REGULATIONS

IMPLEMENTING REGULATION OF THE COUNCIL (EU) No 195/2010

of 1 March 2010

amending Regulation (EU) No 1202/2009 imposing a definitive anti-dumping duty on imports of furfuryl alcohol originating in the People's Republic of China following a 'new exporter' review pursuant to Article 11(4) of Regulation (EC) No 1225/2009

THE COUNCIL OF THE EUROPEAN UNION,

B. CURRENT PROCEDURE

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1225/2009 of 30 November 2009 on protection against dumped imports from countries not members of the European Community ⁽¹⁾ (the basic Regulation), and in particular Articles 9(4) and 11(4) thereof,

Having regard to the proposal submitted by the European Commission (Commission) after consulting the Advisory Committee,

Whereas:

A. MEASURES IN FORCE

- (1) In October 2003, the Council, by Regulation (EC) No 1905/2003 ⁽²⁾, imposed definitive anti-dumping measures in the form of a specific duty on imports of furfuryl alcohol (FA) originating in the People's Republic of China (PRC). The specific duty amounts ranged from EUR 84 to EUR 160 per tonne for four cooperating Chinese producers, while the country-wide duty was set at EUR 250 per tonne.
- (2) In December 2009, following an expiry review, the Council, by Regulation 1202/2009 ⁽³⁾, extended the anti-dumping measures applicable on imports of FA from PRC, imposed by Regulation (EC) No 1905/2003 for an additional period of two years.

1. **Request for a review**
- (3) Subsequent to the imposition of definitive measures, the Commission received a request for a 'new exporter' review pursuant to Article 11(4) of the basic Regulation. The request was based on the claim that the exporting producer Henan Hongye Chemical Company Ltd and its related companies Puyang Hongjian Resin Science & Technology Development Company Ltd and Puyang Hongye Imp. & Exp. Commerce Company Ltd (the applicant):
- (i) did not export FA before or during the investigation period of the original investigation (1 July 2001 to 30 June 2002);
- (ii) was not related to any of the exporting producers subject to the measures imposed by Regulation (EC) No 1905/2003;
- (iii) had started to export FA to the Union after the end of the investigation period of the original investigation;
- (iv) operates under market economy conditions as defined in Article 2(7)(c) of the basic Regulation or alternatively claims individual treatment in conformity with Article 9(5) of the basic Regulation.

2. **Initiation of a 'new exporter' review**

- (4) The Commission examined the prima facie evidence submitted by the applicant and considered it sufficient to justify the initiation of a review pursuant to Article 11(4) of the basic Regulation. After consulting the Advisory Committee and after the Union industry

⁽¹⁾ OJ L 343, 22.12.2009, p. 51.

⁽²⁾ OJ L 283, 31.10.2003, p. 1.

⁽³⁾ OJ L 323, 10.12.2009, p. 48.

concerned had been given the opportunity to comment, the Commission initiated, by Regulation (EC) No 512/2009⁽¹⁾, a review of Regulation (EC) No 1905/2003 with regard to the applicant.

- (5) Pursuant to Article 2 of Regulation (EC) No 512/2009, the anti-dumping duty imposed by Regulation (EC) No 1905/2003 on imports of FA produced by the applicant and sold for export to the Union was repealed. Simultaneously, pursuant to Article 14(5) of the basic Regulation, customs authorities were directed to take appropriate steps to register such imports.

3. Product concerned

- (6) The product concerned by the current review is the same as that described in the original Regulation, i.e. FA originating in the PRC, currently falling within CN code ex 2932 13 00.

4. Parties concerned

- (7) The Commission officially advised the applicant, the Union industry and representatives of the exporting country of the initiation of the 'new exporter' review. Interested parties were given the opportunity to make their views known in writing and to be heard. The Union industry submitted its views in writing.

5. Review investigation period

- (8) The investigation of dumping covered the period from 1 June 2008 to 31 May 2009 ('review investigation period').

C. RESULTS OF THE INVESTIGATION

1. 'New exporter' qualification

- (9) The investigation confirmed that the applicant had not exported the product concerned during the original period of investigation and that it had begun exporting to the Union after this period.
- (10) Furthermore, the applicant was able to demonstrate that it was not related to any of the exporting producers in the PRC subject to the anti-dumping measures in force with regard to the product concerned.
- (11) Accordingly, it is confirmed that the applicant should be considered a 'new exporter' in accordance with Article 11(4) of the basic Regulation.

2. Market economy treatment (MET)

- (12) Pursuant to Article 2(7)(b) of the basic Regulation, in anti-dumping investigations concerning imports from the PRC, normal value shall be determined in accordance

with paragraphs 1 to 6 of the said Article for those producers which were found to meet the criteria laid down in Article 2(7)(c) of the basic Regulation, i.e. where it is shown that market conditions prevail in respect of the manufacture and sale of the like product. These criteria are summarised below:

1. business decisions and costs are made in response to market signals and without significant State interference; and costs of major inputs substantially reflect market values;
2. firms have one clear set of basic accounting records which are independently audited in line with international accounting standards⁽²⁾ and are applied for all purposes;
3. there are no significant distortions carried over from the former non-market economy system;
4. bankruptcy and property laws guarantee legal certainty and stability;
5. currency exchange-rate conversions are carried out at market rates.

- (13) The Commission sought all information deemed necessary and verified all information submitted in the MET application at the premises of the applicant.

- (14) The investigation showed that all five criteria laid down in Article 2(7)(c) of the basic Regulation were met by the applicant. It was therefore considered that MET should be granted to the applicant.

3. Dumping

Normal value

- (15) As far as the determination of normal value is concerned, the Commission first established whether the total domestic sales of the product concerned made by the applicant were representative in comparison with its total export sales to the Union. In accordance with Article 2(2) of the basic Regulation, domestic sales are

⁽¹⁾ OJ L 153, 17.6.2009, p. 6.

