**COUNCIL REGULATION (EC) No 2136/2001
of 23 October 2001
amending Regulation (EC) No 723/97 on the implementation of Member States' action programmes
on control of EAGGF Guarantee Section expenditure**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 37 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas:

(1) Article 1 of Regulation (EC) No 723/97 ⁽³⁾ provides for the Community to contribute towards costs incurred by Member States in implementing new action programmes, arising out of new Community obligations, approved by the Commission and aimed at improving the structures or effectiveness of EAGGF Guarantee Section expenditure controls. Article 4 of the said Regulation provides that the Community financial contribution is to be granted per calendar year for a period of five consecutive years starting from 1997, within the limit of the annual appropriations authorised by the budget authority in the light of the financial perspective.

(2) The Commission has transmitted to the Council a report on the results of the application of Regulation (EC) No 723/97 during the period 1997 to 2000. Given the assessment reports prepared by the Member States and the effectiveness of the programmes implemented, the Commission considers that Member States should continue to receive financial assistance for the implementation of the programmes provided for in Article 1 of Regulation (EC) No 723/97.

(3) In particular, since new expensive techniques have been introduced by Council Regulation (EC) No 1593/2000 of 17 July 2000 amending Regulation (EEC) No 3508/92 establishing an integrated administration and control system for certain Community aid schemes ⁽⁴⁾, in the

area of the improvement of the agricultural parcel identification system having recourse to the technique of geographical information system and of digital orthophotography, a Community contribution is justified to cover part of the expenditure incurred by Member States in the framework of new action programmes covering this domain. In this context, it is appropriate, for reasons of legal clarity, to delete the last indent of Article 5 of Regulation (EC) No 723/97.

(4) The period during which Community financial contribution may be paid should therefore be extended by two years.

(5) Regulation (EC) No 723/97 should be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 723/97 is hereby amended as follows:

1. In Article 2(1) the second subparagraph shall be replaced by the following:

'However, for programmes relating to the year 2002, the time limit for submission of action programmes to the Commission shall be 31 January 2002.'

2. In the first sentence of Article 4(1), the term 'five consecutive years' shall be replaced by 'seven consecutive years'.

3. In Article 5 the last indent shall be deleted.

Article 2

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Whereas:

- (1) Regulation (EC) No 3223/94 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in the Annex thereto.

- (2) In compliance with the above criteria, the standard import values must be fixed at the levels set out in the Annex to this Regulation,

COMMISSION REGULATION (EC) No 2139/2001**of 31 October 2001****fixing the representative prices and the additional import duties for molasses in the sugar sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the market in sugar ⁽¹⁾,

Having regard to Commission Regulation (EC) No 1422/95 of 23 June 1995 laying down detailed rules of application for imports of molasses in the sugar sector and amending Regulation (EEC) No 785/68 ⁽²⁾, and in particular Article 1(2) and Article 3(1) thereof,

Whereas:

- (1) Regulation (EC) No 1422/95 stipulates that the cif import price for molasses, hereinafter referred to as the 'representative price', should be set in accordance with Commission Regulation (EEC) No 785/68 ⁽³⁾. That price should be fixed for the standard quality defined in Article 1 of the above Regulation.
- (2) The representative price for molasses is calculated at the frontier crossing point into the Community, in this case Amsterdam; that price must be based on the most favourable purchasing opportunities on the world market established on the basis of the quotations or prices on that market adjusted for any deviations from the standard quality. The standard quality for molasses is defined in Regulation (EEC) No 785/68.
- (3) When the most favourable purchasing opportunities on the world market are being established, account must be taken of all available information on offers on the world market, on the prices recorded on important third-country markets and on sales concluded in international trade of which the Commission is aware, either directly or through the Member States. Under Article 7 of Regulation (EEC) No 785/68, the Commission may for this purpose take an average of several prices as a basis, provided that this average is representative of actual market trends.
- (4) The information must be disregarded if the goods concerned are not of sound and fair marketable quality or if the price quoted in the offer relates only to a small

quantity that is not representative of the market. Offer prices which can be regarded as not representative of actual market trends must also be disregarded.

