In such cases, Column 3 of Annex I to this Decision, should refer to the applicable CN code and give details of the products which should be subject to those veterinary checks.
- (7) Decision 2002/349/EC provides that composite food products containing only a limited percentage of products of animal origin are to continue to be subject to national rules.
- (8) However, in order to avoid differences in interpretation between Member States, leading to distortions in trade and to potential animal health risks, rules should now be laid down at Community level concerning the composite products that may be exempted from veterinary checks under Directive 97/78/EC.
- (9) Regulation (EC) No 853/2004 of the European Parliament and of the Council of 29 April 2004 laying down specific hygiene rules for food of animal origin ⁽¹⁾ contains definitions of certain products. In the interests of consistency of Community legislation, it is appropriate to have regard to those definitions in this Decision.
- (10) There are differences in the animal health risk associated with imports of different types of animal products into the Community. Accordingly, this Decision should provide that all composite products containing meat products should be subject to veterinary checks, while different criteria should be applied to composite products containing other animal products based upon the need to have harmonised rules at Community level.
- (11) Certain composite products receive treatment during manufacture which reduces the potential animal health risk present in such products. The appearance, shelf stability, and physical characteristics should therefore be used as recognisable distinguishing features for competent authorities that have to make a decision on the necessity of subjecting composite products to veterinary checks.
- (12) In the interests of consistency of veterinary checks at border inspection posts on composite products being introduced into the Community, it is appropriate to establish also a list of certain foodstuffs and composite products that may be exempted from the veterinary checks provided for in Directive 97/78/EC.
- (13) In the interests of coherence of Community legislation, it is appropriate to repeal Decision 2002/349/EC and replace it by this Decision.
- (14) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,
- HAS ADOPTED THIS DECISION:

*Article 3***Veterinary checks of animals and products listed in Annex I**

1. The animals and products listed in Annex I to this Decision shall be subjected to veterinary checks at border inspection posts in accordance with Directives 91/496/EEC and 97/78/EC.

2. This Decision applies without prejudice to the checks on composite products necessary to ensure compliance with Community public health requirements.

3. Initial selection of products for veterinary checks made on the basis of the Combined Nomenclature in Column 1 of the Annex shall be qualified by reference to the specific text or veterinary legislation cited in Column 3.

*Article 4***Composite products subject to veterinary checks**

The following composite products shall be subject to veterinary checks:

- (a) Composite products containing processed meat product.
- (b) Composite products containing half or more of their substance of any one processed product of animal origin other than processed meat product.

1. By way of derogation from Article 3, the following composite products or foodstuffs intended for human consumption, not containing any meat products, shall not be subject to veterinary checks:

- (a) composite products containing less than half of their substance of any other processed product provided such products are:
 - (i) shelf-stable at ambient temperature or have clearly undergone in their manufacture a complete cooking or heat treatment process throughout their substance, so that any raw product is denatured;
 - (ii) clearly identified as intended for human consumption;
 - (iii) securely packaged or sealed in clean containers;
 - (iv) accompanied by a commercial document and labelled in an official language of a Member State, so that that document and labelling together give information on the nature, quantity and number of packages of the composite products, the country of origin, the manufacturer, and the ingredient;

(b) composite products or foodstuffs listed in Annex II.

2. However, any milk product included in any composite products shall only be derived from, and treated as provided for, countries listed in Annex I to Commission Decision 2004/438/EC ⁽¹⁾.

ANNEX I

LIST OF ANIMALS AND PRODUCTS SUBJECT TO VETERINARY CHECKS AS REFERRED TO IN ARTICLE 3

This list sets out animals and products according to the goods nomenclature in use in the Community to assist selection of consignments that must be submitted to veterinary checks at a border inspection post

Notes:

1. Column 1:

Where a four digit code is used: unless otherwise specified all products prefixed with or covered by these four digits must be passed to the competent authority for veterinary checks.

Where only certain products under any code are required to be examined under veterinary checks and no specific subdivision under this code exists in the goods nomenclature, the code is marked **Ex** (for example **Ex 3002**: veterinary check required only for animal derived material and not for the entire heading).

