- (12) Following the adoption by the Conference of the Parties at its 14th session of decisions to change the nomenclatural references and to rearrange the listing of animal species in the Appendices so that the orders, families and genera are presented in alphabetical order, the species listed in the Appendices to the Convention have been renamed and reordered.
- (13) The amendments made to Appendices I, II and III to the Convention therefore necessitate amendments to Annexes A, B and C of the Annex to Regulation (EC) No 338/97.
- (14) The species *Agelastes meleagrides*, *Corythaeola cristata*, *Crinifer piscator*, *Musophaga violacea*, *Columba caribaea*, *Anthreptes pallidigaster*, *Anthreptes rubritorques*, *Liolaemus gravenhorstii*, *Dromicus chamissonis*, *Crotalus willardi* — all currently included in Annex B of the Annex to Regulation (EC) No 338/97 — are not subject to levels of international trade that might be incompatible with their survival and should therefore be deleted from Annex B.
- (15) The species *Gazella dorcas* — currently included in Annex B of the Annex to Regulation (EC) No 338/97 — is not subject to levels of international trade that might be incompatible with its survival but is included in Appendix III to the Convention at the request of Tunisia and should therefore be transferred from Annex B to Annex C of the Annex to Regulation (EC) No 338/97.
- (16) The species *Dendrolagus dorianus*, *Dendrolagus goodfellowi*, *Dendrolagus matschiei*, *Crax alector*, *Pauxi unicornis*, *Lophura bulweri*, *Lophura diardi*, *Lophura hoogerwerfi*, *Lophura inornata*, *Lophura leucomelanos*, *Didunculus strigirostris*, *Baronia brevicornis*, *Papilio grose-Smithi* and *Papilio maraho* — all of which are currently included in Annex B of the Annex to Regulation (EC) No 338/97 — are not subject to levels of international trade that might be incompatible with their survival, but warrant monitoring of trade levels and should therefore be transferred from Annex B to Annex D of the Annex to Regulation (EC) No 338/97.
- (17) The species *Pterapogon kauderni*, *Cedrela fissilis*, *Cedrela lilloi*, *Cedrela montana*, *Cedrela oaxacensis*, *Cedrela odorata* (except for the populations of Colombia and Peru which are included in Annex C), *Cedrela salvadorensis*, *Cedrela tonduzii*, *Dalbergia retusa*, *Dalbergia granadillo* and *Dalbergia stevensonii* — all of which are currently not listed in Annexes A, B, C or D of the Annex to Regulation (EC) No 338/97 — are being imported into the Community in such numbers as to warrant monitoring. These species should therefore be included in Annex D of the Annex to Regulation (EC) No 338/97.

- (18) In view of the extent of the amendments it is appropriate, for clarity purposes, to replace the Annex to Regulation (EC) No 338/97 in its entirety.
- (19) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Trade in Wild Fauna and Flora,

HAS ADOPTED THIS REGULATION:

ANNEX

'ANNEX

Notes on interpretation of Annexes A, B, C and D

1. Species included in these Annexes A, B, C and D are referred to:
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation "spp." is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Council Directive 79/409/EEC (Birds Directive) or Council Directive 92/43/EEC (Habitats Directive).
5. The following abbreviations are used for plant taxa below the level of species:
 - (a) "ssp." is used to denote subspecies;
 - (b) "var(s)." is used to denote variety (varieties); and
 - (c) "fa" is used to denote forma.
6. The symbols "(I)", "(II)" and "(III)" placed against the name of a species or higher taxon refer to the Appendices of the Convention in which the species concerned are listed as indicated in notes 7 to 9. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.
7. (I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.
8. (II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.
9. (III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated.
10. Hybrids may be specifically included in the Appendices but only if they form distinct and stable populations in the wild. Hybrid animals that have in their previous four generations of the lineage one or more specimens of species included in Annexes A or B shall be subject to the provisions of this Regulation just as if they were full species, even if the hybrid concerned is not specifically included in the Annexes.
11. When a species is included in Annexes A, B or C, all parts and derivatives of the species are also included in the same Annex unless the species is annotated to indicate that only specific parts and derivatives are included. In accordance with Article 2(t) of this Regulation, the symbol "#" followed by a number placed against the name of a species or higher taxon included in Annexes B or C designates parts or derivatives which are specified in relation thereto for the purposes of the Regulation as follows:
 - #1 Designates all parts and derivatives, except:
 - (a) seeds, spores and pollen (including pollinia);
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla*.
 - #2 Designates all parts and derivations, except:
 - (a) seeds and pollen; and
 - (b) finished products packaged and ready for retail trade.