- (5) If information on molasses of the standard quality is to be comparable, prices must, depending on the quality of the molasses offered, be increased or reduced in the light of the results achieved by applying Article 6 of Regulation (EEC) No 785/68.
- (6) A representative price may be left unchanged by way of exception for a limited period if the offer price which served as a basis for the previous calculation of the representative price is not available to the Commission and if the offer prices which are available and which appear not to be sufficiently representative of actual market trends would entail sudden and considerable changes in the representative price.
- (7) Where there is a difference between the trigger price for the product in question and the representative price, additional import duties should be fixed under the conditions set out in Article 3 of Regulation (EC) No 1422/95. Should the import duties be suspended pursuant to Article 5 of Regulation (EC) No 1422/95, specific amounts for these duties should be fixed.
- (8) Application of these provisions will have the effect of fixing the representative prices and the additional import duties for the products in question as set out in the Annex to this Regulation.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and the additional duties applying to imports of the products referred to in Article 1 of Regulation (EC) No 1422/95 are fixed in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 November 2001.

COMMISSION REGULATION (EC) No 2140/2001**of 31 October 2001****fixing the export refunds on white sugar and raw sugar exported in its unaltered state**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, and in particular the second subparagraph of Article 27(5) thereof,

Whereas:

(1) Article 27 of Regulation (EC) No 1260/2001 provides that the difference between quotations or prices on the world market for the products listed in Article 1(1)(a) of that Regulation and prices for those products within the Community may be covered by an export refund.

(2) Regulation (EC) No 1260/2001 provides that when refunds on white and raw sugar, undenatured and exported in its unaltered state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 28 of that Regulation. The same Article provides that the economic aspect of the proposed exports should also be taken into account.

(3) The refund on raw sugar must be fixed in respect of the standard quality. The latter is defined in Annex I, point II, to Regulation (EC) No 1260/2001. Furthermore, this refund should be fixed in accordance with Article 28(4) of Regulation (EC) No 1260/2001. Candy sugar is defined in Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector ⁽²⁾. The refund thus calculated for sugar containing added flavouring or colouring matter must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content.

(4) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination.

(5) In special cases, the amount of the refund may be fixed by other legal instruments.

(6) The refund must be fixed every two weeks. It may be altered in the intervening period.

(7) It follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto.

(8) Regulation (EC) No 1260/2001 does not make provision to continue the compensation system for storage costs from 1 July 2001. This should accordingly be taken into account when fixing the refunds granted when the export occurs after 30 September 2001.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(a) of Regulation (EC) No 1260/2001, undenatured and exported in the natural state, are hereby fixed to the amounts shown in the Annex hereto.

**COMMISSION REGULATION (EC) No 2141/2001
of 31 October 2001**

fixing the export refunds on syrups and certain other sugar products exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, and in particular the second subparagraph of Article 27(5) thereof,

Whereas:

(1) Article 27 of Regulation (EC) No 1260/2001 provides that the difference between quotations or prices on the world market for the products listed in Article 1(1)(d) of that Regulation and prices for those products within the Community may be covered by an export refund.

(2) Article 3 of Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector ⁽²⁾, provides that the export refund on 100 kilograms of the products listed in Article 1(1)(d) of Regulation (EC) No 1260/2001 is equal to the basic amount multiplied by the sucrose content, including, where appropriate, other sugars expressed as sucrose; the sucrose content of the product in question is determined in accordance with Article 3 of Commission Regulation (EC) No 2135/95.

(3) Article 30(3) of Regulation (EC) No 1260/2001 provides that the basic amount of the refund on sorbose exported in the natural state must be equal to the basic amount of the refund less one-hundredth of the production refund applicable, pursuant to Commission Regulation (EC) No 1265/2001 of 27 June 2001 laying down detailed rules for the application of Council Regulation (EC) No 1260/2001 as regards granting the production refund on certain sugar products used in the chemical industry ⁽³⁾ to the products listed in the Annex to the last mentioned Regulation;

(4) According to the terms of Article 30(1) of Regulation (EC) No 1260/2001, the basic amount of the refund on the other products listed in Article 1(1)(d) of the said

Regulation exported in the natural state must be equal to one-hundredth of an amount which takes account, on the one hand, of the difference between the intervention price for white sugar for the Community areas without deficit for the month for which the basic amount is fixed and quotations or prices for white sugar on the world market and, on the other, of the need to establish a balance between the use of Community basic products in the manufacture of processed goods for export to third countries and the use of third country products brought in under inward processing arrangements.

(5) According to the terms of Article 30(4) of Regulation (EC) No 1260/2001, the application of the basic amount may be limited to some of the products listed in Article 1(1)(d) of the said Regulation.