⁽²⁾ International accounting standards refer to all major recognised international standards of accounting, including US GAAP and the works of the International Accounting Standard Committee Foundation ('IASCF') effectuated by the International Accounting Standards Board ('IASB'), covering the International Accounting Standard Board Framework ('IASBF'), the International Accounting Standard ('IAS'), the International Financial Reporting Standards ('IFRS') and the International Financial Reporting Interpretations Committee publications ('IFRIC').

considered representative when the total domestic sales volume is at least 5 % of the total export sales volume to the Union. The Commission established that FA was sold domestically by the applicant in overall representative volumes.

- (16) An examination was also made as to whether the sales of FA sold domestically in representative quantities could be regarded as having been made in the ordinary course of trade, by establishing the proportion of profitable sales of FA to independent customers. As it was found that there were sufficient sales in the ordinary course of trade, normal value was based on the actual domestic price of profitable sales.

Export price

- (17) As the product concerned was exported directly to an independent customer in the Union, the export price was established in accordance with Article 2(8) of the basic Regulation, i.e. on the basis of the export price actually paid or payable.

Comparison

- (18) The comparison between normal value and export price was made on an ex-works basis.
- (19) For the purpose of ensuring a fair comparison between the normal value and the export price, due allowance in the form of adjustments was made for differences affecting prices and price comparability in accordance with Article 2(10) of the basic Regulation. Allowances for transport costs, freight and insurance costs, bank charges, packing costs and credit costs were granted where they were found to be reasonable, accurate and supported by verified evidence.

Dumping margin

- (20) Pursuant to Article 2(11) of the basic Regulation, and taking into account the fact that there was only one export transaction to the Union during the review investigation period and that the price of the raw material, which accounts for most of the cost of production, and of the domestic sales fluctuated substantially during that period, the dumping margin was established on the basis of a comparison on a transaction-to-transaction basis between the normal value and the export price.
- (21) The dumping margin for the applicant thus calculated is 14,87 %, expressed as a percentage of the net, free-at-Union-frontier price, duty unpaid.

D. AMENDMENT OF MEASURES BEING REVIEWED

- (22) In view of the findings of the investigation and in accordance with the lesser duty rule, it is concluded that a definitive anti-dumping measure should be imposed for the applicant at the level of the dumping margin found, which is in this case lower than the injury margin in the original case.
- (23) Regarding the form of the measure, it was considered that the amended anti-dumping duty should take the same form as the duties imposed by Regulation (EU) No 1202/2009, i.e. the form of a specific amount per tonne. The anti-dumping duty, calculated on the basis of the dumping margin expressed as a percentage of the net, free-at-Union-frontier price, duty unpaid, to imports of FA from the applicant is therefore established at EUR 142 per tonne.

E. RETROACTIVE LEVYING OF THE ANTI-DUMPING DUTY

- (24) In the light of the above findings, the anti-dumping duty applicable to the applicant shall be levied retroactively on imports of the product concerned which have been made subject to registration pursuant to Article 3 of Regulation (EC) No 512/2009.

F. DISCLOSURE

- (25) The parties concerned were informed of the essential facts and considerations on the basis of which it was intended to impose on imports of FA from the applicant an amended definitive anti-dumping duty and to levy this duty retroactively on imports made subject to the registration. Comments were received from the Union industry, which however, were not of a nature to change the above conclusions.
- (26) This review does not affect the date on which the measures imposed by Regulation (EU) No 1202/2009 will expire,

HAS ADOPTED THIS REGULATION:

Article 1

1. The following row is hereby added to the table in Article 1(2) of Regulation (EU) No 1202/2009:

Company	Rate of anti-dumping duty (EUR/tonne)	TARIC additional code
'Henan Hongye Chemical Co. Ltd and its related companies Puyang Hongjian Resin Science & Technology Development Company Ltd, Hongye Chemical Company Ltd and Puyang Hongye Imp. & Exp. Commerce Company Ltd	142	A955'

2. The duty hereby imposed shall also be levied retroactively on imports of the product concerned which have been registered pursuant to Article 3 of Regulation (EC) No 512/2009.

The customs authorities are hereby directed to cease the registration of imports of the product concerned originating in the People's Republic of China produced and sold for export to the Union by Henan Hongye Chemical Company Ltd and its related companies Puyang Hongjian Resin Science & Technology Development Company Ltd and Puyang Hongye Imp. & Exp. Commerce Company Ltd.

3. Unless otherwise specified, the provisions in force concerning customs duties shall apply.

Article 2

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Union*.

Article 3

This Regulation shall be published in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, of 1 March 2010.

For the Council

The President

D. LÓPEZ GARRIDO

COMMISSION REGULATION (EU) No 196/2010**of 9 March 2010****amending Annex I to Regulation (EC) No 689/2008 of the European Parliament and of the Council concerning the export and import of dangerous chemicals****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 689/2008 of the European Parliament and of the Council of 17 June 2008 concerning the export and import of dangerous chemicals ⁽¹⁾, and in particular Article 22(4) thereof,

Whereas:

(1) Regulation (EC) No 689/2008 implements the Rotterdam Convention on the Prior Informed Consent Procedure (PIC procedure) for Certain Hazardous Chemicals and pesticides in International Trade, hereinafter 'Rotterdam Convention', signed on 11 September 1998 and approved, on behalf of the Community, by Council Decision 2003/106/EC ⁽²⁾.

(2) Annex I to Regulation (EC) No 689/2008 should be amended to take into account regulatory action in respect of certain chemicals taken pursuant to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ⁽³⁾, Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market ⁽⁴⁾ and Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the registration, evaluation, authorisation and restriction of chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC ⁽⁵⁾.