- #3 Designates whole and sliced roots and parts of roots.
- #4 Designates all parts and derivatives, except:
- (a) seeds, except those from Mexican cacti originating in Mexico, and pollen;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants;
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants; and
 - (e) separate stem joints (pads) and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Opuntia* subgenus *Opuntia*.
- #5 Designates logs, sawn wood and veneer sheets.
- #6 Designates logs, sawn wood, veneer sheets and plywood.
- #7 Designates logs, wood-chips, powder and extracts.
- #8 Designates underground parts (i.e. roots, rhizomes): whole, parts and powdered.
- #9 Designates all parts and derivatives, except those bearing a label "Produced from *Hoodia* spp. material obtained through controlled harvesting and production in collaboration with the CITES Management Authorities of Botswana/Namibia/South Africa under agreement No BW/NA/ZA xxxxxx".
- #10 Designates logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments.
- #11 Designates logs, sawn wood, veneer sheets, plywood, powder and extracts.
12. As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article 4.1 of the Regulation, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of the Regulation.
13. Urine, faeces and ambergris which are waste products and gained without the manipulation of the animal concerned are not subject to the provisions of the Regulation.
14. In respect of fauna species listed in Annex D, the provisions shall apply only to live specimens and whole, or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
- § 1 Any whole, or substantially whole, skins, raw or tanned.
 - § 2 Any feathers or any skin or other part with feathers on it.
15. In respect of flora species listed in Annex D, the provisions shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
- § 3 Dried and fresh plants, including, where appropriate; leaves, roots/rootstock, stems, seeds/spores, bark and fruits.
 - § 4 Logs, sawn wood and veneer sheets.

COMMISSION REGULATION (EC) No 319/2008**of 7 April 2008**

amending Regulation (EC) No 795/2004 laying down detailed rules for the implementation of the single payment scheme provided for in Council Regulation (EC) No 1782/2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers, and Regulation (EC) No 796/2004 laying down detailed rules for the implementation of cross-compliance, modulation and the integrated administration and control system provided for in Council Regulation (EC) No 1782/2003

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1782/2003 of 29 September 2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers and amending Regulations (EEC) No 2019/93, (EC) No 1452/2001, (EC) No 1453/2001, (EC) No 1454/2001, (EC) No 1868/94, (EC) No 1251/1999, (EC) No 1254/1999, (EC) No 1673/2000, (EEC) No 2358/71 and (EC) No 2529/2001 ⁽¹⁾, and in particular Article 145(c), (m) and (n) thereof,

Whereas:

(1) Article 44(3) of Regulation (EC) No 1782/2003 provided that farmers had to keep at their disposal for a period of at least 10 months the parcels corresponding to the eligible hectares. Council Regulation (EC) No 146/2008 of 14 February 2008 amending Regulation (EC) No 1782/2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers and Regulation (EC) No 1698/2005 on support for rural development by the European Agricultural Fund for Rural Development (EAFRD), amended Article 44(3) of Regulation (EC) No 1782/2003 to empower the Member States to set the date when the parcels should be at the farmers' disposal. Following this change, the detailed provisions contained in Article 24(2) of Commission Regulation (EC) No 795/2004 ⁽²⁾ on the implementation of the requirement for farmers to keep the parcels at their disposal for at least 10 months are no longer needed. Article 24(2) of that Regulation should therefore be deleted. In addition, Article 26(2) of that Regulation needs to be adapted accordingly.