(6) Article 27 of Regulation (EC) No 1260/2001 makes provision for setting refunds for export in the natural state of products referred to in Article 1(1)(f) and (g) and (h) of that Regulation; the refund must be fixed per 100 kilograms of dry matter, taking account of the export refund for products falling within CN code 1702 30 91 and for products referred to in Article 1(1)(d) of Regulation (EC) No 1260/2001 and of the economic aspects of the intended exports; in the case of the products referred to in the said Article 1(1)(f) and (g), the refund is to be granted only for products complying with the conditions in Article 5 of Regulation (EC) No 2135/95; for the products referred to in Article 1(1)(h), the refund shall be granted only for products complying with the conditions in Article 6 of Regulation (EC) No 2135/95.

(7) The refunds referred to above must be fixed every month; they may be altered in the intervening period.

COMMISSION REGULATION (EC) No 2142/2001**of 31 October 2001****fixing the production refund on white sugar used in the chemical industry**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, and in particular Article 7(5) thereof,

Whereas:

(1) Pursuant to Article 7(3) of Regulation (EC) No 1260/2001, production refunds may be granted on the products listed in Article 1(1)(a) and (f) of that Regulation, on syrups listed in Article 1(1)(d) thereof and on chemically pure fructose covered by CN code 1702 50 00 as an intermediate product, that are in one of the situations referred to in Article 23(2) of the Treaty and are used in the manufacture of certain products of the chemical industry.

(2) Commission Regulation (EC) No 1265/2001 of 27 June 2001 laying down detailed rules for the application of Council Regulation (EC) No 1260/2001 as regards granting the production refund on certain sugar products used in the chemical industry ⁽²⁾ lays down the rules for determining the production refunds and specifies the chemical products the basic products used in the manufacture of which attract a production refund. Articles 5, 6 and 7 of Regulation (EC) No 1265/2001 provide that the production refund applying to raw sugar, sucrose syrups and unprocessed isoglucose is to be derived from the refund fixed for white sugar in accordance with a method of calculation specific to each basic product.

(3) Article 9 of Regulation (EC) No 1265/2001 provides that the production refund on white sugar is to be fixed at monthly intervals commencing on the first day of

each month. It may be adjusted in the intervening period where there is a significant change in the prices for sugar on the Community and/or world markets. The application of those provisions results in the production refund fixed in Article 1 of this Regulation for the period shown.

(4) As a result of the amendment to the definition of white sugar and raw sugar in Article 1(2)(a) and (b) of Regulation (EC) No 1260/2001, flavoured or coloured sugars or sugars containing any other added substances are no longer deemed to meet those definitions and should thus be regarded as 'other sugar'. However, in accordance with Article 1 of Regulation (EC) No 1265/2001, they attract the production refund as basic products. A method should accordingly be laid down for calculating the production refund on these products by reference to their sucrose content.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The production refund on white sugar referred to in Article 4 of Regulation (EC) No 1265/2001 shall be equal to EUR 38,791/100 kg net.

⁽²⁾ OJ L 178, 30.6.2001, p. 63.

**COMMISSION REGULATION (EC) No 2143/2001
of 31 October 2001
determining the world market price for unginned cotton**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Protocol 4 on cotton, annexed to the Act of Accession of Greece, as last amended by Council Regulation (EC) No 1050/2001 ⁽¹⁾,

Having regard to Council Regulation (EC) No 1051/2001 of 22 May 2001 on production aid for cotton ⁽²⁾, and in particular Article 4 thereof,

Whereas:

- (1) In accordance with Article 4 of Regulation (EC) No 1051/2001, a world market price for unginned cotton is to be determined periodically from the price for ginned cotton recorded on the world market and by reference to the historical relationship between the price recorded for ginned cotton and that calculated for unginned cotton. That historical relationship has been established in Article 2(2) of Commission Regulation (EC) No 1591/2001 of 2 August 2001 ⁽³⁾. Where the world market price cannot be determined in this way, it is to be based on the most recent price determined.
- (2) In accordance with Article 5 of Regulation (EC) No 1051/2001, the world market price for unginned cotton is to be determined in respect of a product of specific characteristics and by reference to the most favourable offers and quotations on the world market among those

considered representative of the real market trend. To that end, an average is to be calculated of offers and quotations recorded on one or more European exchanges for a product delivered cif to a port in the Community and coming from the various supplier countries considered the most representative in terms of international trade. However, there is provision for adjusting the criteria for determining the world market price for ginned cotton to reflect differences justified by the quality of the product delivered and the offers and quotations concerned. Those adjustments are specified in Article 3(2) of Regulation (EC) No 1591/2001.

