## COUNCIL REGULATION (EU) 2015/2072

of 17 November 2015

**fixing for 2016 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in the Baltic Sea and amending Regulations (EU) No 1221/2014 and (EU) 2015/104**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Article 43(3) of the Treaty provides that the Council is to adopt measures on the fixing and allocation of fishing opportunities, on a proposal from the Commission.
- (2) Regulation (EU) No 1380/2013 of the European Parliament and of the Council <sup>(1)</sup> requires that conservation measures be adopted taking into account available scientific, technical and economic advice including, where relevant, reports drawn up by the Scientific, Technical and Economic Committee for Fisheries ('STECF') and other advisory bodies, as well as in the light of any advice received from Advisory Councils.
- (3) It is incumbent upon the Council to adopt measures on the fixing and allocation of fishing opportunities, including certain conditions functionally linked thereto, as appropriate. Fishing opportunities should be allocated to Member States in such a way as to ensure the relative stability of fishing activities of each Member State for each stock or fishery and having due regard to the objectives of the Common Fisheries Policy (CFP) set out in Regulation (EU) No 1380/2013.
- (4) The total allowable catches (TACs) should therefore be established, in line with Regulation (EU) No 1380/2013, on the basis of the available scientific advice, taking into account biological and socioeconomic aspects whilst ensuring fair treatment between fishing sectors, as well as in the light of the opinions expressed during the consultation with stakeholders.
- (5) The fishing opportunities for stocks subject to specific multiannual plans should be established in accordance with the rules laid down in those plans. Consequently, catch limits for the cod stocks in the Baltic Sea should be established in accordance with the rules laid down in Council Regulation (EC) No 1098/2007 <sup>(2)</sup>.
- (6) Due to changes in the biology of the eastern cod stock, the International Council for the Exploration of the Sea ('ICES') has not been able to establish the biological reference points for cod stocks in ICES subdivisions 25-32, and instead advised that the TAC for that cod stock be based on the data limited approach. The absence of biological reference points made it impossible to follow the rules for fixing and allocating the fishing opportunities for cod stock in those subdivisions set out in Regulation (EC) No 1098/2007. As no fixing and allocating

<sup>(1)</sup> Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

<sup>(2)</sup> Council Regulation (EC) No 1098/2007 of 18 September 2007 establishing a multiannual plan for the cod stocks in the Baltic Sea and the fisheries exploiting those stocks, amending Regulation (EEC) No 2847/93 and repealing Regulation (EC) No 779/97 (OJ L 248, 22.9.2007, p. 1).

fishing opportunities could seriously threaten the sustainability of the cod stock, it is appropriate, in order to contribute to the achievement of the objectives of the CFP as defined in Regulation (EU) No 1380/2013, to fix the TAC on the basis of the data limited approach, at a level corresponding to the approach developed and advised by ICES.

- (7) Due to a new approach by ICES to scientific advice for the purpose of fixing of fishing opportunities for cod in subdivisions 22-24, it is appropriate to apply a step-wise approach to reducing fishing opportunities.
- (8) In the light of the latest scientific advice, in order to protect the spawning grounds of western cod, it is appropriate to fix fishing opportunities outside the spawning periods (15 February-31 March 2016, and thus not in the month of April, as previously applicable). Such fixing of fishing opportunities will contribute to the positive development of the stock and thus to the achievements of the objectives of the CFP as defined in Regulation (EU) No 1380/2013.
- (9) Regulation (EU) No 1380/2013 sets the objective of the CFP to achieve the maximum sustainable yield exploitation rate by 2015 where possible and, on a progressive, incremental basis at the latest by 2020 for all stocks. Since achieving that exploitation rate by 2016 would have serious consequences for the social and economic sustainability of the fleets fishing on the stocks of sprat and herring, it is acceptable to reach that exploitation rate not later than, 2017. The fishing opportunities for 2016 for those stocks should be set in such a way so as to ensure that the maximum sustainable yield exploitation rate is achieved on an incremental basis by that date.
- (10) The use of fishing opportunities set out in this Regulation is subject to Council Regulation (EC) No 1224/2009 <sup>(1)</sup>, and in particular to Articles 33 and 34 thereof concerning the recording of catches and fishing effort, and to the transmission of data on the exhaustion of fishing opportunities to the Commission. This Regulation should therefore specify the codes relating to landings of stocks subject to this Regulation that are to be used by Member States when sending data to the Commission.
- (11) Council Regulation (EC) No 847/96 <sup>(2)</sup> introduced additional conditions for year-to-year management of TACs including, under Articles 3 and 4, flexibility provisions for precautionary and analytical TACs. Under Article 2 of that Regulation, when fixing the TACs, the Council is to decide to which stocks Articles 3 or 4 shall not apply, in particular on the basis of the biological status of the stocks. More recently, the year-to-year flexibility mechanism was introduced by Article 15(9) of Regulation (EU) No 1380/2013 for all stocks that are subject to the landing obligation. Therefore, in order to avoid excessive flexibility that would undermine the principle of rational and responsible exploitation of living marine biological resources, hinder the achievement of the objectives of the CFP and deteriorate the biological status of the stocks, it should be established that Articles 3 and 4 of Regulation (EC) No 847/96 apply to analytical TACs only where the year-to-year flexibility provided for in Article 15(9) of Regulation (EU) No 1380/2013 is not used.
- (12) In 2015, in view of the embargo imposed by the Russian Federation on the importation of certain agricultural and fisheries products from the Union, a 25 % flexibility in terms of carrying forward unused fishing opportunities was introduced for the stocks that were most severely or directly affected by the Russian embargo. In view of exceptional circumstances consisting of a prolongation and extension of that embargo as regards the Union, as well as the unavailability of certain traditional markets, and in view of scientific advice, it is appropriate to allow fishing opportunities in respect of certain stocks that have not been used in 2015 to be carried over to 2016 up to a level of 25 %, and in respect of Northeast Atlantic mackerel, up to a level of 17,5 % of the initial 2015 quota. It is, therefore, appropriate to introduce such flexibility both in Council Regulations (EU) No 1221/2014 <sup>(3)</sup> and (EU) 2015/104 <sup>(4)</sup>. No other flexibility as regards a carry-over of unused fishing opportunities should apply in respect of the stocks concerned.

<sup>(1)</sup> Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 (OJ L 343, 22.12.2009, p. 1).

<sup>(2)</sup> Council Regulation (EC) No 847/96 of 6 May 1996 introducing additional conditions for year-to-year management of TACs and quotas (OJ L 115, 9.5.1996, p. 3).

<sup>(3)</sup> Council Regulation (EU) No 1221/2014 of 10 November 2014 fixing for 2015 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in the Baltic Sea and amending Regulations (EU) No 43/2014 and (EU) No 1180/2013 (OJ L 330, 15.11.2014, p. 16).

<sup>(4)</sup> Council Regulation (EU) 2015/104 of 19 January 2015 fixing for 2015 the fishing opportunities for certain fish stocks and groups of fish stocks, applicable in Union waters and, for Union vessels, in certain non-Union waters, amending Regulation (EU) No 43/2014 and repealing Regulation (EU) No 779/2014 (OJ L 22, 28.1.2015, p. 1).

