Having regard to the proposal from the Commission,

Whereas, by virtue of Regulation (EC) No 2505/96⁽¹⁾, the Council opened Community tariff quotas for certain agricultural and industrial products; whereas Community demand for the products in question should be met under the most favourable conditions; whereas Community tariff quotas should therefore be opened at reduced or zero rates of duty for appropriate volumes, and increased or extended in the case of certain existing tariff quotas, avoiding any disturbance to the markets for these products;

of 22 December 1998
concerning the modification of the period of authorisations of additives referred
to in Article 9i(1) of Council Directive 70/524/EEC

Whereas Directive 70/524/EEC provides that new additives or uses of additives may be authorised, taking account of advances in scientific and technical knowledge;

Whereas a provisional authorisation of new additives or uses of additives may be given for a period of five years, if, at the level permitted in feedingstuffs, it does not adversely affect human or animal health or the environment, nor harm the consumer by altering the characteristics of livestock product, if its presence in feedingstuffs can be controlled, and it is reasonable to assume, in view of the available results, that it has a favourable effect on the characteristics of those feedingstuffs or on livestock production when incorporated in such feedingstuffs;

Whereas research into various additives referred to in Article 9i(1) of Directive 70/524/EEC and transferred to Chapter III of Annex B to this Directive which can accordingly be authorised provisionally at national level until 30 November 1998 has not yet been completed;

whereas, therefore, the period of authorisation of these substances should be extended for a determined period;

Whereas the Commission has consulted the Scientific Committee for animal nutrition concerning the authorisation of the antibiotics and the coccidiostats included in the Annex to the present Regulation; whereas this Committee delivered an opinion with regard to the efficacy, the safety and the controllability of these substances;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Feedingstuffs,

of 22 December 1998

amending Regulation (EEC) No 1481/86 on the determination of prices of fresh or chilled lamb carcasses on representative Community markets and the survey of prices of certain other qualities of sheep carcasses in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2467/98 of 3 November 1998 on the common organisation of the market in sheepmeat and goatmeat ⁽¹⁾, and in particular Article 4(5) thereof,

Whereas Commission Regulation (EEC) No 1481/86 ⁽²⁾, as last amended by Regulation (EC) No 383/98 ⁽³⁾, lays down the rules for the determination of prices of fresh or chilled lamb carcasses on representative Community markets and the survey of prices of certain other qualities of sheep carcasses in the Community;

Whereas the coefficients used for calculating the price of sheep carcasses on the representative markets of the Community should be adjusted in the light of the figures available with regard to sheep production;

Whereas, the weighting coefficients used for the determination of prices recorded on the representative markets in the Member States should be adjusted in order to reflect the relative importance of the markets;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sheep and Goats,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EC) No 2788/98**of 22 December 1998****amending Council Directive 70/524/EEC concerning additives in feedingstuffs as regards the withdrawal of authorisation for certain growth promoters**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

in view of its conditions of use, it has an adverse effect on human or animal health;

Having regard to the Treaty establishing the European Community,

Whereas the Commission has consulted the Scientific Committee on Animal Nutrition (SCAN) on whether, based on the information given to the Commission, use of the quinoxaline-N-dioxides carbadox and olaquinox presented a risk to consumers, to operators or to the animal itself;

Having regard to the Act of Accession of Austria, Finland and Sweden, and in particular Article 151 in conjunction with Annex XV, Title VII(E)(4) thereof, and to the amendments to the Treaties on which the European Union is founded,

Whereas, having studied the information supplied to the Commission, SCAN noted in its opinion issued on 10 July 1998 that it was maintaining its previous opinions on the acceptability of the quinoxaline-N-dioxides carbadox and olaquinox, within their previously defined conditions of use;

Having regard to Council Directive 70/524/EEC of 23 November 1970 concerning additives in feedingstuffs⁽¹⁾, as last amended by Commission Directive 98/19/EC⁽²⁾, and in particular Article 11(3) thereof,

Whereas, however, SCAN has acknowledged that neither of these two substances has had an ideal safety profile in laboratory animal tests and that it is unlikely that other additives with such genotoxic properties will be developed in future;

Whereas Sweden was authorised under Annex XV to the Act of Accession to maintain its legislation in force before accession until 31 December 1998 with regard to the prohibition of the use in feedingstuffs of additives belonging to the groups of growth promoters; whereas on 10 April 1997 and 2 February 1998 it submitted applications for adjustments in respect of carbadox and olaquinox, accompanied by detailed scientific reasoning; whereas the Commission is required to take a decision on the adjustment applications submitted by Sweden not later than 31 December 1998;