(3) It was decided not to include the substances butralin, diniconazole-M, flurprimidol, nicotine and propachlor as active substances in Annex I to Directive 91/414/EEC, with the effect that those active substances are banned for pesticide use and thus should be added to the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008.

(4) It was decided not to include the substances anthraquinone and dicofol as active substances in Annex I to Directive 91/414/EEC and not to include the substances anthraquinone and dicofol as active substances in Annex I, IA or IB to Directive 98/8/EC, with the effect that those active substances are banned for pesticide use and thus should be added to the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008.

(5) It was decided not to include the substances 2-naphthyl-oxyacetic acid, propanil and tricyclazole as active substances in Annex I to Directive 91/414/EEC, with the effect that those active substances are banned for pesticide use and thus should be added to the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008. Since new applications were submitted that will require new decisions on inclusion in Annex I to Directive 91/414/EEC, the addition to the list of chemicals contained in Part 2 of Annex I to Regulation (EC) No 689/2008 should not be applied until the new decisions on the status of these chemicals.

(6) At its fourth meeting in October 2008, the Conference of the Parties to the Rotterdam Convention decided to include tributyltin compounds in Annex III to that Convention, with the effect that tributyltin compounds became subject to the PIC procedure under that Convention and thus should be listed separately in the list of chemicals contained in Part 1 and added to the list of chemicals contained in Part 3 of Annex I to Regulation (EC) No 689/2008.

(7) The separate listing of tributyltin compounds in Parts 1 and 3 of Annex I to Regulation (EC) No 689/2008 requires an amendment of existing entries of triorganostannic compounds in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008 in order to demonstrate that tributyltin compounds are not anymore covered by those entries.

⁽¹⁾ OJ L 204, 31.7.2008, p. 1.

⁽²⁾ OJ L 63, 6.3.2003, p. 27.

⁽³⁾ OJ L 230, 19.8.1991, p. 1.

⁽⁴⁾ OJ L 123, 24.4.1998, p. 1.

⁽⁵⁾ OJ L 396, 30.12.2006, p. 1.

- (8) By Commission Decision 2004/248/EC ⁽¹⁾ it was decided not to include the active substance atrazine in Annex I to Directive 91/414/EEC, with the effect that atrazine was banned for pesticide use, and to withdraw authorisations of plant protection products containing that active substance on 30 June 2007 at the latest. Since this deadline expired, the existing entries in the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008 should be amended to reflect the prohibition of the use of atrazine.
- (9) By Commission Decision 2004/141/EC ⁽²⁾ and Commission Decision 2004/247/EC ⁽³⁾ it was decided not to include the active substances amitraz and simazine in Annex I to Directive 91/414/EEC, with the effect that those active substances were banned for plant protection product use, and to withdraw authorisations of plant protection products containing those active substances on 30 June 2007 at the latest. Since this deadline expired and since it was decided not to include the substances amitraz and simazine as active substances in Annex I, IA or IB to Directive 98/8/EC, those active substances are banned for pesticide use and thus existing entries in the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EC) No 689/2008 should be amended to reflect the prohibition of the use of those substances.
- (10) Annex I to Regulation (EC) No 689/2008 should therefore be amended accordingly.
- (11) In order to allow enough time for Member States and industry to take the necessary measures, the application of this Regulation should be deferred.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 133 of Regulation (EC) No 1907/2006,
- HAS ADOPTED THIS REGULATION:
- Article 1*
- Annex I to Regulation (EC) No 689/2008 is amended in accordance with the Annex to this Regulation.
- Article 2*
- This Regulation shall enter into force on the 20th day following its publication in the *Official Journal of the European Union*.
- It shall apply from 1 May 2010.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 March 2010.

Tributyltin chloride	1461-22-9	2931.00	3808.99	
Tributyltin linoleate	24124-25-2	2931.00	3808.99	
Tributyltin naphthenate	85409-17-2	2931.00	3808.99	

COMMISSION REGULATION (EU) No 197/2010**of 9 March 2010****amending Regulation (EEC) No 2454/93 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code ⁽¹⁾, and in particular Article 247 thereof,

Whereas:

(1) Article 14o(2) of Commission Regulation (EEC) No 2454/93 ⁽²⁾ provides that an AEO certificate is to be issued within 90 calendar days of the date of receipt of the application in accordance with Article 14c of that Regulation. That period may be extended by one further period of 30 calendar days where the customs authority is unable to meet the deadline insofar as it informs the applicant of the reasons for the extension. However, Article 2 of Commission Regulation (EC) No 1875/2006 ⁽³⁾ amending Regulation (EEC) No 2454/93 extends the period of 90 calendar days for issuing an AEO certificate to 300 calendar days, during a transitional period of 24 months which expires on 31 December 2009. As from 1 January 2010, the time limits set out in Article 14o of Regulation (EEC) No 2454/93 apply.

(2) The practical implementation of the AEO legislation has shown that in most cases the whole authorisation process usually takes more than 90 calendar days and in the cases of some big companies, the process can take up to 150 days.

(3) Since Commission Regulation (EC) No 1192/2008 ⁽⁴⁾ amending Regulation (EEC) No 2454/93 has introduced a system whereby the applicant for a single authorisation for simplified declaration, for local clearance procedure, for customs procedures with economic impact or for end-use must comply with the AEO criteria or equivalent criteria, the number of applications for an AEO certificate has increased considerably, as most of the economic

operators prefer to apply first for an AEO certificate as holder of which they are deemed to fulfil certain conditions and criteria required for authorisations for simplified procedures. Due to that increase, it has become very difficult for customs authorities to comply with the obligation to issue AEO certificates within the time limits set out in Article 14o(2) of Regulation (EEC) No 2454/93.