- (13) In order to avoid interruption of fishing activities and to ensure the livelihoods of Union fishermen, this Regulation should apply from 1 January 2016. For reasons of urgency, this Regulation should enter into force immediately after its publication. For the reasons set out in recital 12, the provisions concerning the possibility to transfer fishing opportunities unused in 2015 should apply with effect from 1 January 2015,

HAS ADOPTED THIS REGULATION:

**COMMISSION REGULATION (EU) 2015/2075****of 18 November 2015****amending Annexes II and III to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for abamectin, desmedipham, dichlorprop-P, haloxyfop-P, oryzalin and phenmedipham in or on certain products****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 396/2005 of the European Parliament and of the Council of 23 February 2005 on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC <sup>(1)</sup>, and in particular Article 14(1)(a), Article 18(1)(b) and Article 49(2) thereof,

Whereas:

- (1) For dichlorprop-P, haloxyfop-P and oryzalin, maximum residue levels (MRLs) were set in Part A of Annex III to Regulation (EC) No 396/2005. For abamectin, desmedipham and phenmedipham, MRLs were set in Annex II and Part B of Annex III to that Regulation.
- (2) For abamectin, the European Food Safety Authority, hereinafter 'the Authority', submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 <sup>(2)</sup>. It proposed to change the residue definition and recommended lowering the MRLs for bovine muscle and kidney. For other products it recommended raising or keeping the existing MRLs. It concluded that concerning the MRLs for citrus fruits, almonds, hazelnuts, walnuts, apples, pears, quinces, medlar, loquat, peaches, plums, table grapes, wine grapes, strawberries, blackberries, raspberries, currants (red, black and white), gooseberries, papaya, potatoes, radishes, garlic, onions, shallots, spring onions, tomatoes, peppers, aubergines, cucumbers, gherkins, courgettes, melons, pumpkins, watermelons, Chinese cabbage, lamb's lettuce, lettuce, scarole, rocket, leaves and sprouts of brassica, witloof, chervil, chives, celery leaves, parsley, sage, rosemary, thyme, basil, bay leaves, tarragon, beans (fresh, with pods), peas (fresh, with pods) and leek some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation. The Authority concluded that concerning the MRLs for cherries, avocados, peas (fresh, without pods) and globe artichokes no information was available and that for cress and celery the information available was insufficient to derive a tentative MRL and that further consideration by risk managers was required. The MRLs for these products should be set at the specific limit of determination. Taking into account additional information on the good agricultural practice provided by France after publication of the reasoned opinion and as there is no risk for consumers, the MRL for apricots should be set in Annex II to Regulation (EC) No 396/2005 at the existing level.
- (3) For desmedipham, the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(2) of Regulation (EC) No 396/2005 in conjunction with Article 12(1) thereof <sup>(3)</sup>. It concluded that concerning the MRLs for beetroot, beet leaves, sugar beet (root), swine muscle, fat, liver and kidney, bovine muscle, fat, liver and kidney, sheep muscle, fat, liver and kidney, goat muscle, fat, liver and kidney some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the

- (4) For dichlorprop-P, the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(2) of Regulation (EC) No 396/2005 in conjunction with Article 12(1) thereof <sup>(1)</sup>. It proposed to change the residue definition. It recommended lowering the MRLs for apples, pears, cherries, plums, barley grain, oats grain, rye grain and wheat grain. For oranges it recommended raising the existing MRL. It concluded that concerning the MRLs for swine muscle, fat, liver and kidney, bovine muscle, fat, liver and kidney, sheep muscle, fat, liver and kidney, goat muscle, fat, liver and kidney, cattle milk, sheep milk and goat milk some information was not available and that further consideration by risk managers was required. It proposed to change the residue definition. It concluded that concerning the MRLs for carrots, onions, beans (dry), peas (dry), sunflower seed, sugar beet (root), swine muscle, fat, liver and kidney, bovine muscle, fat, liver and kidney, sheep muscle, fat, liver and kidney, goat muscle, fat, liver and kidney, poultry muscle, fat and liver, cattle milk, sheep milk, goat milk and birds' eggs some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. The MRL for spring onions should be set at the specific limit of determination. Taking into account additional information on the good agricultural practice provided by Australia after publication of the reasoned opinion and as there is no risk for consumers, the MRL for rape seed should be set in Annex II to Regulation (EC) No 396/2005 at the existing level. This MRL will be reviewed; the review will take into account the information available within two years from the publication of this Regulation.
- (6) For oryzalin, the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 <sup>(3)</sup>. It recommended lowering the MRL for table grapes. For other products it recommended keeping the existing MRL. It concluded that concerning the MRLs for kiwi and asparagus some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation. The Authority concluded that concerning the MRL for banana the information available was insufficient to derive a tentative MRL and that further consideration by risk managers was required. The MRL for this product should be set at the specific limit of determination.
- (7) For phenmedipham, the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(2) of Regulation (EC) No 396/2005 in conjunction with Article 12(1) thereof <sup>(4)</sup>. It proposed to change the residue definition. The Authority concluded that concerning the MRLs for strawberries, beetroot, spinach, beet leaves, chervil, chives, celery leaves, parsley, sage, rosemary, thyme, basil, bay leaves and tarragon some information was not available and that further consideration by risk managers was required. <sup>(4)</sup> European Food Safety Authority; Review of the existing maximum residue levels (MRLs) for phenmedipham according to Article 12 of Regulation (EC) No 396/2005. EFSA Journal 2014;12(8):3807.

provided by Finland after publication of the reasoned opinion, the MRL for sugar beet (root) should be set in Annex II to Regulation (EC) No 396/2005 at '0,05 (\*) mg/kg'. This MRL will be reviewed; the review will take into account the information available within two years from the publication of this Regulation. The Authority concluded that concerning the MRLs for swine muscle, fat, liver and kidney, bovine muscle, fat, liver and kidney, sheep muscle, fat, liver and kidney, goat muscle, fat, liver and kidney, cattle milk, sheep milk and goat milk, poultry muscle, fat and liver and birds' eggs the information available was not sufficient to derive a tentative MRL and that further consideration by risk managers was required. The MRLs for these products should be set at the specific limit of determination.

- (8) As regards products on which the use of the plant protection product concerned is not authorised, and for which no import tolerances or CXLs exist, MRLs should be set at the specific limit of determination or the default MRL should apply, as provided for in Article 18(1)(b) of Regulation (EC) No 396/2005.
- (9) The Commission consulted the European Union reference laboratories for residues of pesticides as regards the need to adapt certain limits of determination. As regards several substances, those laboratories concluded that for certain commodities technical development requires the setting of specific limits of determination.
- (10) Based on the reasoned opinions of the Authority and taking into account the factors relevant to the matter under consideration, the appropriate modifications to the MRLs fulfil the requirements of Article 14(2) of Regulation (EC) No 396/2005.
- (11) Through the World Trade Organisation, the trading partners of the Union were consulted on the new MRLs and their comments have been taken into account.
- (12) Regulation (EC) No 396/2005 should therefore be amended accordingly.
- (13) In order to allow for the normal marketing, processing and consumption of products, this Regulation should provide for a transitional arrangement for products which have been produced before the modification of the MRLs and for which information shows that a high level of consumer protection is maintained.
- (14) A reasonable period should be allowed to elapse before the modified MRLs become applicable in order to permit Member States, third countries and food business operators to prepare themselves to meet the new requirements which will result from the modification of the MRLs.
- (15) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2076****of 18 November 2015****opening and providing for the administration of Union import tariff quotas for fresh and frozen pigmeat originating in Ukraine**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular points (a), (c) and (d) of Article 187 thereof,

Whereas:

- (1) By Council Decision 2014/668/EU <sup>(2)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application, of the Association Agreement between the European Union and its Member States, of the one part, and the Ukraine, of the other part ('the Agreement'). The Agreement provides for the elimination of customs duties on imports of goods originating in Ukraine in accordance with its Annex I-A to Chapter I. The Appendix to that Annex I-A provides for import tariff quotas for pigmeat.
- (2) Pending the entry into force of the Agreement, in accordance with Regulation (EU) No 374/2014 of the European Parliament and of the Council <sup>(3)</sup>, import tariff quotas for pigmeat for 2014 and 2015 were opened and managed in accordance with Commission Implementing Regulation (EU) No 414/2014 <sup>(4)</sup>.
- (3) The Agreement will be provisionally applied as of 1 January 2016. It is therefore necessary to open annual import tariff quota periods from 1 January 2016 onwards. In order to give due weight to the supply requirements of the existing and emerging production, processing and consumption market in the Union pigmeat sector in terms of competitiveness, certainty and continuity of supply and the need to safeguard the equilibrium of that market, it is appropriate that those quotas are administered by the Commission in accordance with Article 184(2)(b) of Regulation (EU) No 1308/2013.
- (4) Article 6(3) of Commission Regulation (EC) No 1301/2006 <sup>(5)</sup> provides that the Commission Regulations governing a given import tariff quota may provide for the application of a system according to which the quotas are managed by attributing import rights as a first step and issuing import licences as a second. Such a system would allow operators that have obtained import rights to decide during the quota period and based upon their actual trade flows, at what moment they wish to apply for import licences.
- (5) Commission Regulation (EC) No 376/2008 <sup>(6)</sup> lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products. That Regulation should apply to import licences issued under this Regulation, save where derogations are appropriate.
- (6) Furthermore, the provisions of Regulation (EC) No 1301/2006 which concern applications for import rights, the status of applicants and the issue of import licences, should apply to import licences issued pursuant to this Regulation, without prejudice to additional conditions laid down in this Regulation.

<sup>(1)</sup> OJ L 347, 20.12.2013, p. 671.

<sup>(2)</sup> Council Decision 2014/668/EU of 23 June 2014 on the signing, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part, as regards Title III (with the exception of the provisions relating to the treatment of third-country nationals legally employed as workers in the territory of the other Party) and Titles IV, V, VI and VII thereof, as well as the related Annexes and Protocols (OJ L 278, 20.9.2014, p. 1).

<sup>(3)</sup> Regulation (EU) No 374/2014 of the European Parliament and of the Council of 16 April 2014 on the reduction or elimination of customs duties on goods originating in Ukraine (OJ L 118, 22.4.2014, p. 1).

<sup>(4)</sup> Commission Implementing Regulation (EU) No 414/2014 of 23 April 2014 opening and providing for the administration of Union import tariff quotas for fresh and frozen pigmeat originating in Ukraine (OJ L 121, 24.4.2014, p. 44).

<sup>(5)</sup> Commission Regulation (EC) No 1301/2006 of 31 August 2006 laying down common rules for the administration of import tariff quotas for agricultural products managed by a system of import licences (OJ L 238, 1.9.2006, p. 13).

<sup>(6)</sup> Commission Regulation (EC) No 376/2008 of 23 April 2008 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products (OJ L 114, 26.4.2008, p. 3).

- (7) For appropriate administration of the tariff quotas, a security should be lodged at the time of submission of an import rights application and at the time of issue of an import licence.
- (8) Operators should be obliged to apply for import licences for all the import rights allocated, respecting the obligation referred to in Article 23(1) of Commission Delegated Regulation (EU) No 907/2014 <sup>(1)</sup>.
- (9) Commission Implementing Regulation (EU) No 1001/2013 <sup>(2)</sup> has replaced some CN codes in Annex I to Council Regulation (EEC) No 2658/87 <sup>(3)</sup> by new CN codes which now differ from those referred to in the Appendix to Annex I-A to Chapter I of the Agreement. The new CN codes should therefore be reflected in Annex I to this Regulation.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS REGULATION:

#### *Article 1*

### **Opening and management of tariffs quotas**

1. This Regulation opens and manages, from 2016, annual import tariff quotas for the products indicated in Annex I, for the period from 1 January until 31 December.
2. The quantity of products covered by the quotas referred to in paragraph 1, the applicable rate of customs duty and the order numbers shall be as set out in Annex I.
3. The import tariff quota referred to in paragraph 1 shall be managed in accordance with the method referred to in Article 184(2)(b) of Regulation (EU) No 1308/2013 and by attributing import rights as a first step and issuing import licences as a second step.
4. Regulations (EC) No 1301/2006 and (EC) No 376/2008 shall apply, unless otherwise provided for in this Regulation.

#### *Article 2*

### **Import tariff quota periods**

The quantity of the products set for the annual import tariff quota for each order number set out in Annex I shall be subdivided into four subperiods, as follows:

- (a) 25 % from 1 January to 31 March;
- (b) 25 % from 1 April to 30 June;
- (c) 25 % from 1 July to 30 September;
- (d) 25 % from 1 October to 31 December.

#### *Article 3*

### **Import rights applications and allocation of import rights**

1. Applications for import rights shall be submitted in the first 7 days of the month preceding each of the subperiods referred to in Article 2.

<sup>(1)</sup> Commission Delegated Regulation (EU) No 907/2014 of 11 March 2014 supplementing Regulation (EU) No 1306/2013 of the European Parliament and of the Council with regard to paying agencies and other bodies, financial management, clearance of accounts, securities and use of euro (OJ L 255, 28.8.2014, p. 18).

<sup>(2)</sup> Commission Implementing Regulation (EU) No 1001/2013 of 4 October 2013 amending Annex I to Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ L 290, 31.10.2013, p. 1).

<sup>(3)</sup> Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ L 256, 7.9.1987, p. 1).

2. A security of EUR 20 per 100 kilograms shall be lodged at the time of submission of an import rights application.
3. Applicants for import rights shall, when presenting their first application for a given quota year, submit the proof that a quantity of pigmeat products falling under CN codes 0203 has been imported by them or on their behalf under the relevant customs provisions ('the reference quantity'). Such proof shall relate to the 12 months' period ending 1 month before their first application. A company formed by the merger of companies, each having an imported reference quantity, may combine those reference quantities as a basis for its application.
4. The total quantity of products covered by an application for import rights submitted in one of the subperiods referred to in Article 2 shall not exceed 25 % of the applicant's reference quantity. A competent authority shall reject applications not complying with this rule.
5. Member States shall notify the Commission, by the 14th day of the month in which applications are submitted, of the total quantities, including nil returns, of all applications, expressed in kilograms of product weight and broken down by order number.
6. Import rights shall be awarded as from the 23rd day of the month in which applications are submitted and at the latest by the last day of that month.
7. Where the application of the allocation coefficient referred to in Article 7(2) of Regulation (EC) No 1301/2006 results in fewer import rights to be allocated than had been applied for, the security lodged in accordance with Article 3(2) of this Regulation shall be released proportionally without delay.
8. Import rights shall be valid from the first day of the subperiod for which the application has been submitted until 31 December of each import tariff quota period. Import rights shall not be transferable.

#### *Article 4*

#### **Import licence applications and allocation of import licences**

1. The release into free circulation of the quantities awarded under the import tariff quotas referred to in Article 1(1) shall be subject to the presentation of an import licence.
2. Import licence applications shall cover the total quantity of import rights allocated. The obligation referred to in Article 23(1) of Delegated Regulation (EU) No 907/2014 shall be respected.
3. Import licence applications shall be submitted only in the Member State where the applicant has applied for and obtained import rights under the quotas referred to in Article 1(1).
4. A security of EUR 50 per 100 kilograms shall be lodged by the operator at the time of submission of the import licence application. Each issue of an import licence shall result in a corresponding reduction of the import rights obtained and the security lodged for import rights shall be released proportionally without delay.
5. Import licences shall be issued upon application by and in the name of the operator who has obtained the import rights.
6. Import licence applications shall refer to only one order number. They may concern several products covered by different CN codes. In that case, all the CN codes and their descriptions shall be entered in boxes 15 and 16 of the licence application and the licence respectively.
7. Import licence applications and import licences shall contain:
  - (a) in box 8, the name 'Ukraine' as country of origin and box 'yes' marked by a cross;
  - (b) in box 20, one of the entries listed in Annex II.
8. Each import licence shall mention the quantity for each CN code.
9. An import licence shall be valid for 30 days from the actual day of issue of the licence within the meaning of Article 22(2) of Regulation (EC) No 376/2008. The term of validity of the import licence shall, however, expire on 31 December of each import tariff quota period at the latest.