Whereas SCAN acknowledged that carbadox was genotoxic and carcinogenic for rodents and that olaquinox was genotoxic and tumorigenic for rodents;

Whereas, pursuant to Article 11 of Directive 70/524/EEC, a Member State which, as a result of new information or of a reassessment of existing information made since the provisions in question were adopted, has detailed grounds for establishing that the use of one of the additives listed in the Directive constitutes a danger to animal or human health or the environment may temporarily suspend the authorisation to use that additive;

Whereas SCAN notes, and the Commission for its part fully agrees, that the possible exposure of workers is undoubtedly a risk, since they are exposed to the parent molecules; whereas individuals changing air filter mats in feed plants are at special genotoxic or carcinogenic risk following possible exposure through the skin or by inhalation; whereas the possibility of absorbing the parent substance by individuals exposed to the additives in the factory or on farm exists;

Whereas the Kingdom of the Netherlands prohibited the use on its territory of carbadox in feedingstuffs on 6 September 1997; whereas it communicated the detailed grounds for that decision to the other Member States and the Commission on 18 July 1997;

Whereas SCAN is aware that many conditions must be met before these substances can be safely used; whereas SCAN would like to know if these conditions are met in practice; whereas SCAN recommends in particular that exposure to carbadox and olaquinox in the workplace be re-evaluated and that epidemiological studies of the health status of additive-exposed workers be carried out;

Whereas by virtue of Article 3a(b) of Directive 70/524/EEC authorisation of a substance is not to be given if,

⁽¹⁾ OJ L 270, 14. 12. 1970, p. 1.

⁽²⁾ OJ L 96, 28. 3. 1998, p. 39.

Whereas the Commission, for its part, believes that it is not possible to set a threshold for a genotoxic additive below which it presents no risk to the consumer, since even a small quantity of residues of the additive can provoke a tumour-inducing mutation; whereas a time limit for withdrawal that will ensure consumer safety cannot therefore be fixed;

Whereas the Commission believes that precise description of the composition of the preparations and recommendations to wear masks and protective clothing are not sufficient to guarantee the protection of operators at plant or farm level; whereas cases have indeed been reported to the Commission of livestock farmers who, lacking protection, have been exposed through inhalation or skin contact to the genotoxic and potentially carcinogenic parent substances;

Whereas, in view of their possible adverse effect on human health, the authorisations for the growth promoters carbadox and olaquinox should be withdrawn;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Standing Committee on Feedingstuffs,

HAS ADOPTED THIS REGULATION:

Article 1

The entries in Annex B to Directive 70/524/EEC for the following growth promoters are deleted:

- Carbadox,
- Olaquinox'.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall apply from 1 January 1999.

However, in case a Member State has not banned conforming to the Community law at the date of the entering into force of this Regulation one or more of the growth promoters referred to in Article 1 of this Regulation, this or these growth promoters remain authorised in this Member State until 31 August 1999.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 2789/98**of 22 December 1998****derogating temporarily from Regulation (EC) No 1445/95 on rules of application
for import and export licences in the beef and veal sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European
Community,

Having regard to Council Regulation (EEC) No 805/68 of
27 June 1968 on the common organisation of the market
in beef and veal⁽¹⁾, as last amended by Regulation (EC)
No 1633/98⁽²⁾, and in particular Article 9(2) thereof,

Whereas the second indent of Article 8(1) of Commission
Regulation (EC) No 1445/95 of 26 June 1995 on rules of
application for import and export licences in the beef and
veal sector⁽³⁾, as last amended by Regulation (EC) No
2365/98⁽⁴⁾, lays down the period of validity of export
licences for certain products with advance fixing of the
refund; whereas Article 10(5) of the above Regulation
provides that export licence applications for a quantity
not exceeding 22 tonnes of products falling within CN
code 0201 are not to be subject to a five-day time lag;

Whereas, in order to avoid jeopardising the smooth
running of the market partly as a result of problems
encountered on the Russian market since late August
1998, greater flexibility in the management of export
licences should be introduced on a temporary basis by
extending the period of validity of export licences for beef
from 30 to 60 days and extending the derogation under
Article 10(5) to products falling within CN code 0202;

Whereas the measures provided for in this Regulation are
in accordance with the opinion of the Management
Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. Notwithstanding the second indent of Article 8(1) of
Regulation (EC) No 1445/95, the period of validity of
export licences with advance fixing of the refund for
products other than those falling within CN codes 0102
and 1602 shall be 60 days.