- (3) The application of the above criteria gives the world market price for unginned cotton determined hereinafter,

HAS ADOPTED THIS REGULATION:

Article 1

The world price for unginned cotton as referred to in Article 4 of Regulation (EC) No 1051/2001 is hereby determined as equalling EUR 17,512/100 kg.

Article 2

This Regulation shall enter into force on 1 November 2001.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

However, in the case of the products referred to in paragraph 2 of that Article, the import duty is to be equal to the intervention price valid for such products on importation and increased by 55 %, minus the cif import price applicable to the consignment in question. However, that duty may not exceed the rate of duty in the Common Customs Tariff.
- (2) Pursuant to Article 10(3) of Regulation (EEC) No 1766/92, the cif import prices are calculated on the basis of the representative prices for the product in question on the world market.

- (3) Regulation (EC) No 1249/96 lays down detailed rules for the application of Council Regulation (EEC) No 1766/92 as regards import duties in the cereals sector.
- (4) The import duties are applicable until new duties are fixed and enter into force. They also remain in force in cases where no quotation is available for the reference exchange referred to in Annex II to Regulation (EC) No 1249/96 during the two weeks preceding the next periodical fixing.
- (5) In order to allow the import duty system to function normally, the representative market rates recorded during a reference period should be used for calculating the duties.
- (6) Application of Regulation (EC) No 1249/96 results in import duties being fixed as set out in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import duties in the cereals sector referred to in Article 10(2) of Regulation (EEC) No 1766/92 shall be those fixed in Annex I to this Regulation on the basis of the information given in Annex II.

of 31 October 2001**

amending Regulation (EC) No 1121/2001 fixing the adjustment coefficients to be applied to each traditional operator's reference quantity under the tariff quotas for imports of bananas and derogating from Regulation (EC) No 896/2001 as regards the submission of new import licence applications

Whereas:

(1) Pursuant to Article 5(1) of Regulation (EC) No 896/2001 the Commission fixed in Regulation (EC) No 1121/2001 ⁽⁵⁾, as amended by Regulation (EC) No 1603/2001 ⁽⁶⁾, an adjustment coefficient to be applied to each operator's reference quantity in each of the two categories of traditional operator, taking account of the information supplied by the Member States on the total volume of the reference quantities for traditional operators A/B and traditional operators C.

(2) As a result of further information received from a Member State, the sum of the reference quantities for traditional operators C has been found to amount to 716 609 tonnes. This requires a change in the adjustment coefficient to be applied to the reference quantities for each traditional operator C.

(3) Regulation (EC) No 1121/2001 must therefore be amended.

(4) Traditional operators C should consequently be given the possibility of submitting new applications for import licences for the fourth quarter of 2001 in view of the increase in their reference quantities.

COMMISSION REGULATION (EC) No 2151/2001**of 31 October 2001****fixing the rates of refunds applicable to certain products from the sugar sector exported in the form of goods not covered by Annex I to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the market in sugar ⁽¹⁾, and in particular Article 27(5)(a) and (15),

Whereas:

- (1) Article 27(1) and (2) of Regulation (EEC) No 1260/2001 provides that the differences between the prices in international trade for the products listed in Article 1(1)(a), (c), (d), (f), (g) and (h) of that Regulation and prices within the Community may be covered by an export refund where these products are exported in the form of goods listed in the Annex to that Regulation. Commission Regulation (EC) No 1520/2000 of 13 July 2000 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty and the criteria for fixing the amount of such refunds ⁽²⁾, as last amended by Regulation (EC) No 1563/2001 ⁽³⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex I to Regulation (EC) No 1260/2001.
- (2) In accordance with Article 4(1) of Regulation (EC) No 1520/2000, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month.
- (3) Article 27(3) of Regulation (EC) No 1260/2001 and Article 11 of the Agreement on Agriculture concluded under the Uruguay Round lay down that the export refund for a product contained in a good may not

exceed the refund applicable to that product when exported without further processing.