⁽¹⁾ OJ L 270, 21.10.2003, p. 1. Regulation as last amended by Regulation (EC) No 146/2008 (OJ L 46, 21.2.2008, p. 1).

⁽²⁾ OJ L 141, 30.4.2004, p. 1. Regulation as last amended by Regulation (EC) No 1522/2007 (OJ L 335, 20.12.2007, p. 27).

(2) Furthermore, following the amendments of the rules of cross-compliance introduced by Articles 1(1) and 1(2) of Regulation (EC) No 146/2008, Commission Regulation (EC) No 796/2004 ⁽³⁾ needs to be adapted.

(3) Rules which in certain cases require a follow up by the competent authority that a remedial action has been taken by the farmers have been introduced. In order to avoid any weakening of the control system, in particular as to the samples for on-the-spot checks, it should be clarified that such follow up cases should not be taken into account when establishing the minimum control sample.

(4) Furthermore, where the possibility not to apply any reduction for minor non-compliances or not to apply reductions amounting to EUR 100 or less, as provided for in Articles 6(3) or 7(2) of Regulation (EC) No 1782/2003, is applied by a Member State, rules should be established where farmers fail to undertake the remedial action required from them.

(5) Regulations (EC) No 795/2004 and (EC) No 796/2004 should be amended accordingly.

(6) The introduction of the possibility not to apply any reduction for minor non-compliances or not to apply reductions amounting to EUR 100 or less is applicable as of 1 January 2008. Hence, amendments provided for in this Regulation should concern aid applications relating to years or premium periods starting as of 1 January 2008. This Regulation should therefore apply as of 1 January 2008. However, the new provisions concerning the liability of farmers in respect of non-compliance in case of transfer of land apply from 1 April 2008. Therefore, the corresponding amendment of Regulation (EC) No 796/2004 should also apply from that date.

⁽³⁾ OJ L 141, 30.4.2004, p. 18. Regulation as last amended by Regulation (EC) No 145/2008 (OJ L 44, 20.2.2008, p. 9).

(7) Commission Regulation (EC) No 1975/2006 of 7 December 2006 laying down detailed rules for the implementation of Council Regulation (EC) No 1698/2005, as regards the implementation of control procedures as well as cross-compliance in respect of rural development support measures ⁽¹⁾ contains a reference to a provision of Regulation (EC) No 796/2004 which should be deleted by the present Regulation. For the sake of legal certainty, it is appropriate to clarify that the said provision remains valid for the purposes of applying Regulation (EC) No 1975/2006, until a later decision is taken through the appropriate legislative procedure.

(8) The Management Committee for Direct Payments has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 795/2004 is amended as follows:

1. In Article 24, paragraph 2 is deleted.

Article 2

Regulation (EC) No 796/2004 is amended as follows:

1. In Article 44, the following paragraph 1a is inserted:

2. In Article 48, paragraph 2 is replaced by the following:

⁽¹⁾ OJ L 368, 23.12.2006, p. 74. Regulation as last amended by Regulation (EC) No 1396/2007 (OJ L 311, 29.11.2007, p. 3).

‘2. The farmer shall be informed of any determined non-compliance within three months after the date of the on-the-spot check.

Unless the farmer has taken immediate remedial action putting an end to the non-compliance found in the sense of Article 7(2) of Regulation (EC) No 1782/2003, the farmer shall be informed that remedial action shall be taken pursuant to that provision within the time limit set in the first subparagraph.

Where a Member State makes use of the possibility not to apply a reduction or exclusion as provided for in Article 6(3) of Regulation (EC) No 1782/2003, the farmer concerned shall be informed, at the latest within one month after it is decided not to apply the reduction or exclusion of the payment, that remedial action shall be taken.’

3. In Article 65, paragraph 2 is deleted, subject to Article 3 of this Regulation.