*Article 5***Notifications to the Commission**

1. By way of derogation from the second subparagraph of Article 11(1) of Regulation (EC) No 1301/2006, Member States shall notify the Commission not later than the 10th day of the month following the last day of each subperiod, of the quantities, including nil returns, covered by licences they have issued during that subperiod.
2. By way of derogation from the second subparagraph of Article 11(1) of Regulation (EC) No 1301/2006, Member States shall notify the Commission of the quantities, including nil returns, covered by unused or partially used import licences and corresponding to the difference between the quantities entered on the back of the import licences and the quantities for which they were issued:
  - (a) together with the notifications referred to in Article 3(5) of this Regulation regarding the applications submitted for the last subperiod;
  - (b) for quantities not yet notified at the time of the first notification provided for in point (a), by 30 April following the end of each import tariff quota period at the latest.
3. No later than 30 April following the end of each import tariff quota period, Member States shall notify the Commission of the quantities of products, which were actually released into free circulation during that quota period.
4. In the case of the notifications referred to in paragraphs 1, 2 and 3, the quantity shall be expressed in kilograms of product weight and broken down by order number.

*Article 6*

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular points (a), (c) and (d) of Article 187 thereof,

Having regard to Regulation (EU) No 510/2014 of the European Parliament and of the Council of 16 April 2014 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products and repealing Council Regulations (EC) No 1216/2009 and (EC) No 614/2009 <sup>(2)</sup> and in particular points (a), (b), (c) and (d) of Article 9 and point (a) of Article 16(1) thereof,

Whereas:

- (1) By Council Decision 2014/668/EU <sup>(3)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application, of the Association Agreement between the European Union and its Member States, of the one part, and the Ukraine, of the other part ('the Agreement'). The Agreement provides for the elimination of customs duties on imports of goods originating in Ukraine in accordance with Annex I-A to Chapter I of the Agreement. The Appendix to that Annex I-A provides for import tariff quotas for eggs, egg products and albumins.
- (2) Pending the entry into force of the Agreement, in accordance with Regulation (EU) No 374/2014 of the European Parliament and of the Council <sup>(4)</sup>, import tariff quotas for eggs, egg products and albumins for 2014 and 2015 were opened and managed in accordance with Commission Implementing Regulation (EU) No 412/2014 <sup>(5)</sup>.
- (3) The Agreement will be provisionally applied as of 1 January 2016. It is therefore necessary to open annual import tariff quota periods from 1 January 2016 onwards. In order to give due weight to the supply requirements of the Union existing and emerging production, processing and consumption market in terms of competitiveness, certainty and continuity of supply and the need to safeguard the equilibrium of that market, it is appropriate that those quotas are administered by the Commission in accordance with Article 184(2)(b) of Regulation (EU) No 1308/2013 and Article 14(3)(b) of Regulation (EU) No 510/2014.
- (4) The import tariff quotas concerned should be managed through the use of import licences. To this end, Commission Regulation (EC) No 1301/2006 <sup>(6)</sup> should apply, without prejudice to additional conditions laid down in this Regulation.
- (5) Commission Regulation (EC) No 376/2008 <sup>(7)</sup> lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products. That Regulation should apply to import licences issued in accordance with this Regulation, save where derogations are appropriate.

- (6) For the appropriate administration of the tariff quotas, the security linked to the import licences should be lodged at the time of submission of a licence application.
- (7) Commission Implementing Regulation (EU) No 1001/2013 <sup>(1)</sup> has replaced some CN codes in Annex I to Council Regulation (EEC) No 2658/87 <sup>(2)</sup> by new CN codes which now differ from those referred to in the Appendix to Annex I-A to Chapter I of the Agreement. The new CN codes should therefore be reflected in Annex I to this Regulation.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2078****of 18 November 2015****opening and providing for the administration of Union import tariff quotas for poultrymeat originating in Ukraine**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular points (a), (c) and (d) of Article 187 thereof,

Whereas:

- (1) By Council Decision 2014/668/EU <sup>(2)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application, of the Association Agreement between the European Union and its Member States, of the one part, and Ukraine, of the other part ('the Agreement'). The Agreement provides for the elimination of customs duties on imports of goods originating in Ukraine in accordance with its Annex I-A to Chapter I. The Appendix to that Annex I-A provides for import tariff quotas for poultry meat.
- (2) Pending the entry into force of the Agreement, in accordance with Regulation (EU) No 374/2014 of the European Parliament and of the Council <sup>(3)</sup>, import tariff quotas for poultrymeat for 2014 and 2015 were opened and managed in accordance with Commission Implementing Regulation (EU) No 413/2014 <sup>(4)</sup>.
- (3) The Agreement will be provisionally applied as of 1 January 2016. It is therefore necessary to open annual import tariff quota periods from 1 January 2016 onwards. In order to give due weight to the supply requirements of the existing and emerging production, processing and consumption market in the Union poultrymeat sector in terms of competitiveness, certainty and continuity of supply and the need to safeguard the equilibrium of that market, it is appropriate that those quotas are administered by the Commission in accordance with Article 184(2)(b) of Regulation (EU) No 1308/2013.
- (4) Article 6(3) of Commission Regulation (EC) No 1301/2006 <sup>(5)</sup> provides that the Commission Regulations governing a given import tariff quota may provide for the application of a system according to which the quotas are managed by attributing import rights as a first step and issuing import licences as a second. Such a system would allow operators that have obtained import rights to decide during the quota period and based upon their actual trade flows, at what moment they wish to apply for import licences.
- (5) Commission Regulation (EC) No 376/2008 <sup>(6)</sup> lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products. That Regulation should apply to import licences issued under this Regulation, save where derogations are appropriate.
- (6) Furthermore, the provisions of Regulation (EC) No 1301/2006 which concern applications for import rights, the status of applicants and the issue of import licences should apply to import licences issued pursuant to this Regulation, without prejudice to additional conditions laid down in this Regulation.

<sup>(1)</sup> OJ L 347, 20.12.2013, p. 671.

<sup>(2)</sup> Council Decision 2014/668/EU of 23 June 2014 on the signing, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part, as regards Title III (with the exception of the provisions relating to the treatment of third-country nationals legally employed as workers in the territory of the other Party) and Titles IV, V, VI and VII thereof, as well as the related Annexes and Protocols (OJ L 278, 20.9.2014, p. 1).

<sup>(3)</sup> Regulation (EU) No 374/2014 of the European Parliament and of the Council of 16 April 2014 on the reduction or elimination of customs duties on goods originating in Ukraine (OJ L 118, 22.4.2014, p. 1).

<sup>(4)</sup> Commission Implementing Regulation (EU) No 413/2014 of 23 April 2014 opening and providing for the administration of Union import tariff quotas for poultrymeat originating in Ukraine (OJ L 121, 24.4.2014, p. 37).

<sup>(5)</sup> Commission Regulation (EC) No 1301/2006 of 31 August 2006 laying down common rules for the administration of import tariff quotas for agricultural products managed by a system of import licences (OJ L 238, 1.9.2006, p. 13).

<sup>(6)</sup> Commission Regulation (EC) No 376/2008 of 23 April 2008 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products (OJ L 114, 26.4.2008, p. 3).

