total quantities for 'A' products which exceed the quantities available;

whereas, under these circumstances and taking care to ensure an equitable distribution of the available quantities, it is appropriate to reduce proportionally the quantities applied for; whereas the quantities for 'B' products covered by import licence applications are such that import licences may be granted for the full quantities applied for,

HAS ADOPTED THIS REGULATION:

Article 1

Every application for import rights lodged in accordance with Article 6 of Regulation (EC) No 1382/96 shall be granted to the following extent, expressed as bone-in beef:

- 0,800 % of the quantity requested for beef imports intended for the manufacture of 'preserves' as defined by Article 7 (a) of Regulation (EC) No 1382/96;
- 100 % of the quantity requested for beef imports intended for the manufacture of products as defined by Article 7 (b) of Regulation (EC) No 1382/96.

Article 2

This Regulation shall enter into force on 18 April 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 677/97

of 17 April 1997

limiting the term of validity of export licences for certain products processed from cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Commission Regulation (EC) No 923/96⁽²⁾, and in particular Article 9 thereof,

Having regard to Commission Regulation (EC) No 1162/95 of 23 May 1995 laying down special detailed rules for the application of the system of import and export licences for cereals and rice⁽³⁾, as last amended by Regulation (EC) No 1527/96⁽⁴⁾, and in particular Article 7 (1) thereof,

Whereas Article 7 (1) of Regulation (EC) No 1162/95 fixes the term of validity of export licences, in particular for products falling within CN codes 1702 30, 1702 40, 1702 90 and 2106 90; whereas that term of validity extends to the end of the fourth month following that of issue of the licence; whereas the term of validity is fixed in accordance with market requirements and the need for sound management;

Whereas current export commitments for certain products processed from cereals for the 1996/97 marketing year make it desirable to limit the issuing of licences in order to avoid committing quantities from the new marketing year; whereas licences to be issued in forthcoming weeks must be reserved for exports in May and June 1997; whereas, to that end, the term of validity of export licences to be issued for execution up to 30 June 1997 must be limited; whereas a temporary derogation should accordingly be introduced from Article 7 (1) of Regulation (EC) No 1162/95;

Whereas, in order to ensure sound management of the market and to prevent speculation, provision should be made for customs export formalities for certain export licences for certain end-of-marketing-year products processed from cereals to be completed by 30 June 1997 at the latest either as direct exports or exports under the arrangements laid down in Articles 4 and 5 of Council Regulation (EEC) No 565/80 of 4 March 1980 on the

advance payment of export refunds in respect of agricultural products⁽⁵⁾, as amended by Regulation (EC) No 2026/83⁽⁶⁾; whereas such limiting of the term of validity of export licences entails a derogation from Articles 27 (5) and 28 (5) of Commission Regulation (EEC) No 3665/87 of 27 November 1987 laying down common detailed rules for the application of the system of export refunds on agricultural products⁽⁷⁾, as last amended by Regulation (EC) No 495/97⁽⁸⁾;

Whereas the application of the measures provided for in this Regulation must coincide with its entry into force in order to avoid risks of market disturbance;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. Notwithstanding Article 7 (1) of Regulation (EC) No 1162/95, export licences for products falling within CN codes 1702 30, 1702 40, 1702 90 and 2106 90, and applied for from the date of entry into force of this Regulation to 30 June 1997 shall be valid until 30 June 1997 only.

2. Customs export formalities for the above licences must be completed by 30 June 1997 at the latest.

That deadline shall also apply to the formalities referred to in Article 30 of Regulation (EEC) No 3665/87 in respect of products placed under the arrangements referred to in Regulation (EEC) No 565/80 under cover of such licences.

