- (3) In addition, some producers are finding it difficult to adjust to the requirement in Article 2 of Regulation (EC) No 1019/2002 to pack products in small packagings with an appropriate closure and to label them in accordance with Articles 3 to 6 of that Regulation.
- (4) To give operators enough time to adjust to the new packaging and labelling rules, the adjustment period provided for in Article 12(2) of Regulation (EC) No 1019/2002 should be extended.

(5) Regulation (EC) No 1019/2002 should be amended accordingly.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

COMMISSION REGULATION (EC) No 1967/2002**of 4 November 2002****on the sale by tender of beef held by certain intervention agencies and intended for processing within the Community**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

- (2) The sale should be made subject to the rules laid down by Commission Regulations (EEC) No 2173/79 ⁽³⁾, as last amended by Regulation (EC) No 2417/95 ⁽⁴⁾, (EEC) No 3002/92 ⁽⁵⁾, as last amended by Regulation (EC) No 770/96 ⁽⁶⁾, and (EEC) No 2182/77 ⁽⁷⁾, as last amended by Regulation (EC) No 2417/95, subject to certain special exceptions on account of the particular use to which the products in question are to be put.

- (6) On the basis of experience gained with regard to the disposal of bone-in intervention beef, it is necessary to reinforce the quality controls of the products before their delivery to the purchasers, in particular to ensure that the products comply with the provisions in Annex III to

Regulation (EC) No 562/2000 of 15 March 2000 laying down detailed rules for the application of Council Regulation (EC) No 1254/1999 as regards the buying-in of beef ⁽⁸⁾, as last amended by Regulation (EC) No 1592/2001 ⁽⁹⁾.

In addition, tenders must be presented by or on behalf of a processing establishment approved in accordance with Article 8 of Council Directive 77/99/EEC ⁽¹⁾.

For the purposes of the preceding subparagraph, a retail or catering establishment or an establishment attached to a retail sales outlet where meat is processed and put up for sale to the final consumer shall not be taken into consideration.

2. Notwithstanding Article 3(1) and (2) of Regulation (EEC) No 2182/77, a tender must be accompanied by:

- a written undertaking by the tenderer to process the meat into the products specified in Article 6 within the period referred to in Article 5(1) of Regulation (EEC) No 2182/77,
- precise details of the establishment or establishments where the meat which has been purchased is to be processed.

3. The tenderers referred to in paragraph 1 may instruct an agent in writing to take delivery, on their behalf, of the products which they purchase. In this case the agent shall submit the bids of the tenderers represented together with the written instruction referred to above.

4. Notwithstanding Article 18(1) of Regulation (EEC) No 2173/79 the time limit for taking over meat sold pursuant to this Regulation shall be two months from the day of the notification referred to in Article 11 of the same Regulation.

5. The purchasers and agents referred to in the preceding paragraphs shall maintain and keep up to date an accounting system which permits the destination and use of the products to be ascertained with a view in particular to ensuring that the quantities of products purchased and manufactured tally.

Article 5

1. The Member States shall take all necessary measures to ensure that bone-in intervention products delivered to the purchasers are presented in a state which fully complies with Annex III to Regulation (EC) No 562/2000 and in particular the sixth indent of point 2(a) of that Annex.

2. The costs related to the measures referred to in paragraph 1 shall be borne by the Member States and shall, in particular, not be imposed on the purchaser or any other third party.

3. Member States shall notify the Commission ⁽²⁾ of all cases where a bone-in intervention quarter has been identified as not complying with Annex III as referred to in paragraph 1, specifying the quality and quantity of the quarter as well as the slaughterhouse where it was produced.

Article 6

1. Meat purchased in accordance with this Regulation shall be processed into products which comply with the definitions for A products and B products set out in paragraphs 2 and 3 below.

2. An A product means a processed product falling within CN code 1602 10, 1602 50 31, 1602 50 39 or 1602 50 80, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 % ⁽¹⁾ and containing by weight at least 20 % ⁽²⁾ of lean meat excluding offal ⁽³⁾ and fat with meat and jelly accounting for at least 85 % of the total net weight.

The product must be subjected to a heat treatment sufficient to ensure the coagulation of meat proteins in the whole of the product, which may not therefore show any traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part.