- (7) For appropriate administration of the tariff quotas, a security should be lodged at the time of submission of an import rights application, and at the time of issue of an import licence.
- (8) Operators should be obliged to apply for import licences for all the import rights allocated, respecting the obligation referred to in Article 23(1) of Commission Delegated Regulation (EU) No 907/2014 <sup>(1)</sup>.
- (9) Commission Implementing Regulation (EU) No 1001/2013 <sup>(2)</sup> has replaced some CN codes in Annex I to Council Regulation (EEC) No 2658/87 <sup>(3)</sup> by new CN codes which now differ from those referred to in the Appendix to Annex I-A to Chapter I of the Agreement. The new CN codes should therefore be reflected in Annex I to this Regulation.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS REGULATION:

3. The import tariff quota referred to in paragraph 1 shall be managed in accordance with the method referred to in Article 184(2)(b) of Regulation (EU) No 1308/2013 and by attributing import rights as a first step and issuing import licences as a second step.
4. Regulations (EC) No 1301/2006 and (EC) No 376/2008 shall apply, unless otherwise provided for in this Regulation.

#### *Article 2*

- (b) 25 % from 1 April to 30 June;
- (c) 25 % from 1 July to 30 September;

#### *Article 3*

### **Import rights applications and allocation of import rights**

1. Applications for import rights shall be submitted in the first seven days of the month preceding each of the subperiods referred to in Article 2.

<sup>(1)</sup> Commission Delegated Regulation (EU) No 907/2014 of 11 March 2014 supplementing Regulation (EU) No 1306/2013 of the European Parliament and of the Council with regard to paying agencies and other bodies, financial management, clearance of accounts, securities and use of euro (OJ L 255, 28.8.2014, p. 18).

2. A security of EUR 35 per 100 kilograms shall be lodged at the time of submission of an import rights application.
3. Applicants for import rights shall, when presenting their first application for a given quota year, submit the proof that a quantity of poultry products falling under CN codes 0207, 0210 99 39, 1602 31, 1602 32 or 1602 39 21 has been imported by them or on their behalf under the relevant customs provisions ('the reference quantity'). Such proof shall relate to the 12 months' period ending one month before their first application. A company formed by the merger of companies, each having an imported reference quantity, may combine those reference quantities as a basis for its application.
4. The total quantity of products covered by an application for import rights submitted in one of the subperiods referred to in Article 2 shall not exceed 25 % of the applicant's reference quantity. A competent authority shall reject applications not complying with this rule.
5. Member States shall notify the Commission, by the 14th day of the month in which applications are submitted, of the total quantities, including nil returns, of all applications, expressed in kilograms of product weight and broken down by order number.
6. Import rights shall be awarded as from the 23rd day of the month in which applications are submitted and at the latest by the last day of that month.
7. Where the application of the allocation coefficient referred to in Article 7(2) of Regulation (EC) No 1301/2006 results in fewer import rights to be allocated than had been applied for, the security lodged in accordance with Article 3(2) of this Regulation shall be released proportionally without delay.
8. Import rights shall be valid from the first day of the subperiod for which the application has been submitted until 31 December of each import tariff quota period. Import rights shall not be transferable.

2. Import licence applications shall cover the total quantity of import rights allocated. The obligation referred to in Article 23(1) of Delegated Regulation (EU) No 907/2014 shall be respected.
3. Import licence applications shall be submitted only in the Member State where the applicant has applied for and obtained import rights under the quotas referred to in Article 1(1).
4. A security of EUR 75 per 100 kilograms shall be lodged by the operator at the time of submission of the import licence application. Each issue of an import licence shall result in a corresponding reduction of the import rights obtained and the security lodged for import rights shall be released proportionally without delay.
5. Import licences shall be issued upon application by and in the name of the operator who has obtained the import rights.
6. Import licence applications shall refer to only one order number. They may concern several products covered by different CN codes. In that case, all the CN codes and their descriptions shall be entered in boxes 15 and 16 of the licence application and the licence respectively.

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2079****of 18 November 2015****opening and providing for the administration of a Union import tariff quota for fresh and frozen beef and veal originating in Ukraine**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular points (a), (c) and (d) of Article 187 thereof,

Whereas:

- (1) By Council Decision 2014/668/EU <sup>(2)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application, of the Association Agreement between the European Union and its Member States, of the one part, and the Ukraine, of the other part ('the Agreement'). That Agreement provides for the elimination of customs duties on imports of goods originating in Ukraine in accordance with its Annex I-A to Chapter I. The Appendix to that Annex provides for a Union tariff quota for beef and veal.
- (2) Pending the entry into force of the Agreement, in accordance with Regulation (EU) No 374/2014 of the European Parliament and of the Council <sup>(3)</sup>, the import tariff quota for beef and veal for 2014 and 2015 was opened and managed in accordance with Commission Implementing Regulation (EU) No 411/2014 <sup>(4)</sup>.
- (3) The Agreement will be provisionally applied as of 1 January 2016. It is therefore necessary to open annual import tariff quota periods from 1 January 2016 onwards. In order to give due weight to the supply requirements of the existing and emerging production, processing and consumption market in the Union beef and veal sector in terms of competitiveness, certainty and continuity of supply and the need to safeguard the equilibrium of that market, it is appropriate that those quotas are administered by the Commission in accordance with Article 184(2)(b) of Regulation (EU) No 1308/2013.
- (4) Article 6(3) of Commission Regulation (EC) No 1301/2006 <sup>(5)</sup> provides that the Commission Regulations governing a given import tariff quota may provide for the application of a system according to which the quotas are managed by attributing import rights as a first step and issuing import licences as a second. Such a system would allow operators that have obtained import rights to decide, during the quota period and based upon their actual trade flows, at what moment they wish to apply for import licences.
- (5) Commission Regulation (EC) No 376/2008 <sup>(6)</sup> and Commission Regulation (EC) No 382/2008 <sup>(7)</sup> lay down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products and on application for import and export licences in the beef and veal sector, respectively. Those Regulations should apply to import licences issued in accordance with this Regulation, save where derogations are appropriate.

<sup>(1)</sup> OJ L 347, 20.12.2013, p. 671.

<sup>(2)</sup> Council Decision 2014/668/EU of 23 June 2014 on the signing, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part, as regards Title III (with the exception of the provisions relating to the treatment of third-country nationals legally employed as workers in the territory of the other Party) and Titles IV, V, VI and VII thereof, as well as the related Annexes and Protocols (OJ L 278, 20.9.2014, p. 1).

<sup>(3)</sup> Regulation (EU) No 374/2014 of the European Parliament and of the Council of 16 April 2014 on the reduction or elimination of customs duties on goods originating in Ukraine (OJ L 118, 22.4.2014, p. 1).

<sup>(4)</sup> Commission Implementing Regulation (EU) No 411/2014 of 23 April 2014 opening and providing for the administration of a Union import tariff quota for fresh and frozen beef and veal originating in Ukraine (OJ L 121, 24.4.2014, p. 27).

<sup>(5)</sup> Commission Regulation (EC) No 1301/2006 of 31 August 2006 laying down common rules for the administration of import tariff quotas for agricultural products managed by a system of import licences (OJ L 238, 1.9.2006, p. 13).

<sup>(6)</sup> Commission Regulation (EC) No 376/2008 of 23 April 2008 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products (OJ L 114, 26.4.2008, p. 3).

<sup>(7)</sup> Commission Regulation (EC) No 382/2008 of 21 April 2008 on rules of application for import and export licences in the beef and veal sector (OJ L 115, 29.4.2008, p. 10).