The digits placed within brackets in column 1 are not to be entered in the TRACES system set up by Commission Decision 2004/292/EC of 30 March 2004 on the introduction of the TRACES system and amending Decision 92/486/EEC ⁽¹⁾.

2. Column 2:

The description of the goods is as laid down in the description column of Annex 1 to Regulation (EEC) No 2658/87. For further explanation of the exact coverage of the Common Customs Tariff please refer to the latest amendment to that Annex.

NB: Further information on the products covered by the different Chapters and Headings is provided by the Harmonized System Explanatory Notes of the World Customs Organisation or can be found in the Combined Nomenclature explanatory notes as regards Combined Nomenclature (CN) codes.

3. Column 3: This column gives details of the products covered.

In some cases there are certain live animals (such as reptiles, amphibians, insects, worms, or other invertebrates) or animal products sent to the official veterinarian for which no harmonised animal health conditions for imports into the Community are laid down, and therefore there is no harmonised import certificate. The conditions of import for all live animals not elsewhere specified fall within the scope of Council Directive 92/65/EEC of 13 July 1992 laying down animal health requirements governing trade in and imports into the Community of animals, semen, ova and embryos not subject to animal health requirements laid down in specific Community rules referred to in Annex A (I) to Directive 90/425/EEC ⁽²⁾, but in the case of certain animals national rules apply as regards the documentation required to accompany consignments. Official veterinarians must examine the consignments and issue a Common Veterinary Entry Document (CVED) as appropriate to indicate that a control has been carried out and that the animals may be released for free circulation.

In certain cases as regards animal by-products covered by Regulation (EC) No 1774/2002 of the European Parliament and of the Council of 3 October 2002 laying down health rules concerning animal by products not intended for human consumption ⁽³⁾, the full extent of the coverage of the Community legislation in respect of derived or processed products is not precisely defined. Veterinary checks must be carried out on products that are processed but are still essentially raw bulk product that are to be further processed before being presented to the final consumer.

In these cases the official veterinarian at the border inspection posts must specify whether a particular derived product is so processed that it falls outside the veterinary checks provided for in Community legislation.

TABLE

Notwithstanding the rules for the interpretation of the Combined Nomenclature, the wording for the description of the products in column 2 is to be considered as having no more than an indicative value, the scope being determined, within the context of this Annex by the scope of the CN codes as they exist at the time of adoption of the current Decision.

Where ex CN codes are referred to in this table, the coverage is to be determined by application of the CN code and corresponding description taken together.

The heading 1516 covers animal and vegetable fats and oils, which have undergone a specific chemical transformation of a kind mentioned below, but have not been further prepared.

The heading also covers similarly treated fractions of animal or vegetable fats and oils.

Hydrogenation, which is affected by bringing the products into contact with pure hydrogen at a suitable temperature and pressure in the presence of a catalyst (usually finely divided nickel), raises the melting points of fats and increases the consistency of oils by transforming unsaturated glycerides into saturated glycerides of higher melting points.

COMMISSION DECISION
of 19 April 2007
amending Decisions 2001/881/EC and 2002/459/EC as regards the list of border inspection posts
(notified under document number C(2007) 1681)
(Text with EEA relevance)
(2007/276/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽¹⁾, and in particular Article 20(3) thereof,

Having regard to Council Directive 91/496/EEC of 15 July 1991 laying down the principles governing the organisation of veterinary checks on animals entering the Community from third countries and amending Directives 89/662/EEC, 90/425/EEC and 90/675/EEC ⁽²⁾, and in particular Article 6(4) thereof,

Having regard to Council Directive 97/78/EC of 18 December 1997 laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries ⁽³⁾, and in particular Article 6(2) thereof,

Whereas:

(1) Commission Decision 2001/881/EC of 7 December 2001 drawing up a list of border inspection posts agreed for veterinary checks on animals and animal products from third countries and updating the detailed

⁽¹⁾ OJ L 224, 18.8.1990, p. 29. Directive as last amended by Directive 2002/33/EC of the European Parliament and of the Council (OJ L 315, 19.11.2002, p. 14).