2. Notwithstanding the first sentence of Article 10(5) of
Regulation (EC) No 1445/95, licence applications for a
quantity not exceeding 22 tonnes of products falling
within CN codes 0201 and 0202 shall not, at the applic-
ant's request, be subject to the five-day time lag.

Article 2

This Regulation shall enter into force on the third day
following its publication in the *Official Journal of the
European Communities*.

It shall apply to applications for export licences with
advance fixing of the refund from the date of entry into
force of this Regulation until 31 March 1999.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Whereas Commission Regulation (EC) No 2106/98⁽³⁾, as amended by Regulation (EC) No 2157/98⁽⁴⁾, introduces special measures for regularising certain export transactions in the wake of the problems arising on the market in Russia since the second half of August 1998;

Having regard to Commission Regulation (EEC) No 4176/88 of 28 December 1988 laying down detailed rules for the grant of a flat-rate aid for certain fishery products and aquaculture products ⁽¹⁾, as last amended by Regulation (EEC) No 3516/93 ⁽²⁾, and in particular Article 11 thereof,

Whereas the flat-rate premium should encourage the producers' organisations to prevent the destruction of products withdrawn from the market;

Whereas the amount of the premium must be fixed in such a way as to take account of the interdependence of the markets concerned and of the need to prevent distortion of competition;

Whereas the amount of the premium may not exceed the technical and financial costs of processing and storage recorded during the previous fishing year, the highest costs being disregarded;

Whereas, on the basis of the information concerning the technical and financial costs associated with the concerned operations recorded in the Community, the

amount of the premium should be fixed for the 1999 fishing year as shown below;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1999 fishing year, the amount of the flat-rate premium for the products listed in Annex VI to Council Regulation (EEC) No 3759/92 ⁽³⁾ shall be as follows:

COMMISSION REGULATION (EC) No 2792/98
of 22 December 1998

**fixing the standard values to be used in calculating the financial compensation
and the advance pertaining thereto in respect of fishery products withdrawn from
the market during the 1999 fishing year**

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organisation of the market in fishery and aquaculture products⁽¹⁾, as last amended by Regulation (EC) No 3318/94⁽²⁾, and in particular Article 12(6) thereof,

Whereas Article 12 of Regulation (EEC) No 3759/92 provides for the payment of financial compensation to producers' organisations which intervene, on certain conditions, in respect of the products listed in Annex I (A) and (D) to that Regulation; whereas the amount of such financial compensation must be reduced by standard values in the case of products intended for purposes other than human consumption;

Whereas Commission Regulation (EEC) No 1501/83⁽³⁾ specifies the ways in which the products withdrawn must be disposed of; whereas the value of such products must be fixed at a standard level for each of these modes of disposal, taking into account the average receipts which may be obtained from such disposal;

Whereas, on the basis of the relevant information on this value, it should be fixed for the 1999 fishing year as shown in the Annex hereto;

Whereas, pursuant to Article 7 of Commission Regulation (EEC) No 3902/92⁽⁴⁾, as last amended by Regulation (EC) No 1338/95⁽⁵⁾, special arrangements are provided for so that if a producers' organisation or one of its members puts its products up for sale in a Member State other than that in which it is recognised the body responsible for

granting the financial compensation is informed; whereas the aforementioned body is that of the Member State in which the producers' organisation was recognised; whereas the standard value deductible should therefore be the value applied in that Member State;

Whereas the abovementioned provisions are equally applicable to the advance on the financial compensation provided for in Article 6(1) of Regulation (EEC) No 3902/92;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The standard values to be used in calculating the financial compensation and the advance pertaining thereto in respect of products withdrawn by producers' organisations and used for purposes other than human consumption shall be for the 1999 fishing year as shown in the Annex hereto for each of the uses indicated therein.

Article 2

The standard value to be deducted from the financial compensation and the advance pertaining thereto shall be that applied in the Member State in which the producers' organisation was recognised.

Article 3

This Regulation shall enter into force on 1 January 1999.

COMMISSION REGULATION (EC) No 2794/98
of 22 December 1998

fixing, for the 1999 fishing year, the withdrawal and selling prices for fishery products listed in Annex I(A), (D) and (E) of Council Regulation (EEC) No 3759/92

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organisation of the market in fishery and aquaculture products⁽¹⁾, as last amended by Regulation (EC) No 3318/94⁽²⁾, and in particular Article 11(3) and Article 13 thereof,

The percentages of the guide price which are used as a basis for calculating the Community withdrawal and selling prices shall be as shown in Annex I for the products concerned.