- (6) Furthermore, the provisions of Regulation (EC) No 1301/2006 which concern applications for import rights, the status of applicants and the issue of import licences should apply to import licences issued pursuant to this Regulation, without prejudice to additional conditions laid down in this Regulation.
- (7) For appropriate administration of the tariff quotas, a security should be lodged at the time of submission of an import rights application.
- (8) Operators should be obliged to apply for import licences for all the import rights allocated, respecting the obligation referred to in Article 23(1) of Commission Delegated Regulation (EU) No 907/2014 <sup>(1)</sup>.
- (9) Commission Implementing Regulation (EU) No 1001/2013 <sup>(2)</sup> has replaced some CN codes in Annex I to Council Regulation (EEC) No 2658/87 <sup>(3)</sup> by new CN codes which now differ from those referred to in the Appendix to Annex I-A to Chapter I of the Agreement. The new CN codes should therefore be reflected in Annex I to this Regulation.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS REGULATION:

2. A security of EUR 6 per 100 kilograms net weight shall be lodged at the time of submission of an import rights application.
3. Applicants for import rights shall, when presenting their first application for a given quota year, submit the proof that a quantity of beef falling under CN codes 0201 or 0202 has been imported by them or on their behalf under the relevant customs provisions ('the reference quantity'). 3. Import licence applications shall be submitted only in the Member State where the applicant has applied for and obtained import rights under the import tariff quota referred to in Article 1(1).
4. Each issuing of an import licence shall result in a corresponding reduction of the import rights obtained and the security lodged in accordance with Article 3(2) shall be released proportionally without delay.
5. Import licences shall be issued upon application by and in the name of the operator who has obtained the import rights.
6. Import licence applications shall refer to only one order number. They may concern several products covered by different CN codes. In that case, all the CN codes and their descriptions shall be entered in boxes 15 and 16 of the licence application and the licence respectively.

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2080****of 18 November 2015****amending Regulation (EC) No 2535/2001 as regards the management of import tariff quotas for dairy products originating in Ukraine and the removal of an import tariff quota for dairy products originating in Moldova**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular Article 187 thereof,

Whereas:

- (1) By Council Decision 2014/668/EU <sup>(2)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application, of the Association Agreement between the European Union and its Member States, of the one part, and the Ukraine, of the other part. Title IV of that Agreement and Annex I-A to Chapter I thereto, provide for the elimination of customs duties on imports of goods originating in Ukraine and for tariff rate quotas three of which relate to dairy products. Pending the entry into force of the Agreement, in accordance with Regulation (EU) No 374/2014 of the European Parliament and of the Council <sup>(3)</sup>, the import tariff rate quotas for dairy products for Ukraine have been included by Commission Implementing Regulations (EU) No 415/2014 <sup>(4)</sup> and (EU) No 1165/2014 <sup>(5)</sup> in Annex I to Commission Regulation (EC) No 2535/2001 <sup>(6)</sup> up to 31 December 2015. The Association Agreement will be provisionally applied as of 1 January 2016.
- (2) It is therefore appropriate to complete Part L of Annex I to Regulation (EC) No 2535/2001 with the import tariff rate quotas for dairy products for Ukraine for the quota periods from 1 January 2016 onwards.
- (3) By Council Decision 2014/492/EU <sup>(7)</sup>, the Council authorised the signing, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and the Republic of Moldova, of the other part. Article 147 of that Agreement provides for the elimination of customs duties on imports into the European Union. Council Regulation (EC) No 55/2008 <sup>(8)</sup> introducing autonomous trade preferences for the Republic of Moldova and providing for an import quota for dairy products referred to in Article 5(j) of Regulation (EC) No 2535/2001 applies until 31 December 2015. It is therefore appropriate to delete the provisions relating to the import quota for dairy products for Moldova from Regulation (EC) No 2535/2001.
- (4) Regulation (EC) No 2535/2001 should therefore be amended accordingly.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

<sup>(1)</sup> OJ L 347, 20.12.2013, p. 671.

<sup>(2)</sup> Council Decision 2014/668/EU of 23 June 2014 on the signing, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part, as regards Title III (with the exception of the provisions relating to the treatment of third-country nationals legally employed as workers in the territory of the other Party) and Titles IV, V, VI and VII thereof, as well as the related Annexes and Protocols (OJ L 278, 20.9.2014, p. 1).

<sup>(3)</sup> Regulation (EU) No 374/2014 of the European Parliament and of the Council of 16 April 2014 on the reduction or elimination of customs duties on goods originating in Ukraine (OJ L 118, 22.4.2014, p. 1).

<sup>(4)</sup> Commission Implementing Regulation (EU) No 415/2014 of 23 April 2014 amending and derogating from Regulation (EC) No 2535/2001 as regards the management of the tariff quotas for dairy products originating in Ukraine (OJ L 121, 24.4.2014, p. 49).

<sup>(5)</sup> Commission Implementing Regulation (EU) No 1165/2014 of 31 October 2014 amending Regulation (EC) No 2535/2001 as regards the management of the tariff quotas for dairy products originating in Ukraine (OJ L 314, 31.10.2014, p. 7).

<sup>(6)</sup> Commission Regulation (EC) No 2535/2001 of 14 December 2001 laying down detailed rules for applying Council Regulation (EC) No 1255/1999 as regards the import arrangements for milk and milk products and opening tariff quotas (OJ L 341, 22.12.2001, p. 29).

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2081****of 18 November 2015****opening and providing for the administration of import tariff quotas for certain cereals originating in Ukraine**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 <sup>(1)</sup>, and in particular Article 187(a) and (c) thereof,

Whereas:

- (1) By Council Decision No 2014/668/EU <sup>(2)</sup>, the Council authorised the signature, on behalf of the European Union, and provisional application of the Association Agreement between the European Union and its Member States, on the one hand, and Ukraine, on the other. Title IV of the Agreement provides, in particular, for the reduction or removal of customs duties on goods from Ukraine in accordance with Annex I-A to the Agreement. Annex I-A to the Agreement provides, in particular, for the opening of tariff quotas for imports of certain cereals into the EU. Title IV of and Annex I-A to the Agreement shall apply provisionally from 1 January 2016.
- (2) Consequently, tariff quotas for imports of cereals should be opened as from 2016. In addition, the Commission should administer some of these tariff quotas according to the method referred to in Article 184(2)(b) of Regulation (EU) No 1308/2013.
- (3) To ensure that imports of cereals originating in Ukraine within these tariff quotas are orderly and not speculative, they should be made subject to the issue of import licences. Therefore Commission Regulations (EC) No 1301/2006 <sup>(3)</sup>, (EC) No 1342/2003 <sup>(4)</sup> and (EC) No 376/2008 <sup>(5)</sup> should apply, without prejudice to any derogations provided for by this Regulation.
- (4) To ensure the proper management of these quotas, deadlines for the submission of import licence applications should be laid down and the information to be included in applications and licences should be specified.
- (5) In the interests of efficient administration, when notifying the Commission, Member States should use the information systems provided for in Commission Regulation (EC) No 792/2009 <sup>(6)</sup>.
- (6) Commission Implementing Regulation (EU) No 1006/2011 <sup>(7)</sup> replaced the CN codes of the cereals referred to in Annex I to Council Regulation (EEC) No 2658/87 <sup>(8)</sup> with new codes that differ from the codes referred to in the Association Agreement. The Annex to this Regulation should therefore refer to the new CN codes.