⁽²⁾ OJ L 268, 24.9.1991, p. 56. Directive as last amended by Directive 2006/104/EC (OJ L 363, 20.12.2006, p. 352).

⁽³⁾ OJ L 24, 30.1.1998, p. 9. Directive as last amended by Directive 2006/104/EC.

rules concerning the checks to be carried out by the experts of the Commission ⁽⁴⁾ sets out a list of border inspection posts for veterinary checks on live animals and animal products introduced into the Community from third countries in the Annex to that Decision ('the list of border inspection posts').

(2) The list of border inspection posts includes the Traces unit number for each border inspection post. Traces is a computerised system introduced by Commission Decision 2004/292/EC of 30 March 2004 on the introduction of the Traces system and amending Decision 92/486/EEC ⁽⁵⁾. It replaces the previous Animo system, based on the network introduced by Commission Decision 91/398/EEC of 19 July 1991 on a computerised network linking veterinary authorities (Animo) ⁽⁶⁾, for tracing movements of animals and certain products in intra-Community trade and imports.

(3) Following a satisfactory inspection in accordance with Decision 2001/881/EC, additional border inspection posts at Hrebenne, Poland, and Norrköping, Sweden should be added to the list of border inspection posts.

(4) Following communications from Denmark and the United Kingdom, border inspection posts at Rønne, Denmark, and Aberdeen, Goole and Grangemouth, the United Kingdom, should be deleted from the list of border inspection posts.

(5) In addition, the list of border inspection posts should be updated to take account of recent changes regarding categories of animals or products that can be checked at certain border inspection posts already approved in accordance with Decision 2001/881/EC and the organisation of inspection centres at those posts.

⁽⁴⁾ OJ L 326, 11.12.2001, p. 44. Decision as last amended by Regulation (EC) No 1792/2006 (OJ L 362, 20.12.2006, p. 1).

⁽⁵⁾ OJ L 94, 31.3.2004, p. 63. Decision as last amended by Decision 2005/515/EC (OJ L 187, 19.7.2005, p. 29).

⁽⁶⁾ OJ L 221, 9.8.1991, p. 30.

- (6) For ease of reference and harmonisation with the codes used in the Traces system, it is appropriate to change the unique reference Animo code identifying each border inspection post, and also to replace the first two country identifying figures in each code by the ISO code for that Member State. The list of border inspection posts should be amended accordingly.
- (7) The list of units in Commission Decision 2002/459/EC of 4 June 2002 listing the units in the Animo computer network and repealing Decision 2000/287/EC ⁽¹⁾ includes the Traces unit number of each border inspection post in the Community. In the interests of consistency of Community legislation, that list should, accordingly, be updated to take account of changes and to ensure it is identical to that set out in Decision 2001/881/EC.
- (8) Decisions 2001/881/EC and 2002/459/EC should therefore be amended accordingly.
- (9) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 2001/881/EC is replaced by the text in Annex I to this Decision.

Article 2

The Annex to Decision 2002/459/EC is amended in accordance with Annex II to this Decision.

(ECB/2007/1)

(2007/279/EC)

THE EXECUTIVE BOARD OF THE EUROPEAN CENTRAL BANK,

Having regard to the Treaty establishing the European Community, and in particular Article 286 thereof,

Having regard to Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data⁽¹⁾, and in particular Article 24(8) thereof,

Whereas:

- (1) Regulation (EC) No 45/2001 lays down the data protection principles and rules applicable to all Community institutions and bodies and provides for a Data Protection Officer (DPO) to be appointed by each Community institution and body.
- (2) Pursuant to Article 24(8) of Regulation (EC) No 45/2001, each Community institution or body must adopt further implementing rules concerning the DPO in accordance with the provisions in the Annex to that Regulation,

HAS DECIDED AS FOLLOWS:

SECTION 1

GENERAL PROVISIONS

Article 1

Subject matter and scope

1. This Decision lays down the general rules implementing Regulation (EC) No 45/2001 as regards the European Central Bank (ECB). In particular, it supplements the provisions in Regulation (EC) No 45/2001 relating to the DPO's appointment and status, as well as to their tasks, duties and powers.