(4) Accordingly, in order to ensure the smooth operation of the AEO system as from 1 January 2010, it is necessary to extend the period for issuing an AEO certificate or for rejecting an application to 120 days and to provide for an extension of that period by one further period of 60 days.

(5) Regulation (EEC) No 2454/93 should therefore be amended accordingly.

(6) Since the transitional period provided for in Regulation (EC) No 1875/2006 expires on 31 December 2009, this Regulation should apply from 1 January 2010.

(7) The measures provided for in this Regulation are in accordance with the opinion of the Customs Code Committee,

HAS ADOPTED THIS REGULATION:

Article 1

Article 14o(2) of Regulation (EEC) No 2454/93 is replaced by the following:

‘2. The customs authority shall issue an AEO Certificate or reject the application within 120 calendar days of the date of receipt of the application in accordance with Article 14c. Where it is unable to meet the deadline, this period may be extended by one further period of 60 calendar days. In such cases, the customs authority shall, before the expiry of the period of 120 calendar days, inform the applicant of the reasons for the extension.’

⁽¹⁾ OJ L 302, 19.10.1992, p. 1.

⁽²⁾ OJ L 253, 11.10.1993, p. 1.

⁽³⁾ OJ L 360, 19.12.2006, p. 64.

⁽⁴⁾ OJ L 329, 6.12.2008, p. 1.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2010.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 March 2010.

For the Commission

The President

José Manuel BARROSO

COMMISSION REGULATION (EU) No 198/2010**of 9 March 2010****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾,Having regard to Commission Regulation (EC) No 1580/2007 of 21 December 2007 laying down implementing rules for Council Regulations (EC) No 2200/96, (EC) No 2201/96 and (EC) No 1182/2007 in the fruit and vegetable sector ⁽²⁾, and in particular Article 138(1) thereof,

Whereas:

Regulation (EC) No 1580/2007 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XV, Part A thereto,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 138 of Regulation (EC) No 1580/2007 are fixed in the Annex hereto.

Article 2

This Regulation shall enter into force on 10 March 2010.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 March 2010.

COMMISSION REGULATION (EU) No 199/2010**of 9 March 2010****amending the representative prices and additional import duties for certain products in the sugar sector fixed by Regulation (EC) No 877/2009 for the 2009/10 marketing year**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (single CMO Regulation) ⁽¹⁾,

Having regard to Commission Regulation (EC) No 951/2006 of 30 June 2006 laying down detailed rules for the implementation of Council Regulation (EC) No 318/2006 as regards trade with third countries in the sugar sector ⁽²⁾, and in particular Article 36(2), second subparagraph, second sentence thereof,

Whereas:

- (1) The representative prices and additional duties applicable to imports of white sugar, raw sugar and certain syrups

for the 2009/10 marketing year are fixed by Commission Regulation (EC) No 877/2009 ⁽³⁾. These prices and duties have been last amended by Commission Regulation (EU) No 194/2010 ⁽⁴⁾.

- (2) The data currently available to the Commission indicate that those amounts should be amended in accordance with the rules and procedures laid down in Regulation (EC) No 951/2006,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and additional duties applicable to imports of the products referred to in Article 36 of Regulation (EC) No 951/2006, as fixed by Regulation (EC) No 877/2009 for the 2009/10, marketing year, are hereby amended as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 10 March 2010.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 March 2010.

DIRECTIVES

COMMISSION DIRECTIVE 2010/16/EU

of 9 March 2010

amending Directive 2006/48/EC of the European Parliament and of the Council as regards the exclusion of a certain institution from the scope of application

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2006/48/EC of the European Parliament and of the Council of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions ⁽¹⁾, in particular Article 150(1)(d) thereof,

Whereas:

- (1) Article 2 of Directive 2006/48/EC lists those institutions explicitly excluded from the scope of application of that Directive.
- (2) The Ministry of Finance of the Republic of Slovenia has requested the inclusion of SID-Slovenska izvozna in razvojna banka, d.d. Ljubljana (hereinafter referred to as 'SID Bank') in the list of institutions excluded from the scope of application of Directive 2006/48/EC laid down in Article 2 of that Directive.
- (3) SID Bank supports structural, social and other public policies of the Slovenian government, by providing financial services, counselling and education in areas such as international trade and international cooperation, economic incentives for small and medium enterprises, research and development, regional development and commercial and public infrastructures, among other things. The Republic of Slovenia is the sole shareholder of SID Bank and is also the guarantor of all the liabilities incurred by the bank.
- (4) SID Bank is an institution involved in specific activities in the public interest and therefore eligible for inclusion in the list of institutions excluded from the scope of application of Directive 2006/48/EC pursuant to Article 2 of that Directive.

(5) Directive 2006/48/EC should therefore be amended accordingly.

(6) The measures provided for in this Directive are in accordance with the opinion of the European Banking Committee,

HAS ADOPTED THIS DIRECTIVE:

Article 1

In Article 2 of Directive 2006/48/EC, the following new indent is inserted after the 17th indent:

‘— in Slovenia, the “SID-Slovenska izvozna in razvojna banka, d.d. Ljubljana”’.

Article 2

1. Member States shall adopt and publish, by 30 June 2010 at the latest, the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions and a correlation table between those provisions and this Directive.

They shall apply those provisions from 1 July 2010.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

2. Member States shall communicate to the Commission the text of the main provisions of national law which they adopt in the field covered by this Directive.

⁽¹⁾ OJ L 177, 30.6.2006, p. 1.

Article 3

This Directive shall enter into force on the 20th day following its publication in the *Official Journal of the European Union*.

Article 4

This Directive is addressed to the Member States.