One of the following shall be entered in Section 22 of the licences:

COMMISSION REGULATION (EC) No 678/97

of 17 April 1997

fixing the rates of the refunds applicable to certain cereal and rice-products
exported in the form of goods not covered by Annex II to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Commission Regulation (EC) No 923/96⁽²⁾, and in particular Article 13 (3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice⁽³⁾, and in particular Article 13 (3) thereof,

Whereas Article 13 (1) of Regulation (EEC) No 1766/92 and Article 13 (1) of Regulation (EC) No 3072/95 provide that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund;

Whereas Commission Regulation (EC) No 1222/94 of 30 May 1994 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds⁽⁴⁾, as last amended by Regulation (EC) No 229/96⁽⁵⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 as appropriate;

Whereas, in accordance with the first subparagraph of Article 4 (1) of Regulation (EC) No 1222/94, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month;

Whereas, now that a settlement has been reached between the European Community and the United States of America on Community exports of pasta products to the United States and has been approved by Council Decision 87/482/EEC⁽⁶⁾, it is necessary to differentiate the refund on goods falling within CN codes 1902 11 00 and 1902 19 according to their destination;

Whereas Article 4 (5) (b) of Regulation (EC) No 1222/94 provides that, in the absence of the proof referred to in Article 4 (5) (a) of that Regulation, a reduced rate of export refund has to be fixed, taking account of the amount of the production refund applicable, pursuant to Commission Regulation (EEC) No 1722/93⁽⁷⁾, as last amended by Regulation (EC) No 1516/95⁽⁸⁾, for the basic product in question, used during the assumed period of manufacture of the goods;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable to the basic products appearing in Annex A to Regulation (EC) No 1222/94 and listed either in Article 1 of Regulation (EEC) No 1766/92 or in Article 1 (1) of Regulation (EC) No 3072/95, exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 respectively, are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 18 April 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 682/97

of 17 April 1997

fixing the corrective amount applicable to the refund on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Commission Regulation (EC) No 923/96⁽²⁾, and in particular Article 13 (8) thereof,

Whereas Article 13 (8) of Regulation (EEC) No 1766/92 provides that the export refund applicable to cereals on the day on which application for an export licence is made must be applied on request to exports to be effected during the period of validity of the export licence; whereas, in this case, a corrective amount may be applied to the refund;

Whereas Commission Regulation (EC) No 1501/95 of 29 June 1995 laying down certain detailed rules under Council Regulation (EEC) No 1766/92 on the granting of export refunds on cereals and the cereals and the measures to be taken in the event of disturbance on the market for cereals⁽³⁾, as last amended by Regulation (EC) No 95/96⁽⁴⁾, allows for the fixing of a corrective amount for the products listed in Article 1 (1)(c) of Regulation (EEC) No 1766/92; whereas that corrective amount must be calculated taking account of the factors referred to in Article 1 of Regulation (EC) No 1501/95;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the corrective amount according to destination;

Whereas the corrective amount must be fixed at the same time as the refund and according to the same procedure; whereas it may be altered in the period between fixings;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁵⁾, as last amended by Regulation (EC) No 150/95⁽⁶⁾, are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁷⁾, as last amended by Regulation (EC) No 1482/96⁽⁸⁾;

Whereas it follows from applying the provisions set out above that the corrective amount must be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The corrective amount referred to in Article 1 (1) (a), (b) and (c) of Regulation (EEC) No 1766/92 which is applicable to export refunds fixed in advance in respect of malt shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 18 April 1997.

COMMISSION REGULATION (EC) No 683/97

of 17 April 1997

fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Commission Regulation (EC) No 923/96⁽²⁾, and in particular Article 13 (3) thereof,

Whereas Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Regulation (EC) No 1517/95 of 29 June 1995 laying down detailed rules for the application of Regulation (EEC) No 1766/92 as regards the arrangements for the export and import of compound feedingstuffs based on cereals and amending Regulation (EC) No 1162/95 laying down special detailed rules for the application of the system of import and export licences for cereals and rice⁽³⁾ in Article 2 lays down general rules for fixing the amount of such refunds;

Whereas that calculation must also take account of the cereal products content; whereas in the interest of simplification, the refund should be paid in respect of two categories of 'cereal products', namely for maize, the most commonly used cereal in exported compound feeds and maize products, and for 'other cereals', these being eligible cereal products excluding maize and maize products; whereas a refund should be granted in respect of

the quantity of cereal products present in the compound feedingstuff;

Whereas furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export;