2. This Decision also clarifies the roles, tasks and duties of controllers and data protection coordinators and implements the rules pursuant to which data subjects may exercise their rights.

Article 2

Definitions

For the purposes of this Decision, and without prejudice to the definitions in Regulation (EC) No 45/2001, the following definitions shall apply:

- (a) 'controller' means a manager responsible for an organisational unit that determines the purposes and means of the processing of personal data;
- (b) 'data protection coordinator' means a staff member who assists a controller in fulfilling the latter's data protection obligations. This person shall be a specialist in record management.

SECTION 2

THE DATA PROTECTION OFFICER

Article 3

Appointment, status and organisational matters

1. The Executive Board shall:
 - (a) appoint the DPO from amongst ECB staff who are sufficiently senior to meet the requirements of Article 24 of Regulation (EC) No 45/2001;
 - (b) set a term of office for the DPO of between two and five years; and
 - (c) register the DPO with the European Data Protection Supervisor (EDPS).

⁽¹⁾ OJ L 8, 12.1.2001, p. 1.

2. The Executive Board shall ensure that the DPO can carry out DPO tasks and duties in an independent manner. Without prejudice to such independence:

- (a) the DPO shall be subject to the ECB's conditions of employment;
- (b) for administrative purposes the DPO shall be allocated to one of the ECB's business areas; and
- (c) the DPO's appraisers shall consult the EDPS before appraising the DPO's performance of DPO tasks and duties.

3. The relevant controller shall ensure that the DPO is kept informed without delay:

- (a) when an issue arises that has, or might have, data protection implications; and
- (b) in respect of all contacts with external parties relating to the application of Regulation (EC) No 45/2001, notably any interaction with the EDPS.

4. The Executive Board may appoint a Deputy DPO, to whom paragraphs 1 and 2 shall apply. The Deputy DPO shall support the DPO in carrying out DPO tasks and duties and deputise in the event of the DPO's absence.

5. Any staff providing support to the DPO in relation to data protection issues shall act solely on the DPO's instructions.

Article 4

Data Protection Officer's tasks and duties

When carrying out the tasks specified in Article 24 of Regulation (EC) No 45/2001 and in the Annex to that Regulation, the DPO shall perform the following duties, taking into account input from relevant ECB business areas where necessary:

- (a) advise the Executive Board, the controllers and the data protection coordinators on matters concerning the application of data protection provisions at the ECB. The DPO may be consulted by the Executive Board, any of the controllers concerned, the Staff Committee or any individual on any matter concerning the interpretation or application of Regulation (EC) No 45/2001;
- (b) on the DPO's own initiative or on the request of the Executive Board, a controller, the Staff Committee or any individual, investigate matters and occurrences directly relating to DPO tasks and duties that come to the DPO's notice, and report back to the person who commissioned

the investigation. The DPO shall consider issues and facts impartially and with due regard to the data subject's rights. If the DPO deems it appropriate, the DPO shall inform all other parties concerned accordingly. If the requester is an individual, or if the requester acts on behalf of an individual, the DPO shall, to the extent possible, ensure that the request remains confidential, unless the data subject concerned gives their unambiguous consent to treat the request otherwise;

- (c) cooperate with the DPOs of other Community institutions and bodies, in particular by exchanging experience and sharing know-how and representing the ECB in all discussions — excluding court cases — relating to data protection issues; and
- (d) submit an annual work programme and an annual report on DPO activities to the Executive Board and the EDPS.

Article 5

Data Protection Officer's powers

The DPO may:

- (a) request an opinion from any ECB business area on any matter relating to DPO tasks and duties;
- (b) issue an opinion on the lawfulness of actual or proposed processing operations or on any issue concerning the notification of processing operations;
- (c) bring to the Executive Board's attention any failure of a staff member to comply with Regulation (EC) No 45/2001; and
- (d) carry out the other tasks specified in the Annex to Regulation (EC) No 45/2001.

SECTION 3

CONTROLLERS AND DATA PROTECTION COORDINATORS

Article 6

Tasks and duties of controllers and data protection coordinators

1. The controllers shall ensure that all processing operations involving personal data that are performed within their area of responsibility comply with Regulation (EC) No 45/2001.
2. When fulfilling their obligation to assist the DPO and the EDPS in the performance of their duties, the controllers shall provide full information to them, grant access to personal data and respond to questions within 20 working days of receipt of the request.