Article 2

Whereas Article 11(1) and Article 13 of Regulation (EEC) No 3759/92 provide that the Community withdrawal and selling prices for each of the products listed respectively, in Annex I(A), (D) and (E) are to be fixed by applying the conversion factor for the product category concerned to an amount equal to at least 70 % but not more than 90 % of the relevant guide price;

The conversion factors which are used for calculating the Community withdrawal and selling prices for the products listed, respectively, in Annex I(A) and (D) and in Annex I(E) of Regulation (EEC) No 3759/92, shall be as shown in Annex II.

Article 3

Whereas changes in production and marketing structures in the Community make it necessary to alter the basis for calculating the withdrawal and the sale prices in the Community as compared with those of the preceding fishing year;

The Community withdrawal and selling prices applicable for the 1999 fishing year and the products to which they refer, shall be as shown in Annex III.

Article 4

Whereas Article 11(2) of Regulation (EEC) No 3759/92 provides that the withdrawal price may be multiplied by conversion factors in landing areas which are very distant from main centres of consumption in the Community;

The withdrawal prices applicable for the 1999 fishing year in the landing areas which are very distant from the main centres of consumption in the Community and the products to which those prices relate, shall be as shown in Annex IV.

Whereas the guide prices for the 1999 fishing year were fixed for all the products in question by Council Regulation (EC) No 2765/98⁽³⁾;

Article 5

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

This Regulation shall enter into force on 1 January 1999.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 2795/98
of 22 December 1998
fixing the reference prices for fishery products for the 1999 fishing year
(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organisation of the market in fishery and aquaculture products ⁽¹⁾, as last amended by Regulation (EC) No 3318/94 ⁽²⁾, and in particular the first subparagraph of Articles 22(6) and 23(5) thereof,

Whereas Article 22(1) of Regulation (EEC) No 3759/92 provides, among other things, for reference prices valid for the Community to be fixed each year, by product category, for the products specified in Annexes I, II, III, IV(B) and V to that Regulation, subject to the consultation procedures laid down for certain products within the framework of the GATT;

Whereas Article 23(1) of Regulation (EEC) No 3759/92 allows, *inter alia*, the fixing of reference prices for the products referred to in Annex IV(A) before the beginning of each marketing year;

Whereas Article 22(2) of Regulation (EEC) No 3759/92 provides that the reference price for the products specified in Annex I(A), (D) and (E) thereto must be equal, respectively, to the withdrawal and selling prices fixed in accordance with Article 11(1) and Article 13 thereof;

Whereas Community withdrawal and selling prices for the products concerned were fixed for the 1999 fishing year by Commission Regulation (EC) No 2794/98 ⁽³⁾;

Whereas, the reference prices for the products specified in Annexes I(B) and (C) and IV(B) to Regulation (EEC) No 3759/92 are determined on the basis of the average of the reference prices for the fresh product, account being taken of the processing costs and of the need to ensure a price relationship in keeping with the market situation;

Whereas the reference prices for the products specified in Annex II to Regulation (EEC) No 3759/92 must be derived from their guide prices by reference to the price level at which the intervention measures provided for in

Article 16(1) thereof may be taken, and fixed taking account of the situation on the market in those products;

Whereas the reference prices for the fishes of the species *Thunnus* and *Euthynnus*, specified in Annex III to Regulation (EEC) No 3759/92 are based on the weighted average of the free-at-frontier prices recorded on the most representative markets in the Member States during the three preceding years;

Whereas for the carp and salmon referred to in Annex IV(A) to Regulation (EEC) No 3759/92, reference prices are fixed on the basis of the average of the producer prices recorded during the three years preceding the date on which the reference price is fixed for a product with commercial characteristics as set out in Commission Regulation (EEC) No 2210/93 ⁽⁴⁾, as amended by Regulation (EC) No 843/95 ⁽⁵⁾;

Whereas, for the frozen and salted products specified in Annex V to Regulation (EEC) No 3759/92 for which no reference price is fixed for the fresh product, the reference prices are determined on the basis of the reference price applied to a commercially similar fresh product; however, given the quantities of certain frozen and salted products and the conditions governing their importation, it does not appear necessary to fix a reference price for such products in the immediate future;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:

Article 1

The reference prices for the 1999 fishing year for the products specified in Annexes I, II, III, IV(A) and (B) and V to Regulation (EEC) No 3759/92 shall be as shown in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 January 1999.