- (4) The refunds fixed under this Regulation may be fixed in advance as the market situation over the next few months cannot be established at the moment.
- (5) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardized by the fixing in advance of high refund rates. It is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term contracts. The fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.
- (6) It is necessary to ensure continuity of strict management taking account of expenditure forecasts and funds available in the budget.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable to the basic products appearing in Annex A to Regulation (EC) No 1520/2000 and listed in Article 1(1) and (2) of Regulation (EC) No 1260/2001, exported in the form of goods listed in Annex V to Regulation (EC) No 1260/2001, are fixed as shown in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 November 2001.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

of 31 October 2001
amending Regulation (EC) No 2815/98 concerning marketing standards for olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Regulation (EC) No 136/66/EEC of 22 September 1966 on the common organisation of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EC) No 1513/2001 ⁽²⁾, and in particular Article 35a thereof,

Whereas:

(1) Commission Regulation (EC) No 2815/98 of 22 December 1998 concerning marketing standards for olive oil ⁽³⁾, as amended by Regulation (EC) No 640/1999 ⁽⁴⁾, stipulates that the designation of origin of extra virgin and virgin olive oils other than those benefiting from a protected designation of origin or from a protected geographical indication in accordance with Council Regulation (EEC) No 2081/92 of 14 July 1992 on the protection of geographical indications and designations of origin for agricultural products and foodstuffs ⁽⁵⁾, as last amended by Commission Regulation (EC) No 2796/2000 ⁽⁶⁾, is to correspond to the geographical area in which the oil was obtained which, in most cases, is the same area as that in which the oil was extracted from the olives by a mill located in that area. However, in some cases the area in which the olives are harvested is different from that in which the oil is extracted and that information relating to the designation of origin should be indicated on packaging intended for consumers in the Member States or on labels linked to that packaging so as not to mislead consumers.

(2) The current system relating to olive oil marketing standards expires on 31 October 2001. It should be continued for a fixed period so that more comprehensive marketing standards can be established for the sector.

(3) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

⁽¹⁾ OJ L 72, 30.9.1966, p. 3025/66.

⁽²⁾ OJ L 201, 26.7.2001, p. 4.

⁽⁵⁾ OJ L 208, 24.7.1992, p. 1.

⁽⁶⁾ OJ L 324, 21.12.2000, p. 26.

Regulation (EC) No 2815/98 is amended as follows:

1. In Article 1, the final sentence of the first paragraph is replaced by the following:

‘If that option is taken up by an operator designation of the origin shall be authorised solely in the cases provided for and in accordance with the provisions of this Regulation.’

2. Article 3(2) is replaced by the following:

‘2. The designation of origin, where this indicates the European Community or a Member State, in cases other than those referred to in paragraph 1, shall correspond to the geographical area in which the olives concerned or the oil extracted from the olives were obtained. For the purposes of this Regulation, an extra virgin or a virgin olive oil shall be deemed to have been obtained in the geographical area, within the meaning of this subparagraph, where the mill in which the oil was extracted from the olives is located.

In the case of olives harvested in a Member State or a third country different from the geographical area in which the oil from those olives was obtained, the designation of origin shall indicate both the area where the olives were harvested and the area where the oil was obtained, using the following wording: “(Extra) virgin olive oil obtained in (name of the European Community or of the member State concerned) from olives harvested in (name of the European Community, the Member State or the country concerned)”.

3. In the case of blends of “extra virgin olive oils” or “virgin olive oils” in which more than 75 % originates, for the purposes of the first subparagraph of paragraph 2, in the same Member State or in the Community, the main origin may be designated provided that it is followed by the indication “section of (extra) virgin olive oils more than (75 %) of which originated in ... (designation of origin)”.

3. In Article 2, paragraph 3 becomes paragraph 4.

4. In Article 4(2), the following subparagraph is added:

‘Establishments approved pursuant to this Regulation which meet the approval conditions laid down for the 2000/01 marketing year may continue to be regarded as approved.’

5. In Article 7, ‘31 October 2001’ is replaced by ‘30 June 2002’.

Article 2

This Regulation shall enter into force on 1 November 2001.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION

COMMISSION DECISION

of 18 October 2001

authorising Member States to permit temporarily the marketing of forest reproductive material not satisfying the requirements of Council Directives 66/404/EEC and 71/161/EEC*(notified under document number C(2001) 2859)**(2001/765/EC)*

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 66/404/EEC of 14 June 1966 on the marketing of forest reproductive material ⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 15 thereof,

Having regard to Council Directive 71/161/EEC of 30 March 1971 on external quality standards for forest reproductive material marketed within the Community ⁽²⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 15 thereof,

Having regard to the requests submitted by 12 Member States,

Whereas:

- (1) Production of reproductive material of the species set out in the Annexes is at present insufficient in certain Member States with the result that their requirements for reproductive material conforming to the provisions of Directive 66/404/EEC or 71/161/EEC cannot be met.
- (2) Third countries are not in a position to supply sufficient reproductive material of the relevant species affording the same guarantees as Community reproductive material and conforming to the provisions of Directive 66/404/EEC or 71/161/EEC.
- (3) Accordingly, the Member States concerned, namely Belgium, Denmark, Germany, Spain, France, Ireland, Italy, Luxembourg, Netherlands, Austria, Portugal and the United Kingdom, have requested the Commission pursuant to those Directives to authorise them to accept for marketing reproductive material and/or seed satisfying less stringent requirements than those laid down by those Directives.
- (4) In order to cover the shortage, the applicant Member States should therefore be authorised to permit, for a limited period, the marketing of reproductive material of

the relevant species which satisfies less stringent requirements.

- (5) For genetic reasons, the reproductive material should be collected at places of origin within the natural range of the relevant species and the strictest possible guarantees should be given to ensure the identity of the material. Furthermore, reproductive material should be marketed only if it is accompanied by a document bearing certain details of the reproductive material in question.
- (6) Any Member State should furthermore be authorised to permit, in its territory, the following three marketing operations: the marketing of seed and seedlings which satisfy less stringent requirements in respect of provenance; the marketing of seed and seedlings which satisfy less stringent requirements in respect of the category, as laid down in Directive 66/404/EEC for *Populus nigra*; and the marketing of seed which satisfies less stringent requirements in respect of specific purity as laid down in Directive 71/161/EEC, if the marketing of such material has been authorised in the other Member States under this Decision.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION:

Article 1

1. Member States are authorised to permit the marketing in their territory of seed satisfying less stringent requirements in respect of provenance, as laid down in Directive 66/404/EEC.

This authorisation is subject to the specifications set out in Annex I hereto, and to the condition that proof be furnished as to the place of provenance of the seed and the altitude at which it was collected.

⁽¹⁾ OJ 125, 11.7.1966, p. 2326/66.

⁽²⁾ OJ L 87, 17.4.1971, p. 14.

2. Member States are authorised to permit the marketing in their territory of plants produced in the Community from the abovementioned seed.

Article 2

1. The proof referred to in Article 1(1) shall be deemed to be furnished where the reproductive material is of the category 'source-identified reproductive material' as defined in the Organisation for Economic Cooperation and Development (OECD) scheme for the control of forest reproductive material moving in international trade, or of any other category defined in that scheme.

2. Where the OECD scheme referred to in paragraph 1 is not used at the place of provenance of the reproductive material, other official evidence shall be admissible.

3. Where official evidence cannot be provided, Member States may accept other unofficial evidence.

Article 3

Member States are authorised to permit the marketing in their territory of vegetative reproductive material derived from *Populus nigra* which does not satisfy the requirements in respect of the category, as laid down in Article 4(1) of Directive 66/404/EEC, in accordance with Annex II hereto.

Article 4

Member States are authorised, in accordance with Annex III hereto, to permit the marketing in their territory of seed which neither satisfies the requirements in respect of provenance in Directive 66/404/EEC nor the requirements relating to specific purity set out in Annex I to Directive 71/161/EEC, on condition that:

- (a) the proof specified in Article 2 is furnished with regard to the place of provenance of the seed and the altitude at which it was collected;
- (b) the document required pursuant to Article 9 of Directive 66/404/EEC bears the wording: 'Seed not satisfying the standards in respect of specific purity'.

Article 5

1. The Member States other than the applicant Member States are also authorised to permit, in accordance with Annexes I, II and III respectively and for the purposes intended by the applicant Member States, the marketing in their territory of the seed and seedlings or, in the case of *Populus nigra*, vegetative reproductive material.

2. For the purpose of the application of paragraph 1, the Member States concerned shall assist each other administratively. The applicant Member States shall be notified by other Member States of their intention to permit the marketing of such reproductive material before any authorisation may be granted. The applicant Member States may object only if the entire quantity set out in this Decision has already been allocated.

Article 6

The authorisation provided for in Article 1(1), Articles 3 and 4 and Article 5(1) shall expire on 31 December 2002.

Article 7

Member States shall immediately notify the Commission and the other Member States of the quantities of seed labelled and approved for marketing throughout the Community pursuant to this Decision.