3. A B product means a processed product containing beef, other than:

- one specified in Article 1(1)(a) of Regulation (EC) No 1254/1999 or
- one referred to in paragraph 2.

However, a processed product falling within CN code 0210 20 90 which has been dried or smoked so that the colour and consistency of the fresh meat has totally disappeared and with a water/protein ratio not exceeding 3,2 shall be considered to be a B product.

Article 7

1. Member States shall set up a system of physical and documentary supervision to ensure that all meat is processed in accordance with Article 6.

The system must include physical checks of quantity and quality at the start of the processing, during the processing and after the processing operation is completed. To this end, processors shall at any time be able to demonstrate the identity and use of the meat through appropriate production records.

Technical verification of the production method by the competent authority may, to the extent necessary, make allowance for drip losses and trimmings.

In order to verify the quality of the finished product and establish its conformity with the processor's recipe Member States shall undertake representative sampling and analysis of the product. The costs of such operations shall be borne by the processor concerned.

⁽¹⁾ Determination of collagen content: the collagen content shall be taken to mean the hydroxyproline content multiplied by the factor 8. The hydroxyproline content must be determined according to ISO method 3496-1978.

⁽²⁾ The lean bovine meat content excluding fat is determined in accordance with the procedure described in the Annex to Commission Regulation (EEC) No 2429/86 (OJ L 210, 1. 8. 1986, p. 39).

⁽³⁾ Offal includes the following: heads and cuts thereof (including ears), feet, tails, hearts, udders, livers, kidneys, sweetbreads (thymus gland with pancreas), brains, lungs, throats, thick skirts, spleens, tongues, caul, spinal cords, edible skin, reproductive organs (i.e. uteri, ovaries and testes), thyroid glands, pituitary glands.

2. Member States may, at the request of the processor, authorise the boning of bone-in forequarters in an establishment other than that provided for in respect of processing provided the relevant operations take place in the same Member State under appropriate supervision.

3. Article 1 of Regulation (EEC) No 2182/77 shall not apply.

Article 8

1. Notwithstanding Article 15(1) of Regulation (EEC) No 2173/79, the security shall be EUR 12 per 100 kilograms.

2. The security provided for in Article 4(1) of Regulation (EEC) No 2182/77 shall be:

- for forequarters the difference in EUR between the tender price per tonne and EUR 1 600,
- for boneless beef of intervention codes INT 22 and INT 24 the difference in EUR between the tender price per tonne and EUR 1 800,
- for boneless beef of intervention codes INT 11, INT 18, INT 21 and INT 23 the difference in EUR between the tender price per tonne and EUR 1 400.

3. Notwithstanding Article 5(3) of Regulation (EEC) No 2182/77, the processing of all beef purchased into finished products as referred to in Article 6 shall constitute a principal requirement.

Article 9

Notwithstanding Article 9 of Regulation (EEC) No 2182/77, in addition to the entries provided for in Regulation (EEC) No 3002/92, Section 104 of T 5 control copies must be completed with one or more of the following:

ANNEX I

TERMS AND CONDITIONS FOR HUNGARY'S PARTICIPATION IN THE FISCALIS PROGRAMME

1. As stated in Article 7 of Decision No 888/98/EC of the European Parliament and of the Council of 30 March 1998 establishing a programme of Community action to ameliorate the indirect taxation systems of the internal market (Fiscalis programme) ⁽¹⁾, Hungary's participation in the Fiscalis Programme (hereinafter referred to as the 'Programme') shall take place in accordance with the conditions laid down in the Europe Agreement, the Additional Protocol and insofar as Community law on indirect taxation so permits. Accordingly, Hungary's participation in the Programme's activities shall take place under the following conditions:
 - activities envisaged in Article 4 (communication and information-exchange systems, manuals and guides) will be allowed insofar as Community indirect taxation provisions make it possible,
 - activities envisaged in Article 5(1) (exchanges of officials) and (2) (seminars) as well as those envisaged in Article 6 (common training initiative) will be allowed under the conditions laid down in these Articles,
 - activities envisaged in Article 5(3) (multilateral controls) will not be allowed, as the Community legal framework for cooperation in this domain, pursuant to Directive 77/799/EEC ⁽²⁾ and Regulation (EEC) No 218/92 ⁽³⁾, is applicable only to countries which are Member States of the European Union.
2. The terms and conditions for the submission, assessment and selection of applications for seminars and exchanges related to officials of Hungary shall be the same as those applicable to officials of the 15 national administrations of the Member States of the European Union.
3. Annex II establishes the financial contribution to the general budget of the European Union that Hungary will have to pay at the beginning of every financial year to cover the costs resulting from its participation in the Programme, from 2001 to 2002. The Association Committee is entitled to adapt this contribution whenever necessary in accordance with the principles laid down in Article 108(2) of the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part.
4. Representatives of Hungary will participate, as observers and for the points which concern them, in the Standing Committee on Administrative Cooperation in the field of Indirect Taxation provided for in Article 11(1) of Decision No 888/98/EC. This Committee shall meet without the presence of representatives of Hungary for the rest of the points, as well as at the time of voting.
5. The Member States of the European Union and Hungary will make every effort, within the framework of the existing provisions, to facilitate the free movement and residence of all persons eligible under the Programme moving between Hungary and the EU Member States for the purpose of participating in activities covered by the Decision.
6. Without prejudice to the responsibilities of the Commission of the European Communities and the Court of Auditors of the European Communities in relation to the monitoring and evaluation of the Programme pursuant to Decision No 888/98/EC, the participation of Hungary in the Programme will be continuously monitored on a partnership basis involving Hungary and the Commission. Hungary will submit the necessary reports to the Commission and take part in other specific activities set out by the Community in that context.
7. The language to be used as regards the application process, contracts, reports to be submitted and other administrative arrangements for the Programme, will be one of the official languages of the European Community.
8. The Community and Hungary may terminate activities under this Decision at any time upon 12 months' notice in writing. Activities in progress at the time of termination shall continue until their completion under the conditions laid down in this Decision.

ANNEX II

HUNGARY'S FINANCIAL CONTRIBUTION TO THE FISCALIS PROGRAMME

1. Hungary's financial contribution will be added to the amount available each year in the general budget of the European Union for commitment appropriations to meet the Commission's financial obligations stemming from work to be carried out for the implementation, management and operation of the Fiscalis programme (hereinafter referred to as the 'Programme').
2. The financial contribution has been calculated considering an average daily allowance of EUR 146 and an average travel allowance of EUR 695 representing costs incurred for participating in seminars and exchanges. It is estimated for the calculation of the financial contribution that Hungary will participate in 15 seminars and 25 exchanges as an average number of activities per year. The financial contribution may be adjusted at the beginning of each year to take into account the actual number of activities in which Hungary plans to participate during that year. The adjustment will take place by means of the required call for funds that Hungary will receive from the Commission, as referred to under point 6.
3. Hungary's contribution will be EUR 109 638 for every single year of participation, unless determined otherwise within the conditions under point 2. From this sum, an amount of EUR 7 173 will cover supplementary costs of an administrative nature related to the management of the Programme by the Commission stemming from Hungary's participation.
4. Hungary will pay the annual supplementary costs of an administrative nature referred to under point 3 from its national budget.
5. Hungary will pay 50 % of the annual remaining cost of its participation from its national budget for the year 2001; 60 % for the year 2002.

Subject to regular Phare separate programming procedures, the remaining 50 % will be paid from Hungary's annual Phare allocations, subject to the availability of the relevant budgetary appropriations, for the year 2001; 40 % for the year 2002. The requested Phare funds will be transferred to Hungary by means of a separate Financing Memorandum. Together with the part coming from Hungary's State budget, these funds will constitute Hungary's national contribution, out of which it will make payments in response to annual calls for funds from the Commission.

6. The Financial Regulation of 21 December 1977 applicable to the general budget of the European Union ⁽¹⁾ will apply, in particular to the management of Hungary's contribution.

Upon entry into force of this Decision, the Commission will send to Hungary one or more call for funds corresponding to its contribution to the costs of the activities for the current year. The contribution will be expressed in euro and paid into a euro bank account of the Commission.

Hungary will pay its contribution according to the call for funds:

- for the part financed from its national budget, at the latest three months after the call for funds is sent out,
- for the part financed from Phare, at the latest within a period of 30 days after the corresponding Phare funds have been sent to the country.

