5. To encourage and promote the development of trade and for the mutual benefit of all parties concerned, a consultation meeting will be organised three months before the beginning of each marketing year in the Community. This consultation meeting will take place between the European Commission and the interested European producers' organisations for the products concerned, on the one part, and the authorities', producers' and exporters' organisations of all the associated exporting countries, on the other part.

EXCHANGE OF LETTERS**between the European Community and the Republic of Poland regarding entry prices applied to the import of fruit and vegetables into the Community***A. Letter from the Community*

Sir,

The Agreement on the adaptation of the agricultural part of the Europe Agreement following the implementation of the Uruguay Round and the enlargement of the European Community signed today between the European Community and the Republic of Poland does not contain any provisions regarding the entry price regime applied to the import of fruit and vegetables into the Community.

It has been agreed that the Parties will continue consultations on this sector in order to find a solution. Taking into account, *inter alia*, the experience of the last marketing years, the solution should allow the continuation of trade relations traditionally established between the Community and the Republic of Poland for the products concerned. In the meantime, the Republic of Poland will not be treated less favourably than other associated countries in this context.

In addition, both Parties will continue talks in the framework of the relevant procedures of the Europe Agreement on any other unresolved issues in order to find as soon as possible mutually acceptable solutions.

I should be obliged if you would confirm the agreement of the Government of the Republic of Poland to the contents of this letter.

Please accept, Sir, the assurance of my highest consideration.

On behalf of the Council of the European Union