Done at Brussels, 9 March 2010.

For the Commission

The President

José Manuel BARROSO

COMMISSION DIRECTIVE 2010/17/EU**of 9 March 2010****amending Council Directive 91/414/EEC to include malathion as active substance****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ⁽¹⁾, and in particular Article 6(1) thereof,

Whereas:

- (1) Commission Regulations (EC) No 451/2000 ⁽²⁾ and (EC) No 703/2001 ⁽³⁾ lay down the detailed rules for the implementation of the second stage of the programme of work referred to in Article 8(2) of Directive 91/414/EEC and establish a list of active substances to be assessed, with a view to their possible inclusion in Annex I to Directive 91/414/EEC. That list included malathion. By Commission Decision 2007/389/EC ⁽⁴⁾ it was decided not to include malathion in Annex I to Directive 91/414/EEC.
- (2) Pursuant to Article 6(2) of Directive 91/414/EEC the original notifier submitted a new application requesting the application of the accelerated procedure provided for in Articles 14 to 19 of Commission Regulation (EC) No 33/2008 of 17 January 2008 laying down detailed rules for the application of Council Directive 91/414/EEC as regards a regular and an accelerated procedure for the assessment of active substances which were part of the programme of work referred to in Article 8(2) of that Directive but have not been included into its Annex I ⁽⁵⁾.
- (3) The application was submitted to the United Kingdom, replacing Finland which had originally been designated rapporteur Member State by Regulation (EC) No 451/2000. The time period for the accelerated procedure was respected. The specification of the active substance is the same as was the subject of Decision 2007/389/EC while the initially supported use on apples has been replaced by strawberry and the application rate has been lowered. That application also complies with the remaining substantive and procedural requirements of Article 15 of Regulation (EC) No 33/2008.
- (4) The United Kingdom evaluated the new information and data submitted by the notifier and prepared an additional report in February 2009.
- (5) The additional report was peer reviewed by the Member States and the EFSA and presented to the Commission on 17 July 2009 in the format of the EFSA Scientific Report for malathion ⁽⁶⁾. This report was reviewed by the Member States and the Commission within the Standing Committee on the Food Chain and Animal Health and finalised on 22 January 2010 in the format of the Commission review report for malathion.
- (6) The new assessment by the rapporteur Member State and the new conclusion by the EFSA concentrated on the concerns that lead to the non-inclusion. Those concerns were in particular the presence in the technical material of varying levels of isomalathion, an impurity that contributes significantly to the toxicity profile of malathion and the genotoxicity of which cannot be excluded. Because of this fact it was impossible to assess the risk to operators, workers and bystanders. Moreover, information on the effects of certain toxicologically relevant metabolites was insufficient, and it had, hence, not been demonstrated that the estimated exposure of consumers resulting from the acute and chronic intake of edible crops is acceptable.
- (7) New data and information were submitted by the notifier in the new dossier and a new assessment was performed, as included in the additional report and in the EFSA conclusions. Those new data show that the genotoxicity of malathion containing not more than 2 g/kg isomalathion can be ruled out. It has therefore been possible to determine acceptable levels of exposure of operators, workers and bystanders. Use by non-professionals could, however, raise concerns, as it cannot be assumed that these have recourse to the adequate personal protective equipment. As a consequence, such use should not be authorised.
- (8) Without prejudice to those conclusions, it is appropriate to obtain further information on certain specific points. Article 6(1) of Directive 91/414/EC provides that the inclusion of a substance in Annex I may be subject to conditions. Therefore it is appropriate to require that the notifier submit further information as regards consumer intakes, the acute and long-term risk assessment for insectivorous birds, and on the quantification of the different potency of malaoxon and malathion, before authorisations are granted. As regards the consumer exposure, the information currently available allows nonetheless to conclude that the risk is acceptable, given the large margin of safety that exists.

⁽¹⁾ OJ L 230, 19.8.1991, p. 1.

⁽²⁾ OJ L 55, 29.2.2000, p. 25.

⁽³⁾ OJ L 98, 7.4.2001, p. 6.

⁽⁴⁾ OJ L 146, 8.6.2007, p. 19.

⁽⁵⁾ OJ L 15, 18.1.2008, p. 5.

⁽⁶⁾ EFSA Scientific Report (2009) 333 — Conclusion on pesticide peer review — peer review of the pesticide risk assessment of the active substance malathion (re-issued on 17 July 2009).

- (9) Consequently, the additional data and information provided by the notifier permit to eliminate the specific concerns that led to the non-inclusion. No other open scientific questions have arisen.
- (10) It has appeared from the various examinations made that plant protection products containing malathion may be expected to satisfy, in general, the requirements laid down in Article 5(1) (a) and (b) of Directive 91/414/EEC, in particular with regard to the uses which were examined and detailed in the Commission review report. It is therefore appropriate to include malathion in Annex I, in order to ensure that in all Member States the authorisations of plant protection products containing this active substance may be granted in accordance with the provisions of that Directive.
- (11) It is therefore appropriate to amend Directive 91/414/EEC accordingly.
- (12) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Annex I to Directive 91/414/EEC is amended as set out in the Annex to this Directive.

Article 2

Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with this Directive by 30 September 2010 at the latest. They shall forthwith communicate to the Commission the text of those provisions and a correlation table between those provisions and this Directive.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Article 3

This Directive shall enter into force on 1 May 2010.

Article 4

This Directive is addressed to the Member States.

Done at Brussels, 9 March 2010.