3. Without prejudice to the controllers' responsibilities:

- (a) The data protection coordinators shall assist the controllers in fulfilling their obligations, either at the controllers' request or on their own initiative. When doing so, the data protection coordinators shall liaise with the controllers' staff, who shall provide them with all necessary information. This may, at the relevant controller's discretion, include accessing personal data processed under that controller's responsibility.
- (b) The data protection coordinators shall assist the DPO in:
 - (i) identifying the relevant controllers of processing operations relating to personal data;
 - (ii) promulgating the DPO's advice and supporting the controllers under the DPO's guidance;
 - (iii) other aspects of the DPO's work programme as agreed between the DPO and the coordinators' management.

Article 7

Notification procedure

1. Before introducing new processing operations relating to personal data, the relevant controller shall notify the DPO thereof using the on-line interface accessible through the DPO website on the ECB's intranet. Any processing operation that is subject to prior checking pursuant to Article 27(3) of Regulation (EC) No 45/2001 shall be notified sufficiently well in advance of introduction to allow for prior checking by the EDPS.

2. The controllers shall immediately inform the DPO of any change affecting the information contained in a notification already submitted to the DPO.

SECTION 4

DATA SUBJECTS' RIGHTS

Article 8

Register

The register kept by the DPO pursuant to Article 26 of Regulation (EC) No 45/2001 shall serve as an index of all processing operations relating to personal data conducted at the ECB. Data subjects may make use of the information contained in the register to exercise their rights under Articles 13 to 19 of Regulation (EC) No 45/2001.

Article 9

Exercise of data subjects' rights

1. Further to their right to be appropriately informed about any processing of their personal data, data subjects may approach the relevant controller to exercise their rights pursuant to Articles 13 to 19 of Regulation (EC) No 45/2001, as specified below.

- (a) These rights may only be exercised by the data subject or their duly authorised representative. Such persons may exercise any of these rights free of charge.
- (b) Requests to exercise these rights shall be addressed in writing to the relevant controller. The controller shall only grant the request if the requester's identity and, if relevant, their entitlement to represent the data subject have been appropriately verified. The controller shall without delay inform the data subject in writing of whether or not the request has been accepted. If the request has been rejected, the controller shall include the grounds for the rejection.
- (c) The controller shall, at any time within three calendar months of receipt of the request, grant access pursuant to Article 13 of Regulation (EC) No 45/2001 by enabling the data subject to consult these data on-site or to receive a copy thereof, according to the applicant's preference.
- (d) Data subjects may contact the DPO in the event that the controller does not respect either of the time limits in paragraphs (b) or (c). In the event of obvious abuse by a data subject in exercising their rights, the controller may refer the data subject to the DPO. If the case is referred to the DPO, the DPO will decide on the merits of the request and the appropriate follow-up. In the event of disagreement between the data subject and the controller, both parties shall have the right to consult the DPO.

2. ECB staff members may consult the DPO before lodging a complaint with the EDPS pursuant to Article 33 of Regulation (EC) No 45/2001.

Article 10

Exemptions and restrictions

1. Provided that the DPO has been consulted in advance, the controller may restrict the rights referred to in Articles 13 to 17 of Regulation (EC) No 45/2001 on the grounds, and in accordance with the conditions, set out in Article 20 of Regulation (EC) No 45/2001.

2. Any affected person may ask the EDPS to apply Article 47(1)(c) of Regulation (EC) No 45/2001.

*Article 11***Investigation procedure**

1. Any request for an investigation under Article 4(b) shall be addressed to the DPO in writing.
2. The DPO shall send an acknowledgement of receipt to the requester within 20 working days of receipt of the request.
3. The DPO may investigate the matter on-site and request a written statement from the controller. The controller shall provide their response to the DPO within 20 working days of the controller's receipt of the DPO's request. The DPO may ask for additional information or assistance from any ECB business area. The business area shall provide such additional information or assistance within 20 working days of the DPO's request.