Article 8

This Decision is addressed to the Member States.

Done at Brussels, 18 October 2001.

COMMISSION DECISION
of 25 October 2001
amending Decision 93/197/EEC with regard to importation of equidae from the Falkland Islands

(notified under document number C(2001) 3198)

(Text with EEA relevance)

(2001/766/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/426/EEC of 26 June 1990 on animal health conditions governing the movement and imports from third countries of equidae ⁽¹⁾, as last amended by Decision 2001/298/EC ⁽²⁾, and in particular Article 13(2), Article 15(a), Article 16(2) and Article 19(i) thereof,

Whereas:

- (1) The Falkland Islands are included in Part 1 of the Annex to Council Decision 79/542/EEC of 21 December 1976 drawing up a list of third countries from which the Member States authorise imports of bovine animals, swine, equidae, sheep and goats, fresh meat and meat products, as last amended by Commission Decision 2001/731/EC ⁽³⁾, thereby establishing the authorisation in principle of such imports, subject however to the condition that animal and public health requirements be met.
- (2) Following a Commission veterinary inspection mission to the Falkland Islands the animal health situation and in particular the equine health situation appears to be under the satisfactory control of the veterinary services.
- (3) The veterinary authorities of the Falkland Islands have provided a written undertaking to notify within 24 hours by fax, telegram or telex to the Commission and the Member States the confirmation of any infectious or contagious disease in equidae mentioned in Annex A to Directive 90/426/EEC, which are compulsorily notifiable in the country, and within due time any change in the vaccination or import policy in respect of equidae.
- (4) The animal health conditions and veterinary certification for imports into the Member States of equidae must be adopted according to the animal health situation of the third country concerned. Consequently, Commission Decision 93/197/EEC of 5 February 1993 on animal health conditions and veterinary certification for imports

of registered equidae and equidae for breeding and production ⁽⁴⁾, as last amended by Decision 2001/754/EC ⁽⁵⁾, must be amended accordingly.

- (5) For clarity the ISO country code should be used for amendments of lists of third countries.
- (6) The measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS REGULATION:

Article 1

Decision 93/197/EEC is amended as follows:

1. The list of third countries in Group A of Annex I is replaced by the following:

COMMISSION DECISION

of 31 October 2001

amending Decision 93/402/EEC concerning animal health conditions and veterinary certification for imports of fresh meat from South American countries to take account of the animal health situation in Uruguay

(notified under document number C(2001) 3388)

(Text with EEA relevance)

(2001/767/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 72/462/EEC of 12 December 1972 on health and veterinary inspection problems upon importation of bovine, ovine and caprine animals and swine, fresh meat or meat products from third countries ⁽¹⁾, as last amended by Regulation (EC) No 1452/2001 ⁽²⁾, and in particular Articles 14 and 22 thereof,

Whereas:

- (1) The animal health conditions and veterinary certification for imports of fresh meat from Argentina, Brazil, Chile, Colombia, Paraguay and Uruguay are laid down by Commission Decision 93/402/EEC of 10 June 1993 concerning animal health conditions and veterinary certification for imports of fresh meat from South American countries ⁽³⁾, as last amended by Decision 2001/538/EC ⁽⁴⁾.
- (2) Outbreaks of foot-and-mouth disease were confirmed in Uruguay starting on 23 April 2001 and a program of vaccination of bovines against foot and mouth disease has been introduced.
- (3) The Commission suspended the importation into the Community of all categories of fresh meat from those species susceptible to foot-and-mouth disease by Commission Decision 2001/388/EC ⁽⁵⁾.
- (4) A Commission mission took place, from 25 to 29 June 2001, in order to examine the epidemiological situation regarding foot-and-mouth disease and the control measures in place.
- (5) The competent veterinary authorities of Uruguay have addressed the concerns arising from this mission and the disease situation has stabilised. It is therefore appropriate

to lift the suspension of imports into the Community of de-boned fresh meat produced from animals of the bovine, ovine and caprine species for human consumption and on certain meat and offal intended for treatment for pet food.

- (6) Notwithstanding the above, fresh meat produced according to the conditions laid in Article 2(1)(a) and (b) of Decision 2001/388/EC shall still be authorised according to the Community requirements in force at the time of slaughter of the animals from which the meat was derived.
- (7) Decision 93/402/EEC should therefore be amended accordingly.
- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

Annex II to Decision 93/402/EEC is replaced by the text in the Annex to this Decision.