For the Commission

The President

José Manuel BARROSO

ANNEX

The following entry shall be added at the end of the table in Annex I to Directive 91/414/EEC:

No	Common Name, Identification Numbers	IUPAC Name	Purity ⁽¹⁾	Entry into force	Expiration of inclusion	Specific provisions
	Malathion CAS No: 121-75-5 CIPAC No: 12	diethyl (dimethoxyphosphinothio- ylthio)succinate or S-1,2-bis (ethoxycarbonyl)ethyl O,O-dimethyl phosphorodithioate racemate	≥ 950 g/kg Impurities: Isomalathion: not more than 2 g/kg	1 May 2010		PART A Only uses as insecticide may be authorised. Authorisations shall be limited to professional users. PART B For the implementation of the uniform principles of Annex VI, the conclusions of the review report on malathion, and in particular Appendices I and II thereof, as finalised in the Standing Committee on the Food Chain and Animal Health on 22 January 2010 shall be taken into account. In this overall assessment Member States shall pay particular attention to: — the operator and worker safety: conditions of use shall prescribe the use of adequate personal protective equipment; — the protection of aquatic organisms: conditions of authorisation shall include risk mitigation measures, where appropriate, such as adequate buffer zones; — the protection of insectivorous birds and honey bees: conditions of authorisation shall include risk mitigation measures, where appropriate. As regards bees, the necessary indications shall be provided on the labelling and the accompanying instructions as to avoid exposure. Member States shall ensure that malathion-based formulations are accompanied by the necessary instructions to avoid any risk of formation of isomalathion in excess of the permitted maximum quantities during storage and transport. Where appropriate, conditions of authorisation shall include further risk mitigation measures. The Member States concerned shall ensure that the notifier presents to the Commission: — information confirming the consumer risk assessment and the acute and long-term risk assessment for insectivorous birds; — information on the quantification of the different potency of malaoxon and malathion.'

⁽¹⁾ Further details on identity and specification of active substance are provided in the review report.

COMMISSION DIRECTIVE 2010/20/EU**of 9 March 2010****amending Council Directive 91/414/EEC to remove tolylfluanid as active substance and on the withdrawal of authorisations for plant protection products containing that substance****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ⁽¹⁾, and in particular the third indent of Article 6(1) thereof,

Whereas:

- (1) Tolylfluanid is included in Annex I to Directive 91/414/EEC, which sets out the list of active substances authorised for use in plant protection products.
- (2) By Commission Decision 2007/322/EC of 4 May 2007 laying down protective measures concerning uses of plant protection products containing tolylfluanid leading to the contamination of drinking water ⁽²⁾ it was decided that Member States in which ozone is used for the treatment of drinking water are to prohibit any uses of tolylfluanid which may result in a contamination of drinking water with nitrosamines. The reason for that measure was that it had been discovered that by such a treatment a metabolite of that active substance, N,N-dimethylsulfamide, may be converted into nitrosamines which are harmful to human health.
- (3) Under Decision 2007/322/EC Member States further had to ensure that the notifier at whose request tolylfluanid had been included in Annex I to Directive 91/414/EEC submitted studies on the leaching behaviour of that active substance and on the conditions under which the formation of nitrosamines can be excluded.
- (4) On 5 July 2007, the notifier Bayer CropScience submitted the required studies to the rapporteur Member State, including studies and information on the physical, chemical and toxicological fate and behaviour of the metabolite N,N-dimethylsulfamide and on its ecotoxicological properties.
- (5) An addendum to the assessment report, concerning the evaluation of those studies and information, was submitted by the rapporteur Member State to the

Commission on 20 February 2008. This addendum was reviewed by the Member States and the Commission within the Standing Committee on the Food Chain and Animal Health on 22 January 2010.

- (6) In this addendum it was concluded that the concerns as regards the leaching behaviour of tolylfluanid and the formation of nitrosamines could not be eliminated. In addition, it was found that the use of plant protection products containing tolylfluanid may lead to unacceptable concentrations of the metabolite N,N-dimethylsulfamide in groundwater. Consequently, it was concluded that tolylfluanid no longer satisfies the requirements of Article 5(1)(a) and (b) of Directive 91/414/EEC.
- (7) The notifier submitted its comments on the addendum to the assessment report. Those comments were carefully examined. However, despite the arguments put forward by the notifier, the concerns identified could not be eliminated, and assessments made on the basis of the information submitted and its evaluation have not demonstrated that it may be expected that, under the proposed conditions of use, plant protection products containing tolylfluanid satisfy in general the requirements laid down in Article 5(1)(a) and (b) of Directive 91/414/EEC.
- (8) Tolylfluanid should therefore be removed from Annex I to Directive 91/414/EEC.
- (9) Measures should be taken to ensure that authorisations granted for plant protection products containing tolylfluanid are withdrawn within a fixed period of time as short as possible and are not renewed and that no new authorisations for such products are granted.
- (10) Given the nature of the risks caused by that active substance, any period of grace granted by a Member State for the disposal, storage, placing on the market and use of existing stocks of plant protection products containing tolylfluanid should be as short as possible and should expire at latest 1 year from the entry into force of this Directive.
- (11) This Directive does not prejudice the submission of an application for tolylfluanid in accordance with Article 6(2) of Directive 91/414/EEC in view of a possible inclusion in Annex I to that Directive.

⁽¹⁾ OJ L 230, 19.8.1991, p. 1.

⁽²⁾ OJ L 119, 9.5.2007, p. 49.

(12) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:

Article 1

In Annex I to Directive 91/414/EEC, row 122, concerning tolylfluanid, is deleted.

Article 2

Member States shall adopt and publish, by 31 August 2010 at the latest, the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions and a correlation table between those provisions and this Directive.

They shall apply those provisions from 1 September 2010.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Article 3

Member States shall ensure that:

- (a) authorisations for plant protection products containing tolylfluanid are withdrawn by 30 November 2010 at the latest;
- (b) no authorisations for plant protection products containing tolylfluanid are granted or renewed from 1 December 2010.