Whereas, however, in fixing the rate of refund it would seem advisable to base it at this time on the difference in the cost of raw inputs widely used in compound feedingstuffs as the Community and world markets, allowing more accurate account to be taken of the commercial conditions under which such products are exported;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the compound feedingstuffs covered by Regulation (EEC) No 1766/92 and subject to Regulation (EC) No 1517/95 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 18 April 1997.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 684/97**of 17 April 1997****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by Commission Regulation (EC) No 923/96⁽²⁾, and in particular Article 13 (3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice⁽³⁾, and in particular Article 13 (3) thereof,

Whereas Article 13 of Regulation (EEC) No 1766/92 and Article 13 of Regulation (EC) No 3072/95 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 13 of Regulation (EC) No 3072/95 provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other; whereas the same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Article 4 of Council Regulation (EC) No 1518/95⁽⁴⁾, as amended by Regulation (EC) No 2993/95⁽⁵⁾, on the import and export system for products processed from cereals and from rice defines the specific

criteria to be taken into account when the refund on these products is being calculated;

Whereas the refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product;

Whereas there is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products; whereas, for certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas certain processed maize products may undergo a heat treatment following which a refund might be granted that does not correspond to the quality of the product; whereas it should therefore be specified that on these products, containing pregelatinized starch, no export refund is to be granted;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (1) (d) of Regulation (EEC) No 1766/92 and in Article 1 (1) (c) of Regulation (EC) No 3072/95 and subject to Regulation (EC) No 1518/95 are hereby fixed as shown in the Annex to this Regulation.

COMMISSION

COMMISSION DECISION

of 25 March 1997

drawing up provisional lists of third country establishments from which the Member States authorize imports of milk and milk products for human consumption

(Text with EEA relevance)

(97/252/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Decision 95/408/EC of 22 June 1995 on the conditions for drawing up, for an interim period, provisional lists of third country establishments from which Member States are authorized to import certain products of animal origin, fishery products or live bivalve molluscs ⁽¹⁾, as amended by Decision 97/34/EC ⁽²⁾, and in particular Article 2 (1) thereof,

Whereas Commission Decision 95/340/EEC ⁽³⁾, as last amended by Decision 96/584/EC ⁽⁴⁾, draws up a list of third countries from which the Member States authorize imports of milk and milk products;

Whereas the health and veterinary certification requirements for imports of milk and milk products from the countries appearing on that list have been laid down in Commission Decision 95/343/EEC ⁽⁵⁾, as last amended by Decision 97/115/EC ⁽⁶⁾;

Whereas the Commission has received from certain third countries lists of establishments, with guarantees that they fully meet the appropriate Community health require-

ments and that should an establishment fail to do so its export activities to the European Community will be suspended;

Whereas the Commission has been unable to ascertain in all the third countries concerned the compliance of their establishments with the Community requirements and the validity of the guarantees provided by the competent authorities;

Whereas, to prevent the interruption of trade in milk and milk products from those countries, it is necessary to grant them a further period during which Member States will be able to continue to import milk and milk products from the establishments they have recognized; whereas, during that further period, the Commission will collect from the countries concerned the guarantees needed in order to be able to add them to the list in accordance with the procedure laid down in Decision 95/408/EC;

Whereas on the expiry of that period third countries which have not transmitted their lists of establishments in accordance with the Community rules will no longer be permitted to export milk and milk products to the Community;

Whereas Member States will be responsible therefore for satisfying themselves that the establishments from which they import milk and milk products meet requirements for production and placing on the market which are no less stringent than the Community requirements;

Whereas provisional lists of establishments producing milk and milk products can thus be drawn up in respect of certain countries;

⁽⁶⁾ OJ No L 42, 13. 2. 1997, p. 16.

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

1. The Member States shall authorize imports of milk and milk products from the establishments listed in the Annex hereto.

2. Up to 1 July 1997 the Member States may authorize imports of milk and milk products from establishments in third countries other than those listed in the Annex hereto.

3. Imports of milk and milk products shall remain subject to Community veterinary provisions adopted elsewhere.