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2082****of 18 November 2015****concerning the non-approval of *Arctium lappa* L. (aerial parts) as a basic substance in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC <sup>(1)</sup>, and in particular Article 23(5) in conjunction with Article 13(2) thereof,

Whereas:

- (1) In accordance with Article 23(3) of Regulation (EC) No 1107/2009, the Commission received on 3 June 2014 an application from the Institut Technique de l'Agriculture Biologique (ITAB) for the approval of *Arctium lappa* L. as basic substance. That application was accompanied by the information required under the second subparagraph of Article 23(3).
- (2) The Commission asked the European Food Safety Authority (hereinafter 'the Authority') for scientific assistance. The Authority presented to the Commission a Technical Report on the substance concerned on 27 November 2014 <sup>(2)</sup>. The Commission presented the review report <sup>(3)</sup> and the draft of this Regulation on the non-approval of *Arctium lappa* L. (aerial parts) to the Standing Committee on Plants, Animals, Food and Feed on 26 May 2015.
- (3) The documentation provided by the applicant shows that not all aerial parts of *Arctium lappa* L. fulfil the criteria of a foodstuff as defined in Article 2 of Regulation (EC) No 178/2002 of the European Parliament and of the Council <sup>(4)</sup>.
- (4) Specific concerns were identified, in the Technical Report of the Authority, regarding exposure to arctigenin, chlorogenic and caffeic acids and, as a result, the assessment of the risk to operators, workers, bystanders, consumers and non-target organisms could not be finalised.
- (5) The Commission invited the applicant to submit its comments on the Technical Report of the Authority and on the draft review report. The applicant submitted its comments, which have been carefully examined.
- (6) However, despite the arguments put forward by the applicant, the concerns related to the substance cannot be eliminated.
- (7) Consequently, as laid down in the Commission review report, it has not been established that the requirements laid down in Article 23 of Regulation (EC) No 1107/2009 are satisfied. It is therefore appropriate not to approve *Arctium lappa* L. (aerial parts) as basic substance.
- (8) This Regulation does not prejudice the submission of a further application for the approval of *Arctium lappa* L. (aerial parts) as basic substance in accordance with Article 23(3) of Regulation (EC) No 1107/2009.

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC <sup>(1)</sup>, and in particular Article 13(2) thereof,

Whereas:

- (1) In accordance with Article 7(1) of Regulation (EC) No 1107/2009, the Netherlands received on 8 May 2012 an application from Bayer CropScience AG for the approval of the active substance flupyradifurone.
- (2) In accordance with Article 9(3) of that Regulation, the Netherlands, as rapporteur Member State, notified the applicant, the other Member States, the Commission and the European Food Safety Authority (hereinafter 'the Authority') of the admissibility of the application on 21 June 2012.
- (3) On 1 February 2014 the rapporteur Member State submitted a draft assessment report to the Commission with a copy to the Authority, assessing whether that active substance can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009.

The Authority made its conclusion available to the public.
- (6) On 13 July 2015 the Commission presented to the Standing Committee on Plants, Animals, Food and Feed the review report for flupyradifurone and a draft Regulation providing that flupyradifurone is approved.
- (7) The applicant was given the possibility to submit comments on the review report.
- (8) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance, and in particular the uses which were examined and detailed in the review report, that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. Those approval criteria are therefore deemed to be satisfied. It is therefore appropriate to approve flupyradifurone.
- (9) In accordance with Article 13(2) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to include certain conditions and restrictions. It is, in particular, appropriate to require further confirmatory information.

**COMMISSION IMPLEMENTING REGULATION (EU) 2015/2085****of 18 November 2015****approving the active substance mandestrobin, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC <sup>(1)</sup>, and in particular Article 13(2) thereof,

Whereas:

- (1) In accordance with Article 7(1) of Regulation (EC) No 1107/2009, Austria received on 18 December 2012 an application from Sumitomo Chemical Agro EUROPE S.A.S. for the approval of the active substance mandestrobin.
- (2) In accordance with Article 9(3) of that Regulation, Austria, as rapporteur Member State, notified the applicant, the other Member States, the Commission and the European Food Safety Authority (hereinafter 'the Authority') of the admissibility of the application on 31 January 2013.
- (3) On 31 January 2014 the rapporteur Member State submitted a draft assessment report to the Commission with a copy to the Authority, assessing whether that active substance can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009.
- (4) The Authority complied with Article 12(1) of Regulation (EC) No 1107/2009. In accordance with Article 12(3) of Regulation (EC) No 1107/2009, it requested that the applicant supply additional information to the Member States, the Commission and the Authority. The assessment of the additional information by the rapporteur Member State was submitted to the Authority in the format of an updated draft assessment report in March 2015.
- (5) On 27 April 2015 the Authority communicated to the applicant, the Member States and the Commission its conclusion on whether the active substance mandestrobin can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 <sup>(2)</sup>. The Authority made its conclusion available to the public.
- (6) On 13 July 2015 the Commission presented to the Standing Committee on Plants, Animals, Food and Feed the review report for mandestrobin and a draft Regulation providing that mandestrobin is approved.
- (7) The applicant was given the possibility to submit comments on the review report.
- (8) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance, and in particular the uses which were examined and detailed in the review report, that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. Those approval criteria are therefore deemed to be satisfied. It is therefore appropriate to approve mandestrobin.
- (9) In accordance with Article 13(2) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to include certain conditions and restrictions. It is, in particular, appropriate to require further confirmatory information.

## COMMISSION DIRECTIVE (EU) 2015/2087

of 18 November 2015

**amending Annex II to Directive 2000/59/EC of the European Parliament and the Council on port reception facilities for ship-generated waste and cargo residues**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2000/59/EC of the European Parliament and the Council of 27 November 2000 on port reception facilities for ship-generated waste and cargo residues <sup>(1)</sup>, and in particular Article 15 thereof,

Whereas:

- (1) On 15 July 2011 the International Maritime Organisation (IMO) adopted Resolution MEPC.201(62) amending Annex V to the MARPOL Convention on the prevention of pollution by garbage from ships, by introducing a new and more detailed categorization of garbage <sup>(2)</sup>. The amended Annex V to the MARPOL Convention entered into force on 1 January 2013.
- (2) This new categorization of garbage is reflected in IMO Circular MEPC.1/Circ.644/Rev.1, providing a standard format for the advance notification form for waste delivery to port reception facilities <sup>(3)</sup>, as well as in IMO Circular MEPC.1/Circ.645/Rev.1, providing a standard format for the waste delivery receipt following a ship's use of port reception facilities <sup>(4)</sup>.
- (3) In the interest of consistency with IMO measures and in order to avoid uncertainty amongst port users and authorities, the table included in Annex II to Directive 2000/59/EC, which contains the different types and amounts of waste and cargo residues to be delivered or retained on board, should be adapted to the new categorisation of garbage of the amended Annex V to the MARPOL Convention.
- (4) In addition, in order to improve the regime established under Directive 2000/59/EC, which aims at reducing discharges of ship-generated waste and cargo residues into the sea, information on the types and quantities of ship-generated waste actually delivered to port reception facilities in the last port of delivery should be included in the table of Annex II.
- (5) The exact data on the types and amounts of the ship-generated waste and cargo residues delivered by a ship in the last port is essential for an accurate calculation of sufficient dedicated storage capacity on that ship. The calculation of sufficient storage capacity is a prerequisite for allowing the ship to proceed to the next port of call without having delivered its ship-generated waste, as well as for a proper selection of vessels for inspection. Better targeted inspections will contribute to the effective operation of maritime traffic, by reducing turnaround time in ports.
- (6) This information may be available through waste receipts issued on basis of the IMO Circular MEPC.1/Circ.645/Rev.1, which recommends the standard format for the waste delivery receipt, or through other types of receipts issued to the master of the ship upon delivery of the waste. The amounts and types of waste indicated on the waste receipt or as declared by the master of the ship upon delivery in case a waste receipt cannot be obtained, would generally be more accurate than those available from the waste notification form, as they should reflect

<sup>(1)</sup> OJ L 332, 28.12.2000, p. 81.

<sup>(2)</sup> Resolution MEPC.201(62) adopted on 15 July 2011, Amendments to the Annex of the Protocol of 1978 relating to the International Convention for the Prevention of Pollution from Ships, 1973

<sup>(3)</sup> MEPC.1/Circ.644/Rev.1, 1 July 2013

<sup>(4)</sup> MEPC.1/Circ.645/Rev.1, 1 July 2013

the actual situation after delivery and as such provide more reliability in the decision making process. The master of the ship records such delivery information in the Garbage Record Book as required by the MARPOL Convention.