Article 4

Any period of grace granted by Member States in accordance with Article 4(6) of Directive 91/414/EEC shall be as short as possible and shall expire on 31 May 2011 at the latest.

Article 5

This Directive shall enter into force on 1 June 2010.

Article 6

This Directive is addressed to the Member States.

Done at Brussels, 9 March 2010.

For the Commission

The President

José Manuel BARROSO

DECISIONS

COMMISSION DECISION

of 5 March 2010

**on a financial contribution from the Union towards emergency measures to combat avian influenza
in the Czech Republic, Germany, Spain, France and Italy in 2009**

*(notified under document C(2010) 1172)***(Only the Czech, French, German, Italian and Spanish texts are authentic)**

(2010/148/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Decision 2009/470/EC of 25 May 2009 on expenditure in the veterinary field ⁽¹⁾, and in particular Article 4(2) thereof,

Whereas:

- (1) Avian influenza is an infectious viral disease of poultry and other captive birds with a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and export to third countries.
- (2) In the event of an outbreak of avian influenza, there is a risk that the disease agent spreads to other poultry holdings within that Member State, but also to other Member States and to third countries through trade in live poultry or their products.
- (3) Council Directive 2005/94/EC ⁽²⁾ introducing Union measures for the control of avian influenza sets out measures which in the event of an outbreak have to be immediately implemented by Member States as a matter of urgency to prevent further spread of the virus.
- (4) Decision 2009/470/EC lays down the procedures governing the Union's financial contribution towards specific veterinary measures, including emergency measures. Pursuant to Article 4(2) of that Decision, Member States shall obtain a financial contribution towards the costs of certain measures to eradicate avian influenza.

- (5) Article 4(3), first and second indents of Decision 2009/470/EC lays down rules on the percentage of the costs incurred by the Member State that may be covered by the Union's financial contribution.

- (6) The payment of a Union financial contribution towards emergency measures to eradicate avian influenza is subject to the rules laid down in Commission Regulation (EC) No 349/2005 of 28 February 2005 laying down rules on the Community financing of emergency measures and of the campaign to combat certain animal diseases under Council Decision 90/424/EEC ⁽³⁾.

- (7) Outbreaks of avian influenza occurred in the Czech Republic, Germany, Spain, France and Italy in 2009. The Czech Republic, Germany, Spain, France and Italy took measures in accordance with Directive 2005/94/EC to combat those outbreaks.

- (8) The authorities of the Czech Republic, Germany, Spain, France and Italy were able to demonstrate through reports provided in the Standing Committee on the Food Chain and Animal Health and continuous submission of information on the development of the disease situation that they have efficiently implemented the control measures provided for in Directive 2005/94/EC leading to the rapid containment of the disease.

- (9) The authorities of the Czech Republic, Germany, Spain, France and Italy have therefore fulfilled all their technical and administrative obligations with regard to the measures provided for in Article 4(2) of Decision 2009/470/EC and Article 6 of Regulation (EC) No 349/2005.

- (10) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

Financial contribution from the Union to the Czech Republic, Germany, Spain, France and Italy

A financial contribution from the Union may be granted to the Czech Republic, Germany, Spain, France and Italy towards the costs incurred by these Member States in taking measures pursuant to Article 4(2) and (3) of Decision 2009/470/EC, to combat avian influenza in the Czech Republic, Germany, Spain, France and Italy in 2009.

Article 2

Addressee

This Decision is addressed to the Czech Republic, the Federal Republic of Germany, the Kingdom of Spain, the French Republic and the Italian Republic.

Done at Brussels, 5 March 2010.

John DALLI

Member of the Commission

COMMISSION DECISION

of 9 March 2010

**allowing Member States to extend provisional authorisations granted for the new active substances
flonicamid, silver thiosulphate and tembotrione**

*(notified under document C(2010) 1255)***(Text with EEA relevance)**

(2010/149/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ⁽¹⁾, and in particular the fourth subparagraph of Article 8(1) thereof,

Whereas:

- (1) In accordance with Article 6(2) of Directive 91/414/EEC, in December 2003 France received an application from ISK Biosciences Europe SA for the inclusion of the active substance flonicamid in Annex I to Directive 91/414/EEC. Commission Decision 2004/686/EC ⁽²⁾ confirmed that the dossier was complete and could be considered as satisfying, in principle, the data and information requirements of Annex II and Annex III to that Directive.
- (2) In accordance with Article 6(2) of Directive 91/414/EEC, in January 2003 the Netherlands received an application from Enhold BV for the inclusion of the active substance silver thiosulphate in Annex I to Directive 91/414/EEC. Commission Decision 2003/850/EC ⁽³⁾ confirmed that the dossier was complete and could be considered as satisfying, in principle, the data and information requirements of Annex II and Annex III to that Directive.
- (3) In accordance with Article 6(2) of Directive 91/414/EEC, in November 2005 Austria received an application from Bayer CropScience AG for the inclusion of the active substance tembotrione in Annex I to Directive 91/414/EEC. Commission Decision 2006/586/EC ⁽⁴⁾ confirmed that the dossier was complete and could be considered as satisfying, in principle, the data and information requirements of Annex II and Annex III to that Directive.