Any delay in the payment of the contribution shall give rise to the payment of interest by Hungary on the outstanding amount from the due date. The interest rate corresponds to the rate applied by the European Central Bank, on the due date, for its operations in euro, increased by 1,5 percentage points.

7. The daily subsistence allowances are applicable to all participants in the Programme and are determined on a country per country basis by the Commission. Hungary will receive a first budget advance from the Commission at the beginning of every year. A second advance may be paid at the middle of the year depending on the actual participation of Hungary in the Programme activities and on the expected participation for the rest of the year. The Hungarian department concerned will use these advances to pay for the travel tickets and daily subsistence allowances for Hungarian participants.
8. Travel costs and subsistence costs incurred by representatives and experts of Hungary for the purposes of taking part as observers in the work of the committee referred to in point 4 of Annex I, shall be reimbursed by the Commission on the same basis as for the Member States of the European Union.

COMMISSION

COMMISSION DECISION

of 17 October 2002

establishing a joint framework for the communication of information needed for the application of Council Regulation (EC) No 1407/2002 on State aid to the coal industry

(notified under document number C(2002) 3783)

(2002/871/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DECISION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Regulation (EC) No 1407/2002 of 23 July 2002 on State aid to the coal industry ⁽¹⁾, and in particular Article 12 thereof,

This Decision applies to the submission by the Member States of closure plans and/or plans for accessing coal reserves and any changes to those plans, and to the notification of the financial measures which the Member States intend to take for the benefit of the coal industry in a coal production year.

Whereas:

(1) In accordance with Regulation (EC) No 1407/2002, the Commission appraises the measures notified by the Member States relating to aid to the coal industry and decides on their conformity.

Article 2

(2) To this end, Member States are required to notify the Commission of all the financial support which they intend to grant to the coal industry during a coal production year. They must specify the nature of the support with reference to the forms of aid provided for in Regulation (EC) No 1407/2002. They must submit to the Commission all details relevant to the calculation of the production costs and their relationship to the plans notified to the Commission, particularly closure plans and/or plans for accessing coal reserves.

For the purposes of this Decision, 'production unit' means underground or opencast coal workings and related infrastructures capable of producing raw coal independently of other production units while complying the legislation of the Member State on safety and health in the extractive industries.

The 'production cost' and the 'current production losses', as defined in Article 2(e) and (f) of Regulation (EC) No 1407/2002, shall be calculable for each production unit.

(3) In order to be able to evaluate compliance with the conditions and criteria laid down for the granting of aid, the Commission needs to have at its disposal detailed, comparable and verifiable information. Accordingly, a joint framework for the notification by the Member States of closure plans and/or plans for accessing coal reserves and for the notification of aid to the coal industry needs to be established.

Article 3

(4) For the provision of information for the reference year 2001, reference should be made, for that year, to Commission Decision No 3632/93/ECSC ⁽²⁾ of 28 December 1993,

To enable the Commission to evaluate compliance with the conditions and criteria laid down in Article 4 and Article 5(3) of Regulation (EC) No 1407/2002, Member States shall communicate the information referred to in Article 9(4) and Article 9(6)(b), (c), (e) and (f) of that Regulation, using the following forms:

(a) forms A.1 and B.1 in Annex I to this Decision for underground production units;

(b) forms A.2 and B.2 in Annex II to this Decision for opencast production units.

- (a) form A.1 in Annex I and form D in Annex III to this Decision for underground production units;
- (b) form A.2 in Annex II and form D in Annex III to this Decision for opencast production units.

Article 5

To enable the Commission to appraise the financial measures for the benefit of the coal industry during the following coal production year, Member States shall communicate the information referred to in Article 9(10) of Regulation (EC) No 1407/2002, using the following forms:

- (a) forms B.1 and C.1 in Annex I to this Decision for underground production units;
- (b) forms B.2 and C.2 in Annex II to this Decision for opencast production units.

Article 6

The following shall be notified in free format:

- (a) information relating to costs intended to be covered by aid referred to in Article 7 of Regulation (EC) No 1407/2002, in accordance with the categories of costs defined in the Annex to that Regulation;
- (b) the information referred to in Article 9(2), Article 9(6)(a), (d) and (g) and Article 9(7) of that Regulation.

Article 7

The documents obtained or compiled by the national authorities in implementing this Decision shall be centralised in the national departments and kept at the disposal of the Commission.