- (7) A systematic collection of accurate data on waste delivery would also allow a better statistical analysis of waste flow patterns in ports and facilitate the establishment of the information and monitoring system foreseen in Article 12(3) of Directive 2000/59/EC. The monitoring and exchange of such information, including the electronic waste notification developed under Directive 2010/65/EU of the European Parliament and the Council <sup>(1)</sup>, are currently supported by the Union maritime information and exchange system (SafeSeaNet), established by Directive 2002/59/EC of the European Parliament and the Council <sup>(2)</sup>, which should be linked to a reporting module within the Port State Control database <sup>(3)</sup> set up under Directive 2009/16/EC of the European Parliament and the Council <sup>(4)</sup>.
- (8) Annex II to Directive 2000/59/EC should be amended to include the information on waste delivery in the previous port and in order to incorporate the new categorization of garbage introduced by the amended MARPOL Annex V.
- (9) The measures provided for in this Directive are in accordance with the opinion of the Committee on Safe Seas and the Prevention of Pollution from Ships,

HAS ADOPTED THIS DIRECTIVE:

## COUNCIL DECISION (EU) 2015/2088

of 10 November 2015

**establishing the position to be adopted on behalf of the European Union in the relevant Committees of the United Nations Economic Commission for Europe as regards the proposals for amendments to UN Regulations Nos 12, 16, 26, 39, 44, 46, 58, 61, 74, 83, 85, 94, 95, 97, 98, 99, 100, 101, 106, 107, 110, 116 and 127, the proposal for a new UN Regulation on frontal impact, the proposals for amendments to the Consolidated Resolution on the Construction of Vehicles (R.E.3), and the proposal for a new Mutual Resolution No 2 (M.R.2) on vehicle powertrain definitions**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 114, in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) In accordance with Council Decision 97/836/EC <sup>(1)</sup>, the Union acceded to the Agreement of the United Nations Economic Commission for Europe (UNECE) concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts which can be fitted to and/or be used on wheeled vehicles and the conditions for reciprocal recognition of approvals granted on the basis of these prescriptions ('Revised 1958 Agreement').
- (2) In accordance with Council Decision 2000/125/EC <sup>(2)</sup>, the Union acceded to the Agreement concerning the establishing of global technical regulations for wheeled vehicles, equipment and parts which can be fitted and/or be used on wheeled vehicles ('Parallel Agreement').
- (3) Directive 2007/46/EC of the European Parliament and of the Council <sup>(3)</sup> replaced the approval systems of the Member States with a Union approval procedure and established a harmonised framework containing administrative provisions and general technical requirements for all new vehicles, systems, components and separate technical units. That Directive incorporated UN regulations in the EU type-approval system, either as requirements for type-approval or as alternatives to Union legislation. Since the adoption of that Directive, UN regulations have increasingly been incorporated into Union legislation in the framework of the EU type-approval.
- (4) In the light of experience and technical developments, the requirements relating to certain elements or features covered by UN Regulations Nos 12, 16, 26, 39, 44, 46, 58, 61, 74, 83, 85, 94, 95, 97, 98, 99, 100, 101, 106, 107, 110, 116 and 127, as well as Consolidated Resolution on the Construction of Vehicles (R.E.3) need to be adapted for technical progress.
- (5) In order to improve the relevant safety provisions for motor vehicles, a new UN Regulation on frontal impact should be adopted; in order to harmonise vehicle powertrain definitions, a new Mutual Resolution No 2 (M.R.2) on vehicle powertrain definitions should also be adopted.

<sup>(1)</sup> Council Decision 97/836/EC of 27 November 1997 with a view to accession by the European Community to the Agreement of the United Nations Economic Commission for Europe concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts which can be fitted to and/or be used on wheeled vehicles and the conditions for reciprocal recognition of approvals granted on the basis of these prescriptions ('Revised 1958 Agreement') (OJ L 346, 17.12.1997, p. 78).

<sup>(2)</sup> Council Decision 2000/125/EC of 31 January 2000 concerning the conclusion of the Agreement concerning the establishing of global technical regulations for wheeled vehicles, equipment and parts which can be fitted and/or be used on wheeled vehicles ('Parallel Agreement') (OJ L 35, 10.2.2000, p. 12).

<sup>(3)</sup> Directive 2007/46/EC of the European Parliament and of the Council of 5 September 2007 establishing a framework for the approval of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles (Framework Directive) (OJ L 263, 9.10.2007, p. 1).

- (6) It is therefore necessary to establish the position to be adopted on behalf of the Union in the Administrative Committee of the Revised 1958 Agreement and in the Executive Committee of the Parallel Agreement, as regards the adoption of those UN acts,

HAS ADOPTED THIS DECISION:

*Article 1*

The position to be adopted on behalf of the Union in the Administrative Committee of the Revised 1958 Agreement and in the Executive Committee of the Parallel Agreement during the period from 9 to 13 November 2015 shall be to vote in favour of the proposals listed in the Annex to this Decision.

*Article 2*

This Decision shall enter into force on the date of its adoption.

Done at Brussels, 10 November 2015.

**COUNCIL IMPLEMENTING DECISION (EU) 2015/2089****of 10 November 2015****amending Implementing Decision 2013/54/EU authorising the Republic of Slovenia to introduce a special measure derogating from Article 287 of Directive 2006/112/EC on the common system of value added tax**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax <sup>(1)</sup>, and in particular Article 395(1) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Point 15 of Article 287 of Directive 2006/112/EC authorises Slovenia to exempt from value added tax ('VAT') taxable persons whose annual turnover is no higher than EUR 25 000.
- (2) By Council Implementing Decision 2013/54/EU <sup>(2)</sup>, Slovenia was authorised, until 31 December 2015 and by way of derogation from point 15 of Article 287 of Directive 2006/112/EC, to exempt from VAT taxable persons whose annual turnover is no higher than EUR 50 000.
- (3) By letters registered with the Commission on 27 May 2015 and 17 June 2015, Slovenia requested authorisation for an extension of the measure derogating from point 15 of Article 287 of Directive 2006/112/EC in order to be able to continue to exempt from VAT taxable persons whose annual turnover is no higher than EUR 50 000. By means of that measure, those taxable persons would continue to be exempted from certain or all of the obligations in relation to VAT referred to in Chapters 2 to 6 of Title XI of Directive 2006/112/EC.
- (4) By letter dated 24 June 2015, the Commission informed the other Member States of the request made by Slovenia. By letter dated 25 June 2015, the Commission notified Slovenia that it had all the information necessary to consider the request.
- (5) From the information provided by Slovenia, at the end of 2013, 51,45 % of VAT payers had a taxable turnover below EUR 50 000 and represented only 1 % of the total VAT revenue.
- (6) Given that this higher threshold has resulted in reduced VAT obligations for small businesses and that such businesses may still opt for the regular VAT arrangements in accordance with Article 290 of Directive 2006/112/EC, Slovenia should be authorised to apply the measure for a further limited period.
- (7) The derogation has no impact on the Union's own resources accruing from VAT because Slovenia is to carry out a compensation calculation in accordance with Article 6 of Council Regulation (EEC, Euratom) No 1553/89 <sup>(3)</sup>.
- (8) Implementing Decision 2013/54/EU should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

*Article 1*

In the second paragraph of Article 2 of Implementing Decision 2013/54/EU, the date '31 December 2015' is replaced by the date '31 December 2018'.

<sup>(1)</sup> OJ L 347, 11.12.2006, p. 1.

<sup>(2)</sup> Council Implementing Decision 2013/54/EU of 22 January 2013 authorising the Republic of Slovenia to introduce a special measure derogating from Article 287 of Directive 2006/112/EC on the common system of value added tax (OJ L 22, 25.1.2013, p. 15).

<sup>(3)</sup> Council Regulation (EEC, Euratom) No 1553/89 of 29 May 1989 on the definitive uniform arrangements for the collection of own resources accruing from value added tax (OJ L 155, 7.6.1989, p. 9).