- (4) Confirmation of the completeness of the dossiers was necessary in order to allow them to be examined in detail and to allow Member States the possibility of granting provisional authorisations, for periods of up to three years, for plant protection products containing the active substances concerned, while complying with the conditions laid down in Article 8(1) of Directive 91/414/EEC and, in particular, the condition relating to the detailed assessment of the active substances and the plant protection products in the light of the requirements laid down by that Directive.
- (5) For these active substances, the effects on human health and the environment have been assessed, in accordance with the provisions of Article 6(2) and (4) of Directive 91/414/EEC, for the uses proposed by the applicants. The rapporteur Member States submitted the respective draft assessment reports to the Commission on 3 June 2005 (flonicamid), on 9 November 2005 (silver thiosulphate) and on 2 February 2007 (tembotrione).
- (6) Following submission of the draft assessment reports by the rapporteur Member States, it has been found to be necessary to request further information from the applicants and to have the rapporteur Member States examine that information and submit their assessment. Therefore, the examination of the dossiers is still ongoing and it will not be possible to complete the evaluation within the time-frame provided for in Directive 91/414/EEC, read in conjunction with Commission Decision 2008/353/EC ⁽⁵⁾ (flonicamid) and with Commission Decision 2008/56/EC ⁽⁶⁾ (silver thiosulphate).
- (7) As the evaluation so far has not identified any reason for immediate concern, Member States should be given the possibility of prolonging provisional authorisations granted for plant protection products containing the active substances concerned for a period of 24 months in accordance with the provisions of Article 8 of Directive 91/414/EEC so as to enable the examination of the dossiers to continue. It is expected that the evaluation and decision-making process with respect to a decision on a possible inclusion in Annex I to that Directive for flonicamid, silver thiosulphate and tembotrione will have been completed within 24 months.

⁽¹⁾ OJ L 230, 19.8.1991, p. 1.⁽²⁾ OJ L 313, 12.10.2004, p. 21.⁽³⁾ OJ L 322, 9.12.2003, p. 28.⁽⁴⁾ OJ L 236, 31.8.2006, p. 31.⁽⁵⁾ OJ L 117, 1.5.2008, p. 45.⁽⁶⁾ OJ L 14, 17.1.2008, p. 26.

- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

Article 3

This Decision is addressed to the Member States.

HAS ADOPTED THIS DECISION:

Article 1

Member States may extend provisional authorisations for plant protection products containing flonicamid, silver thiosulphate or tembotrione for a period ending on 31 May 2012 at the latest.

Done at Brussels, 9 March 2010.

Article 2

This Decision shall expire on 31 May 2012.

John DALLI

Member of the Commission

CORRIGENDA

Corrigendum to Commission Regulation (EC) No 822/2009 of 27 August 2009 amending Annexes II, III and IV to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for azoxystrobin, atrazine, chlormequat, cyprodinil, dithiocarbamates, fludioxonil, fluroxypyr, indoxacarb, mandipropamid, potassium tri-iodide, spirotetramat, tetraconazole, and thiram in or on certain products

(Official Journal of the European Union L 239 of 10 September 2009)

In the Annex to Regulation (EC) No 822/2009:

- on page 9, under point (1)(a) referring to Annex II to Regulation (EC) No 396/2005, the table containing the lines for azoxystrobin, chlormequat, cyprodinil, dithiocarbamates, fluroxypyr, indoxacarb, tetraconazole, and thiram is replaced by the following table:

MRLs formerly defined under Directives 86/362/EEC, 86/363/EEC and 90/642/EEC, referred to in Article 21(1)

Pesticide residues and maximum residue levels (mg/kg)

Code number	Groups and examples of individual products to which the MRLs apply (a)	Azoxystrobin	Chloromequat	Cyprodinil (F) (R)	Dithiocarbamates (dithiocarbamates expressed as CS ₂ , including maneb, mancozeb, metiram, propineb, thiram and ziram) (7)	Fluroxypyr (fluroxypyr including its esters expressed as fluroxypyr) (R)	Indoxacarb as sum of the isomers S and R (F) (add footnote)	Tetraconazole (F)	Thiram (expressed as thiram)

2010 SUBSCRIPTION PRICES (excluding VAT, including normal transport charges)

EU Official Journal, L + C series, paper edition only	22 official EU languages	EUR 1 100 per year
EU Official Journal, L + C series, paper + annual CD-ROM	22 official EU languages	EUR 1 200 per year
EU Official Journal, L series, paper edition only	22 official EU languages	EUR 770 per year
EU Official Journal, L + C series, monthly CD-ROM (cumulative)	22 official EU languages	EUR 400 per year
Supplement to the Official Journal (S series), tendering procedures for public contracts, CD-ROM, two editions per week	multilingual: 23 official EU languages	EUR 300 per year
EU Official Journal, C series — recruitment competitions	Language(s) according to competition(s)	EUR 50 per year

Subscriptions to the *Official Journal of the European Union*, which is published in the official languages of the European Union, are available for 22 language versions. The Official Journal comprises two series, L (Legislation) and C (Information and Notices).

A separate subscription must be taken out for each language version.

In accordance with Council Regulation (EC) No 920/2005, published in Official Journal L 156 of 18 June 2005, the institutions of the European Union are temporarily not bound by the obligation to draft all acts in Irish and publish them in that language. Irish editions of the Official Journal are therefore sold separately.

Subscriptions to the Supplement to the Official Journal (S Series — tendering procedures for public contracts) cover all 23 official language versions on a single multilingual CD-ROM.

On request, subscribers to the *Official Journal of the European Union* can receive the various Annexes to the Official Journal. Subscribers are informed of the publication of Annexes by notices inserted in the *Official Journal of the European Union*.

CD-Rom formats will be replaced by DVD formats during 2010.

Sales and subscriptions

Subscriptions to various priced periodicals, such as the subscription to the *Official Journal of the European Union*, are available from our commercial distributors. The list of commercial distributors is available at:

http://publications.europa.eu/others/agents/index_en.htm

EUR-Lex (<http://eur-lex.europa.eu>) offers direct access to European Union legislation free of charge. The *Official Journal of the European Union* can be consulted on this website, as can the Treaties, legislation, case-law and preparatory acts.

For further information on the European Union, see: <http://europa.eu>
